When the 133,000 4-H members over the state decided to raise money to go to the 4-H Foundation, they did not look first to bankers, businesses and individual donors. Instead, they worked to do their part first. They called this the 4-H Fund Raising Drive, the "Self-Help" phase. They wanted to do their part first. This, they have done.

Now Mr. White says, "It is time for the people of Chilton County to assist the 4-H members." A part of the three million dollars will be used to construct training centers for 4-H members and adult leaders. This is most important in order ot develope leadership, citizenship and spiritual needs of our future leaders. The remaining money will be used for educational material, awards, trips, scholarships and leadership training.

The drive in Chilton County will get underway April 22, so be ready to lend a helping hand!

Colorful Husband-Wife Team Concert Tonight

NELSON and Neal, husband and wife duo-piano team will appear at the CCHS auditorium at 7:30 p.m.. Thursday, April 18th. This is the third in a series of programs which is being sponsored by the Chilton County Mutual Concert Association.

Seldom has the American public shown such interest in the private life of a concert artist.

Nelson and Neal have been featured in the Ladies' Home Journal and Coronet magazines. Their fascinating life story has been dramatized over CBS-TV and on NBC-TV's "This Is Your Life." Mr. Neal's best-selling autobiography, "Wave As You Pass," was published by J. B. Lippincott Co.

NELSON AND NEAL

Nelson and Neal, husband-and wife piano team, spend each summer with their three children in Paris, Tennessee. At Manorhouse, their huge Southern Colonial home, they practice and study in preparation for their annual seven-month concert tour.

On tour, their home is a $40,000 custom bus which carries them an employee, their three children, their prize Basenji dog and two concert grand pianos. This bus is a unique solution to the problem of how to have a busy concert career and a home life as well: Nelson and Neal simply carry their family and home with them!

Each summer the bus is parked just outside a big red barn behind their home, waiting for the turning leaves of late September. As October approaches it is crammed with clothes, curtains, rugs, music and lighting equipment for staging concerts.. Even special school supplies for tutoring the Neal children go along. Last of all come the two gleaming concert grand pianos which were presented to Nelson and Neal by the Baldwin Piano Company two seasons ago.

"Wave As You Pass," Mr. Neal's delightful autobiagrophy takes it's title from a cherry sign on the back of their bus.

Local Talent Abounds In College Choir; To Sing Here Next Tuesday

Under the auspices of the Chilton County Mutual Concert Association, the Alabama College Choir, Montevallo, Alabama will sing at the Chiton County High School Auditorium, Tuesday night, April 23, 1963 at 7:30 p.m. This program is free and open to the public. Five Chilton county young people will be singing in the fine choir. They are: Carolyn Howard, Verbena, soprano and pianist; Linda Carroll, Clanton, soprano; Katie Don Thompson, Clanton, alto and pianist, Denson Wood, Clanton. Tenor, and Robert Johnson, of Jemison, baritone.

Until eight years ago, Alabama College has been the state college for women. Since becoming a co-educational school, the Choir has been in existence seven years. Within this short time, the Choir has traveled over 15,000 miles and presented concerts throughout Alabama, Georgia, Tennessee and Florida.

The Alabama College Choir appeared this past February with the Birmingham Symphony performing the Brahms "Schicksalslied" and the Ravel "Daphnis and Chloe". Reviews of the concert. . . .

Lily May Callwell of the Birmingham News-

"The Alabama College Choir and Birmingham Symphony Orchestra drew shouts of 'Bravo'. from the audience at the Temple Theatre. The fine choir has been beautifully prepared by its director Bruce Tolbert in Brahms' major work "Song of Destiny" (Schicksalslied) and the siute from Ravel's "Daphnis and Chloe". Here was a well disciplined chorus despite it size (60 voices), singing with fine ensemble, with excellent rappert between voices and orchestra.. The tonal color of both orchestra and chorus was beautiful, and the performance deeply moving."

Featured on the choir's tour program this year will be the College Bras sEnsemble.

Director Tolbert formed the Alabama College Choir seven years ago. Previous to his position at A. C. he held similar positions at Bowling Green State University in Ohio, University of Mississippi, Butler University in Indiana. Other than his teaching position, he is music director at the Montevallo Baptist Church and serves as tenor soloist at the Jewish Temple Emanu-El in Birmingham. He is busily engaged in concert, oratorie, and opera singing, in addition to spending time as adjudicator and conductor of choral festivals.

C.C.H.S. Band To Hold Concert

You will not want to miss this enjoyable evening, so arrange to be in your seat at Chilton County High School Auditorium at 7:30 on May 3. In addition to the usual fine music, there will be many informal selections. Door prizes will be another feature this year. Be sure to bring your ticket stub for the drawing.

The receipts will help further a sumer band program with a county band. If you wish to support this program, be sure to get your tickets.

Tickets will be on sale at Watson's and Goodyear for your conveience. Band Boosters and band members will also be selling tickets. The prices are $1.00 for adults and 50c for students.

$3 Million To Be Raised For State 4-H Foundation

Chilton County is joining with every other county in Alabama during the month of April to complete the Alabama 4-H Foundation Drive. Just what is the 4-H Foundation and what does it propose to do? Judge J. C. White, County Campaign Chairman, explains it in this manner:

What Is The 4-H Foundatoin? It is a non-profit organization that provides financial support for expanding 4-H Club work. Its board of directors who serve without pay is composed of 15 prominent Alabamians. The Director of the Auburn University Extension Service is ex-officio member.

One of the Foundation's current objectives is to raise funds by contributions from 4-H members, 4-H parents, and all others who feel that an investment in 4-H boys and girls is a sound one.

Alabama 4-H'ers themselves have already done a fine job in raising funds for the Foundation. The Foundation will use the funds to build 4-H training centers and create an endowment fund to provide leadership training programs, educational materials, awards and scholarships and district project roundups.

How Will Funds Be Administered? - All funds will be administered by the Alabama 4-H Foundation board of directors.. The endowment fund will be handled by a trust department of a bank in Alabama. Auburn University Extension personnel will not handle or administer any funds of the Alabama 4-H Foundation.

Maplesville High Presents Play

8:00 O'clock blast off for a Ready Made Family.

Will this Marriage Work?

A daughter who talks baby talk. A son who has convulsions; a ten year old who plays pranks, a kleptomanie son.

The Sr. II Class presents the answer at the High School, April 19, Admission 35 and 50c.

The cast includes Mary Ann Watson, Laura Ann Huff, Carol Owens, Eunice Harrison, Ronnie Smitherman Bobby Chambers, Ed Clapp, Walter Graham, Inez Smith, Joy Dell Adams.

Elementary P.T.A. To Meet

The Elementary P.-T.A. will meet Thursday night at 7:30 p.m. The 4-H Club is in charge of the program.

Confederate Vet s Memorial Service

THE Annual Memorial Service for the Confederate Veterans will be held at the Confederate Memorial Cemetery at Mt. Creek, Alabama, on Saturday, April 20th. The service will begin at 11:00 a.m. A basket lunch will be served at noon.

Everyone is cordially invited and bring a lunch.

Direct Distance Dialing In North Chilton

STARTING next Sunday you will be able to pick up a telephone in Thorsby or Jemison and dial a number in a different town or city in a matter of seconds.

This new telephone service, known as direct distance dialing, or DDD, will go into use in Thorsby and Jemison April 21, at 1:01 a.m.

DDD enables telephone users to dial their own station-to-station calls. Operators will still handle person-to-person calls, credit card calls, collect calls and call from pay station telephones.

Complete instructions on how to dial your own long distance calls will be mailed to all the customers in the Thorsby-Jemison area before the effective date of the new service and a new directory, due for distribution in about six weeks, will include instruction plus a list of area codes for cities through out the country.

Special equipment will make a record of your call. As soon as you have finished dialing, an operator will come in on the line and ask you for your number. After that, she will leave the line and you will hear the distant telephone ring. The equipment will also compute your bill automatically.

Verbena P.-T.A. To Have Chicken

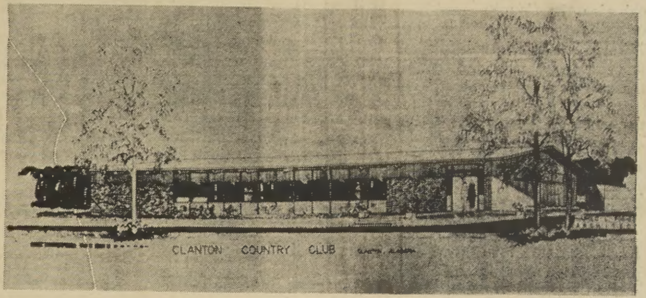
THE Annual Chicken Supper for the Verbena P.-T.A. will be held at the Verbena High School Lunchroom on Friday, April 19th, from 5:30 until 8:00. Plates will be 75c. Everyone is cordially invited to attend.

Babe Ruth To Hold Meeting

THERE will be an important Babe Ruth meeting Thursday night, April 18 at 7 p.m. at the City Hall. All parents and players are urged to attend.

Macedonia Beat 14 Cemetery Cleaning

The Macedonia Yard Committee asks that everybody come help clean off the cemetery on Monday through Saturday, and especially all who can come Saturday to work and help identify the graves that do not have markers.



This Dream Coming True . . .

Construction Begins On House, Pool At Clanton Country Club

Members of the Clanton Country Club have just recently entered into a contract for the building of a new club house and swimming pool. Davis Construction Co., of Birmingham will build the club house and actual construction will start immediately. Birmingham Pool Co., will build the swimming pool. Plans for the club house and swimming pool were drawn by a former Clanton man, Mr. Harold Foshee, who is now an architect, living in Birmingham. Mr. Foshee will also supervise the building of both facilities.

The club house will consist of a mens and ladies lounge, locker rooms for both, a large ball room dinning room, kitchen, Pro shop and concession stand. In all the floor space will cover over five thousand square feet.

The swiming pool will be in a Kidney shaped and approximately 30' x 60'. There will also be a small wading pool for the smaller children.

Clanton's golf course has been one of the best nine hole courses in the state for sometime. The entire course has recently been r-designed and should be in tip top shape during the middle of the summer. All regular Bermuda greens have been replaced by Tifton 328, which is considered the best for this part of the country.. Mr.Virdie Glenn has been the manager and supervisor for the past fifteen years and Virdie has certainly done an outstanding job.

The membership has grown from the original 16 charter members to seventy four active members at present. Membership will be limited to one hundred members and their families.

The womens golf association is one of the most active organizations of the club, taking part in both the golfing and entertainment. Social activities are expected to increase considerably when the new facilities are available.

The Clanton Country Club is one of the few small private clubs that manages to operate entirely on revenues deived from club activities. There has not been a membership assestment in the last fifteen years. The financial picture at present is indeed very good. The Club initian fee and dues are also the most reasonable in the State.

The Country Club is definitely a big asset to Clanton and Chilton County. The new building swimming pool and the golf course should certainly be an added attraction to many new industries and businesses to locate in this vicinity.

Little League To Have Barbecue

There will be a barbecue sponsored by Indian Grave Little League at Pleasant Hill Methodist Church, April 30th, 1963. Price per plate $1.00. Pork or chicken.

Serving will start at 5 p.m. Public Invited.

Spaghetti Supper At Maplesville

THERE will be a Spaghetti Supper Friday, April 19, from 5:00 p.m. until 7:00 p.m. Sponsored by the Beta Club. Food will be served in the High School Lunchroom. Plates will be 50c and 75c. The proceeds will go toward purchasing a sign for the school.

Junior Music Club To Meet April 22

The Junior Music Club will meet on April 22, 1963. The meeting will be held in the chapel of the First Methodist Church. A special invitation is extended to the parents of club members and members of the Senior Music Club.

Elementary School Presents Folk Dance

THE Third Grades of the Clanton Elementary School will present a Folk Dance on April 26, 1963. It will be in the Gymnasium of the Henry Adair School. The dance begins at 7:00 p.m. Admission will be 60c for adults and 35c for children. Tickets may be purchased from any member of the third grade.

D.P. Culp Named Head Of Alabama College

Dr. D. P. Culp, president of Livingston State College for six years and a longtime Alabama educator, was elected president today of Alabama College at Montevallo.

He was chosen unanimously by the college board of trustees meeting at the State Capitol.

Culp, who will assume the new duties June 1, will succeed Dr. Howard Phillips, who has resigned to become president of Birmingham-Southern College.

A new president of Livingston will be chosen by the State Board of Education, which has judisdiction over that institution. The board is scheduled to meet here Monday, but whether the vacancy will be filled at that time is uncertain.

Culp, a native of Chilton County, was an unsuccessful candidate for State Superintendent of Education in 1954, and before that was superintendent in Chilton County. He also was an employee of the State Education Dept. for several years.

The job at Montevallo pays $17,500 a year.

The Alabama College board also elected Wales Wallace Jr., of Columbiana as board chairman.

Local History On Display

Among materials of historical value on display at the Clanton Public Library are as follows:

A Chilton County Band--

MUCH can be said for the organization of a band for Chilton County, which would take in, and put to good use, all the musical talent in every school in this County.

Supporters of this idea of having a County Band, with a full-time director, are pushing with the idea, and as far as we can see, it is a commendable idea, and one that could be pursued and mean a great deal to the cultural growth of our community.

The word that we get, is that it would give the director, whoever he may be, a much greater supply of talent and would give the County ennumerable opportunities to obtain publicity and good will that it is otherwise missing.

Someone close to this idea should come forth and give the public all the facts gathered to date. They may find that more people in the County favor such a proposal than they think. And that's the only way to find out.

Attention City Council--

We have no authority which gives us the information about the number of citizens the following concerns, but you can suffice it to say that there are many!

We would like to make a resolution to the effect that the City officials of Clanton, look into the possibility of installing a traffic light either at the corner of 2nd Avenue North and the Hinkle Road Intersection, or some where between there and the traffic light at the intersection of 2nd Avenue and 9th Street, a distance between the two points being some 12 to 15 blocks.

It would be presumptious of us to say that we know the City Father's business better than they do. And we do not presume any such thing. We do recognize the fact that the distance mentioned above measures in the neighborhood of one mile; that there are hundreds of homes within that area; that there are hundreds of children in those homes; and that 2nd Avenue is very narrow and there are no speed-breakers anywhere along the route . . . not in the literal sense of the word.

You may not believe that automobile drivers accelerate their cars to speeds of 65 and 70 miles per hour within this area; and they do it consistently at particular times of the day, and on particular days (especially week-ends).

Do you, dear reader, know what it means to kill a child? Thank God, we don't know firsthand, but we can imagine. One evening, not too many weeks ago, we were driving back to work along this same route about dusk, and, as we usually do going back to work, we were driving very casually, around 25 to 30 miles per hour. We were well below the speed limit. About halfway to town, a little girl came out of a side street on a bicycle and she didn't stop for 2nd Avenue, nor us, nor any other thing. We had to jam our brakes (at that low speed) to keep from hitting that little girl, and it scared the daylights out of her.. We couldn't help but thank the Good Lord right then and there that we were not even driving at the speed limit; because if we had been, at that particular time, we would have injured, possibly killed a human being.

We use the illustration to show what can happen. At 25 miles per hour, you can kill, even though you are in the right. What then, are the possibilities if you are driving three times that fast? What are the possibilities about the traffic light, gentlemen?

And if no traffic light; are there any suggestions as to what can be done about the reckless speeders, BEFORE they kill someone? Thanks for your interest and concern.

A Pain In The Back--

WE can appreciate the cynical views of the realists about Alabama as well as national politics, in the year 1964. But, since we lay claim to being an idealist, we do not understand the constant banterings about the "hopelessness" (for the south) of next year's election.

Rather than being realistic about it, it seems to us that those doing the most talking (and writing) are letting their "chicken" show! They do a lot of analyzing and prophesying about the fact that "there's just no way for us to turn", when it seems that it would be more profitable and more timely to either keep their mouths shut, or do or say something constructive to help our "helpless" situation.

Using the term "idealist" usually leaves one open to much mouthing about "dreaming", "wishing", etc. Hope is not dreaming and active boosting is not wishing. If we do not take a more enthusiastic and optimistic view of our future. . . political and otherwise. . . we deserve what we get.

If it is possible to shake our leaders into the realization that "fighting" is not just a two-fisted version of expressing one's self; and then we can get the people to look up to these "leaders" we can, and will, have political influence and prestige in the south.

Nothing gripes us like a griper!

True To A Cause--

IT came to us the other day that at least one of our readers is displeased with our opinions about certain practices in "Unionism", and he also said to tell us that "we'd better lay off unions in our newspaper".

We have never "laid" on them ye but we do definitely disagree with some of the infantile policies and demands which some union members allow themselves to be forced into by a band of so-called "leaders" who are mercenaries and who are out to line their pockets with gold and they don't care who's gold it is.

It seems particularly noteworthy that the "older generation" of union champions have a lot of doubt about the younger generation understanding just how much unionism has done for the working man in America. Speaking for the generation to which we belong, we appreciate what unionism has done for the working man. What we do not appreciate (nor do we understand how anyone can) is what they have done "to" him!

Some unions, as a whole, are still what they set out to be; but the ones who get the publicity, and thus get results it would seem; are those ruled by the unruly who are out for number one and do not give a royal hoot about Americanism -- business or management or working man. And these are the ones we despise.

There is no room for doubt, but that unionism has meant a great deal to the American economy. Without it, or osme form of it, we would not enjoy the material wealth which we have today. But the monster is rearing it's head, and has been for some time. The ideals first encompassed by unionism, have either disappeared or been over shadowed by material demands. The result is, business of all kinds cannot continue to operate and carry the union members on a never ending gravy train.

If our ideas on the above-mentioned practices are wrong. Then we are wrong! But until someone gives us ample good reason for changing our views we will still talk against malpractices and injustices heaped upon American businesses, in the name of unionism.

It would seem to us that the "union man", whether he be of the old school, or a young upstart, should be the first to condemn those who would dirty the name of the cause which he champions. We believe in the weekly press as strong deterrent to slavery and a champion of freedom. Do you think for one minute that if, and when, someone tries to snuff out the life of newspapers, or would seek to tie their "hands" behind them so to speak, that we would not speak up in their defense? We feel strongly about it, because we think it is good for America and the American people. Are those who would maintain good unions any less true to their cause?

Lake Mitchell: A Possible Industry?

Mr. Bob Tucker, Editor
Chilton County News
Clanton, Alabama
Dear Sir:

We have been subscribers to your paper for many years and have always enjoyed your editorials. This week's Editorial Page was particularly interesting to me. Your article "Dignity Should Come First" commented on wooing new industry into Chilton County by rolling out the red carpet. On the same page was a letter written by Wm M. Bennett, commenting on how Chilton County has neglected its greatest industry - MITCHELL LAKE.

We chose Mitchell Lake to retire on and are proud of our humble cottage. We have all the conveniences and luxuries that we had when we lived in the city. Thursdays and Sundays are the days that we dread the most. Thursday is our shopping day.

When the roads are muddy, we wish for dry weather. When they are dry and dusty, we wish for rain. This brings to mind an old poem my mother used to quote:

" As a rule a man's a fool,
When it's hot he want's it cool.
When it's cool he wants it hot,
Always manting what is not."

Sunday should be one lay we look forward to--not me, I dress in my finest for Sunday School and Church - wipe the dust out of the car. Then when I get to church and brush my clothes off, the flying dust reminds me of a T.V. cowboy's who's been on the trail a week.

My suggestion to those who are seeking new industries "Look around you." The potential income from Mitchell Lake residents could mean as much as several smal lindustries. You lon't have to buy property for these residents, they'll buy it themselves.

Sincerely,
Virginia Worley

Chilton County News

Dear Sir:

I would like to thank Mr. Bennett for expressing the views of the residents of Mitchell Lake. My husband and I are retired and make our home on the lake. The roads are a disgrace to the county, especially for main roads that serve so many people the year around. During the heavy rains of January I got stuck in a four wheel drive Jeep on one of the main roads to the river. Mitchell Lake is not just a vacation spot, but is the home of several people who are tax payers and voters. Every year more people move to Mitchell Lake, some are retiring and lots of them commute to work each day. We are fast becoming a community of our own. Has a census ever been taken to find out how many residents live on the river? It might surprise you if a census was taken.

A few years ago we were informed that the roads were in the process of being paved. The road beds were graveled and they even drove stakes for the pavement but that was as far as they got. Using Mr. Bennett's words, "Where do we go from here"?

Yours truly,
Mrs. L. John Whaley

Learning To Read At Henry Adair

The 5th and 6th grade of the Henry M. Adair School are now in their 6th week of the new reading program initiated into the instructional program this semester. The program is widely known and being extensively used by educators throughout the U. S., Australia, Canada, and many other countries..

The SRA Reading Program is one of the newest and latest teaching techniques in the field of education and is transcending in the field of reading to a degree unsurpassed by any other method being used to teach mass groups. The SRA Reading Laboratory method grew out of six years of classroom experimentation by the author in Florida. North Carolina, and Westchester County, New York.

6050 Students—

During this time an estimated total of 6050 students were trained with multilevel materials. In a carefully controlled experiment involving 456, 7th grade students in Charlotte, North Carolina, the group using multilevel materials showed a gain of 112 per cent greater than that of a matched group using one-level materials. Teachers and school administrators have been generous in sharing reports on the results of their independently conducted studies with the SRA Reading Laboratories. The studies were usually done over the prescribed three to four month period of testing and instruction.

Reading Achievement—

In these reports net gains of entire classes of students, according to the results of testing and retesting with standardized reading achievement measuring devices, have ranged between .9 grade and 1.6 grade, with an average gain of approximately 1.25 grade. Gains of individual students have ranged as high as 3.9 grade during the three month instruction period with the laboratory.

Offers Instruction—

The SRA Laboratory is a multilevel, developmental reading improvement program. It is designed to offer individualized reading instruction to students in their regular classrooms, under the direction of their regular clasroom teachers. It is in keeping with out needs in education today, a "belt tightening" program aimed at getting each individual's top performance developmentally and with due regard for individual differences.

Start At Beginning—

Developed in the framework of the author's multilivel philosophy, the material of the Laboratory and the internal classroom engineering built into them enable each child to start where he is and move ahead as fast and as far as his learning rate and capacity will let him, regardless of the classroom in which he may be sitting. Further, the SRA Reading Laboratories eliminate, in the intermediate grades and beyond, the need for such unsatisfying administrative devices as grouping for reading instruction, moving students from room to room for the reading lesson, or grouping students into so-called homogeneous classrooms. With multilevel learning materials, the teacher meets individual differences in his own classroom and becomes a true "learning consultant" to each of his pupils.

Teachers Using Method—

Here at the Henry M. Adair School, the teachers are using the Laboratories as an euxiliary to the on-going reading program. This will allow each child to have at least one semester of individualized reading instruction in each of the grades the program is used. Realizing that reading is fundamental to all subject matter and that most students are weak in this area, the faculty at our school feels that this is one of the greatest steps we could have taken to enhance our instructional program. We are anticipating worthwhile and grat rewards from our students as a result of this reading laboratory and the extra work involved in preparing for its presentation. We are also planning now for other definite improvements in our program of instruction next year.

Parents Invited—

We would like for parents to come and visit our school and see our program in action. We believe you will be pleased and enthused when you see your child a participant in this favorable enviroment for learning.

Principal,
Bernard Stewart

Mrs. John Schmith and baby of Oak Ridge, Tenn., spent last week with Mrs. Gertie Mae Smith. Her husband came down for the week end to visit his mother and they returned home with him.

Clark Hutchinson and Miss Julie Wade, students at Baylor University in Waco, Texas were home for Easter holidays..

Soil Conservation News

Grade and water line stakes were set and a farm pond laid out for Cooperator Sherman Motley last week. This pond is to serve as livestock water and fish production. ASCS is assisting in the cost of the pond.

A farm pond was also laid out on M. Lloyd Mims farm in the Refuge Community.

Leonard Bates hopes to start cleaning another 7 acres of lanl to plant to Bahia and Reseeding Crimson Clover. This will complete the planned pasture program for his farm.

Grade stakes were set on a ditch for Millard Reynolds of the Stanton community.

Brown Brothers of Maplesville are preparing land for 20 acres of Bahia. Their neighbor, Mr. Harry McLure, has prepared and is in the process of seeding 70 acres of Bahia as called for in his soil and water conservation farm plan.

Soil and Water Conservation farm plan was prepared for James Veazey last week.

William Thomas and Barney Owens have prepared land, limed and fertilized, and are now in the process of seeding 15 acres to Bahia grass.

Extension Personnel Thank 4-H Teachers

When speaking or writing about 4-H in our county and state, we often fail to mention the important role that is played in the clubs by the teacher leaders. We, in the Chilton County Extension office, would like to take this opportunity to publically thank you for doing such a wonderful job in helping us with our program.

These leaders do not merely sit in the room during a club meeting, but assist with the program and give help to each child with his or her 4-H work during the entire school year. They give assistance with special essays, record books, project work and other phases of 4-H club work.

In our county we have approximately 20 men and women who do the job described above. They have had no special training for this job. The 4-H Foundation will help to provide this badly needed training for other leaders.

Alabama must train several thousand new volunteer workers every year to carry out the program of leadership training among the 4-H members. Activities in this and other fields of 4-H endeavor are now dependent upon year to year donation by certain individuals and firms Expansion and even definite planning on basis of previous supply of money are hazardous under these conditions. To train these leaders is only one other reason that the success of the 4-H Foundation is so important to all of us.

FROM OUR JEMISON CORRESPONDENT

Thus Speaketh Christ Our Lord
(Engraved on an old slab in the Cathedral at Lubek, Germany.)

Ye call me Master and obey me not,
Ye call me Light and seek me not,
Ye call me Way and walk me not,
Ye call me Life and desire me not,
Ye call me Wise and follow me not,
Ye call me Fair and love me not,
Ye call me Rich and ask me not
Ye call me Eternal and seek me not,
Ye call me Gracious and trust me not,
Ye call me Noble and serve me not,
Ye call me Mighty and honor me not,
Ye call me Just and fear me not,
If I condemn ye, blame me not.

MARK HOSEY, JR. PROMOTED

Mark Hosey, Jr., of Clanton, Ala., has been promoted to chief master sergeant in the United States Air Force.

Sergeant Hosey, a weapons maintenance superintendent, is assigned to the 304th Munitions Maintenance Skuadron here.

The sergeant, son of Mr. and Mrs. Mark Hosey Sr., of Rt. 3, Clanton, attended Auburn (Ala.) University.

His wife, Martha, is the daughter of Mr. and Mrs. Hester Howell of Rt. 2, Maplesville, Ala.

Alabama Congressman

ARMISTEAD SELDEN

In a speech made on the floor of the House of Representatives last week, I urged Canada to join the Organization of American States in order to complete the chain of security in the Western Hemisphere.

During its entire history, our hemispheric alliance has never faced a more serious challenge than it does today.

The inclusion of Canada in the Organization of American States would undoubtedly strengthen the inter-American confederation and aid in the fight against Communist aggression.

Using the 73rd anniversary of the Canadian government to seriously reconsider its policy toward joining our hemispheric alliance.

If we are to rid the Americas of Castro and prevent new "Cubas," all nations of the hemisphere can spare no effort, afford no delay, and permit no misunderstanding of our intention to maintain freedom and prosperity in the Western half of the globe.

Economy Mood Evident

Slow starts are not unusual for a new Congress, and the 88th is no exception.

However, Congressional legislative machinery was beginning to move with the passage of several bills before the Easter recess.

In the sharpest test of the session for the Administration, the House last week restored $450 million for the public works program which had been cut by the Appropriations Committee from the supplemental appropriation bill two weeks earlier.

An anti-spending mood and bipartisan economy drive in the House is clearly indicated by action on other bills. In the appropriation for the Treasury and Postal Departments, the House rejected an amendment t restore $92 million that had been cut in committee from the pos office funds. The House Armed Services Committee also sliced $46 million out of the $1.2 billion the Administration wanted for military pay raises.

Similarly, the House earlier this month cut President Kennedy's request for the Interior Appropriation for fiscal 1964 by 10 per cent.

Other Bills Passed

Legislation passed before the Easter recess includes a Senate approved bill creating a youth Conservation Corps to put thousands of unemployed teenagers to work on public projects. The bill was the second major Administration-backed measure to gain Senate passage.

Earlier, the upper chamber passed the President's urban mass transit proposal authoriz ing the Housing and Home Fin ance Administration to provid additional assistance for the de velopment of comprehensiv mass transportation systems-both public and private.

Both the Senate and the Hous have passed a bill providing fo a four year extension of the dra law, and the House last wee passed legislation which woul remove silver backing of th U. S. dollar bill.

Honorary Citizenship

Sir Winston Churchill, 88 yea old war time Prime Minister o England, became an honorar U. S. citizen recently by an ac of Congress. In an unprecedented action of granting honorar citizenship to a foreign nationa the Senate approved the bill unanimously on April 2, and th House action on the first bill o its kind in history had been taken earlier by a 377 to 21 vote.

4-H Foundation 'Kickoff' 22nd

Judge J. C. White, County 4-H Foundation Chairman, announces that organized groups throughout the county are getting ready for the big 4-H Foundation "Kick-Off" April 22nd through April 27th. Everyone will be asked to contribute to this drive - no amount is too small or too large. $3 million is the goal. For your information the following is an outline of what 4-H is and what it does.

What Is The 4-H Club? - Four H is an organization of boys and girls - both rural and urban - between the ages of 10 and 21 years pledged to improving their Head, Heart, Hands and Health. A member must carry out one or more work projects and agree to follow 4-H ideals and standards. There is no membership fee.

Today in 3,164 local clubs in Alabama there are 132,000 members - almost half of whom are in towns and cities. Every state and 70 foreign countries have 4-H programs. Chilton County has 51 active clubs with approximately 1,800 members.

What Is The Purpose Of 4-H? - To help boys and girls discover, develop and use their talents and o develop mentally, physicaly and spiritually into tomorrow's responsible leaders.

How Does 4-H Do This- Mainly through (1) monthly club meetings and activities and (2) projects.

Club Meetings - These are actually planning and training sessions. Members learn to take part in an organized group, first as followers then as leaders.

How Many Projects Are Carried Out? - Every year, Alabama 4-H'ers carry out about a quarter of a million projects, an average of two per member. Besides the learning-by doing value of these projects, club members keep careful business records of their work and bank for money for use later, usually for college education. Through project work a member develops pride in doing a job right. He learns the value of work, gains self--confidence, learns to accept responsibility and to lead. He is well on the way to becoming a more responsible citizen.

What Projects Are Available? - There are 90 different projects. The 4-H'er chooses those he likes best and which fit his home situation.

Some of the most popular are:

Personal Developent: leader-,ship, career exploration, public speaking.

Engineering: electricity, automotive, tractor.

Family Living: foods and nutrition clothing, home grounds.

Conservation: fish and wildlife, forestry, soil and water, entomology.

Production and marketing: animals and crops.

Management: farm and home.

Has Your Child Had Pre-School Shots?

The laws of our state require that a child be six years of age on or before October 1 in order to enter school. Being law abiding citizens, we must observe this law strictly. You are required to present to your child's teacher a birth certificate on the opening day of school showing his age. Please begin making arrangements right away for this certificate if you do not have one. Your Health Department will be glad to assist you in getting one. ..

Every effort is made to make your child as safe from disease as possible while he is in school. In order to keep down epidemics every beginner is required to have th triple shot which is a prevention of tetanus, whooping cough, and diptheria; and the vaccination for smallpox before he enters. The Health Department has arranged to give these shots. The Health Nurse tells us that now is a fine time for children to have the shots. She will be in her office at the Chilton County Health Department every Thursday from 8:00 to 4:30, in Thorsby every Friday afternoon from 1:30 to 4:00, and in Maplesville every Tuesday afternoon from 1:30 to 3:30. Please see that your child gets the shots and that he has a certificate at the beginning of school proving that he has had all of the required shots.

We will appreciate your cooperation in the matter.

Checking over plans for still another All-Electric home in Phenix City's Woodland Park is contractor and builder, Freddie Foster.

Phenix City builder develops another all-ELECTRIC subdivision

Homeowners pleased with clean, reliable ELECTRIC heat

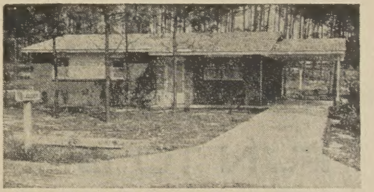
Freddie Foster, Phenix City builder, is "thoroughly sold" on all-ELECTRIC, medallion homes. Why?

"Because they result in years of satisfaction for the homeowner," he says.

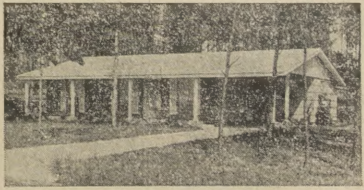
Mr. Foster is now building all-electric homes in Woodland Park in Phenix City. He has completed the all-electric Auburn Manor subdivision, and he has built numerous all-electric homes in the Russell Woods subdivision.

Mr. Foster says homeowners are especially pleased with electric heating. "It's clean . . . reliable . . . and surprisingly low in operating cost," he asserts.

The medallion homes built by Mr. Foster are heated by electric baseboards and electric wall panels . . . two of the easily installed, economical methods of heating the modern way . . . electrically!



Typical of Woodland Park homes is the residence of Mr. and Mrs. Ronald M. Smith.



Here is the Total-Electric home of Mrs. Mattie Day located in Woodland Park.

If you are planning to build, buy or remodel a home, discuss your plans with one of our heating and air conditioning engineers. And remember: *the most livable homes are total-electric homes!*

NEWS OF—

REFUGE

We certainly had a fine day here last Sunday. The attendance was the best in several weeks. The auditorium was nearly filled. We had quite a few visitors and every body seem to enjoy themselves. It was not the regular preaching day, but the pastor brought a message on the resurrection. The pastor stated that there were at least ten apparences, and as far as the scripture record was concerned, no unsaved person saw Jesus after the resurrection. He also stated that the record is beyond question as to the fact of Jesus talking, walking, eating, and gathering with the disciples in regular service after the resurrection. He also quoted Dr. L. R. Scarborough as one stating that the Resurrection was the greatest known fact in human history.

The above service only goes to remind us that we did have a good revival a couple of weeks ago, and we believe that we will continue to reap the blesings that are in store for us, if we remain faithful as we should.

Mr. James Mims and family of Birmingham was in services last Sunday, but Mr. Mims was nursing an injured foot sustained by the fall of a heavy weight on his Triple A Motor Lines job in that city some days ago. He will be laid up for several days... Mr. Donald Parker of Birmingham has been in the hospital with spinal trouble, but is back home and doing fine.

It was good to see little Cathy Mims at church Sunday, but she is under rigid care, and will not be able to be on her feet too much for the next five or six months.

STANTON NEWS

Invited to the home of Mr. and Mrs. C. C. Gay, Sr., Sunday were: Mr. and Mrs. C. C. Gay, Jr., and daughter of Clanton, Ala., Mr. and Mrs. J. D. Gay and daughter of Centreville, Ala. Mr. and Mrs. Lavern Shoults and family of Selma, Ala., and Miss Ruth Hicks. This get-together was in celebration of the 50th Wedding Anniversary of Mr. and Mrs. C. C. Gay, Sr., (Minnie I. Batton). Actually the wedding was performed on the 13th of April, but the celebration came one day late.

Afternoon visitors were Mr. and Mrs. Earl O'Neal, Mr. and Mrs. Gib Von Schmittou (Mildred O'Neal) Mr. and Mrs. Kay Jones and Mrs. Mary Ray Jones who was reared at the home place of the C. C. Gay's. Mr. and Mrs. Gay's only daughter Illa Ruth had planned to surprise her mother.. With her family she had planned to spend at least three days here, but due to a virus contacted by her children and Mrs. Ila Ruth Gay Gauld of Kentucky, they could not make the trip at this time. however, Ila Ruth Gay Gauld called her parents Saturday night to tell them that they planned to surprise them and be there for this celebration, but were unable to make the trip.

We're wishing the Gay's many many more happy years of married life. They are and have been through all the years good neighbors, helping where help has been needd and sharing with their fellowmen.

Janie and Joe Hathcox were sick all last week with a virus. We are glad to report that both are back on their jobs at Plantersville Cafe.

We are glad to report that Mrs. Inez Sample Lovelady returned to her home Saturday from the Vaughn Memorial Hospital. Inez is a popular merchant and we're hoping she can soon return to her job.. Twas reported by her daughter Mrs. Ruth Anne Walker that her trip home was very tiring to her.

Favorites of ours spending the week end among us with their relatives were Mr. and Mrs. Gene Fuller and 16 month old son of Mobile, Ala. Dorothy O'Neal Sherrer, and her family of Marietta, Ga., Mrs. Peggy Rose O'Neal Dennis and her family of Clanton, Alabama, Miss Anne McKee, student at Auburn University.

Mr. and Mrs. Merritt Walker and family have moved to Odessa, Texas where they have an interest in Holiday Inn at that place. They sold their home here to Mr. and Mrs. Earl O'Neal and the home known as the Thrash old home place to Mr. and Mrs. C. W. Rush. We sure hate to lose the Walker's to Texas. Mr. and Mrs. Alonza D. Eaves of the Nursing Home in Clanton came over and spent one day and night with the Walker's before they left. They are parents of Mrs. Merritt Walker, and favorites also of all who know them. We still miss the Eaves in Stanton, they were mighty fine folks.

Mr. and Mrs. Irby Hastin Harrison and son have moved into their new home. Very nice!

Emergency surgery for Mrs. Gussie Hand, the former Gussie Suttles, of Bessemer, Ala., Mrs. Hand has been critically ill, but news from her bedside Sunday was encouraging. Mrs. Hand has many friends and relatives throughout this section. We are wishing her a speedy recovery.

Mr. and Mrs. Jessie Lee Cook of Selma, Ala., have announced the birth of a son, their first child.

Mrs. Mamie Nichols and Linda Yvonne spent last Saturday in Marion, Ala., with Mrs. Betty Johnson and son Ottis.

Mr. and Mrs. Gib Von Schmittou of Irving, Texas is in our midst visiting wit hthe Earl O'Neal family and other relatives and friends until Wednesday morning.

Monday night Mr. and Mrs. Charlie Gay's invited guests for dinner were: Mr. and Mrs. Gib Von Schmittou of Irving, Texas, Miss Ruth Hicks, and Mr. and Mrs. Earl O'Neal and family. It is always a treat to eat with the Gay's.

Mr. and Mrs. Fred Mays, newlyweds are now at home in a house trailer next door to the U. T. Ruddick's. Saturday Mrs. Mays' mother moved from Selma to the home of her daughter.

Mr. and Mrs. Melvin Carter spent the week end in Mobile, with Mr. and Mrs. Chester Wayne Yeargan.

County FHA Speaking Contest Held April 9

The County Future Homemakers of America Speaking Contest was April 9, at Chilton County High School. Lynn Kelley, daughter of Mr. and Mrs. J. L. Kelley of Maplesville, won first place. Ann Daiey, representing Chilton County High School, won second place. Others speaking were Carol Smith, Isabella: Nell Champion, Jemison and Donna Wentz, Verbena.

All the girls spoke on the national FHA Project, "Marriage Calls For Preparation."

They were judged on (1) Subject Matter and accuracy, (2) Speaking ability, and (3) Poise and Personality.

Judges were Mrs. Laura B. Little, Mr. Dan Mims and Mr. Bernard Stewart.

Edgar L. Day In Okinawa

YOUR GARDEN SPOT

**By John D. Sellers
Your County Agent**

That trip to the garden center for seed could very well be the key to the success of your vegetable garden this season.

Choosing the best variety for your area is the least expensive of all the good practices. But a wrong choice can be costly.

What are the best varieties for you to plant?

County Agent Sellers lists the following for your information Your County Agent also has copies of "Good Gardening For Better Living", which offers valuable tips on all phases of vegetable gardening.

Recommended varieties and planting depths:

Bush Snap Beans: Contender, Resistant Black Valentine, Longval, Extender--1½ to 2 inches.

Pole Snap Beans: Kentucky Wonder 191, McCaslan, Alabama No. 1—1½ to 2 inches.

Bush Lima Beans: Henderson, Thorogreen, Fordhook 242, Jackson's Wonder—1½ to 2inches.

English Peas: Little Marvel, Dando, Victory Freezer— 2 in.

Southern Field Peas: Giant Blackeye, Knuckle Purple Hull, Alalong, White Acre, Dixilee—1½ to 2 inches.

Sweet Corn: Seneca Chief, Golden Seurity—1½ to 2 inches.

White Corn: Truckers Favorite—1½ to 2 inches.

Tomatoes: Homested 24, Marion, Rutgers—¼ inch.

Squash: Early Yellow Crookneck—1 inch.

Cucumbers: Ashley, Palomar, Marketeh—3|4 inch.

Pepper: Yolo Wonder L, Keystone Resistant Giant, Cayene (hot—¼ inch.

Eggplant: Black Beauty, Florida High Bush—¼ inch.

Okra: Clemson Spinless, Louisiana Green Velvet, Emerald—1 inch.

Cabbage: Early Round Dutch, Charleston Wakefield, Savoy Chieftain (curled), Red Acre (red)—½ inch.

Lettuce: Imperial 847 (heading), Ruby (leaf), Salad Bowl (leaf)—1|8 inch.

Mustard: Southern Giant, Florida Broad Leaf—1|8 inch.

Turnips: Purple Top Globe, Shogoin, Just Right—¼ inch.

Beets: Detroit Dark Red—3|4 inch.

Carrots: Red Cored Chantenay 1|8 inch.

Radishes: Cherry Belle, White Icicle—3|8 inch.

Rutabagas: American Purple Top—3|4 inch.

Onions: Excel (Yellow Bermuda), Crystal White Wax, Long White Bunching—2 inches for Excel, —¼ inch for others.

Sweet Potatoes: Centennial, Porto Rico, Georgia Red—4 in.

Irish Potatoes: Red LaSoda, Red Pontiac, Sebago—5 to 6 inches.

Soil Preparation—You'll need to spend some time in getting off to a good start with your garden--which means preparing a good seedbed.

Break the soil six to eight inches deep several days ahead of planting time. But make sure it's not too wet when you plow or spade it, Plowing when too wet causes hard lumps which interfere with plant growth and makes soil hard to work.

Finally, to insure a good seedbed, harrow or work the ground with a garden fork one or more times before prepaing rows.

FIRST BAPTIST CIRCLES MEET

Circle I

Mrs. J. R. Hardy was hostess to Circle One on Monday p.m. at 3 o'clock, with 12 members present.

The meeting was opened with prayer by Mrs. John B. DeRamus, Circle chairman who presided. After the routine of business was dispensed with, Mrs. H. C. Arnold read the 92nd Psalm and had the call to prayer reading names of missionaries on the calendar of prayer. Mrs. Bill Reid, led the program from Royal Service Magazine entitled Enlistment for Missions. Others taking part on the program were Mrs. Charles Patterson, Mrs. John Mullins and Mrs. Arnold.

The hostess served cake and coffee for refreshments.

Circle II

Mrs. C. B. Cox was hostess to her Circle on Monday afternoon when they met. Mrs. Ed Mullins chairman presided. The meeting was opened with prayer by Mrs. Melvin Mims. Various reports were heard from committee chairman. The group decided to give a record to the Nursing Home this month. Volunteers were asked for to serve refreshments at the church on Friday night, April 12th for the B. T. U. Associational meeting.

A very interesting program was given by Mrs. F. N. Scott. Enlistment for Missions and a story about Easter.

Delightful refreshments were served by the hostess to 13 members present. The meeting was closed by joining hands and singing "Blest Be Tre Tie."

Circle III

Mrs. M. C. Hamilton was hostess to her Circle on Monday afternoon, at 3 p.m.

Mrs. Lester Jones, chairman presided.

The prayer chairman, Mrs. Ralph Johnston, read names of missionaries on the calendar of prayer and led the prayer after the usual business was dispensed with, Mrs. W. C. Golden, led the program from Royal Service Magazine, "Enlistment for Missions." Others taking part on the program were Mrs. Luther Mims, Mrs. Jones and Mrs. Johnston. A round table discussion on WMU work was enlightening. In May the Woman's Missionary Union will observe its 75th anniversary.

In the social hour the hostess served delicious refreshments to 11 members present.

Circle IV

Mrs. L. G. Nichols was hostess to Circle four of the WMS for their meeting on Monday p.m.

Mrs. Joe Moore, chairman brought the devotional and followed with prayer. Business items were taken care of and plans were made for the monthly community missions. A record of religious music to be given to the nursing home was decided upon.

The program, "Enlistment for Missions" was presented by Mrs. Grover Rich, Mrs. Harold Lawrence, Mrs. Moore and Mrs. J. Gilbert Hutchinson.

A delicious refreshment plate was served by the hostess to seven members and one visitor, Mrs. J. Gilbert Hutchinson, who closed the meeting with prayer.

Visiting Mr. and Mrs. Elliot V. Thigpen and family over the week end was her sister Mrs. Howard J. Murphy, Mr. Murphy and children of Palatka, Fla.

A Little Bit O' Tuck . . .

By BOB TUCKER

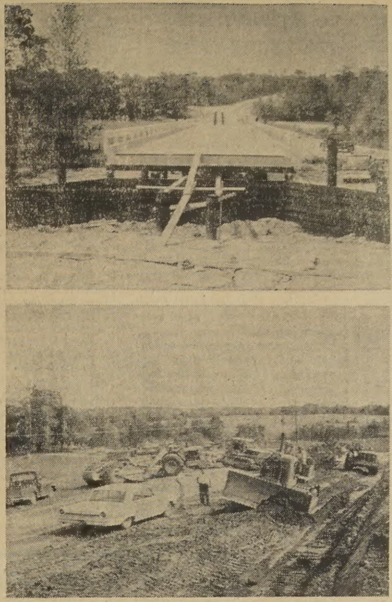
GOV. George's office said this week that the Alabama Dock's Profit was up 50% during the first quarter of 1963 over last year. The ecenomy measurers stressed by the Governor have been profitable to the State already. In fact, it is a lesson in economics which we sincerely wish could be "sold" to Washington bureaucrats and President Kennedy. However, it will take someone other than our George Wallace to convince them of same. In order to teach, you must first have a willing pupil.

A SHORT reminder to all C of C members. The big meeting of the season will be at the County Courthouse, tomorrow night at 7:30 O'clock. If you don't attend this one, don't complain about not knowing what's going on in the Chamber of Commerce. You've had plenty of notice.

WE learn this week that Airman Third Class Franklin M. Jackson, son of Mr. anl Mrs. F. M. Jackson of Route 1, Maplesville, has been reassigned to Columbus AFB, Miss., following his graduation from the U. S. Air Force technical training course for plumbing specialists at Sheppard AFB, Texas. He is a former student of Maplesville High and he entered the Air Force in 1962.

YOU will note on the Editorial Page of the News this week, reference to the Herlong-Baker Tax Reform Bill. We make it clear we hope, that we do not necessarily agree entirely with this Bill any more than we agree with the President's proposed Tax Program; but it is something better. There is still great room for improvement. In fact, we mostly favor the idea we expressed a week or so ago: doing away with the while business and starting from scratch. It would be much more simpler; more effective; and more pleasing to the average taxpayer, who we might add, is about to get fed up with the demands of Federal and State tax "experts" and bureau "brains". What we need is a good house-cleaning and there's no time like spring and early summer to get the job done.

A FELLOW writer says that "Congress is fiddling while "Rome" burns by devoting most of its time to investigations and kindred poiltical games that are of little consequence to the voter". Why don't they get down to real business and find out what can be done to relieve the weary American taxpayer from his tremendous burden of keeping up half the world? Half the world may be hungry, but they don't have ulcers and heart attacks like we do. Why, do you suppose?



THE above road is known as the north end of the Posey's Store Road extending 5.3. miles to the Shelby and Bibb County Lines. This is a Federal, State and County financed project. The cost will be shared 50% Federal money, 25% State money and 25% County money. The total cost amounts to approximately $180,000.00. One main bridge 317 feet long spans the Mahan Creek and another relief bridge 167 feet long is being built nearby. The bridges are being built by the Jordan Pile Driving Company of Ozark, Alabama. The two bridges are costing $60,000.00.

Chilton Continues With Good Road Building Program

This is another Farm to Market Road being built with county owned equipment by county employees. This system of the county contracting with the State to build our Farm to Market Roads instead of allowing private contractors to contract with the State was started in the spring of 1959. By using this system the county is building more miles and better roads each year and at the same time employing more county employees. For comparative purposes, records show that the siy year period prior to 1959, under the private contractor plan, the county averaged 17.1 miles of paved roads per year, whereas, under our present plan we have averaged, counting work done in our cities, 23 miles per year over the past 4-year period. This shows by using the county contract system with the same revenue receipts for road building purposes, that we are now able to invest from $50,000.00 to $70,000.00 more money in roads each year.

In addition to this, we are employing from 20 to 25 more county people on our roads thereby bringing to our county in payrolls from $60,000.00 to $70,000.00 more per year.

Also, I would like to further emphasize that the county is in a sound financial condition paying all bills when due. Our Bank Balance at the end of March was as follows: Gasoline Fund - $59,391.65, General Fund $66,778.92; Paving Fund, $14,121.89. Public Highway and Traffic Fund, $22,895.91; and Building, Road anl Bridge Fund $40,510.11.

The above mentioned road is expected to be completed sometime in the near future. May I take this opportunity of thanking all the people of Chilton County our Members of the Board of Revenue and Control and all our county employees connected with our road program for their fine support and cooperation in making this report possible.

Explorer Scout Fund Drive

THE Clanton Lions Club would like to thank the donors who have contributed to the Explorer Scout Fund. This Drive will be closed this week. The 800 lb., white faced steer will be given away this Saturday at 3:00 p.m. on the B&F Motors Used Car Lot, which is located across from the Big Bear Store on 7th Street South. If you have not already contributed, please do so this week.

4-H Drive Off To Good Start In Chilton; Volunteers, Board Listed

JUDGE J. C. White, Chairman, Chilton County 4-H Foundation Fund Drive, reports that the drive is well underway in Chilton County. Some counties in the state have completed their drive, while others, like Chilton County, have gotten off to a good start and are making plans for completion if the drive by the end of April.

"Industrial Bonanza" Nearby On Banks Of Coosa River

Reader says we can Make a 'strike'; or miss

Editor
Chilton County News
Clanton, Alabama

Dear Sir:

Recent editorials and letters in the News, regarding new industry, especially in recreation for Chilton County show a renewed interest from farsighted citizens.

The Coosa lakes, strung like pearls, laced through the lovely evergreen hills of Chilton County offer many economic potentials.

Only in recent years have feeble gestures been made toward provoking this sleeping genie for its magical treasures. Lakes Lay, Mitchell and Jordan could be compared to "a bonanza", a gold strike. Will it be a rich vein, a few nuggets or ore of varing percentages? The total return in dollars to the county, will reflect the total effort made to develop this golden opportunity. There is no doubt that you have noticed, in your travels to other sections of the country, that other people have done much more with much less to offer.

Often, the grass appears greener on the other side of the fence and our local Chambers of Commerce start climbing fences. Why not take a long look around Chilton County and get ready - industry will find us.

Many people fail to recognize recreation as an industry. However, recreation is one of the nation's ten leading industries. Usually, the word industry is connected with large, noisy buildings with tall smoke stacks. Actually, all forms of economic activity is industry.

Recreation on the Coosa lakes is a full-fledged industry and it has only started to develop. More than 75% of the lakeshore construction has used local labor, local materials, local furnishings and local equipment. Picnickers hunters, campers and fishermen offer us their business, which is bountiful, but often overlooked. A few miles of paved roads would do much to pave the way for recreation and other new industry to follow.

Much more could be said on this subject and, who knows, perhaps if more is said many dreams will become a reality.

Sincerely yours,
R. L. Scott, Supervisor

Men Of Chamber On The Move, 223 Strong, Meet Friday 7:00 P.M.

ALL members of the Chilton County Chamber of Commerce meet Friday night to receive the preview of the Chamber's 1963 program for Progress. The meeting will be held at the Courthouse a tClanton at 7 p.m. J. H. Stokes, president of the Chamber of Commerce, says that the purpose of this general meeting of all members is to lay before the membership the reports of the various committees, suggesting action by the chamber in the main areas of need in local civic life.

Two weeks ago, Stokes and the Boarl of Directors appointed twelve committees and directed them to meet and study their respective topics and make a general report of their findings and plans for action at the meeting this Friday.

The committees have been extremely active since their appointment. The Industrial Deveolpment Committee, under the directiin of Lamar Clayton, has been working with a new industral prospect. That committee meets again Thursday afternoon at 4 p.m. at the Peoples Savings Bank.

The Health and Safety Committee, under the Chairmanship of Charlie Gay, met Tuesday. They are especially interested in a program for community-supervised trash dumps for the rural areas of Chilton County. This problem has grown acute in the Coosa River area. Even before this committee was appointed, Judge J. C. White and the Board of Revenue and Cintrol, with the assistance of the County Engineer, made a survey of the needs and formulatel a plan for action. The health committee hopes that it can be of valuable assitance to our officials in helping to get the plan underway.

Dent Ballard's Agriculture Committee will reveal its pans for the 1963 Chilton County Fair at the meeting this Friday.

Leonard Traywick, chairman of the sub-committee os establishment of a Central Distribution and Food Processing Center will report the progress his committee has made.

The Retail Activities Committee is studying trade promotional schemes and parking problems according to Herman LeCroy, committee chairman.

Other Committees hard at work on their reports include: The Legislative Committee, H. Grady Heflin, Chairman; Education and Trade School Committee, Lewis Healley, Chairman; Budget Committee, B. L. Adams, Chairman; Recreation, H. Gaines Burnett, Chairman; Coosa-Alabama River Development Committee, Ralph Johnston, Chairman; Advertising and Publicity, Bob Tucker, Chairman.

The Membership committee, under the direction of Raymond Hamilton has all ready finished most of its work this year. A goal was set in February to place 225 new membership units in 1963. The committee has placed 223 with only two units to go to meet its goal. The Chamber of Comerce has a total membership of 164, the largest enrollment since 1951.

EDITORIALS

A Most Important Event--

ON Friday, the 26th day of April, one of the most important meetings of the year will take place at the County Courthouse. It should attract every businessman--and woman--in Chilton County. It is important because it holds possibilities to improve this County's economical outlook ten-fold.

In case you don't know by now, the meeting referred to is the first official meeting of the new Chilton County Chamber of Commerce. Following the "225 Drive" for membership, which was a whopping success under the guidance of J. H. "Skeeter" Stokes and Raymond Hamilton, President Stokes held some six or eight meetings dealing with committee designations and appointments.

The result is one that will probably mean more to Chilton County in the years to come than an ysingle thing to happen in the past 20 years. Literally every member (trere are over 200 now) of the County Chamber has been named to a Committee, and has a specific duty to perform to insure the functioning of the Chamber and also to improve industrial and civic possibilities in this area.

The scope of the program which will be outlined at this meeting, is tremendous in its promise to Chilton County. And the greatest potential of the entire thing is that many people are drawn into the plan. If these people function in their respective duties, we will see Chilton progress and prosper as it never has in its entire history.

And a very important thing for you, as a member of the Chamber of Commerce, to remember is: don't let anything this side of "extremely urgent" keep you from attending that meeting tomorrow night. That's Friday, April 26 at the County Courthouse. It is pertinent that you fill a seat on that occasion.

The point is; all the work done thus far, and it has been a bunch; will have been for naught if you do not make efforts to attend this first--most important meeting-of the new Chilton County Chambr of Commerce.

Why Not A Chilton Auction--

IT was brought to our attention this week; and we have wondered ourselves many times before; just why Chilton County, during the Fat Stock activities in the spring of the year, doesn't have its own auction following said show, rather than taking the animals to a Montgomery Auction and playing "second fiddle" so to speak, to animals raised closer to the Capital than is Chilton County.

We intend to make no reflection on the manner in which the Montgomery Auctions are run; we simply believe that we can hold our own auction here in the County, at a greater profit to the individual calf raiser, than we can taking them to Montgomery.

As an example we refer you to the Covington Sale, which this year, in Andalusia sold 66 steers for a total of $15,065.70. If Covington County can do it successfully, why then, cannot Chilton do the same? And this year was the second largest in the history of the annual Covington County event.

This is a job for the County Cattlemen's Association, the Cow Belle's, and the individual cattle farmer or rancher in this area who is basically interested in the improvement in the cattle industry in this area.

Members of the local Civitan Club, widely-known for its benevolence and its enthusiasm, show an interest in such a venture. It is well worth looking into. It is our opinion that we will not only get more money for the steers on auction, but that we will interest more young people in the Fat Stock Show. And young cattleman make adult cattlemen, who know their business from practical experience--the very best kind there is.

A Trusting Soul--

IT is better to trust everyone and be disappointed occasionally than to doubt everybody, and be oft times despised for it, and always confused.

Methodists Take Note--

THIS coming Sunday afternoon should be an important time for you if you are an active member of the First Methodist Church here in Clanton. That is the time the men of the Church will make the annual visit into your home on the Every Member Canvass which is designed to give you a better insight into the functions of your church, and to give you an opportunity to pledge your time, talents and material possessions to the work of the church and the spreading of the Gospel of Christ.

It is sincerely hoped that if you are not participating in the actual visitation during the Every Member Convass next Sunday, that you will make a special effort to welcome these men of the church into your home graciously and with interest in the story which they have to tell. They have given already of their time and talent, preparing themselves for this mission.

Cycling In Chilton--

THERE are numerous youngsters in Chilton County with bicycles. A "two-wheeler", as we remember it, is a source of great pleasure, and adds greatly to the development of a child in his growing up process. We do want your child to "grow up", however!

Our warning has to do with bicycles. Now that the good weather is setting in, children will be dragging their bikes out of storage places and taking to the streets and highways.

If these ardent cyclists don't know the proper and safe way to handle their bikes they can be easily involved in dangerous traffic situations. Last year—the National Safety Council points out 550 lives were lost in bicycle accidents, the heaviest toll since 1949.

Since the majority of the fatalities fell in the 5 to 14 age group it would seem to us that parents should insure that their children are fully aware of, and practice, safe bicycling habits. The Council particularly urges observance of the following rules:

- Ride on the right side of the road; obey all traffic control regulations and use proper hand and arm signals for turns and stopping.
- When cycling with others, ride in single file.
- Save stunting and showing-off for yards or other untrafficked areas.
- Never try to squeeze in between two lanes of traffic.
- At busy intersections it is safest to dismount and walk the bike across.
- At night the bike should be equipped with a front light and rear reflector.

Folks Are Talking--

COMMENTS ranging from "Great Ceasar's Ghost" to "How About That" have been heard concerning the change in styling of the front page of the News last week. Practically without exception, the change has been warmly received, and we think we have something you will enjoy and appreciate. We have been making a few other changes throughout the paper--improvements we hope--and will continue to do so, as our attention is drawn to new ways to better serve our readers, subscribers, and advertisers.

We appreciate those comments of last week and invite your critical opinion of our improvements. We didn't say "criticism" in the everyday accepted sense of the misused word; we said "critical opinion"!

Springtime To A Boy--

To a boy growing up in a wonderful world. Springtime is bare feet, baseball and yard-cleaning. To a boy on the farm, it is these things, and helping the family plant this year's crop. It's trips to the creek, or to the old sawdust pile, or treking over the newly plowed fields to see what Mother Nature is up to with regards to birds and rabbits and such.

Springtime to a boy, is the marvel of the ages, and he never tires of using it to his best advantage and complete enjoyment. And there's a little bit of "boy" in most every one of us!

National Library Week April 21-27

"For a better read-better informed America"

National Library Week was launched in the spring of 1958 with the slogan "Wake Up and Read." It was the first concented effort to focus public attention on reading as a source of personal fulfillment on the importance of reading in our National life, and on the libraries which, if used fully and supported propertly can make reading material accessible to everybody.

National Library Week is now an established, continuing, yearround program to help build a reading nation and to spur the use and improvement of libraries of all kinds.

Reading helps the reader to enlarge his world to gain perspective, to realize his potential excellence, and to savor his leisure and find new meaning in his work.

Libraries are as important as the purposes they serve, and they make posible achievement of the social, educational cultural and economic goals of the individual and the society. In the belief that reading and libraries are truly means toward the full pursuit of life, liberty and happiness lies the ultimate goal, to help develop an informed creative citizenry that is copetent and willing to make the choices and decision that free men and women must make.

Near Record Forest Fires Slowing· March Hit Hard

Vigilance & Caution Still Advised

March forest fires, pushed by gusty winds, low humidity and dry, sparse undergrowth, swept through over 80,000 acres of Alabama timberlands. An announcement, made today by State Conservation Director Claude D. Kelley, revealed that near-record fire rate showed signs of slowing down in April..

The conservation head said 2,802 fires had destroyed about 83,000 acres of forests last month. The figure, both more than double the March 1962 tally, moved the 1963 totals to over 5,000 fires and some 140,000 acres burned. Kelley said, rain, dying winds and new spring forest growth should soon check the near-record March fire rate.

He said the Conservation Department's Forestry Division had battled the woodland blazes "all day and much of the night" in some sections of the state.

While February and early March fires took their toll, the big flameups came late last month. Landowners lost about 25,000 forested acres during the last three days of March, Kellev said. .

Most of the March fires were accidental, according to Forest Fire Control Chief C. F. Attaway. The veteran fire fighter said brush burnings that were not controlled caused many of the recent forest flare-ups. He joined Kelley and Stauffer in advising "extreme caution" with matches and inflammables when near wooded areas.

Draft Extended 4 Years

17 Year Old May Enter Service

(The draft has been extended for four years, until July 1, 1967. This means that the young men of the country must continue to expect to serve in the military forces. This series of articles, prepared by State Headquarters and distributed under the directions of State Selective Service Director Ralph W. Adams, outlines the basic responsibilities and rights of young men under the draft law.)

At age 17, a young man (with his parent's consent) may choose among a wide variety of ways to begin the discharge of his current active duty and reserve military obligation. He may enlist in the regular forces for three to six years. He may enter a number of reserve or National Guard programs. He pay voluenteer with parental consent, for induction for two years.

Even after he registers for the draft at age 18, he has ahead of him at the present time or more years in which to choose his own time and method of dis?-charging the military obligation. As he gains more education, these opportunities widen to include various military programs leading toward a commission.

But if he does not make his own choice, at around age 23 he may expect induction if he is qualified and not referred or exempt. And even though he may not be qualified, or is deferred or exempt when his normal turn to serve comes, he may still be put in Class 1-A if at any time up to his 35th birthday he loses the deferment or exemption, or the cause of his disqualification is removed.

If he should be reclassified into Class 1-A after he would normally be inducted and before age 26, he would probably be the oldest man available in his local board, and, if qualified, would be the first to be called.

Because of the need for manpower in the Armed Forces, about 6 out of ten men who became 26 in 1962 had entered service voluntarily or by induction. Those who had not were almost all disqualified men. A few were those who were continuously deferred or exempt through age 26.

Government manpower experts estimate that well over half of all men whoreach age 26 through the next 4 years will be required to enter service to maintain active and reserve strengths. Disqualifications and deferment and exemption will account for the remainder.

Virtually no qualified and available man can expect to reach age 26 without entering service over the next four years.

CONGRESS URGED TO APPROVE H-B TAX LEGISLATION

"Reject the Administration's proposal and pass the Herlong-Baker tax rate reform legislation instead."

As if with one voice a parade of witnesses representing all phases of the nation's economic life has strongly urged this action on the House Ways and Means Committee.

All have insisted that the only sure way to get a greater rate of economic growth and solve the unemployment problem is through enactment of the Herlong-Baker bills since this would release the flow of capital funds essential to achievement of these beneficial goals.

The latest group to appear before the committee in support of the Herlong-Baker bills is typical of those who testified earlier. Included were industrialists, a farmer, a state legislator and an economist. Their names and short excerpts from their testimony follow:

Johnson McRee Jr., treasurer, Georator Corporation, Manassas, Va.—"The Administration's program . . . will not solve the problem of attaining a greater rate of economic growth . . . nothing will be accomplished through its consumer spending approach . . . the Herlong-Baker legislation would deal effectively with all the problems of economic growth."

Stephen D'Arrigo, secretary, D'Arrigo Brothers Company, a farming corporation, who apornia Grape and Tree Fruit peared in behalf of the Calif-League and Western Growers Association—"I strongly recommend the Herlong-Baker legislation to this committee. Its adoption would not only leave more dollars in the hands of the farmer but it would result in a healthier and more rapidly growing economy..."

State Senator James P. Wesberry Jr., of Atlanta, who testified as the representative of the Georgia Junior Chamber of Commerce, Georgia Chamber of Comerce and four other organizations—"Tax reduction, as embodied in the Herlong-Baker bills, may make immediate state and local tax increases unnecessary in Georgia and throughout the country . . . More state revenue would be available if the impediments to economic growth are removed. The Administration's plan could not possibly achieve this."

Ralph E. Burgess, professor of economics, University of Bridgeport in Connecticut—"Congressmen Herlong and Baker have captured the essential elements in their program for growth in the private economy."

vice president, Fly Ash Arrestor Corporation, Birmingham, who appeared for the Associated Industries of Alabama—"The Administration's program is unsatisfactory in regard to generating the apital that business will need in the next few years . . . This need **would** be satisfied by the Herlong-Baker legislation."

YOUR HEALTH

OVERWEIGHT IN CHILDREN

Ever notice that most overweight couples have overweight children? Most fat children seem to have strong inherited tendencies toward overweight; three-fourths of children who are over weight have overweight parents.

Children are likely to overeat if the whole family is accustomed to eating plenty of high caloric food, and a growing child who has always eaten too much is naturally inclined to continuous overeating.

The baby's eating habits are actually established by the one feeding him. Many infants are forced into the habit of overeating in the first few months of life. Healthy babies gain weight steadily in the earlier months of life; and if they don't a mother worries.

If the baby's appetite is good, if his bowels function regularly, if he is sleeping well, even though he is not gaining as much weight as expected, mothers should not worry too much.

Glandular disorders are often blamed by parents as an excuse for overweight in their children. While there are such cases, the glandular factor as a cause for obesity in children is rare.

Aside from inherited tendencies to overeat, when children become anxious or tense, they are likely to seek food as a solace for pains, illness, rivalry. seperation, or social failure. Stout children are comparatively inactive and prefer sedentary relaxation. Fat children need help in correcting their eating habits.

"Cut The Budget" Drive Could Be Aided By Your Signature

The coupon-box below was devised in response to the many requests from editors for help in spurring an avalanche of mail to members of Congress urging them to cut the gigantic 1964 federal budget down to realistic proportions.

(Cut this out along broken lines, sign your name, give your address and mail it to your Congressman—today!)

Rep. ____________________
U. S. House of Representatives
Washington 25, D. C.

I sincerely believe that every member of Congress must take a stand against the enormously high rate of federal spending that is rapidly reaching runaway proportions.

Therefore, I am appealing to you to bend every effort toward cutting the record-breaking fiscal 1964 budget of $98.8 billion down to reasonable size. Some very respected organizations have assured the nation that the budget can be cut substantially without harm to national defense or to economic well-being. Moreover they have specified exactly where these reductions can be made The estimates of the cuts range from nearly $6 billion to $9 billion.

I know that all of this information is available to you and I urge you to study it carefully and act accordingly. Remember, the Congress is our last hope in this fight to achieve prudence in federal expenditures. If it fails us we could very well be doomed to never-ending red ink spending.

Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN

A Congressional Study Mission of which I was chairman has called for reducing or ending Alliance for Progress funds to Latin American countries that do not meet their self-help commitments.

This bi-partisan study group was requested by the chairman of the House Foreign Committee to conduct a five nation inspection in Latin America in the aftermath of the Cuban crisis. The report of the investigation was released last week.

In this report, the members pointed out laxity on the part of some Latin American nations receiving Alliance for Progress funds to live up to their self-help commitments. Where United States funds have been used to bail out governments that are postponing or avoiding the hard decisions of fiscal discipline and reform, our ail has in some cases been regarded as a reward for fiscal mis-management.

Recommendations Reviewel

In addition to a study of each country visited, the report included a number of recommendations and observations. Among the recommendations made by the Study Mission were the following:

1. Efforts by the Executive to eliminate the flow of persons, propaganda, and funds between the countries of the Inter-American system and Cuba must be intensified.

2. Agencies responsible for disbursement of Alliance for Progress funds should give serious consideration to reducing or discountinuing funds to those countries not complying with self-help commitments.

3. In the Latin American area emphasis in the military field should be placed on the training of personnel, internal security assistance, and civic action programs. The supplying of modern sophisticated equipment, in response to local pressure, should be held to a minimum.

4. Latin America should at this time be given priority in Peace Corps activities. The Study Mission found that Peace Corps volunteers are making a notable contributions to United States relations with countries of that area and that the demand for additional volunteers is great.

5. Specific plans should be made to identify the sources of the school Lunch and Food-for Peace programs, since many Latin American recipients seem unaware that the United States is responsible for the program.

6. More students should be brought to the United States for academic studies under the auspices of private organizations and universities, as well as the United States Government. This would be valuable in creating deeper mutual understanding and would serve to prevent the holding of such distorted views as existed in the minds of many students with whom members of the Study Mission talked.

7. The United States Information Agency should take steps to encourage more "People-to-People" programs. Although such programs have been undertaken in Latin America by individuals and private organizations in the United States, this has been done on a relatively small scale. Other civic-minded groups throughout the United States could also make a notable contribution to the building of good relations by similar undertakings.

MINUTES OF THE BOARD OF REVENUE AND CONTROL OF CHILTON COUNTY, ALA.

BOARD MEETING APRIL 8, 1963

The Board of Revenue and Control of Chilton County, Alabama, met in regular session at the County Courthouse at Clanton, Alabama, on April 8, 1963; at 8:30 A.M. The following Associate Members were present; Lonnie Cost, A. D. Headley, Sherman Motley, Acie Mims; and J. C. White, Judge of Probate and Chairman of said Board. Judge White presided as Chairman of the meeting and a quorum being present, declared the meeting open for the transaction of business.

WHEREUPON, The Clerk of the Board read the minutes of March 25, 1963, and the Chairman of the Board asked for corrections or additions to said minutes. WHEREUPON, It was called to the Board's attention that on Page 540, at Line 73, the word, "Loader", should have followed the word, "Tractor", and on Lines 81 and 82 the word reading, "Less", should have been, "With", and with these corrections all members of the Board present affixed their signatures to said minutes in the presence of the Board and the Clerk.

WHEREUPON, The Clerk of the Board presented to the Board a list of purchases and claims filed with him against the County. WHEREUPON, The Board proceeded to audit said purchases and claims, and it appearing to the Board that each of the following claims are itemized and sworn to, with evidence of delivery of each item to the County, as provided by law, and it further appearing to the Board that all claims are just, due, correct, and unpaid, and no part of same has been previously paid. Mr. Headley offered the following resolution for adoption which was duly seconded by Mr. Motley, and unanimously adopted by the vote of the Chair man and all members of the Board present: BE IT RESOLVEL: That the minutes of the Board meeting of March 25, 1963 stand approved, as corrected, and BE IT FURTHER RESOLVED AND ORDERED: That said purchases and claims are hereby audited, allowed, passed, and approved by the Board, and BE IT FURTHER RESOLVED AND ORDERED by the Board that each of the following claims, payable to the respective parties, for the materials or services in the amounts, as hereinafter set out, be allowed, and BE IT FURTHER RESOLVED AND ORDERED: That the Chairman of the Board is hereby authorized and directed to draw a proper county warrant in favor of the person firm or corporation to whom it is due, from the funds listed.

Bethsalem HD'ers Plan To Enter "Cook-Off" May 15th

The Bethsalem Home Demonstration Club met April 11th with 9 members and 1 visitor present, with Mrs. G. C. Hathcock.

The meeting was called to order by the president Mrs. E. I. Pierce.

The devotional was given by Mrs. Rosa B. Dockery with prayer by Mrs. G. C. Hathcock. The scripture was taken from Hebrews 12.1-3.

Mrs. Derrell Pierce gave the story of the hymn, The Old Rugged Cross. Then led the group in singing.

Minutes and treasury report was read and approved.. Old and new business both were discussed among the members.

Roll call was to answer, If we had a birth certificate.

Mrs. Lane announced the cooking school to be May 15th. and urged the group to attend, also told of the County trip to various places in Wetumpka and Montgomery.

Pennies for friendship were taken.

Demonstration was given by Mrs. Lane on making or remaking hats. The members enjoyed the demonstration and Mrs. Lane told of how we might assist the 4-H Clubs and how we as clubs could work out some way acording to our own ideas.

Delicious refreshments were served by Mrs. Hathcock after we had enjoyed a good meeting together.

Several members made dresses for themselves and Mrs. E. I. Pierce won the gift as being chosen having a nice outfit. Others with outfits were Mrs. C. L. Wilkins, Mrs. Gene Wilson and Mrs. Derrell Pierce.

JEMISON

By Mrs. George Naish

Recent Bride Complimented

One of the loveliest parties of the Spring season was on Sunday afternoon, April 21, when Mrs. Harold Robinson, nee Miss Sandra Rogers, was complimented at a miscellaneous gift shower and tea.

Mrs. J. A. Chandler was hostess at her home on Highway 31, south Jemison. Receiving with her were Mrs. Vester Rogers, mother of the bride and Mrs. Johnny Robinson, mother of the groom and the honoree, who was wearing a lime green frock designed with low neckline and full skirt. Her corsage was white carnations.

The Chandler home was made more attractive with potted plants and arrangements of white glads with touches of pink roses.

Miss Lynda Clements registered guests at a table marked with a floating pink rose. She was wearing a beige lace sheath and a whit ecarnation corsage.

In the dining area, catching many compliments was the centerpiece for the tea table. A minature bride and groom stood below a low white arch, ornamented with glads and pink roses that was placed before a semicircle of burning white candles.

The crystal punch bowl was ornamented at the base with fern interspersed with white glad flowerettes and clusters of pink sweetheart roses.

A large arrangement of white gladioli and pink roses was placed on the buffet. To each side were holders with white candles tied with pink ribbons.

Mrs. Joe Cobb presided at the punch bowl, Mrs. I. H. McNeill, Jr., served individual embossed cakes mints, in pink and white and nuts.

Among the many dainty lovely and useful gifts were these from the hostess; an electric fryer, coffee maker, a hocking ware casserole and a casserole with heating attachments.

NEWS OF—

HIGHLAND

Pastor, David Gray

We are happy to see our members getting over the flu and spring colds and are able to come back to church. Our attendance was 71 with 5 visitors.

Bro. Gray delivered two wonderful messages, the morning message, "But There Is A God In Heaven" from Daniel 2:24-28. The evening message, "Barriers to Blessings," Mark 2:1-4. Training Union attendance is growing with 42 present Sunday night, 1 over the enrollment. We invite you to make a special effort to attend Training Union each Sunday night.

We were glal to see Mr. Willie Smith and Mrs. Smith back at church after recovering from his operation. We were also glad to see Mrs. Ethel Foshee, Mr.. and Mrs. V. J. Baker and daughter after their long absence. Mrs. Lester Coodey is home doing fine. Remember Mrs. Leonard Culp in your prayers as she enters the hospital for some test this week.

The Young Peoples Department, would like to ask that everyine who knew or was a friend of Carolyn Culp's to pause for a moment of prayer in rememberance of her, she passed away April 18,1962.

NEWS OF—

REFUGE

We had good services over the week end with good average attendance. The spirit was fine and the interest seems to be taking on momentum. The pastor brought a message on Tithing, at the eleven o'clock hour. He stated, among other things, that if a man is dilitory in respect to his duty on tithing that he would not use his talents for the Lord and if he maliciously wasted his time, that he would waste both money anl talents. So neither one will take the place of the other, because it is a matter of stewardship, and they are inseparatable.

The church selected the Vacation Bible School Workers and set the first week in June for our Vacation Bible School. The School will run from eight to eleven o'clock a.m. June 3rd. through 7th.

It is just one month until our singing and home-coming which is the third Sunday in May. We are planning for a good day, and if you do not have plans for that day, "Come thou with us, and we will do thee good." Singers from different sections of the state will be with us including the Boone family from Montgomery. We are leaving no stones unturned to make it the greatest day that we have ever had at Refuge. Of course, you will probably attend the services at your own church, but we will be glad to have you in the afternoon.

NEWS OF—

Samaria

Don Graham, Pastor

The Young Married People really enjoyed their social last Friday night. You really missed a lot of good food by not being with us. Make your plans now to be at our next one.

Final plans are being made for our Bible School. The faculty has been chosen and have attended meetings at the West End Church for instruction. Our date is June 3-7. We will go from 8 til 11.

Our revival plans are beginning to shape up. Brother Bill Coleman, pastor of the Liberty Baptist Church in Tallassee will be our guest evengelist. Brother Larry Draper, minister of music at the Tenth Avenue Baptist Church in Birmingham and a freshman at Howard will be the singer. The date is July21-27.. Make your plans now to be with us.

We have started our classes on Love, Courtship and Marriage. During our Training Union class time, we are having this class under our pastor in which we discuss the right and wrong aspect of profanity, smoking, and ohter things that could hurt our lives as Christian young people. We invite you to come and join our discussion.

We are in the study of Hebrews at Prayer meeting. We are just starting this study and now would be a good time for you to start with us. Afterward the Young People will have choir practice.

The family of Jack Easterling gathered at the home of Mr. and Mrs. Milford Mims last Sunday to celebrate his birthday. Many more happy birthdays to Jack, but that number of families at church and Sunday School would have made an interesting change. In fact, according to reports our number would have nearly doudled. "Remember the sabbath day to keep it holy."

● YOUR SOCIAL SECURITY ●

(This series of question about Social Security is compiled from the questions sent to the Selma Social Security Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, C|o Chilton County News, Clanton, Ala.)

Q. I'd like to get a social security card. Will I need a birth certificate?

A. No. You'll need to know your correct date of birth, of course, but you don't need a birth certificate.

Q. I was 65 years old last December. I have about 6 years of social security work credit. I haven't worked in two years. Can I collect social security?

A. Yes. A man your age needs 2 3|4 years social security work credits to qualify. A woman your age needs only 8 quarters (2 years of social security credit.

Q. My husband worked some on social security jobs before he died in 1945. I never asked about a social security payment because I understood I would get some help when I got old. I still have his account number. Can I get a widow's benefit when I am 62 years old?

A. Probably. Any widow whose husband died before 1957 can get widow's payments if her husband has 1½ years (6 quarters) social security work credit. Come to our office three months before you're 62. Bring your marriage certificate and some poof of your age along with your husband's social security number.

County Concert Association Sets Membership Drive

The campaign to sell memberships to the Chilton County's Mutual Concert Association's 1963-64 concert series got underway this week.

The association, which presented a successful series at Chilton County High School Auditorium this season, will again present a fine array of attractions.

Two of the attractions to be presented are: The Rondoliers Male Trio, featuring Edmond Karlsrud; and Robert McDonald, the young pianist, who was recently hailed by the music critic of the New Austrian Daily, Vienna, Austria, as "the young philosopher of the piano--and one with heart."

The Rondoliers, who will appear here in November offer something special in the field of entertainment. Three outstanding young solo artists combine their talents in a distinguished and varied program, which includes art songs, operatic selections, show tunes, folk songs and Negro spirituals. The vocal arrangements are by Charles Touchette, who for seven years was vocal arranger for the Columbia Broadcasting System.

Edmond Karlsrud, one of the trio, is featured. A bass baritone, he has been called by critics as "the young man with an easy personality and a voice with the depth and polish of a sapphire."

Robert McDonall, is impressive career as a pianist has gained momentum with each season. When the New York critics acclaimed his highly successful Carnegie Hall debut, they were only taking up the chorus of superlatives from Europe. For it was there that this talented young American pianist was launched on a steady climb to international recognition.

ROBERT McDONALD

When he made his New York debut in 1961 Musical America wrote: "Mr. McDonald seems incapable of making an ugly sound at the keyboard."

A third attraction of the series wil be announced at the end of the campaign. There is a possibility that a fourth attraction will be also be presented.

Memberships for the series are priced at $7.00 for adults and $3.50 for students. Volunteer workers are canvassing the city and county this week. Campaign headsuarters are located at Callen Alred's Drug Store and memberships may also be purchased there.

Someone Call A Nurse?

THE ladies of mercy, the nurses at Chilton County Hospital, are shown during their annual get-to-gether, held recently at the Dixie Cafe here in Clanton. There were some 40 ladies present for this event.

This is the time the nurses and hospital personnel take each year to enjoy a bit of relaxation and fellowship among themselves and honor those young ladies who have chosen the field of nursing to serve their fellowman.

STRENGTH FOR THESE DAYS
from The Bible

Thy youth is renewed like the eagle.—(Psalms 103:5).

If we use our time, our energies, our thoughts in constructive and spiritual ways we can be eternally young. The Christ Spirit should never be regarded as old, worn, dull or tired but only as eternally young.

Ten Reasons Why The Church of Christ
IS WORTH INVESTIGATING

1. You may read about it in the Bible - Rom. 16:16.
2. It has no creed but the Bible, no name but Christ - Acts 11:26 1 Pet. 4:16.
3. It speaks where the Bible speaks, is silent where the Bible is silent. 1 Pet. 4:11.
4. It exalts Christ as the ONLY head of the church - Col. 1:18.
5. Its worship is patterned after the New Testament - John 4:24; Acts 2:42; 20:27.
6. It teaches that all disputed doctrinal questions CAN be settled - 1 Cor. 1:10.
7. It pleads for unity of all believers in Christ - John 17:20, 21.
8. It is not a denomination, but Christ's body - he founded it - Matt. 16:18; Col. 1:18.
9. Its aim - to save souls by the gospel, and teach godly living - 1 Cor. 15:1-4.
10. Its future - eternal glory with Christ - Eph. 5:23; 1 Thes. 4:17.

Local Shriners Sponsor Circus; May

THAT the circus lives on as a cherished medium of entertainment of America wil lbe proved Friday and Saturday, May 3 and 4, when the first annual William Kay - Alcazar Temple Shrine Circus will be presented in the State Coliseum at Montgomery, Alabama. The schedule calls for four performances, to be given at 3:45 p.m. and 8:15 p.m.. Friday, and at 2:15 p.m. and 8:15 p.m. Saturday.

Circus stars, both human and animal, will come from almost every continent in the most entertaining circus line-up ever presented to Montgomery-Area audiences. Among them will be La Norma of Spain, the celebrated Spanish queen of the trapeze; the Flying Artoms; the Great Paulo; and the Great Fredrico, performing incredible acrobatics atop a 110 foot swaying steel pole.

Highlights among the trained animal features are Capt. Eddy Kuhn's Lion and Tiger Act; The Shrine Circus Elephants; Anna Delmontie's Chimpanpees; and Lona Antalek in a round of fun-making with her 16 smart, smooth and sassy dogs.

Acrobatic features includs the Great Jon-sone, The Dam Brothers, Chi and Somay, The Meltrons, The Armor Troupe, The Cathalas; The Charlimae Duo. Clowning as it should be presented -- pure comedy, will be presented by William Kay Circus Clowns, toped off by an absolute comedy sensation featuring Jewl and Charlie Poplin still fighting that baffiling and cantankerous mystery, the gas buggy. Music will be under the direction of the William Kay Circus Bandmaster Al Vernon.

In the entire William Kay - Alcazar Shrine Temple Cirus, virtually every act is a feature, and the stars are not required to double. In the State Coliseum 5every seat is a good seat, and entertainment is asured for both young and old.

Alcazar Shrin ePotentate, Horace O. Davis, said: "We are indeed happy for the privilege of bringing the Shrine - William Kay Circus to Montgomery and the surrounding area. We are indeed happy for the privilege of bringing the Shrine William Kay Circus to Montgomery and the surrounding area. We are confident that the crowds which attend will receive a full measure of value for the cost of their tickets, in the form of the very finest entertainment the circus world has to offer."

Clanton Shrine Club President, Truman Thrash said: "As a part of the Alcazar Shrine Temple, the Clanton Shrine Club is cooperating fully in the selling of tickets and advertisements, and we are encouraging all adults, merchants etc. to take children to this very fine Shrine Circus." President Thrash further added: "All Shriners have tickets and we will be glad to fill your needs."

General admission tickets are on sale by all Nobles of Alcazar Temple and all Alcazar Club Nobles, at a cost of $1.50 per adult and 75c per school age child. Reserved tickets can also be purchased for a small additional amount at the Central Ticket Agency in Belk's Department Store, Montgomery, or at the box office in the State Coliseum in Montgomery, one hour before each performance.

Dr. W. E. "Bill" Goodwin announced: "On Friday Night, May 3rd, we wil lhave "Shrine Night" at the Circus. All of Alcazar's Units will display their pagentry, color, and merriment. We also want all Shriners who attend ot wear the Shrine Fez at all performances, and we appreciate the support and patronage of all our friends, in the surrounding areas of Montgomery."

State Economic Growth Setting Record

Industrial Development planned fol Alabama in '63 has already reached nearly $100 million and still climbing towards what may be a record year of economic growth, Governor George C. Wallace announced today.

"This total figure for plant investment is twice as much as was reported for the entire first half of 1962. Already the total capital investment reported thus far in 1963 for new and expanded industrial investment is equal to the total amount reported for the entire year of 1959."

"We have already made real progress. Hundreds of new jobs for our people in all sections of the State will result from these new, expanded, and planned improvements already announced in the first quarter of the year," the Governor added.

"Our administration is dedicated to pushing forward in industrial development and it is my belief that Alabama is entering a period of industrial development and it is my belief that Alabama is entering a period of industrial growth unequaled in its history. We attribute a major part of our success thus far to the efforts of the people on the local level who have worked hard to prepare their area for growth."

"According to Leonard Beard, Director of the State Planning and Industrial Development Board, expansion of plants already operating in Alabama has accounted for a major part of the new capital investment in industry already announced," Governor Wallace noted.

"We are pleased when new industries locate in Alabama, and the 'latch string' is always out for these new plants, but it is gratifying to see the industries already established in Alabama expand their operations and build and equip additional facilities. This is indeed a vote of confidence in Alabama."

Private and public utilities are announcing millions of dollars for expansion, improvement and modernization of facilities in this year.

These include Alabama Power Company with plans for $208 million for construction of new and expanded electric generating, transmitting, and distributing facilities, during the next three years.

Alabama Gas Corp. plans expenditures of $4,300,000 for improvements and expansions during 1963.

The Tennessee Valley Authority has announced expansions to include $11,700,000 for chemical and fertilizer development plants, and $16 million to include construction of a new plant at Guntersville.

Southern Bell Telephone has scheduled nearly $37 million to be spent in 1963 for expansion and improvement of service in Alabama.

In Huntsville, the National Aeronautics and Space Administration's 6,800 civil service employees are expected to earn $62 million in 1963. The total payroll at the Space Center, including contractor employees, will reach $76 million. Alabama firms have been awarded $44,572,079 by NASA in contracts for space vehicle development programs.

Highway Building Heavy This Summe

ATTENDING the first highway contract letting of his administration Gov. George C. Wallace is introduced by State Highway Director Ed N. Rodgers. Proposals Engineer John N. Crutcher looks on.

The first highway contract letting of the administration of Gov. George C. Wallace drew low bids adding up to more than $13,500,000 on 31 road construction projects in 22 counties,

A report on the March 29 letting, released this week by State Highway Director Ed N. Rodgers, shows federal aid interstate projects amounting to $9.2 million of the total proposed construction. Bids were received on eight interstate projects in four counties--Tuscaloosa, Etowah, St. Clair and DeKalb..

The eight projects (all on Interstate Route 59) call for 31 miles of various stages of construction, including grading and dainage base and paving bridges and grade separations.

For the first time in the memory of highway authorities, the governor attended the highway letting. Addressing a large group of contractors assembled in the third-floor corridor of the State Highway Building in Montgomery, Governor Wallace drew applause with his opening, remarks, "We want to have a lot of roadbuilding during the next four years. We don't want anything to stand in the way."

Wallace noted that the tentative schedule for the next le ting, to be held in Mobile on Ma 17, 1963, totals an estimate $13,000,000 in federal aid con struction.

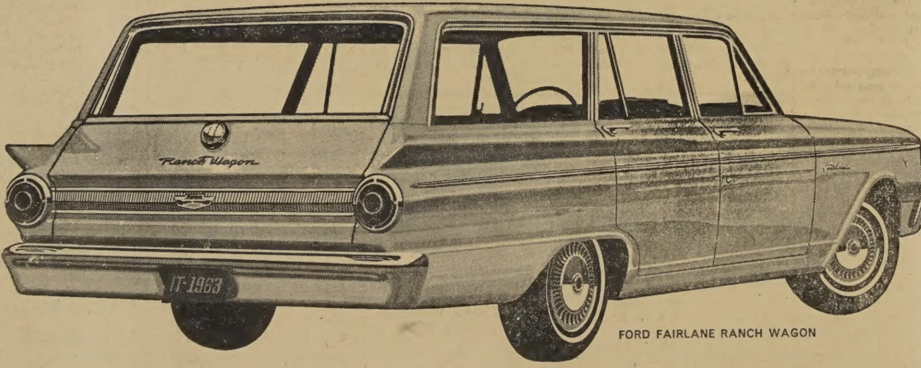
How to save $211* and get a better wagon in the bargain

Compare your Ford Dealer's Fairlane Wagon with the Chevy Biscayne Wagon...and draw your own conclusions:



FORD FAIRLANE RANCH WAGON

Compare price labels: Our Fairlane wagon retails for $211 less than the Chevy wagon! **Compare room:** Fairlane's load deck runs 1.2 inches longer. Front leg room is more than an inch greater. **Compare performance:** Fairlane's Challenger V-8 really moves this trim middleweight wagon. (About 500 pounds less dead weight to lug!) **Compare economy:** Fairlane's famed twice-a-year (or 6,000-mile) maintenance saves important money. For example, 36,000 miles between major chassis lubrications vs. Chevy's 6,000 miles! **Compare nimbleness:** Fairlane's nearly 9 inches shorter length is easier to handle, lets you park in places a Chevy has to pass up! Compare quality, compare styling, compare *everywhere!* You'll come to one conclusion: Your Ford Dealer gives you more car for less money. But what's new about that?

Little Over 5 Thousand Re-Identified

Dear Voters:

THE Board of Registrars have just submitted to my office the names of all voters that have re-identified themselves through February 18th, 1963. This list reveals the fact that only 5,605 people have re-identified. The last qualified voters list as compiled in my office contained a total of 12,038 names so it appears from these figures that many of you have not re-identified. Now I would like to beg and urge you to attend to this matter at your earlies convenience as the law requires that everyone must re-identify before the next election.

The purpose of the re-identification law was not to dis-qualify any legal voter but to remove the names of all non-residents and persons deceased from the poll list.

Please do not re-identify more than one time but if you have not attended to this matter please meet the Board of Registrars on the First or Third Monday in each month or come by my office and any of my clerks or myself will be glad to re-identify you.

Yours truly;
J. C. White

Southern Bell Plans Expansion

THE Southern Bell Telephone Company, with its "plant" scattered over nine states, expects to improve and enlarge its facilities by $350 million in 1963.

This expenditure, which is about the same as the record breaking 1962 expenditure, was revealed by president Ben S. Gilmer of Atlanta.

Mr. Gilmer said the proposed multi-million dollar program is necessary because of continuing heavy telephone needs in the south up to the present and expectations of future heavy requirements for a variety of services.

About $128 million is earmarked for new central office equipment, $83 million for cables, poles, and supplies for outside plant and $14.5 million forland and buildings, among other items.

Southern Bell serves Alabama Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina and Tennessee. There are more than 8 million Southern Bell telephones in the homes and officers and on the farms of the south, plus more than 2 million non-southern Bell Telephones.

Long Distance Too

Of the expenditure planned for expanded and improved long distance service, about $7 million will go into equipment which will enable 627,000 more customers to dial many of their own long distance calls. The volume of long distance usage by southerners has increased 289 per cent over 1943 and 86 per cent over 1953. On the average day, 930,000 long distance messages are handled by Southern Bell

Southern Bell is the most far-flung of southern businesses or industries when it comes to spread of facilities - it operates in 1,149 metropalitan areas and communities and probably has a heavier investment than any other southern company..

Its total plant investment in serving the south tops $3 billion. Its payroll to more than 64,000 southerners exceeds $350 million annually, its operating taxes $224 million a year.

Has Your Child Had Pre-School Shots?

The laws of our state require that a child be six years of age on or before October 1 in order to enter school. Being law abiding citizens, we must observe this law strictly. You are required to present to your child's tearher a birth certificate on the opening day of school showing his age. Please begin making arrangements right away for this certificate if you do not have one. Your Health Department will be glad to assist you in getting one. ..

Every effort is made to make your child as safe from disease as possible while he is in school. In order to keep down epidemics every beginner is required to have th triple shot which is a prevention of tetanus, whooping cough, and diptheria; and the vaccination for smallpox before he enters. The Health Department has arranged to give these shots. The Health Nurse tells us that now is a fine time for children to have the shots. She will be in her office at the Chilton County Health Department every Thursday from 8:00 to 4:30, in Thorsby every Friday afternoon from 1:30 to 4:00, and in Maplesville every Tuesday afternoon from 1:30 to 3:30. Please see that your child gets the shots and that he has a certificate at the beginning of school proving that he has had all of the required shots.

We will appreciate your cooperation in the matter.

LEGAL NOTICE

The following resolution has been adopted by the Board of Directors of hte Chilton County Gas District:

A resolution authorizing the execution of a mortgage and indenture of trust on and relating to the gas system of the Chilton County Gas District, the issuance thereunder of $325,000 principal amount of first mortgage natural gas Revenue Bonds dated April 1, 1963, the sale and delivery of $308,000 principal amount of such bonds, calling for redemption on May 1, 1963, the District's first mortgage natural gas Revenue Bonds dated May 1, 1953, providing for the refunding of said 1953 bonds, and making certain provisions incident thereto.

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE CHILTON COUNTY GAS DISTRICT as follows:

Section 1. The Chilton County Gas District (hereinafter referred to as the "District"), hereby authorizes, adopts, ratifies and approves a Mortgage and Indenture of Trust with the Birmingham Trust National Bank, Birmingham, Alabama, as Trustee, on and relating to the gas system of the District more particularly described in said Mortgage and Indenture of Trust and the revenues and income therefrom in substantially the following form:

MORTGAGE AND INDENTURE OF TRUST (herein called the "Mortgage") dated as of April 1, 1963, by and between THE CHILTON COUNTY GAS DISTRICT, a public corporation organized under Act No. 762, General Laws of Alabama, approved September 11, 1951, General Acts of 1951, pp. 1319, et seq. (herein called the "District"), party of the first part, and the BIRMINGHAM TRUST NATIONAL BANK, Birmingham, Alabama, a corporation organized and existing under the national banking laws of the United States of America, authorized by law to accept and execute trusts, and having its principal office in the City of Birmingham, Alabama, as Trustee (herein called the "Trustee"), party of the second part.

WHEREAS, the District has heretofore issued and there are now outstanding $281,000 principal amount of its First Mortgage Natural Gas Revenue Bonds, dated May 1, 1953 (herein called the "Bonds of 1953") and issued under and pursuant to and all equally secured by a Mortgage and Indenture of Trust dated as of May 1, 1953 (herein called the "1953 Mortgage"), executed and delivered by the District to the Birmingham Trust National Bank, Birmingham, Alabama, as Trustee, and recorded in the office of the Judge of Probate of Chilton County in Book 408 of Mortgages, pages 1-48, for the purpose of paying the cost of acquiring and constructing a gas system consisting of a transmission pipeline for the transmission of gas from the mains of Southern Natural Gas Company to the municipalities of Jemison and Thorsby in Chilton County, Alabama, gas distribution systems in each of said municipalities and the territory surrounding the same, facilities for the sale of gas to line tap customers along said transmission line, and related facilities; and

WHEREAS, the Bonds of 1953 are payable solely from the revenues of said gas system after the deduction therefrom of the reasonable expenses incurred for the operation, maintenance and repair of said system, bear interest at the rate of 6% per annum, payable semiannually on the first day of May and the first day of November in each year, and mature serially on the first day of May in each of the years 1963 through 1983, and

WHEREAS, it is necessary and advisable that the aforesaid Bonds be refunded with Bonds bearing interest at the rate of ½% per annum as hereinafter authorized and provided; and

WHEREAS, it is also necessary and advisable to make provision for the payment of the cost of extensions and improvements to said gas system and facilities for the conection of new customers thereto, and

WHEREAS, for the purposes of refunding the Bonds of 1953, and of paying the expenses necessarily incurred in connection with the issuance of the Bonds herein authorized, and in order to make provisions for the payment of the cost of extensions, improvements ,enlargements and additions to the system hereinafter defined, the District has determined to authorize the issuance of its revenue bonds as in this Mortgage provided (herein called the "Bonds"): and

WHEREAS, the District desires to secure the Bonds in the manner provided in this Mortgage; and

WHEREAS, the District has represented and hereby does represent that it has full power and authority to issue the Bonds for the purposes herein provided, to own and operate the System as hereinafter defined and to mortgage and convey the System as herein provided and to pledge the revenues and income therefrom as security for the Bonds, and that its Board of Directors has taken all action required by law to authorize its officers to execute, acknowledge and deliver this Mortgage and to execute and issue the Bonds; and

WHEREAS, the Bonds to be issued hereunder, the coupons to be attached thereto and the Trustee's authentication certificate are to be substantially in the following forms, respectively, with appropriate omissions, insertions and variations permitted or authorized as hereinafter provided:

(Form of Bond)

UNITED STATES OF AMERICA
STATE OF ALABAMA
THE CHILTON COUNTY GAS DISTRICT FIRST MORTGAGE NATURAL GAS REVENUE BOND

No. ________ $1,000

THE CHILTON COUNTY GAS DISTRICT, Alabama (herein called the "District"), a public corporation created under and pursuant to Act No. 762, General Laws of Alabama, approved September 11, 1951, General Acts of 1951, pp. 1319, et seq., for value received, hereby promises to pay solely from the revenues of the gas system of the District hereinafter described, to bearer, or, if this Bond is registered, then to the registered holder hereof, on April 1, 19______ the sum of

ONE THOUSAND DOLLARS
($1,000)

and to pay solely from said revenues, interest on said sum at the rate of four and one-half per cent (4½%) per annum from the date hereof, payable on October 1, 1963, and semi-annually thereafter on the first day of April and the first day of October in each year until maturity, upon the presentation and surrender, as they severally mature, of the coupons therefor attached hereto. Both the principal of and interest on this Bond are payable in lawful money of the United States of America at the principal office of the Birmingham Trust National Bank, in the City of Birmingham, Alabama, trustee under the Mortgage hereinafter mentioned, or of its successor under said Mortgage as such trustee (hereinafter called the "Trustee").

This Bond is one of a series aggregating Three Hundred Twenty-five Thousand Dollars ($325,000), of like date and tenor except as to numbers, maturity dates and redemption provisions authorized under and pursuant to and all equally secured by a Mortgage and Indenture of Trust dated as of April 1, 1963 (hereinafter called the "Mortgage"), executed and delivered by the District to the Birmingham Trust National Bank, Birmingham, Alabama. Additional Bonds are issuable under the Mortgage in successive series which may vary as to date of issue, date of maturity, rate of interest, and in other respects subject, however to the terms, conditions and limitations as provided in the Mortgage.

The principal of and interest on the Bonds are payable solely out of hte revenues from the District's gas system which is more particularly described in the Mortgage. The Mortgage constitutes a closed first lien on said gas system and a sufficient amount of the gross revenues and income therefrom after the deduction of only the reasonable expenses incurred for the operation, maintenance and repair thereof, for the equal and ratable security of the Bonds issued under this Mortgage, but the Mortgage does not authorize or permit a foreclosure of said system. Under and pursuant to the Mortgage, there have been created special funds known as the Bond and Interest Fund and the Reserve Fund, which are required by the Mortgage to be held in trust by the Trustee and applied solely to the payment of the principal of and interest on the Bonds as the same becomes due and payable. The District has pledged to said Funds a sufficient amount of the gross revenues from the gas system to provide for the payment of principal and interest on the Bonds and a reasonable reserve for such principal and interest payments after the deduction from said gross revenues of only the amount required to pay the reasonable expenses incurred for the administration, operation, maintenance and repair of the gas system as provided in the Mortgage. The District has covenanted and agreed and hereby does covenant and agree to fix and maintain and alter from time to time, if and to the reasonable extent necessary, rates at such a level as to produce revenus in an amount which, after the payment therefrom of the reasonable and necessary expenses incurred in the administration, operation, maintenance and repair of the gas system for such year, will be sufficient to make the required payments into the aforesaid Funds and to provide an Extension Fund for additions, extensions, enlargements, improvements and replacements to the gas system. The District has also covenanted and agreed and hereby covenants and agrees that it will apply the gross revenues and income from the gas system to the funds and for the purposes provided in the Mortgage. Reference is hereby made to the Mortgage for a description of the property thereby mortgaged and the revenue thereby pledged, the nature and extent of the security and a statement of the rights of the bearer hereof with respect thereto. The Mortgage may be changed or modified or provisions modified or eliminated, upon the written consent of the District, the Trustee, and the holders of 66-2|3% or more of the principal amount of the Bond then outstanding as therein provided. Each bearer, by the acceptance of this Bond, consents to all of the provisions of the Mortgage.

All of the Bonds of this series of Bonds are redeemable, at the option of the District, on April 1, 1973, or on any interest payment date thereafter, at a redemption price equal to one hundred and four and one-half per cent (104½%) of the par value of any Bond or Bonds to be redeemed, plus accrued interest on each such Bond to the redemption date. Any redemption may be in whole or in part, but if in part the Bonds to be redeemed shall be called for redemption in the inverse order of maturities and identification numbers, latest maturities and highest numbers first. Thirty days notice of any intended redemption shall be given by registered or certified mail to the rgistered holder hereof at the address of such holder as shown on the Bond Registrar's books. If any Bond when called for redemption is not then registered as to principal, notice of the intended redemption shall be given by publicuation, not more than 60 days and not less than 30 days prior to the proposed redemption date, at least once in a daily newspaper published in the City of Birmingham, Alabama. If any of said Bonds so redeemable shall have been called for redemption as herein provided, interest shall cease to accrue from and after the date fixed for redemption, unles default shall be made in the payment of the redemption price thereof.

In the event of any default by the District in the payment of interest on this or the other Bonds issued under the Mortgage, or any other default as provided in the Mortgage, the Trustee may declare the principal of this Bond and interest accrued thereon immediately due and payable, whereupon this Bond and such interest shall become immediately due and payable and the holder hereof shall be entitled to all remedies and rights set forth in the Mortgage.

This Bond is exempt from all taxation under the laws of the State of Alabama. This and the other Bonds isued under the Mortgage are not a debt or obligation of the State of Alabama nor of Chilton County nor a debt or obligation of any municipality which is a member of the District and neither the State nor said County nor any such municipality shall be liable in any way whatsoever on this or the other Bonds issued under the Mortgage, nor may the holder of this or any other Bonds issued under the Mortgage compel the levy of any taxes for the payment thereof. This and the other Bonds issued under the Mortgage shall not be payable out of any funds other than the revenues of the gas system of the District.

This Bond and the interest coupons hereunto appertaining are transferable by delivery but may be registerel at any time prior to maturity, as to principal only, in the name of the holder of the Bond, on the books to be kept for that purpose by the Trustee, which is the Bond Registrar upon the presentation of the Bond at the principal office of such Registrar. Such registration shall be noted hereon and thereafter no transfer of this Bond shall be valid unless made on said books and similarly noted hereon, but this Bond may be discharged from registration by being in like manner transferred to bearer, and thereupon transferability by delivery shall be restored, but this Bond may again from time to time be registered or transferred to bearer as before. Registation, however, shall not affect the negotiability of the coupons hereunto attached and such coupons shall continue transferable by delivery merely.

Neither this Bond nor any appurtenant coupon shall be valid or become obligatory for any purpose unless this Bond shall have been authenticated by the execution by the Trustee of the certificate hereon endorsed.

It is hereby certified, recited and declared that all acts, conditions and things required to happen, exist or be performed precedent to and in the issusance of this Bond and in the execution and delivery of the Mortgage have happened, do exist and have been performed as so required.

IN WITNESS WHEREOF, THE CHILTON COUNTY GAS DISTRICT has caused this Bond to be executed in its name and on its behalf by its President and its corporate seal to be hereunto affixed and attested by its Secretary, and the coupons hereunto annexed to be executed with the facsimile signature of its President, which facsimile signature appearing on each of said coupons the President, by signing this Bond,, adopts as and for his own proper signature, and has caused this Bond to be dated April 1, 1963.

ARTICLE I
GENERAL PROVISIONS REGARDING THE BONDS

Section 1.1 **Pledge to Secure All Bonds Issued Hereunder.** This Mortgage shall be a continuing lien and pledge to secure the full and final payment of the principal of and interest on all Bonds executed, authenticated and delivered pursuant to the terms hereof.

Section 1.2 **Paying Agents.** The Bonds shall be payable as to both principal and interest in lawful money of the United States of America at the principal office of the Birmingham Trust National Bank, in the City of Birmingham, Alabama, Trustee under this Mortgage, or of its successor trustee under this Mortgage.

Section 1.3 **Remittances.** The District agrees with the holders of the Bonds and the coupons and with the above-named Bank that it will pay all charges for exchange, fees or expenses which may be made by said Bank in the making of remittances in bankable funds of the principal of and interest on any of the Bonds and the coupons at par. All such costs, fees and expenses shall be paid by the District as part of the expenses of operating the System.

Section 1.4 **Bond Form.** Bonds issued under this Mortgage may be issued in one or more series. The form of the Bonds and coupons of each series, the Trustee's authentication certificates and the certificate of registration shall be substantially in the respective forms thereof set forth in the recital to this Mortgage, with appropriate omissions insertions and variations permitted or authorized as provided in this Mortgage,

Section 1.5 **Execution and Authentication.** The Bonds shall be executed for and on behalf of the District with the manual signature of its President and sealed with its corporate seal and attested by its Secretary. The interest coupons attached to each of the Bonds shall be executed with the facsmile signature of the President, which facsimile signature appearing on each of said coupons the President, by the execution of each of the Bonds, shall adopt as and for his own proper signature. In the event that any of the officers whose signatures appear on any of the Bonds or coupons or who shall have sealed any of the Bonds, shall cease to be such officers before the authentication and delivery of the Bonds, such may, upon the request of the District, be authenticated and delivered, as herein provided, as though the persons who signed and sealed such Bonds and coupons had not ceased to be such officers of the District. None of the Bonds shall be valid or obligatory for any purpose or shall be entitled to any right or benefit hereunder unless there shall be endorsed thereon a certificate of authentication in substantially the form hereinafter set forth, duly executed by the Trustee; and such certificate of the Trustee upon any Bond executed on behalf of the District shall be conclusive evidence and the only evidence that the Bond so authenticated has been duly issued under this Mortgage and that the holder thereof is entitled to the benefit of this Mortgage.

Section 1.6 **Lost or Mutilated or Destroyed Bonds or Coupons.** In case any of the Bonds or any of the coupons apprutenant thereto shall be or become mutilated, destroyed, stolen or lost, then upon the surrender of such mutilated Bond or coupon to the Trustee, or the presentation to the District and to the Trusee of evidnce saisfactory to them respectively, of the destruction, theft or loss of such Bond or coupon and that the claimant was the true owner thereof at the time of such event,and, in any event, upon being furnished with indemnity satisfactory to them respectively and upon the payment of all necessary expenses incurred by the District and the Trustee in investigating said claim and in issuing a new Bond or coupon, the District shall issue and the Trustee shall thereafter authenticate and deliver to or upon the order of such claimant a Bond or coupon of like tenor, date and principal amount as the Bond or coupon so mutilated, destroyed, stolen or lost, with such notations thereon as the District and the Trustee shall determine. The Trustee shall forthwith cremate any mutilated Bond or coupons so surrendered and deliver a certificate of cremation to the District.

ARTICLE II

The Bonds shall bear interest at the rate of 6% per annum from and after maturity.

Section 2.2 **Execution of Bonds.** Upon the execution and delivery of this Mortgage, the District shall execute and deliver to the Trustee for authentication all of the Bonds and said Trustee shall authenticate said Bonds with all unmatured coupons thereunto attached. The Bonds may be executed by the District and authenticated by the Trustee and delivered prior to any recordation of this Mortgage.

Section 2.3 **Sale and Delivery of 1963 Bonds and Disposition of the Proceeds of the Sale Thereof.** The 1963 Bonds may be sold by the District at one time or from time to time and all Bonds so sold by the District shall be delivered by the Trustee upon the order of the District to the purchaser or purchasers thereof upon payment by such purchaser or purchasers to the Treasurer of the District of the purchase price thereof. Any of the 1963 Bonds so sold may be delivered to the purchaser or purchased at one time, or Bonds may be delivered to the purchaser or purchases there of from time to time, upon the order of the District. The receipt of the Treasurer of the District shall be full acquittal to such puchaser or purchasers for the purchase price of any Bonds and such purchaser or purchasers shall be under no obligation to see to the application thereof. Nevertheless, the Treasurer of the District shall hold the proceeds from the sale of the Bosds in trust and shall dispose of the same as follows: the amount received as accrued interest on the Bonds shall be deposited in the Bond and Interest Fund: al lexpenses incurred by the District in connection with the issuance of the 1963 Bonds and the refunding of the Bonds of 1953 shall be paid; an amount of the proceeds from the sale of the 1963 Bonds which, when added to the money on deposit in the Bond and Interest Fund, the Reserve Fund, the Extension Fund and the Redemption Fund established under the 1953 Mortgage shall be sufficient to provide for the payment of interest to May 1, 1963, and for the payment, purchase for retirement or redemption on or prior to said date of all of the then outstanding Bonds of 1953 shall be deposited with the Trustee in trust for such purpose; and the balance of the proceeds from the sale of the Bonds shall be deposited in a Construction Fund with the Trustee and applied solely to the payment of the cost of extensions, improvements, additions and replacements to the System.

Section 2.4 **Disposition of Funds Held Under 1953 Mortgage.** The money on deposit in the Gross Revenue Account and in the Operation and Maintenance Fund established under Sections 10 and 11 of the 1953 Mortgage shall be transferred to the Revenue Fund established under Section 16 of this Mortgage. The money on deposit in the Bond and Interest Fund, the Reserve Fund, the Extension Fund and the Redemption Fund established under Sections 12, 13, 14 and 15 of the 1953 Mortgage, together with the proceeds of the Bonds issued hereunder and set aside as aforesaid for the payment of interest to May 1, 1963, and for the payment, purchase for retirement or redemption on or prior to said date of the Bonds of 1953, shall be held in trust by the Trustee for such purpose and, pending their use for such purpose, may be invested in securities which are direct and general obligations of the United States of America or which are unconditionally guaranteed by the United States of America as to both principal and interest.

ARTICLE III
ADDITIONAL BONDS

Section 3.1 **Additional Bonds for Extensions, Enlargements, Improvements, Additions and Replacements to the System** Additional Bonds may at any time and from time to time be issued, authenticated, sold and delivered for the purpose of providing funds to pay the cost of making additions, enlargements, extensions, improvements and replacements to the System subject, however, to the provisions of this Section. Prior to the issuance, authentication, sale and delivery of any such Bonds, the District shall deliver to the Trustee the following:

(a) A certified copy of a resolution of the Board of Directors of the District setting forth the date of issue, maturity date or dates (which must be on April 1 in each of the years in which said Bonds are made payable,) rate or rates of interest (which must be payable semiannually on April 1 and October 1 in each year), maximum aggregate principal amount of the series, the redemption provisions, if any, and the text of the form of the Bonds and the coupons of such series, and each and every Bond of such series shall conform to the terms and provisions of such resolution.

(b) An executed copy of any mortgage or mortgages supplemental to this Mortgage which shall be deemed necessary and advisable by the Trustee for the purpose of evidencing the undertaking entered into in respect of the proposed series or of any series of Bonds which have been issued.

(c) A certified copy of a resolution of the Board of Directors of the District authorizing the issuance, execution, authentication, sale and delivery of such Bonds and reciting the following: That the District is not at the time in default under this Mortgage and no such default is imminent; the number of the Bonds to be issued; the person or persons to whom the Bonds have been sold and shall be issued; the price therefor, a brief description of the additions extensions, enlargements, improvements and replacements to th System that will be constructed and acquired from the proceeds therefrom; the name of the contractor, if any, who will construct the same and the contract price therefor if there be any such contractor; that no Bonds have been heretofore authorized or funds withdrawn or credit taken under the provisions of this Mortgage or any mortgage supplemental hereto on account of the acquisition or construction of the additions, extensions, enlargements, improvements or replacements described in said resolution; and requesting the Trustee to certify and deliver to the purchaser and thereof the Bonds so described. The matters specified in this subsection and in subsection (a) of this section may be set forth in one resolution of the District.

(d) A certificate by an independent engineer or enginering firm or corporation, having a reputation for skill and experience in the design, construction and operation of natural gas systems, acceptible to the Trustee, stating that the facilities proposed to be financed by the District with the proceeds derived from the sale of the Bonds with respect to which such certificate is made are of a nature customarily chargeable to capital account by good accounting practice and will provide gas service to new customers, or are needed for the safe efficient and economical operation of the System; the actual cost or the estimated rost of such facilities; that such cost represents the reasonable value thereof and that the construction or acquisition of such facilities and the issuance of the Bonds to finance the same will be feasible.

(e) A certificate if an independent certified public accountant of suitable experience and responsibility, acceptable to the Trustee, setting forth the annual net revenues as hereinafter defined, derived from the operation of the System for each of the two fiscal years next preceding the date of the issuance of the Bonds with respect to which such certificate is made, and also setting forth the maximum annual debt service requirements of the District as hereinafter defined. Such certificate must demonstrate that the average annual net revenues of the System for said two fiscal years is not less than one and one-half (1.50) times the maximum annual debt service requirements so certified. In the event the net revenues certified as aforesaid does not meet the foregoing requirements of this subsection (e), the District may increase the rates and charges for the services and facilities furnished by the System and, in lieu of the above mentioned certificate of a certified public accountant, deliver (1) a certified copy of the resolution of the board of directors of the District putting into effect said increased rates and charges, (2) a certificate of an independent engineer or engineering firm or corporation having a reputation for skill and experience in the design, construction and operations of natural gas systems, acseptable to the Trustee, in which such engineer shall state the amounts if the gross revenues which, in his opinion, would have been derived from the operation of the System under such increased rate schedule for each of the two fiscal years next preceding the date of the issuance of the Bonds proposed to be issued, and (3) a certificate signed by such engineer and by an independent certified public accountant of suitable experience and responsibility, acceptable to the Trustee, setting forth, based on the estimate of gross revenues set forth in the certificate of the engineer, their estimate of the annual net revenues that would have been so derived from the operation of the System for each of said fiscal years. Such certificate must demonstrate that the average annual net revenues for said two fiscal years so certified is not less than one and one-half (1.50) times the maximum annual debt service requirements so certified. The term "net revendes" means all revenues derived from the System during a particular period, less the following costs for such period, to-wit: the reasonable and necessary expenses of efficiently and economically administering and operating the System and maintaining it in good repair and operating condition, including all items except depreciation and interest that are property chargeable by good accounting practice as expenses of the administration, operation, maintenance and repair of the System, but not including any expenses for items properly chargeable by good accounting practice to fixed capital account. The term "maximum annual debt service requirements" means the maximum amount payable by the District annually during all subsequent fiscal years as principal of and interest on (a) all Bonds therefore issued under this Mortgage and then outstanding, including the Bonds of Series 1963 and of any other series, if any then outstanding, and (b) the Bonds then proposed to be issued.

(f) A certificate by the attorney for the District that he Disric has good and merchanable title to the System as enlarged, extended and improved with the proceeds of the sale of all Bonds heretofore issued, sold and delivered under this Mortgage and that there are no liens or encumbrances on such System other than this Mortgage and that there is no pledge of the revenues from such System other than the pledge provided for in this Mortgage.

(g) An opinion of Dumas, O'Neal & Hayes or other nationally recognized bond counsel that the Bonds proposed to be issued, when and if issued, will be entitled to the benefit and security of this Mortgage in like manner and to the same extent as bonds heretofore issued.

Upon receipt of the documents required by the foregoing provisions of this Section to be furnished to it, the Trustee, unless it has cause to believe any of the statements set out in said documents to be incorrect, will thereupon authenticate the Bonds proposed to be issued. When so authenticated, the Trustee shall deliver said Bonds with all unmatured coupons thereunto attached. upon the order of the District, to the purchaser or purchasers thereof, upon the payment therefor by such purchaser or purchasers to the Treasurer of the District of the purchase price thereof. The receipt of the Treasurer shall be full acquittal to such purchaser or purchasers for the purchase price of the Bonds and such purchaser or purchasers shall be under no obligation to see to the application thereof. Nevertheless, the Treasurer of the District shall hold the proceeds from the sale of the Bonds in trust to be applied solely for the purposes for which said Bonds were issued.

ARTICLE IV
THE BUDGET FOR THE SYSTEM; REVENUES; FUNDS

Section 4.1 **FISCAL YEAR. The Budget.** (a) The System shall be operated on the basis of a fiscal year beginning on May 1 in each year and ending on April 30 of the following year. Prior to the beginning of each fiscal year, the District shall cause to be prepared and approved by its Board of Directors an annual budget for the System. Said budget shall include the following:

(a) The estimated gross revenues and income to be derived from the System during such fiscal year;

(b) An estimated sum sufficient to provide for the payment of all expenses of administration and operation and such expenses for maintenance as may be necessary to preserve the System in good repair and working order during such fiscal year, which shall not be less than the amounts required by this Mortgage to be paid into the Operation and Maintenance Fund hereinafter provided for;

(c) The sum required for the payment of the principal of and interest on the Bonds maturing and coming due during such fiscal year, which shall not be less than the amount required by this Mortgage to be paid into the Bond and Interest Fund in such fiscal year;

(d) A sum sufficient to provide a reasonable reserve to meet any possible defeciences in revenues necessary to pay the principal and interest on the Bonds maturing in future years, which sum shall not be less than the amounts required by this Mortgage to be paid into the Reserve Fund in such fiscal year;

(e) A sum sufficient to build up and maintain a reserve for improvements, betterments and extensions of the System, other than those necessary to maintain the same in good repair and working order for such fiscal year, which shall not be less than the amounts required by this Mortgage to be paid into the Extension Fund in such fiscal year.

Such budget may be amended or revised by the District in accordance with changed circumstances and conditions at any time during fiscal year. The District shall cause to be submitted copies of each such budget or any amendment or revision thereof promptly to the Trustee and the original purchasers of the Bonds.

Section 4.2 **Collection of Revenues and Deposit in Gross Revenue Account.** The District shall cause its Treasurer to collect all gas service charges and other obligations due to the District promptly when due and to deposit the same and all other revenues and income from the System daily in a special account in a bank which is a member of the Federal Deposit Insurance Corporation. Such funds so collected and so deposited shall be held in trust subject to transfer by the Trustee only and shall be transferred by the Trustee on or before the 20th day in each month to itself and deposited in a special account designated and established in the Trustee as the Gross Revenue Account. All charges for exchange, fees or expenses incurred in effecting such transfers shall be paid by the District as part of the expenses of operating the System.

Section 4.3 **Operation and Maintenance Fund.** There is hereby established the Operation and Maintenance Fund which shall be opened and maintained by the Disrtict in a bank which is a member of the Federal Deposit Insurance Corporation and applied solely as hereinafter provided. On the 20th day of each month during each fiscal year the Trustee shall transfer into the Operation and Maintenance Fund from the Gross Revenue Account a sum sufficient to make the balance therein equal to the estimated expenses for the operation, maintenance and repair of the System for the ensuing month, as stated in the budget for such fiscal year, less the amount by which any unexpended balance remaining in such Fund on the preceding date exceeds the sum of One Thousand Dollars ($1,000). The District shall require the bank in which the Operation and Maintenance Fund is deposited to notify the Trustee on the 19th day of each month, the exact balance on hand on such date in the Operation and Maintenance Fund. The budget for any fiscal year may be revised from time to time and any overdraft in the Operation and Maintenance Fund shall promptly be paid by the Trustee from the Gross Revenue Account; but in no event shall payments or transfers to the Operation and Maintenance Fund exceed the amount required to maintain therein the reasonable and necessary expenses of operation, maintenance and repair of the System for one month. The reasonable and necessary expenses of operation, maintenance and repair shall be paid as incurred or accrued by the District from the Operation and Maintenance Fund, and the bank in which such Fund shall be deposited shall discharge its obligation and liability by honoring a draft drawn by the District, signed by the Treasurer and countersigned by the President or Vice-President of the District on such Fund, if such Bank has no reason to believe that such draft is for some purpose other than the reasonable and necessary expenses of operation, maintenance and repairs of the System. Such expenses shall include the cost of procuring the insurance required by this Mortgage, engineering fees, legal fees and accountants fees for services rendered and the rasonable compensation of the Trustee for services performed hereunder.

Section 4.4 **Bond and Interest Fund.** There is hereby established the Bond Principal and Interest Fund (herein called the "Bond and Interest Fund") which shall be held in trust by the Trustee and applied solely for the payment of the principal of and interest on the Bonds as they respectively mature and become due. The Trustee shall transfer from the Gross Revenue Account to itself for the account of the Bond and Interest Fund the following:

(a) On the twentieth day of each month, beginning with and including the month during which any of the Bonds are sold and delivered, a sum equal to one-sixth (1|6) of the next succeeding interest payment on the Bonds;

(b) On the twentieth day of each month, beginning April 20, 1963, a sum equal to one-twelfth (1|12) of the principal of the Bonds maturing on the next succeeding April 1st;

(c) All sums which should theretofore have been paid into said Bond and Interest Fund and which have not been so paid.

Section 4.5 **Reserve Fund.** There is hereby established a special trust fund which shall be designated the Debt Service Reserve Fund (hereinafter referred to as the "Reserve Fund") which shall be held in trust by the Trustee and which shall be continued until the principal of and interest on the Bonds shall have been paid in full. On the twentieth day of each month, beginning May 20, 1963, the Trustee shall transfer from the Gross Revenue Account to itself for the account of the Reserve Fund, an amount equal to 1|60 of the maximum amount payable annually as principal of and interest on the Bonds issued and outstanding under this Mortgage (but in no event less than $333.34 per month) until the amount accumulated in said Fund equals or exceeds the maximum annual principal and interest requirements on all Bonds issued and outstanding under this Mortgage or $20,000, whichever is the larger amount. If any payment or transfer to the Reserve Fund shall be less than the amount herein prescribed, the required payment for the next succeeding month shall be increased by the amount of such deficiency. The monies held in the Reserve Fund shall be used solely for the payment of the principal of and interest on the Bonds as they respectively mature and become due, but only in the event that, at the time of any principal or interest payment date, the money then held in the Bond and Interest Fund shall be insufficient for such purpose. If after any money is so expended from the Reserve Fund the amount therein is less than the amount required to be accumulated in said Fund as provided in this Section, the aforesaid monthly transfers shall be resumed and shall be continued until the money in said Fund shall equal or exceed the amount so required to be accumulated in said Fund.

Section 4.6 **Extension Fund.** There is hereby established the Extension and Replacement Fund (herein called the "Extension Fund"), which shall be held in trust by the Trustee and applied solely as hereinafter provided. On the twentieth day of each month, beginning May 20, 1963, the Trustee shall transfer One Hundred Fifty Dollars ($150,00) from the Gross Revenue Account into the Extension Fund; provided that whenever and so long as the monies held in the Extension Fund shall equal or exceed Nine Thousand Dollars ($9,000), no further transfers need be made thereto. If any transfer or payment to the Extension Fund shall be less than the amount herein prescribed, the required transfer or payment for the next succeeding month shall be increased by the amount of such deficiency. The monies in the Extension Fund shall be used (1) upon the order of the District, authorized by its Board of Directors and signed by the officer so authorized, solely for the payment of the reasonable cost of such replacements, extensions and improvments as shall have been approved in advance by the District or (2) upon the order of the Trustee solely for the payment of the principal of and interest on the Bonds but only in the event that, at the time of any principal or interest payment, the monies in the Bond and Interest Fund and in the Reserve Fund are insufficient for such purpose. If, after any monies are expended from the Extension Fund as aforesaid the amount therein is less than the Nine Thousand Dollars ($9,000) the aforesaid monthly payments shall be resumed and shall be continued until the monies held in said Fund shall again equal or exceed Nine Thousand Dollars ($9,000).

Section 4.7 **Surplus Revenues.** The term "Surplus Revenues", as used in this Section, means any revenues of the System remaining in the Gross Revenue Account after the payments of the required sums into the special funds, as provided in the foregoing sections of this Mortgage, and after the setting apart in the Gross Revenue Account of a reserve of such revenues in an amount which, when added to the gross revenues and income reasonably expected to be derived from the System during the then ensuing six months period shall be sufficient to make the aforesaid payments into the aforesaid special funds during the said six months' period. The Trustee shall on the 20th day of each month, after making the payments into the Operation and Maintenance Fund and into the Bond and Interest Fund and into the Reserve Fund and into the Extension Fund required to be made into said respective Funds by the 20th day of such month by Sections 4.3 4.4, 4.5, and 4.6 of this Mortgage dispose of the then Surplus Revenues as follows:

(a) The Trustee shall transfer the Surplus Revenues into the Reserve Fund until said Fund has ben built up and is maintained in the maximum amount required by Section 4.5 and said transfers to the Reserve Fund shall be made at any time and from time to time whenever the amount in the Reserve Fund is less than said required maximum amount.

(b) The Trustee, after complying with subsection (a) of this Section, shall transfer any remaining Surplus Revenues into the Extension Fund until said Fund has been built up and is maintained in the maximum amount required by Section 4.6 and said transfer to the Extension Fund shall be made at any time and from time to time whenever the amount in the Extension Fund is less than said required maximum amount.

(c) Whenever and so long as the amount in the Reserve Fund and the amount in the Extension Fund is not less than the respective amounts required to be maintained therein by Sections 4.5 and 4.6 hereof, the Trustee shall release to the District for use for any lawful purpose any then remaining Surplus Revenues in the Gross Revenue Account.

Section 4.8 **When Funds May Be Used To Redeem Bonds.** If at any time the amount held in the Bond and Interest Fund, the Reserve Fund and the Extension Fund, in the aggregate, equal the amount required to effect the redemption of all outstanding Bonds issued under the Mortgage on the earliest date on which they may be redeemed in accordance with the provisions of the Mortgage and to pay all interest which may accrue thereon on or prior to such date, and the District shall have taken appropriate action to redeem all such Bonds on such date, the money in said Funds may be applied to the redemption of such Bonds and to the payment of such interest and, when such redemption has been effected, no further payments into said Funds need be made.

Section 4.9 **Investment of Funds and Account.** The District may cause any money on deposit in the Funds and Account established under this Mortgage to be invested and reinvested in securities which are direct and general obligations of the United States of America or which are unconditionally guaranteed by the United States of America as a both principal and interest and which mature or are subject to redemption at the option of the holder as follows: (1) Not later than ten years after such investment with respect to investments of the Reserve Fund and the Extension Fund, and (2) with respect to investments of the other Funds and Account, not later than the time when it is estimated that the money so invested shall be needed for its intended use and in any event not later than twelve months after such investment. All interest received and all profits realized on account of any such investment or reinvestment shall be added to and become a part of the special Fund or Account to which they belong. All such securities shall be credited to the special Fund or Account to which they belong at the then market or redemption value of such security. Any money or securities on deposit in the Reserve Fund in excess of the amount required to be built up and maintained in said Fund as provided in Section 4.5 of this Article may, upon the order of the District, be transferred to the Gross Revenue Account. The money on deposit in each of said special Funds and Account not invested as aforesaid shall at all times be collaterally secured by a deposit of bonds which are either direct and general obligations of or are unconditionally guaranteed as to principal and interest by the United States of America and having a market value at least equal to the amount by which the money on deposit in each of said special Funds or Account shall exceed the amount thereof insured by the Federal Deposit Insurance Corporation. All of the Funds and Account established under this Mortgage are presumed to be public funds regardless of the fact that they are or may be subject ot the control of the Trustee.

Section 4.10 **Disposition of Unexpended Balances After Maturity of All Bonds.** In the event there has been no default in the payment of the principal of or interest on the Bonds, any unclaimed balance in the Bond Fund remaining ten years after the last maturity date of any Bond issued hereunder will be transmitted by the, Trustee to the District or to its successor in interest and all rights of the holders of the Bonds and coupons in and to said Fund shall thereupon cease.

ARTICLE V
REDEMPTION OF BONDS

Section 5.1 **Redemption of Bonds.** The First Mortgage Natural Gas Revenue Bonds dated April 1, 1963, shall be redeemable at the time or times, in the manner, at the redemption prices subject to the terms and conditions, and upon the notice provided in the form of the Bond set forth in the preamble to this Mortgage. The Bonds of any other series of Bonds issued hereunder may be made subject to optional prior redemption at such redemptiin price or prices and subject to such terms and conditions as the Board of Directors of the District may determine.

Section 5.2 **Notice of Redemption. Bonds Cease to Bear Interest on Redemption Date.** The published notice of any intended redemption shall state the number or numbers of the Bond or Bonds which have been called for redemption, shall state that the Bond or Bonds bearing such number or numbers will become due and payable on the date specified at the redemption price, and shall state that all interest thereon will cease after such date. All of the Bonds so called for redemption shall become due and payable at the redemption price and on the redemption date specified in such notice, anything herein or therein to the contrary notwithstanding, and the holders thereof shall then and there surrender them for redemption. Notice of redemption having been given as required in the Mortgage and funds for the payment of the redemption price having been set aside and made available for the payment of such redemption price, each of the Bonds, so called for redemption shall cease to bear interest from and after the date fixed for redemption and shall no longer be entitled to the benefit of the lien hereof, unless default shall be made in the payment of the redemption price.

ARTICLE VII
REMEDIES OF THE TRUSTEE AND THE HOLDERS OF THE BONDS

Section 7.1 **Events of Default.** The following events shall be events of default under this Mortgage, and teh terms "event of default" or "events of default" shall mean, whenever they are used in this Mortgage or in the Bonds, one or more of the following events.:

(a) If default shall be made in the payment of any installpent of interest on any of the Bonds when and as the same shall become due and payable and such default shall have continued for a period of thirty days;

(b) If default shall be made by the District in the performance of any of the obligations on its part to be performed, or due observance of any covenant, condition or agreement on the part of the District to be performed, in the Bonds or this Mortgage contained, and such default shall have continued for a period of sixty days after a written notice specifying such default and requiring the same to be remedied shall have been given to the District by the Trustee, whose duty it shall be to give such notice at the request of the holders of at least twenty per cent (20%) of the prinpipal amount of the Bonds at any time outstanding.

(c) If the repair or replacement of any lost, destroyed or damaged property constituting a necessary part of the System shall not be begun within sixty days after occurrence of such loss, damage or destruction;

(d) If the District shall sell, lease or in any manner dispose of the System or the Mortgaged Property or any part thereof in violation of any provision of this Mortgage;

(e) If the District shall be dissolped or liquidated or any receiver or receivers shall be appointed for all or any substantial part of the System.

Section 7.2 **Remedies Available.** Whenever any such event of default shall have happened and be subsisting:

(a) **Acceleration.** The Trustee may, and upon written request of the holders of not less than twenty per cent (20%) in principal amount of the Bonds then outstanding shall, by notice in writing delivered to the District declare the principal of all of the Bonds then outstanding and the interest accrued thereon immediately due and payable, and such principal and interest shall thereupon become and be impediately due and payable, anything in this Mortgage or the Bonds to the contrary notwithstanding; subject, however, to the right of the holders of a majority in principal amount of the outstanding Bonds by written notice to the District and to the Trustee to annual such declaration and destroy its effect at any time before possession is taken hereunder, if before any such possession is taken, all covenants with respect to which defaut shal lhave been made shall be fully performed and all arrears of interest upon all Bonds outstanding hereunder and the reasonable expenses and charges of the Trustee, its agents and attorneys, and all other payments required by this Mortgage (except the principal of any Bonds not then due by their terms) and interest accrued on such Bonds since the last interest payment date shall be paid, or the amount hereof shall be paid to the Trustee for the benefit of those entitled thereto.

(b) **Suit at Law or in Equity..** The Trustee, upon the written request of the holders of twenty per cent (20%) or more in principal amount of the Bonds then outstanding and upon being indemnified to its satisfaction shall proceed to protect and enforce its rights and the rights of the holders of the Bonds here under and under the Bonds (i) by a suit or suits upon the Bonds (ii) by mandamus or other suit, action or proceeding, at law or in equity, to enforce its rights against the District and its board of directors, including the right to require the District and such board to fix and collect rates and charges adequate to carry out any agreement as to, or pledge of, the revenues produced by such rates or charges, and to require the District and such board to carry out the other covenants and agreements herein and in the Bonds set forth and to perform their duties hereunder and under Act No. 762, General Acts of Alabama, approved September 11, 1951; (iii) by action or suit in equity to require the District to account as if it were the trustee of an express trust for the holders of the Bonds; (iv) by action or suit in equity to enjoin any act or things which may be unlawful or a violation of the rights of the holders of the Bonds; or (v) such other suit, action or proceeding as may be permitted by law, as the Trustee being advised by counsel shall deem most effectual to protect and enforce its rights and the rights of the holders of the Bonds hereunder.

(c) **Possession and Operation of System by Trustee.** The Trustee, upon the written request of the holders of twenty per cent (20%) or more in principal amount of the Bonds then outstanding may, in its descretion, with or without declaring the Bonds due and payable, enter upon and take possession of the System and any property at the time forming a part of or used in connection with the System, and operate the same in the name and as the agent of the District, either personally or by superintendents, managers, receivers, agents, servants and attorneys, and from time to time, either by purchase, repair or construction, may maintain and restore and insure and keep insured the same, and each and every part thereof, in the manner and to the same extent as is usual with like properties and likewise, from time to time, make all necessary repairs, renewals, replacements, alterations, additions and improvements thereto and thereon as may seem judicious, and the Trustee shall be entitled to collect and receive all service charges and all revenues and income of the System and every part thereof and, after paying the expense of operating the same, including expenses of operation, maintenance, repair and insurance or other charges thereon, as well as just and reasonable compensation for the services of the Trustee and its agents, attorneys, receivers, counsel or employees, the Trustee shall apply the moneys arising as aforesaid as follows:

First: If the principal of none of the Bonds shall have become due, to the payment of the installments of interest which are due and unpaid in the order of their maturities, with interest on the overdue installments of interest at the rate of six per cent (6%) per annum such payment to be made ratably to the person or parties entitled thereto, without discrimination or preference.

Second: If the principal of any of the Bonds shall have become due, by declaration or otherwise, to the payment of principal and accrued interest thereon, with interest on the overdue installments of interest at the rate of six per cent (6%) per annum, pro rata without any preference or priority whatever.

Upon payment in full of whatever sums may be due for interest and principal or payable for other purposes, and upon making good any other default hereunder, and after crediting to the Interest Fund a sum sufficient to pay the interest becoming due on the Bonds outstanding hereunder on the next succeeding interest payment date, the balance of any money then on hand derived from the operation of the System shall be by the Trustee paid as provided in the Mortgage with respect to service charges and the revenue and income from the System; and the System shall be returned to the District and the District shall be entitled to resume possession and management thereof, the same right of entry however, to exist upon any subsequent default.

Section 7:3 **Receivership of System.** In the event of default by the District in the payment of interest on any of the Bonds, which default shall have continued for a period in excess of thirty (30) days, or in the event of default in the performance of any other covenants or obligations of the District, which default shall have continued for a period of sixty (60) days after notice to cure such default, the Trustee, by suit, action or proceeding in any court or competent jurisdiction, shall be entitled as a matter of strict right to the appointment of a receiver for the System, which receiver may enter and take posession of the System or any part or parts thereof, including all property land, property rights, easements, franchises, books, records, papers, accounts, and other adjuncts of the System and such receiver may operate and maintain the System, fix and collect all rates and charges, and receive all revenues thereafter arising therefrom in the same manner as the District itself might do, and shall deposit all moneys in a separate account or accounts and apply the same in accordance with the obligations of the District and as the court shall direct.

Section 7.4 **No Election Exclusive; Delay No Wavier.** No remedy herein conferred upon or reserved to the Trustee is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or under the Bonds or now or hereafter existing at law or in equity or by statue. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient.

Section 7.5 **Covenant to Pay Entire Principal and Interest in Event of Default.** The District covenants that if default shall be made in the payment of the principal of any of the Bonds when the same shall become payable, whether at the maturity of the Bonds or by declaration as authorized by this Mortgage, then, upon the demand of the Trustee, the District will pay to the Trustee (but only out of the Pledged Revenues and the special funds herein provided) for the benefit of the holders of the Bonds and coupons then outstanding hereunder, the whole amount due and payable under this Mortgage on all such Bonds and coupons for principal and interest, with interest at the rate of six per cent (6%) per annum on overdue principal and, so far as may be lawful on overdue installments of interest; and in case the District shall fail to pay the same forthwith upon such demand, the Trustee in its own name as Trustee of an express trust shall be entitled to sue for and to recover judgment for the whole amount so due and unpaid, together with its expenses, disbursements and compensation and the expenses, disbursements and compensation of its agents and attorneys, provided, however that nothing herein contained shall be construed to require the payment of the principal of or interest on the Bonds from any sources other than the Pledged Revenues, or the special funds, herein provided, or to constitute the Bonds a debt or general obligation of the District.

Any moneys thus collected or received by the Trustee under this Section shall be applied by it, **first,** to the payment of its expenses, disbursements and compensation and the expenses, disbursements and compensation of its agents and attorneys, and, **second,** toward payment of the amount then due and unpaid upon such of the Bonds and coupons in respect of which such moneys shall have been collected ratably and without preference or priority of any kind according to the amounts due and payable upon such Bonds and coupons, respectively, at the date fixed by the Trustee for the distribution of such moneys, upon presentation of the several Bonds and coupons and upon stamping such payment thereon, if partly paid, and upon surrender thereof if fully paid..

Section 7.6 **Application of Proceeds Collected by Trustee.** Except as otherwise provided in this Mortgage, all proceeds collected by the Trustee pursuant to the exercise of remedies and powers provided for in this Mortgage shall, together with all moneys theretofore received and then held by the Trustee (and not irrevocably appropriated to some other purpose) whether held in any of the special funds or otherwise, be applied in order as follows:

First: To the payment of all costs and expenses of the proceedings whereby such proceeds were obtained.

Second: To the payment of any unpaid compensation of the Trustee for its services hereunder, the expenses of the Trustee, including counsel fees and expenses, and any sums advanced by the Trustee, the repayment of which is a charge prior to that of the Bonds outstanding hereunder.

Third: To the payment of the whole amount then due and unpaid upon the Bonds isued hereunder and then outstanding for principal and interest with interest on overdue installments of interest at the rate of six per cent (6%) per annum, and in case such proceeds shall be insufficient to pay in full the whole amount so due and unpaid upon the Bonds and appertaining interest coupons, then to the payment of the principal of and interest on all the Bonds then outstanding hereunder (whether or not the Bonds shall have matured) without preference or priority of principal over interest or of interest over principal or any installment of interest over any other installment of interest or otherwise, ratably to the aggregate of such principal and unpaid interest. Payments provided for herein shall be made on the date fixed therefor by the Trustee upon presentation of the several Bonds and coupons and stamping theeron the amount paid if such Bonds and coupons be only partly paid and upon surrender and cancellatiin thereof be fully paid.

Fourth: To the payment of the surplus, if any, to the District or to whomsoever may be lawfully entitled to receive the same, or as a court of competent jurisdiction may direct.

Section 7.7 **Possession of Bond or Coupon by Trustee Not Required.** All rights of action under this Mortgage, or under any of the Bonds or coupons, may be enforced by the Trustee without the possession of any of the Bonds or coupons or the prduction thereof on any trial or other proceedings relative thereto, and any such suit or proceeding instituted by the Trustee shall be brought in its name as Trustee and any recovery or judgmest shall be for the equal benefit of the holders of the Bonds and coupons.

Section 7.8 **Filing of Claim for Bondholder by Trustee.** The Trustee may at any time file a claim in its own name for the benefit of the holders of the Bonds and the coupons in any court proceeding where any such claim may be permitted or required, whether such proceeding be by way of reorganization bankruptcy, receivership, or of any other nature. The holders of the Bonds and of the coupons, by acceptance thereof, hereby constitute and appoint the Trustee as their irrevocable agent and attorney in fact for the purpose of filing any such claim, but such authorization shall not include the power to agree to accept any securities of any nature in lieu of the Bonds and coupons or to alter the terms of the Bonds and coupons.

Section 7.9 **No Bondholder to Institute Suit Except Under Certain Conditions.** All right of action in respect of this Mortgage, including all remedies provided by Section 13 of Act No. 762, General Laws of Alabama, approved September 11, 1951, General Acts of 1951, pp. 1319 et seq., shall be exercised only by the Trustee and no holder of any of the Bonds shall have any right to institute suit, action or proceeding at law or in equity for the appointment of a receiver or for any other remedy hereunler or by reason hereof, unless and until the Trustee shall have received the written request of such holder and shall have been offered reasonable indemnity and. shall have refused or for ten (10) days thereafter neglected to institute such suit, action or proceeding; and it is hereby declared that the making of such request and the furnishing of such indemnity are in each case conditions precedent to the execution and enforcement by any holder or holders of any of the Bonds of the powers and remedies given to the Trustee hereunder and to the institution and maintenance by any such holder or holders of any action or cause of action for the appointment of a receiver or for any other remedy hereunder, but the Trustee may in its discretion and, when thereunto duly requested in writing by any holder or holders of any of the Bonds and furnished indemnity satisfactory to it, and against expenses, charges and liability, shall forthwith take such appropriate action by judicial proceedings or otherwise in respect of any existing default on the part of the District as the Trustee may deem expedient in the interest of the holders of the Bonds outstanding hereunder.

Nothing in this Mortgage contained shall, however, affect or impair the right of the holder of any of the Bonds or coupons to enforce payment thereof at or after the maturity in such Bond or coupon provided or to enforce payment of any interest which may accrue on such Bond after its stated maturity under the provisions of Section 1 of this Mortgage, without reference to, or consent of, either the Trustee or the holder of any other Bond; provided, however, any such payment may be enforced only out of the funds for such payment herein referred to.

Section 7.10 **No Foreclosure.** Nothing contained in this Mortgage shall be construed as authorizing or permitting the foreclosure hereof.

ARTICLE VIII
THE TRUSTEE

Section 8.1 **Acceptance of Trust** The Trustee hereby accepts the trusts imposed upon it by this Mortgage, but only upon and subject to the following express terms and conditions:

(a) **Action of Trustee through agents and attorneys.** The Trustee may execute any of the trusts or powers hereof and perform any duties required of it, by or through attorneys, agents, employees or receivers, and shall be entitled to advice of counsel concerning all matters of trust hereof and its duties hereunder and may in all cases pay such reasonable compensation as it shall deem proper to all such attorneys, agents, employees and receivers as may reasonably be employed in connection with the trust hereof, and all such outlays and expenditures shall be repaid to the Trustee out of the Operation and Maintenance Fund.

(b) **Trustee not responsible for recitals or warranties by District.** The Trustee shall not be responsible for any recitals herein or in the Bonds, or for insuring any property or collecting any insurance moneys, or the payment of any insurance premiums or the execution of any instruments of further assurance by the District, or for the execution, recording, registration, filing or refiling of this Mortgage or any instrument of further assurance or for the validity thereof or for the sufficiency of the security for the Bonds, issued under or intended to be secured hereby, or for the payment of claims or liens upon the System or the Mortgaged Property, or otherwise as to the maintenance of the security hereof; nor be bound to ascertain or inquire as to the performance of any covenants, conditions or agreements on the part of the District, but the Trustee may require of the District full information and advice as to the performance of the covenants, conditions and agreements aforesaid. The recitals and statements in this Mortgage and in the Bonds contained are statements by the District and shall not be considered as made by or as imposing any obligation or liability upon the Trustee.

(c) **Authentication of Bonds, etc.** The Trustee shall not be accountable for the use of any Bonds authenticated or delivered hereunder or of any of the proceeds of such Bonds paid out conformably herewith. The holders of the Bonds shall not be entitled to interest on funds deposited for the payment thereof. The Trustee may become the owner of any of the Bonds with the same rights which it would have if it were not Trustee.

(d) **Action of Trustee on information believed to be genuine or on request of Bondholder.** The Trustee shall be protected in acting upon any notice, requisition, request, consent, certificate, order, affidavit, letter, telegram or other paper or document believed by it to be genuine and correct and to have been signed or sent by the proper person or persons, and the Trustee shall not be bound to recognize any person as a holder of any of the Bonds or to take any action at this request unless such Bond shall be deposited with the Trustee or submitted to it for inspection. Any action taken by the Trustee pursuant to this Mortgage upon the request or authority or consent of any person who, at the time of making such request, or giving such authority or consent, is the owner of any of the Bonds, shall be conclusive and binding upon all future owners of the same Bond and of Bonds issued in exchange therefor of in place thereof.

(e) **Indemnification of Trustee.** The Trustee shall not be compelled to do any act hereunder, or to take any action toward the execution or enforcement of the trusts hereby created, or to prosecute or to defend any suit in respect hereof unless requested so to do by the holders of the specified number of the Bonds as herein provided and unless idemnified to its satisfaction against loss, cost, liability and expense.

(f) **Noticing Defaults.** The Trustee shall not be required to take notice, or be deemed to have notice of any default hereunder, unless the Trustee shall be specifically notified in writing of such default by the holders of one or more of the Bonds.

(g) **No personal liability for operation of System.** The Trustee shall not be personally liable for any debts contracted or for damages to persons or to personal property injured or damaged, or for salaries or nonfulfillment of contacts during any period in which the Trustee may be in possession of or manage the System as in this Mortgage provided.

(h) **No withdrawal after notice of default.** The Trustee shall not be required to permit the withdrawal of any cash, or take any other action, if at the time there exists to its knowledge, brought to its attention by written notice as provided in this Section, any default in respect of any of the covenants, agreements or provisions of this Mortgage.

Section 8.2 **Lien of Trustee for Compensation and Expenses.** The Trustee shall have a first lien hereunder upon the Mortgaged Property and the Pledged Revenues for reasonable compensation, expenses, advances and counsel fees incurred in and about the execution of the trusts hereby created and the exercise and performance of the powers and duties of the Trustee hereunder and the cost and expense of defending against any liability in the premises of any character whatsoever.

Section 8.3 **Trustee May Advance Unpaid Charge or Insurance.** In case the District shall fail seasonably to pay or cause to be paid. out of the Operation and Maintenance Fund or otherwise, any charge upon the System, or any part thereof, or to procure and maintain the insurance thereon required by this Mortgage, the Trustee may pay such charge or procure and maintain such insurance, without prejudice, however, to any rights hereunder of the Trustee or the holders of the Bonds arising in consequence of such failure; and any amount at any time so paid under this Section, with interest theron from the date of payment at the rate of six per cent (6%) per annum, shall be payable on the order of the Trustee from the Operation and Maintenance Fund and shall become an additional obligation secured by this Mortgage and the same shall be given preference in payment over any of the Bonds, but the Trustee shall be under no obligation to make any such payments unless indemnified to its satisfaction against the expense thereof or furnished with means therfor by th holders of any of the Bonds.

Section 8.4 **Examination of Books, Records and Insurance Policies in Trustee's Possession.** The Trustee shall permit the District, its officers or members or any holder of any of the Bonds, or its or his agent or attorney duly appointed and authorized in writing, to examine and inspect all insurance policies, all of the papers, books, records, accounts and data in its possession and relating to the System at all reasonable times and shall permit copies or transcripts thereof to be made by any such person or persons at all reasonable times.

Section 8.5 **Notices by the Trustee.** Any notice required or permitted to be given by the Trustee to the District under the provisions of this Mortgage shall be sufficiently given if it shall have been mailed, postage prepaid, addressed to the District at Evergreen, Alabama, or at such other address as the District shall have in writing given to the Trustee.

Section 8.6 **Resignation of the Trustee.** The Trustee at the time acting hereunder may at any time resign and be discharged from the trusts hereby created by giving not less than sixty (60) days' written notice to the District and publishing notice thereof, specifying the date when such resignation will take effect, once a week in three (3) successive calendar weeks, in a newspaper published and of general circulation in the City of Birmingham, Alabama, and in a financial newspaper or journal published in the City of New York, New York, or the City of Chicago, Illinois, and such resignation shall take effect upon the day specified in such notice, unless a successor Trustee shall have been appointed by the holders of the Bonds or by the District as hereinafter provided and shall have accepted such appointment in which event such resignation shall take effect immediately upon the appointment and acceptance of a successor trustee.

Section 8.7 **Removal of Trustee.** The Trustee may be removed at any time by an instrument or concurrent instruments in writing, delivered to the Trustee and to the District and signed by the holders of a majority in amount of the Bonds then outstanding.

Section 8.8 **Successor Trustee.** In case the Trustee hereunder shall resign or be removed, or be dissolved or shall be in course of dissolution or liquidation, or otherwise become incapable of acting hereunder, or in case the Trustee shall be taken under the control of any public officer or officers, or of a receiver appointed by a court, a successor may be appointed by the holders of a majority in principal amount of the Bonds then outstanding, by an instrument or concurrent instruments in writing, signed by such holders or by their attorneys in fact, duly authorized in writing; provided, nevertheless, that in any such event the District, by an instrument executed by authority of its Board of Directors and signed by its President and Secretary, may appoint a temporary Trustee to fill such vacancy until a successor Trustee shall be appointed by the holders of the Bonds in the manner above provided; and any such temporary Trustee so appointed by the District shall immediately and without further act be superseded by the Trustee so appointed by such holders. The District shall publish notice of any such appointment made by it, once in each week for two successive calendar weeks, in a newspaper published and of general circulation in the City of Birmingham, Alabama, and in a financial newspaper or journal published in the City of New York, New York, or the City of Chicago, Inninois.

In tne event that no appointment of a successor Trustee shall have been made by the holders of the Bonds pursuant to the foregoing provisions of this Section within sixty days after a vacancy in the office of Trustee shall have occurred, the holder of any of the Bonds issued hereunder or any retiring Trustee may apply to any court of competent jurisdiction for the appointment of a successor Trustee, and such court may thereupon, after such notice, if, any, as it shall deem proper, appoint a successor Trustee.

Section 8.9 **Vesting Title in Successor Trustee.** Every successor Trustee appointed hereunder shall execute, acknowledge and deliver to its predecessor, and also to the District, an instrument in writing accepting such appointment hereunder, and thereupon such successor Trustee, without any further act, deed or conveyance, shall become fully vested with all the estates, properties, rights, powers, trusts, duties anl obligations of its predecessor; but such predecessor shall, nevertheless, on the written request of the District, execute and deliver an instrument transferring to such successor Trustee all the estates, properties, rights, powers and trusts of such predecessor hereunder; and every predecessor Trustee shall deliver all securities and moneys held by it to its successor; provided, however, that before any such delivery is required or made, all fees, advances and expenses of the retiring or removed Trustee shall be paid in full. Should any deed, conveyance or instrument in writing from the District be required by any successor Trustee for more fully and certainly vesting in such Trustee the estates, rights, powers and duties hereby vested or intended to be vested in the predecessor Trustee, any and all such deeds, conveyances and instruments in writing shall, on request, be executed, acknowledged and delivered by the District. The resignation oi any trustee and the instrument or instruments removing any trustee and appointing a successor trustee hereunder, together with all deeds, conveyances and other instruments providd for in this Mortgage, shall, at the expense of the District, be filed and recorded in the office of the Judge of Probate of the county or counties in which this Mortgage is recorded.

Section 8.10 **Merger, Consolidation or Conversion of Trustee.** Any corporation into which the Trustee, or any successor to it in the trusts created by this Mortgage, may be merged or converted or with which it or any successor to it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Trustee or any successor to it shall be a party shall, if satisfactory to the District, be the successor Trustee under this Mortgage without the execution or thing of any paper or any other act on the part of any of the parties hereto, anything herein to the contrary notwithstanding.

ARTICLE IX
Miscellaneous

Section 9.1 **Amendment of Mortgage.** This Mortgage may be changed or modified or any of the provisions hereof may be modified or eliminated upon the written consent of the District, the Trustee and the holders of 66 2|3% or more of the principal amount of the Bonds then outstanding, acting in person or through their legal representatives thereunto duly authorizd, provided, however, no such change, modification, addition or elimination shall (a) extend the time for the payment of the principal of or the interest on any of the Bonds; (b) effect a reduction in the principal amount of such Bonds or in the redemption price thereof; (c) effect a reduction in the rate of interest borne by such Bonds; (d) create a lien upon or pledge of revenus ranking prior to or on a parity with th lien or pledge created by this Mortgage; (e) create a preference or priority of any Bond or Bonds over any other Bond or Bonds; or (f) reduce the percentage of outstanding Bonds required by the provisions in this section for the authorization of any change, modification, addition or elimination of any provision of this Mortgage. The Trustee shall be the sole judge of the validity and lgality of all assents filed under this Section, and may require evidence satisfactory to it that the signer of such assent is lawfully entitled to execute the same, and shall be entitled to rely exclusively upon opinion of counsel with respect to any matter referred to in this section, including the extent, if any, to which any change, modification addition or elimination affects the rights of the bondholders or that any instrument executed thereunder complies with the conditions and provisions of this section. Prior to the execution and delivery of any instrument changing, modifying, adding to or eliminating any of the provisions of this Mortgage, the Trustee shall execute a certificate stating the number of Bonds then outstanding and the number of written assents filed and the numbers of the Bonds represnted therby, and said crtificate shall be filed and shall remain on file in the office of the Trustee. An executed copy of such certificate of the Trustee shall be promptly delivered to the original purchasers of the Bonds and a certified copy thereof shall be delivered to any bondholder requesting it. Any such instrument or instruments shall be filed and recorded in the same public office or offices in which this original Mortgage is filed and recorded.

Section 9.2 **Severability Clause** The invalidity of any one or more phrases, sentences, clauses or paragraphs hereof shall not affect the remaining portions of this Mortgage or any part thereof, all of which are inserted conditionally on being held valid in law, and in the event that one or more of the phrases, sentences, clauses or paragraphs contained herein should be invalid, this instrument shall be construed as if such invalid phrase or phrases, sentence or sentences, claus or clauss and paragraph or paragraphs had not been inserted.

Section 9.3 **Counterparts.** This Mortgage may be simultaneously executed in several counterparts, all of which shall constitute one and the same instrument, but in making proof of any counterpart hereof it shall not be necessary to produce or prove the execution of any other counterpart.

IN WITNESS WHEREOF, THE CHILTON COUNTY GAS DISTRICT, by its Board of Directors, has caused this Mortgage to be signed in its corporate name by its President and its corporate seal to be hereunto affixd and said seal to be attested by its Secretary, and Birmingham Trust National Bank, Birmingham, Alabama, has caused this Mortgage to be executed in its corporate name by one of its officers and its corporate seal to be hereunto affixed and said seal to be attested by one of its officers, all as of the day and year first hereinabove written.

Section 2. The Birmingham Trust National Bank, Birmingham, Alabama, is hereby designated Trustee under said Mortgage and Indenture of Trust.

Section 3. The President and Vice-President of the District, or either of them, are hereby authorized and directed, in the name and on behalf of the District, to execute, acknowledge and deliver said Mortgage and Indenture of Trust and the Secretary is hereby authorized and directed to affix thereto the seal of the District, and to attest the same.

Section 4. The President and Vice-President of the District, or either of them, are hereby authorized and dircted to file or cause to be filed for record a notice of said mortgage of the gas system of the District and the pledge of the revenues therefrom in the office of the Judge of Probate in each county where the systems of the District are located, to-wit, the counties of Shelby and Chilton. No such filing shall, however, be required prior to the execution and delivery of the Bonds authorized by said Mortgage and Indenture of Trust.

Section 5. That all of the First Mortgage Natural Gas Revenue Bonds dated April 1, 1963, in the aggregate principal amount of $325,000 (herein called the "Bonds of Series 1963"), authorized and provided for pursuant to the provisions of said Mortgage and Indenture of Trust shall be executed for and on behalf of the District with the manual signature of its President and sealed with its corporate seal and attested by its Secretary, and the interest coupons attached to each of the Bonds shall be executed with the facsimile signature of the President, which facsimile signature appearing on each of said coupons the President, by the execution of each of said Bonds, shall adopt as and for his own proper signature, and said Bonds so executed shall be delivered to the Trustee, the Birmingham Trust National Bank, Birmingham, Alabama, for authentication and delivery as provided in said Mortgage and Indenture of Trust. Said officers are hereby authorized and directed so to execute and deliver said Bonds.

Section 6. Bonds of Series 1963 numbered 1 to 308, inclusive, are hereby awarded and ordered sold to the Western Life Insurance Company and St. Paul Fire and Marine Insurance Company at the price of $308,000 plus accrued interest to the date of delivery and payment. The Board of Directors of the District has determined and does hereby determine that the sale of said Bonds at such price is most advantageous to the District. The Trustee is hereby authorized so to deliver said Bonds to said purchasers upon the payment of the aforesaid purchase price.

Section 7. The Bonds of Series 1963 numbered 309 to 325, inclusive, shall be held by the Trustee subject to the order and direction of the District.

Section 8. The Board of Directors do hereby find and determine that the refunding of the First Mortgage Natural Gas Revenue Bonds of the District dated May 1, 1953, as contemplated and provided for in the aforesaid Mortgage and Indenture of Trust, will result in a lower interest rate on the Bonds will authorize and permit the issuance of additional bonds for improvements and extensions to the District's gas system, and will make available to the District, after compliance with the provisions of said Mortgage and Indenture and after payment of revenues into the funds and accounts as therein provided, surplus revenues at a substantially earlier date than under the existing 1953 Mortgage and Indenture and that such refunding or refinancing is in the best interests of the District.

Section 9. The District does hereby exercise its option to redeem and does hereby call for redemption on May 1, 1963, all of the outstanding First Mortgage Natural Gas Revenue Bonds of the District dated May 1, 1953, which mature in 1964 and thereafter, and does hereby ratify, approve, adopt and confirm the notice of redemption and the publications thereof in the March 29, 1963, issue of the Birmingham Post Herald.

Section 10. The officers of the District and each of them is hereby authorized and directed to take such other and further action as may be necessary to effect the redemption of the aforesaid Bonds and the payment of the redemption price thereof and to carry out and perform the provisions of the aforesaid Mortgage and Indentue of Trust hereby adopted and approved and the provisions of this resolution. The Birmingham Trust National Bank, as trustee under said Mortgage and Indenture, is hereby authorized and directed to take such other

and further action as may be required to carry out and perform the provisions of said Mortgage and Indenture and this resolution.

Section 11. The President of the District, its Vice-President, its Secretary and its Treasurer, and each of them, are hereby authorized to execute for the District such closing papers, making such representations as may be required to demonstrate the legality of the aforesaid Mortgage and Indenture of Trust and of the Bonds of Series 1963 and of the due execution, authentication and delivery and the absence of any pending or threatened litigation relating thereto. The receipt of the Treasurer for the purchase price of the Bonds shall be full acquittal to the purchaser. The Treasurer of the District shall nevertheless hold th proceeds from the sale of the Bonds in trust and shall dispose of the same only as provided in said Mortgage and Indenture of Trust.

Section 12. This resolution shall take effect immediately, prior to and without reference to the publication thereof. Nevertheless, the publication of this resolution is hereby authorized in one issue of the Chilton County News, which the Board of Directors of the District, upon evidence duly submitted to and considered by it, hereby finds and determines to be a newspaper published within the limits of the District and of general circulation in the District.

Banking
HAS COME A LONG WAY SINCE 1863

In 1863, pen-and-ink records —today, automation.

In 1863, Abraham Lincoln signed into law a bill which has proved indeed meaningful to the Nation . . . the National Currency Act. It established a national currency; and Federally-chartered banks, to take their place beside the existing state-chartered banks.

If Lincoln had been able to look ahead 100 years and see the far-reaching results, this is what he would have seen:

The U.S. public receiving more than $450 billion per year in personal income; its communities with over 100,000 schools; its citizens owning more than 70 million automobiles. This flourishing state of affairs owes a great deal to the standardization of the currency.

And he would have seen one commercial bank office for every 7,000 persons; 90% of all payments made with bank checks; individual commercial bank savings of about $70 billion; commercial banks having some $130 billion in loans outstanding. A vastly different type of bank building and equipment. Instead of pen-and-ink records—automation. New concepts . . . new and expanded banking services that keep pace with the needs of a forward-looking nation—all these developed because the dual banking system of 1863 sparked a growing era of competition in the banking field.

The evolution of this picture through years of work and study emphasizes commercial banking's unremitting drive to better its best . . . to provide the fullest measure of complete banking service.

C of C To Welcome Industrial Prospect to Clanton; This Weekend

THE Chilton County Chamber of Commerce will welcome an industrial prospect to our Community this week end. Tuesday afternoon the Chamber's Industrial Development Committee met in a call meeting at the Clanton City Hall to discuss the community's proposal to the new concern.

Lamar Clayton, committee chairman, reports that the prospect is a clothing manufacturer and is making his second trip to the Clanton area this time bringing his wife and family to survey the possibilities of locating his new plant here.

He is presently considering several communities in Alabama and other States, but members of the Chamber of Commerce are encouraged over the fact that the prospect is returning for a second look around.

Last Friday night, the Chamber of Commerce had a general meeting of the membership at the Courthouse. A good crowd was present and Chamber president, J. H. (Skeeter) Stokes, urged the members to take an active part in committee work within the Chamber of Commerce. Committee Chairmen made reports on the work of the various committees. The Health and Safety Committee, under the leadership of Charlie Gay is very active in the County's project to provide adequate garbage and trash dumps in the rural areas of the county. H. Grady Heflin, Chilton's representative to the Legislature, stated that Chilton County had in its bid for a trade school and hoped that the administration and superintendent of education would carefully consider Chilton County's needs in the event the Governor's legislative program was a success in authorizing five new trade school over the State.

Leonard Traywick, chairman of the Food Processing Plant sub-committee, a part of the Agriculture Committee, stated in his report that initial plans for establishing a central food processing plant in central Alabama has been well received for agricultural leaders as well as State officials.

Traywick has made a survey of truck farmer's needs and finds that a fresh-frozen food processing plant is the best user of surplus fruits and vegetables. "The problem we encounter with our over ripe peach surplus every year is the same with black-belt okra growers, Sand Mountain strawberrys and Baldwin County potatoes."

The most modern and efficient way to process and preserve fresh table vegetables and fruits is to freeze them. The Traywick Committee's survey and report reaffirm and strengthen the Chamber of Commerce's peach processing experiments at Auburn University this past summer, in which it invested almost $5,000 raised from local sources. "No other area in Alabama has taken as much local initative in solving its agricultural problems as we have," Traywick said. "No other community can produce and support the facts and figures we have compiled."

In closing the meeting, president Stokes emphasized the fact that the Chilton County Chamber of Commerce is engaged in many aspects of local needs. Community benefit, Commerce, Industry and agriculture share equally in emphasis.

PREVIEWS OF PROGRESS

CRAZY SUITCASE — This "no-hands" suitcase takes off for a spin on its own. The time exposure catches it revolving on a turntable, one end in the air, during a "science in action" demonstration of gyroscopic principles which will guide tomorrow's space ships. This and other scientific wonders are dramatized in General Motors 40-minute, admission-free stage show, which will be seen this year by more than two million students and adults.

Amazing Science Show Coming To CCHS Wednesday, May 8th

PREVIEWS of Progress -- General Motors world famed science show will be presented before Chilton County High School on Wednesday, May 8 1963 at 9:30 a.m.

A non-commercial show, Previews has been seen by nearly 30 million students and adults in the United States, Canada and 22 foreign countries.

"We seek through Previews to inspire more young people to make science and engineering their career and provide the trained talent America must have to keep pace with the promise of the future." John F. Goddon, president of General Motors declares.

The latest version of the 45 minute stage presentation includes nine different sequences. Designed to show some of the many contributions of research and technology to modern living the exciting demonstrations are narrated in non-technical language by a specially trained two man team.

A model car powered by sunlight, a roaring jet engine and the Ground Effect Machine, a vehicle that skims over land or water are a few of the dramatic parts of the fast moving show.

County Hospital Plans 20-Bed Addition

The Chilton County Hospital and Nursing Home has enjoyed its greatest period of progress and growth during the past two years. The enviable growth and utilization record during this period has promoted Mr. Clay Dean, Coordinator for Hospital Planning Division, Atate of Alabama to urge the hospital board to make plans for an increase of a 20 bed addition to the present hospital in order to meet demands in the near future.

During the past two years employment has reached a peak of 115 and in the year 1962 every employee received a pay raise. Hospital occupancy has maintained a level of 82% and nursing home occupancy 100% in this period.

Expenditures for new equipment and supplies exceeded $120-000.00. Revenues from the hospital and nursing home have increased and as of March 1963 there was a surplus exceeding $71,000.00 in the hospital fund and a surplus excedeing $68,-Fund making a combined surplus exceeding $139,000.00. At the present date there is no indebtedness in the present buildings and work is in progress of building a 30 bed addition to the nursing home and a laundry capable of servicing a 250 bed capacity hospital.

Audits revealed management of the hospital and nursing home was sound and income from these operotions was sufficient for the hospital and nursing home to be self supporting and at the same time make enough additional revenue to meet current and expansion expenditures.

The Hospital Board acting with the County Governing Board permanently removed 2 mills of the original 4 mill tax voted by the people of this county. This popular economy measure was unique for our county and removed an unneeded tax burden on each tax payer of the county.

This outstanding record of growth, progress, profit and expansion has been accomplished only by the combined efforts of the Administrator, hospital personnel, doctors and members of the hospital board working as a unit for better medical care for the people of Chilton County. During this period of outstanding progress, Mr. Elmore has been Hospital Administrator, Mrs. McGowin, Assistant Administrator and the late Dr. C. O. Lawrence and Dr. Joseph W., Moore served as Chairman of the Hospital Board.

ATTENDING ANNUAL SOUTHEASTERN HOSPITAL CONVENTION

By BOB TUCKER

JOHN Morgan Foshee is making good in Gainesville, Florida, where he and his wife and two boys now live and where John was recently "saluted" as Liberty National's "Man Of The Month" in the Gainesville area. You will remember that John and his Dad, Luther were co-owners of Central Alabama Gas Co. here in Clanton for some 12 years. John Morgan went with Liberty National in Florida in March of last year. He has made an impressive record for himself since that time. His picture and an accompanying article appeared Sunday, April 14 in the Gainesville Daily Sun.

THE bankers are after us again; but not for what you think. We don't owe them anything. We published their phone number wrong last week and L. A. Clayton obligingly called our attention to it. We thought that the People's phones were 11 and 12; by the President says it never has been 12, just 11 as far as listed numbers are concerned. If you want to know about unlisted number you'll have to ask him. . . the one in the phone book. . . and which will appear in the News from now on, is plain old "11"!

A TENANT house on the property of Mr. J. R. Ekblad, west of Clanton on Highway 22, was demolished by fire about midnight Tuesday of this week. According to the volunteer firemen they got there in time to save the grass and that's about all. It is located about three or four miles from town and the wind was pretty high Tuesday night. Reports indicate that the building and its contents were a total loss. No one was injured it is reported.

A LATE bulletin informs us that the P.-T.A. of Concord School will meet Monday evening, May 6th at 7 o'clock. All parents and friends of the school are urged to attend this meeting.

CCHS Band Concert Tomorrow Night

FRIDAY night, May 3rd, at 7:30 p.m. the Symphonic Band of the Chilton County High School under the leadership of Mr. Lamar DeLoach will present their Annual Spring Concert in the auditorium of the Chilton County High School.

For your listening pleasure the band will present a program of both classical and popular music, consisting of the following numbers:

America, The Beautiful, Officer of the Day; Jolly Robbers; Egmont Overture; Polovetzian Dances, The Pearl Fishers; The "Little" Rhapsody in Blue, The Nutmeggers; A Concert Digest (Musical Satire with Narrator), Light Cavalry, Star Spangled Spectacular; In The Mood, Blue Tango and Highlights from "Exodus."

This concert will be the climax of a busy year for the sixty-three senior bandsmen. Activities of the band so far this year have included hosting the Sixth District Contest and Festival and participation in the State Band Contest held at the University of Alabama.

Proceeds from this concert will be applied to the Summer Band Program, which will be attempted this summer in order that bandsmen might devote their summer vacation time toward being better prepared for the coming season.

Tickets for the concert can be obtained from any band member, members of the Band Boosters Club, and they will also be on sale at Watson's and Goodyear Store in Clanton. Price of admission will be $1.00 for adults and 50c for students. An added attraction this year will be the awarding of door prizes which are being contributed by the merchants of Clanton.

Come out and enjoy hearing your Chilton County High School Band and by your presence lend them your support in their summer band program.

Jemison Seniors Present Play

ON May 10, the Senior Class will present a screamingly funny farce, entitled "Happy Birthday," in the Jemison High School auditorium. The play was written by Robert Hilton, famous author of comedy plays and has just been released for amateur production after a long successful run on the professional stage, where it never failed to keep audiences in a constant up roar of laughter. If you are interested in seeing a comedy that is sure to make you forget your troubles, you are bound to be more than pleased by "Happy Birthday."

Students participating are Royce Davis, Robert Lowery, Mildred Holcombe, Jerry Haynes, Lynda Clements; Judy Hayes Larry Gore, Nell Champion, Rebecca Smith; Della Cost; and Penny Allen. Miss Miriam Harvey is director, assisted by Mrs. Betty Giles, Carolyn Killingsworth and Faye Foshee.

Miss Smith Chosen "Miss Thorsby Hi"

JULIA SMITH

MISS Julia Smith, daughter of Mr. and Mrs. Herschel Smith of Thorsby, was recently chosen "Miss Thorsby High" for 1963.

Julia is vice president of her graduating class this year and is also an active member of the Glee Club and the Beta Club.

She is a cheerleader for the school basketball team and is active in church work at the Thorsby First Baptist Church, where she is a member. She is making plans to enter Howard College in Birmingham this fall.

Library Notes

Open house, a culminating activity of National Library Week was held at the Clanton Public Library on Friday afternoon, April 26. The Girl Scouts of Troops number 335 and 71 served as hostesses. Leaders of these two troops are Mrs. W. E. Elmore and Mrs. J. C. Bynum.

The guest were registered on the porch of the library where the entries of the poster contest sponsored by the library as another activity promoting National Library Week were displayed.

Two urns filled with caladium plants at the entrance to the library added to the beauty of the occasion. The plants were furnished by the Pinedale Gardens.

Punch was served by the Girl Scouts who were assisted by the librarian Mrs. B. E. Reeves, to all of their guests.

Harp And Harmony Convention At Robinson Springs

The Harp and Harmony Convention will be held at Robinson Springs out east of Thorsby on the first Sunday in May.

Everyone is cordially invited.

JEMISON KINDERGARTEN HAD GRADUATION

The Jemison Kindergarten held its graduation exercises on Sunday, May 28 in the Jemison Baptist Church. The program was dedicated to the mothers of the graduating class of 1963. Approximately 200 people were present for the program and many families from Birmingham Tuscaloosa and as far as Chicago were on hand for the cermonies. Reverend Brasher pastor of the Jemison Baptist Church gave the opening devotional.

Mrs. Robert Hall was moderator and Mrs. Douglas Cleckler played the musical accompanist. Mr. and Mrs. Clem Willcutt of Jemison Nursery supplied the beautiful flower arrangements. The program was under the direction of Mrs. Kenneth Cobb and Mrs. I. H. McNeill, Jr.

The first part of the program was the presentation of the senior girls, wearing formals, representing the various holidays of the year.

Miss Kathy Lowery of Jemison opened the program as the Snow Queen.

Following the presentation of the senior girls a short program of singing and verses were prefomed by the entire kindergarten.

Mrs. Cobb and Mrs. McNeill were then presented with silver bracelets by the mothers of the Kindergarten class.

A brief intermission followed as the Children prepared for the graduation ceremony in their white caps and gowns. The children said the pledge to the flag and sang, God Bless America. after the graduation procession.

Diplomas were then given by Mrs. Kenneth Cobb and Mrs. I. H. McNeill, Jr.

The Jemison Kindergarten is a privately owned school but it has had the full co-operation of the entire community.

Elmore Educators Observe Chilton Schools In Action

ON Wednesday, April 24, a group of twenty-six people from Robinson Springs in Elmore County along with Superintendent Ross McQueen visited Chilton County High School, Maplesville High School, Isabella High School, Thorsby High School and Verbena High School to study the feathres of the new constructions and facilities at these schools. Robinson Springs is going to build a new school in the near future and the group was interested in seeing our schools. They were most complimentary of their tour.

We in Chilton County, were pleased to have the visitors see our schools and facilities.

Cemetery Cleaning At Pleasant Hill

THERE will be a cemetery cleaning Saturday at Pleasant Hill (better known as Blow's Graveyard) and the announcement urges anyone interest to come early in the morning and bring tools and mowers to work with,. According to Mrs. A. M. Wagoner, the more who participate the better and faster the job can be accomplished.

EDITORIALS

They Also Serve. . . --

AT the Children's Hospital in Birmingham, the theme is: "take care of the child, even if it has to be at the expense of the parent." Normally you might take this with a slight chip-on-the-shoulder attitude, but when it is your child they are concerned with, you feel obliged to make yourself as scarce as possible, and let them have a go at it.

Their lack of feeling for visitors, parents, etc., is equaled only by their concern for the child-patient which is in their charge for the time being. Efficiency of operation is centered around "what is best for the child, and how can we get them well soundly and quickly".

We had occasion to be exposed to the "cool" atmosphere of the Children's Hospital last week, and we can tell you of all the hospitals we have ever been in, they have as courteous a staff of nurses, practical, Registered and otherwise, that we have ever seen anywhere. The staff doctors and those who use the facilities at the hospital are professional to a "T" nd you have no qualms whatsoever about "do they know what they are doing?"

It must be a tremendous task to take small children into a hospital, strange as the surroundings are, and do something to them, even when it is for their own benefit and good in the long run.

As we said, the patient is the one and only thing which concerns them, and for the life of us, we cannot feel hard at them for slighting us in any manner or fashion. The patient -- as it were -- was our one and only concern at the moment, also.

We could thank at least ten individuals with whom we came into contact during the short time we were there; but we feel certain, after observing the operation, that we would only be thanking a fraction of the number it took to serve "our" purpose and who helped us when we didn't even realize we were being helped.

So, let us take the time, space, and effort here to thank all those connected with the Children's Hospital for their kind services to our family. We are humbly grateful for your sincere concern; thankful for your talents and educations; and most of all we appreciate your teamwork.

The Lawful "70"--

WE do not do much--in fact not enough to suit us--traveling up and down Interstate 65, but last week we got first-hand exhibitions that regardless what the speed limit on a roadway is, many individuals will drive 10 miles an hour (or more) over it.

The speed limit on 65 is now 70 mph in the daytime. It isn't a bit uncommon to see new automobiles streaking by you going 80 and better. Human nature is a strange combination of things which cannot be ruled by "limits" or taught by experience or common sense. It's just "human nature", and that's about as far as anyone ever got with analyzing it.

Another trouble we see with the new speed limit is the fact that persons who drive the lawful 70 on the Interstate, apparently forget that it does not apply elsewhere. It's hard for them to slow down again when they reach the other end of the divided, four lane highway.

Some hours of the day you can get caught up in the "fever pitch" of "get home as early as possible" traffic, and it makes you stop and wonder: "What fools we mortals be. . . " The only reason many accidents never happen, is that the combination of foolish maneuvers necessary for one, is not complete. Ie is certainly not because everyone is exercising his fair share of caution. "Caution to the winds", and "to heck with the other fellow" are not just tired cliches when you get out onto the highways. They are as real as the ton of steel you are aiming down the highway at breakneck speed.

If we could only be aware of ourselves in relation to other people 100% of the time; accidents on the highways would be cut by about 75%.

Paying The Piper--

VERY few people pay parking meters their just desserts. It seems to be human nature (once again) to ignore the "Meter monster" if we think we can get away with it. "I'm just going to be a minute, anyway!" And thereby hangs the tale of how parking citations are handed out.

The cop on the beat is just doing his duty; but there is something irritating about getting a parking ticket. It's sort of a "possession is nine points of the law" feeling; and when you "possess" a parking space, you kinda feel like it belongs to you. . . at least for the time you are in it.

Perhaps more money would be realized from parking meters for the City treasury, if more people knew just how the money was spent. Some folks seem to have funny notions about the amount of money taken in by the parking meter brigade, and they need to be told.

It is our personal opinion that meters would be better accepted by the community if the people knew the story of why, how much, and where!

We are going to make efforts to supply you with that information in the very near future. Meanwhile, pay the penny to the "piper". . . it might save you a buck!

Proof Of Progress--

FOR the many in Chilton County who have been seasoned to take any mention of "Industrial Progress", with a grain of salt; we have interesting news.

A body of men are calling on the State officials and the Governor in the very near future to seek assistance on paving several roads connecting the County with the Coosa River. Work is already underway on one of the parks and boat launching area previously mentioned in the News. It is located on Lay Lake. Another is due for construction (possibly two) on Lake Mitchell.

A recent trip to Montgomery by men from Chilton and Shelby Counties was effective in getting the Wilsonville Road in North Chilton out of the red tape and on the construction boards.

This is just one phase of the progress being made today in Chilton County. To you skeptics; we are not going to say "we told you so"; but it certainly is heartening that Chilton is on the move and the strides being taken are big, necessary ones enhancing the possibilities for this County in the months and years to come!

Too Critical, Perhaps--

IT comes to mind, after reading Rep. Armistead Selden's column this week, that perhaps we in the south are too critical of ourselves when it comes to our educational system, as compared to that in the north and other areas of the United States.

It is true that some of our educational systems appear as "poor relations" to those shiny, up-to-date systems in the north; but it is also true that you can "lead a horse to water, but you can't make him drink."

We know for a fact, that the discipline in the schools of the south is far and away superior to that in the northern states. We do not know whether it is integration or what other malady may have caused the difference.

We do know that courtesy and respect for elders is a tradition which is still practiced in the homes of good southerners, and apparently such parental teaching pays off.. .

They may have the facilities in other areas; but we have students here in the south who are willing to learn, and are willing also to be taught. It makes a great difference!

ACROSS THE EDITOR'S DESK —

When do you cease to Be a "Newcomer"?

Editor
Chilton County News
Clanton, Ala.

Dear Mr. Editor:

If I should pick a subject for this letter it would, I guess, be the inevitable question that we ask from the cradle to the grave - WHY?

A friend of ours who is an executive of a large company in the East, and a native of California, last week stood in our living room drinking in the view from our eight windows. The river, the canopy of white dogwood, our ravine with its mass of wild azalea in full bloom, violets and other wild flowers (none of which we would think of sacrificing for a rolling lawn!) and exclaimed over the beauty of it, then remarked, "But for goodness sake how in the world did you ever find it? And can't something be done about the roads coming in?"

Well, the answer to these and other questions we have been seeking for quite a number of years.

We were transferred to Florida during the depression. We watched and were a part of a State that with almost its sole industry, "tourist trade", make the most of it's beauty (in spots) and natural resources, and grow to become one of the largest and wealthiest tourists spots in the country.

After other transfers we were sent to Alabama - We found this spot - and loved it - and adopted it.

But does the County want us and others like us? Then - WHY?

You were so right Mr. Editor in your editorial of April 11th concerning rolling out the "Red Carpet" for newcomers - but for a lot of people it has been the carpet of red mud and red dust; and when do you cease to be a "new comer"? Our neighbors and we have been part time or full time residents since 1954 and earlier.

Sincerely,
Mae Holly

Soil Conservtion News

Tom Strain of Thorsby has seeded thirty acres of Bahia as called for in his Soil and Water Conservation Farm Plan. He also plans to clear some more bottom land and plant it to Fescue grass. Tom stated "Fescue might not be the best grass we can plant, but it will sure get the cows through the winter in good shape."

Hugh Champion of Verbena has just seeded thirty acres of Bahia grass as called for in his Soil and Water Conservation Farm Plan.

Richard Muncher has constructed a 1½ acre pond and a diversion ditch 600 feet long.

Wallace Fox of the Isabella Community is in the process of preparing thirty acres of land to be planted to Bahia grass.

Luther Scott of the Liberty Hill Comunity has completed the planting of ten acres of Coastal Bermuda.

The True Progress Of A Commun.ty

The true progress of a city can be gauged by the growth it shows spiritually, economically and culturally.

This week the Chilton County Mutual Concert Association is having its membership campaign. This association is certainly an organization, one of non-profit, which is helping Clanton and Chilton County grow culturally.

While we have other mediums of entertainment, the movies, the television to name two, to have professional entertainment, some of the very best on concert tour today, to perform here is a definite asset to the community.

Industries, which are seeking locations, always ask the question "what recreation is offered?" Along with fine fishing and hunt ing public school recreation local athletic leagues and numerous other provisions of recreation it is good news to them that we have a concert association.

Not only for adults, who seek live entertainment are the concerts something to relish. But also they are fine from the young people's point of view. It exposes young and receptive minds to the value of the arts. They grow into adults who find much pleasure in enjoying the finer entertainment to be offered.

Only recently Clanton had the privilege of hearing one of the most famous duo-piano teams in America. Nelson and Neal, parents of three youngsters, gave their audience here a concert to remember.

Supporting the concert association is supporting the progress of our community. Being a member also gives one the pleasure of attending fine concerts.

Better Speech Club Makes Annual Trek To Mound State Park

Indian came to America more than 20,000 years ago. It is believed they crossed the Bering Strait from Asia into Alaska. The Indians were nomads. They kept moving to find game, their chief food. They migrated down through Mexico and Central America. While some setteled at various places, others continued to move. The Indians hunted in groups, because it would take several men to kill a bison. After they killed it, they would use the skin for clothing.

While studying about the early Indians, it was interesting to read of a city in Peru that had not been completely unearthly. An explorere discovered that "lost city" in 1912. It stands on a mountain more than 6,000 feet high.

On our trip to Moundville we left Chilton County and went through Bibb, Hale and Tuscaloosa counties. visiting some of the county seats.

We noticed the new Courthouse Tuscaloosa County will soon have. We saw the Cahaba and the Black Warrior Rivers.

In the monument we saw the burial room and was given a lecture on how the Indians buried their dead. These ancient Indians died at an early age, ranging from 25 to 35 years of age. These graves were uncovered in 1929. We took notes during the lecture.

We had lunch at the beautiful picnic ground at Mound State Park. The picnic area is located near the Black Warrior River. After we got through eating, we visited the souvenier shop and bought a momento of our trip. For a short time we played softball in front of the picnic area. After lunch, our group discovered for ourselves what the mounds are really like. Mound B is the highest one. The buildes of these mounds were prehistoric Indians who lived at different times and had various cultures. They used earth to make their mounds. On these mounds, were churches and other buildings.

During our visit at Smith Hall we saw many things of interest. On the first floor we saw several descriptions of weapons. On the second floor we saw a meteorite, some stones and rocks. Among them were diamond and marble. The third floor was quite interesting. There were many stuffed animals htre. Among them were Kodiak bear, elk, mountain lion and a buffalo. There were many butterflies, and different kinds of shells.

Another point of interest was the William Gorgas home on the campus of the University of Alabama.

I enjoyed the trip very much. I learned lots about the Indians of long ago and about their living ways of life.

Phillip Cole

We started making plans to go to Moundville and some of my class mates mothers said that they would carry their cars, so we went by cars.

As we were traveling we passed places that were exciting. No one had an accident. We all got there safely.

In the monument we went around and looked at some of the stones and materials they used.

We went to the picnic grounds and ate lunch. When we got through we played ball.

When we went to Mound B, we went by the park rules. Then we raced up Mound B. When we went down, we raced over to Mound A and Thomas Glenn was first, Nancy Taylor, was second and Joe Mifs was third.

Then we left the park and went to Smith Hall. Smith Hall was an exciting place. They had a shrunken head and some of the Indian weapons.

After we got home, I was tired and full of joy. Although I was tired, I told my parents all that I had done.

Joe Mims

When we first learned about going on a trip to Moundville, our class started studying about the Indians that used to live there. We learned about their culture and their strange customs, like shrinking heads.

Our class left on the trip to Moundville on Friday, April 19, 1963. We were accompanied by our teacher Mrs. Thomas and several of our mothers who had volunteered to take us in their cars. It was a cloudy morning but during the hours ride, the sun came shining through the clouds.

While in the monument, we saw the bones of ancient Indians and several other scenes. There were souveniers such as replicas of the Indian villages and also different kinds of rocks and ornamental pins.

As noon approached we went to the picnic area. We had the blessing and while we are we had a beautiful view of the Black Warrior River.

After dinner we went to Mound B, which covers and area of two acres and is fifty eight and one half feet high. We took turns running up and down it. By the time we ran down Mound B we were out of breath.

Later we visited the museum of Natural History, which is located in Smith Hall. Inside were stuffed animal heads, different kind of rocks, dinasour bones and a meteorite.

— Other places we saw were Bryce's Hospital and William Gorgas's home.

This was my first trip anywhere with my classmates and I enjoyed it very much.

Donna Williams

On April of Nineteen sixty three, the Better Speech Club really had a spree.
Off to Mound State Park we went; On learning we were eagerly bent.

We learned a lot about Indian bones, And saw some things made of stones. We heard some history of this tribe; And also how they did survive.

Next, on the trip was good Smith Hall, This building was very, very tall; Here we saw some interesting sights; And climbed some marble stairs, three flights.

Then to Bryce's we gaily went; There a little time only we spent.

But we listened to its beautiful sounds; And looked at its wonderful well kept grounds.

Science Club Met

On April 19, 1963, Sandra Langston called the Science Club to order which was held in Room 12 of Henry M. Alair School.

The President called for old and new business after the minutes of the previous meeting were read and approved.

The treasurer Royce Lambert gave his report.

Howell Easterling presented the following program.

Devotion, Allen Littleton; Pledge of Allegiance and Star Spangled Banner by Club.

Science questions, Kay Owens, LaSabre Johnston, Sandra Langston and Wayne Hayes.

Flowers for the room this week were brought by Mike Waters and Sandra Sellers.

Our ant colony has been rented and a family of ants have moved in with the help of Sandra Sellers.

Several of the pupils in Mrs. Hubert's room collected a good sum of money for the Crippled Children.

Refreshments were furnished by Donald Rooper and James Martin.

Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN

As the capital of the world's greatest nation, one would expect Washington, D. C. to be the safest city in America--not only for its residents but for the millions who visit it each year.

Unfortunately, that is not the case.

Crime in the District of Columbia is up an astounding 41 per cent or three times the national increase of 14 per cent. Washington ranks first in the nation in the number of aggravated assaults, second in robberies and fourth in murders.

After dark, and often in daylight, certain areas of Washington are perilous to anyone, particularly women. Beatings, rapes and housebreakings have become common in the nation's capital and the city has the righest rate of illegitimacy in the U. S.

Student Problem

The recent MacCarthy report, drawn at the request of the District superintendent of schools after a youth race riot, stated that students in the Washington schools care, throw objects and even ridicule and threaten their teachers in the classrooms. The report states that "criminal conduct crops up too often within some schools, jeopardizing pupil safety and influenceing other students."

The superintendent called for an end to the ban on corporal punishment in the schools and asked authority to expel uncontrollable students under 16 years of age. To date, neither of his requests has been granted.

Negro Population

A large percentage of Washington's residents are transit workers from every state in the Union and from most foreign countries, and it is the only U. S. city with a predominate Negro population. Still increasing, the Negro population in Washington has grown from 3 per cent in 1950 to 54 per cent in 1960. In the District's public schools, 83 per cent of the pupils are Negroes.

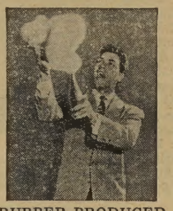
With an increasing rash of violent crimes already this year, the situation has become alarming. In the face of this, however, authorities have taken action in reverse. Restraints have been placed on the police, and law enforcement efforts have been watered down by administrative officials and judges.

The Supreme Court's so-called "Mallory rule" decision severely limits the time the police may question anyone held under suspicion of a crime before arraignment, Then, in March of this year, the practice of investigative arrest in the District was ended by an order of the District Board of Commissioners.

These actions seriously limit the operation of the police, and handicap any attempts at an accelerated clampdown on Washington's skyrocketing crime rate.

Hearings Begin

In an effort to wind ways to curb this crime wave, a House Subcommittee last week began hearings in the problem. This District Subcommittee, headed by Congressman Basil L. Whitener of North Carolina, has under consideration a number of measures aimed at halting this rash of crime.



RUBBER PRODUCED IN ONLY 60 SECONDS —Mix two liquids in a pop bottle, shake well and in one minute a mass of synthetic rubber 15 times the volume of the bottle leaps forth—that's the recipe for one of the fascinating sequences in the 40-minute General Motors science show, Previews of Progress. The admission-free stage show dramatizes the wonders of science in non-technical terms before two million American students and adults each year.

Better Speech Club Met

During the business session of the Better Speech Club, April 18, new officers were elected as follows: President, Chris Weed; Vice President, Thomas Glenn; Secretary, Bernadette Cleckler; Hostess, Judy Jones; Reporter, Lindsey Smith.

The program chairman, Nancy Taylor presented the participants for the afternoon program. Original readings were given by Jerry Willis, John Champion, Larry McLain, Aubrey Moatts, Phillip Jones, Austin Fullen, David Holcombe, Judy Jones and Wanda Cox.

Devotion was given by Donna Williams, Chris Weed, Sandra Porter and Phillip Jones.

4-H'ers Add Beauty, Comfort To Homes Through Club Work

Home is where the heart is and where 4-H Club members are hard at work with wallpaper, paint, hammer, saw and sewing machine.

Coast to coast some 200,000 girls and boys are midway in 4-H home improvement projects, reports the National 4-H Service Committee. Their hearts are set on winding up near the top in the annual competition for state, county and national awards.

Family Enterprise

The home improvement project usually involves the entire family because whatever the 4-H'ers plan to do must have the sanction of their parents. An outlay of cash is often required. Re-shuffling of space, change in color and room arrangement and an extra hand or two requires the whole-hearted cooperation of Mother and Dad.

One example of a family enterprise in California was that of the Ervin Williams who purchased a home in Visalia. It needed a thorough refurbishing job.

Daughter Patricia, 19, through her 4-H home improvement training and learn-by-doing experiences made a major contribution.

Patricia helped with the planning, interior rebuilding and decorating. What's more she selected colors for walls and draperies, chose fabrics and sewed both draperies and curtains.

The Williams' home became a showplace for home improvement 4-H Clubs in the area. Patricia's reward was pride of accomplishment, saving her folks money, and last but not least, winning a national 4-H home improvement college scholarship and a trip to the National 4-H Club Congress in Chicago last year.

Room is Palace

On the East coast another 4-H home improvement national award winner claimed that "my room is my palace" and worked up a prize-winning demonstration to prove it.

She is Kathleen Scott, 18, who has "done one room at a time" in her Amsterdam, N.Y., rural home. She is the daughter of Mr. and Mrs. Michael Scott who operate a 350-acre farm.

Next fall the Cooperative Extension Service will select the 1963 state award winner on the basis of all-around 4-H achievement, leadership, citizenship and excellence in the home improvement project.

Awards for Many

The girl or boy will be a state delegate to the National 4-H Club Congress and will be eligible for one of six $500 national scholarships provided by the Sperry and Hutchinson Company. County medals and the congress trip award also are given by S & H, new sponsor of the national 4-H home improvement awards program.

The National 4-H Service Committee announces that the scholarships have been increased this year from $400 to $500 in most 4-H programs.

Rev. James Benefield, Pastor
Sunday School 10 a.m.
Worship Service 11 a.m.
Training Union 6:30 p.m.
Evening Worship 7:30 p.m.

Our Sunday School attendance was 103. Bro. Benefield preached a fine sermon, "Joy in the Christian Life", using the text Phillipians 4:1-19.

Training Union attendance was 76 and there were 34 daily Bible readers. Our Sunday night sermon "Almost Saved, but yet Lost", was based on Matthews 19:16-24. The Young People of the church met for refreshments and fellowship.

This Wednesday began our "Teacher Training Course" for all teachers and prospective teachers, this will be a fine course for everybody.

Friday 7 p.m. all volunteers for our Visitation program are requested to meet. All will return to the church at 8:30 p.m.

Please remember the many sick and shut-ins in prayer.

Order Vacation Bible School Materiols Now

When Youth are challenged by the Churches they respond. When they are trained, they excell in effectiveness. A church sponsored Vacation Bible School, conductel by dedicated Christian workers, offers challenge and training that will help them to know the word and encourage them to live a more effective life. It will also help the unsaved to find Christ as personal Lord and Saviour. More than 5000 youth age three through sixteen in Chilton County will be vacationing during the summer months. Please estimate the number of boys and girls in your community who will not have the opportunity to attend a Vacation Bible School this year if your Church does not have one. Organize the faculty and begin to train now. Also order the Vacation Bible School materials from the Baptist Book Store now. 1963 text books (if you have ordered for the past four years, you have some of these), Principal's package, Pupil's Books, Scripture cards, Advertising materials, faculty training aids, record forms, creative activity materials, Bibles Testaments, Flags, etc. Call or write G. Homer Carroll, Route One, Clanton, Ala., or M. G. Fields for information concerning consecrated college students who are trained in the work, if your church feel you must have an outside worker to assist you with your Vacation Bible School. If any church has not planned a school for this summer, will you please contact your Superintendent of Missions, and he will be happy to come and assist in the plans for a school and furnish the church with some free materials.

NEWS OF—
Samaria

Don Graham, Pastor

We want to thank those of you who worked so faithfully last Saturday morning at the cemetery. You did a great job and you will never know how much we appreciate it.

The faculty of the Bible School will meet at the church next Monday night at 6:30. If you are a member if this faculty, please do everything possible to be present.

The deacons meet at the home of Mr. and Mrs. O. N. Glenn Friday night at 6:30. We have several items of business to discuss and we urge you to be present if you fit in this group.

Be praying and making your plans now to attend our revival July 21-27. We have a wonderful evangelist coming in the person of Brother Bill Coleman, pastor of the Liberty Baptist Church in Tallassee. Our singer will be Brother Larry Draper, minister of music at the Tenth Avenue Baptist Church in Birmingham.

The week end of June 14 and 15, the girls have planned to have a camp out on the river at one of the cottages. They are planning to have a wonder--ful time. The boys are still making big plans for their trip to the Smokies, August 5-10.

Don't forget Prayer Meeting, Wednesday night at 6:30 with Choir practice to follow.

On Thursday night we will have as usual our Visitation Program at 6:30. Come and be a part of this

Junior - Senior Prom

Some Enchanted Evening! Now perfectly the theme of the Jemison High School's Jr.-Sr. Prom, Saturday night April 27 fitted the occasion. For no evenis more enchanting than that of the prom.

A very special occasion it is, made complete with lots of laughter and fun, a tinge of sadness with memories, made enchanted with beauty and excitement.

Hong Kong? Tokyo? No just the gymnasium transformed into on Oriental setting.

Lights from colored lanterns suspended from the ceiling cast a magic glow over the scenes.

As classmates and members of their families entered the gym they saw to their right a forest with a red jinriksha, a small stand with a brass gong. the musicians dais; to the left a powder room and a tea house both with pagoda roofs a Budha image under a tree and a group of colorful fans.

To the right of the stage was a Torri (Japanese gate post), to the left a coolie drawn jinriksha.

Two statuetts of Japanese women, a pagoda, a picture of Mt. Fugi and a boat decorated the stage. Also a rusti bridge with a make believe stream, which flowed to a pool on the right of the ramp.

To the left of the ramp twigs of pine and magnolias firmed a lawn with border of red and white flowers and "1963" in white.

At leadout time the seniors came on the stage, crossed the bridge, marched down the ramp The lucky lady leading the prom was the lovely Miss Carolyn Giles escorted by Royce Davis, senior class president. An reaching the dance floor, Ronnie Little; Jr. class president presented Miss Giles with a bouquet of white carnations tied with blue ribbon.

Following a dance sessiin Miss Giles presented Corsage to the Prom sponsor Mrs. Dera Gentry her co-sponsors, Mds. June Lowery and Eugene Guy., Mrs. Seymour Reynolds and Mrs. Gertrude Nivens, Junior class teachers.

Little Billy Shields dressed as a coolie, sounded the gong for changes in the program.

At intermission Judy Garner, Terry Cunningham and Sheila Conway presented a dance number. The Japanese Waltz; Shirley Glass sang the Japanese Rhumba.

Mrs. Gentry presided over a habasha where insence burned and she spotlighted the seniors as they came down the ramp.

Students sang their Alma Nater and all sang "Sayonara" (good bye.)

Thompson's Band from Siluria was on hand to furnish enchanting music during the evening.

OES Meeting And Social Hour

At a called meeting of Jemisonian Chapter, 398 OES, Friday night April 26 Mrs. Marie Littleton and Mrs. Ruby Davis were received into the order in a very impressive ceremony.

A bouquet of red roses was used on the secretary's desk; white peonies and red amarylis on the Worthy Matron's stand.

Following the meeting a social hour was enjoyed in the dining room.

The lace covered refreshment table presented a lovely picture. Pink flowers before lighted candles, dainty sandwiches, cookies and pink Hawaiian punch was served. A large tray held a sputnik of pine apple chunks and cubes of ham. A cluster of pink roses marked the tray.

Assembly Program

The Young People's Departrment Assembly program opened by singing Standing on the Promises. Reading in unison Matt. 28:19-20, Mrs. W. J. Stephens led in prayer. Song, Rescus the Perishing.

Christ's Commands: Be, Do, See; Go; Tell and Receive.. Michael Chandler read John 3:15· Paul Culp read John 20:17; Jerry Stephens read John 20:21; Sue Stephens read John 20:22; Jane Porter, Acts 1:8-9 and Sue Gilmore, Matt. 28:18-20. Miss Harvey read excerps from the lives of several missionaries regard to service. Song We've A Story to Tell. Closing Prayer; Jerry Stephens.

Birthday Party For Drew

A large birthday cake holding three candles; horses and cowboys was the center of attraction at the party given on Monday; April 22 for Drew Lowery by his mother Mrs. Kent Lowery at their home.

A period of games took place on the rear lawn then they played with Drew's toys.

As the group assembled around the refreshment table they sang the Happy Birthday song as Drew blew out the candles.

The honoree received gifts of toys and clothing and games; which were opened; passed for all to see.

The birthday cake, ice cream, punch and nuts were enjoyed by the little guests, mothers; also Drew's great grandmother Mrs. Mattie Cobb and his grandmother Mrs. B. O. Lowery, Vicki Milles Teresa and Tammy Cobb; Mark and Brent Hilyer; Mark Woodley; Paul, Phillip and David McKinney of Clanton; Mark and Steven Cobb and Kathy Lowery, Drew's sister.

Mr. and Mrs. Charles Lilly and 2 daughters of Beaumont, Texas were recent guests of his uncle and aunt Mr. and Mrs. J. L. Hayman.

H. D. Clubs Sponsor Social Security Meetings

Becoming more informed about Social Security and knowing the requirements to be able to receive Social Security benefits are things each person should know more about. In order to give you an opportunity to gain this information the Home Demonstration Clubs of Chilton County are sponsoring 4 meetings in the county where Social Security will be the main topic.

Meetings will be held at 2:00 p.m. on the following dates at these locations:

Tuesday, May 7th, Courthouse, Clanton - in large Courtroom on 3rd floor.

Thursday, May 9th, School auditorium - Cooper, Ala.

Tuesday, May 14th, High School auditorium - Maplesville, Ala.

Tuesday, May 21st - High School auditorium, Thorsby, Ala.

Mr. Joe Scarfinach, representative from the Social Security Department, Selma, Ala., will speak at each meeting giving general information on Social Security and will then be available to answer questions.

Men, as well as ladies, through out the county are invited to take advantage of this opportunity and attend the meeting in the location that is most convenient. Home Demonstration Club members give you a special invitation to attend one of these meetings.

Visiting Mr. and Mrs.K. H. Brown, Ann and Debbie on Sunday were Mr. and Mrs. Ed Shepherd and daughter Holly of Demopolis.

Lemons Liven Canned Dry Soup Mixes

Lemons, always available (the trees bear fruit year 'round), are prized in many circles. Medically, they've been famous since 1600 when they were discovered as a remedy for scurvy.

Gastronomically, their uses are legion. There's hardly a homemaker who isn't aware of the small miracles wrought by a dash of lemon juice, or a pinch of grated rind. Natural flavors of foods become sharper, more taste-worthy when lemon is the catalyst.

Canned beef noodle dry soup mix needs nothing to enhance its natural beefy goodness but lemon juice. The addition of bay leaf increases the bouquet.

Herbed Beef Noodle With Lemon

1 can (1⅞ ounces) beef noodle dry soup mix
3 cups boiling water
1 to 2 teaspoons lemon juice
1 bay leaf

In saucepan, stir soup mix into water; add lemon juice and bay leaf. Partially cover; simmer 7 minutes, stirring now and then. Remove bay leaf. Makes 3 to 4 servings.

Here again, natural beef flavor comes through with amazing clarity when a dash of dill and slices of fresh lemons are added to canned beef dry soup mix.

Beef and Lemon Bowl

1 can (2⅜ ounces) beef dry soup mix
3 cups cold water
4 slices lemon
Generous dash dill weed

Empty soup into saucepan; gradually blend in water. Mix until smooth. Add lemon and dill. Bring to boil, stirring. Partially cover; simmer 10 minutes, stirring now and then. Makes 3 to 4 servings.

"GRANDDAD GOES WILD!"

THIS is the time of year when class plays are being presented all through this area and we at Thorsby High School would like to take this opportunity to tell you about ours.

"Granddad Goes Wild", is a hilarious three act comedy written by Felicia Metcalfe and printed by the Huer Publishing Company. The play revolves around Granddad who is "taken in" by a tramp and his invention (an electric rat trap). When company arrives matters are complicated as the house full of of bewildered guests is quarantined for two weeks!

The result is three full acts of side splitting laughter and wholesome entertainment.

The play will be preented on Friday, May 3, at 7:30 p.m. in the High School Auditorium.

Cooking School At Armory, May 15

Do you have the problem of selecting a recipe for food your family likes to eat? If you do, ladies, plan to attend the cooking school at the National Guard Armory in Clanton on May 15 at 2:00 p.m. to receive some new recipes and to see these dishes prepared. Helpful hints for preparing the dishes and the latest points on use of the gas range will be given.

This cooking school will be co-sponsored by the Chilton County Home Demonstration Council and the Suburban Gas Company. All ladies of the county are invited to attend this cooking school. Admission will be free, but if you wish to participate in the drawing for prizes tickets are 50c each. Prizes will include ones given by the Home Demonstration clubs, food prepared, and the grand prize of a gas range.

Has Your Child Had Pre-School Shots?

The laws of our state require that a child be six years of age on or before October 1 in order to enter school. Being law abiding citizens, we must observe this law strictly. You are required to present to your child's tearher a birth certificate on the opening day of school showing his age. Please begin making arrangements right away for this certificate if you do not have one. Your Health Department will be glad to assist you in getting one. ..

Every effort is made to make your child as safe from disease as possible while he is in school. In order to keep down epidemics every beginner is required to have th triple shot which is a prevention of tetanus, whooping cough, and diptheria; and the vaccination for smallpox before he enters. The Health Department has arranged to give these shots. The Health Nurse tells us that now is a fine time for children to have the shots. She will be in her office at the Chilton County Health Department every Thursday from 8:00 to 4:30, in Thorsby every Friday afternoon from 1:30 to 4:00, and in Maplesville every Tuesday afternoon from 1:30 to 3:30. Please see that your child gets the shots and that he has a certificate at the beginning of school proving that he has had all of the required shots.

We will appreciate your cooperation in the matter.

Little Over 5 Thousand Re-Identified

Dear Voters:

THE Board of Registrars have just submitted to my office the names of all voters that have re-identified themselves through February 18th 1963. This list reveals the fact that only 5,605 people have re-identified. The last qualified voters list as compiled in my office contained a total of 12,038 names so it appears from these figures that many of you have not re-identified. Now I would like to beg and urge you to attend to this matter at your earlies convenience as the law requires that everyone must re-identify before the next election.

The purpose of the re-identification law was not to dis-qualify any legal voter but to remove the names of all non-residents and persons deceased from the poll list.

Please do not re-identify more than one time but if you have not attended to this matter please meet the Board of Registrars on the First or Third Monday in each month or come by my office and any of my clerks or myself will be glad to re-identify you.

Yours truly;
J. C. White
Judge of Probate

NEWS OF—

REFUGE

Well, we had another good day here last Sunday. There was a noticeable increase over the week before in attendance at both services. The interest and spirit in the services always takes presence over any number that might be present, but at the same time, is it not possible that good attendance could be the results of our attitudes and the spirit of God within us. "And it was noised abroad that He was in the house."

The church building caught on fire where an infidel lived in the community, and the noted non-church-man went out to see about the fire. One of the members standing close by remarked to the church stranger: "I don't recall ever seeing you here at the church before." The new comer replied: "It is the first time I recall seeing this church on fire." Seed will not even germinate in chilly soil, neither will men's hearts melt in a frigid church. When Jesus repremanded the Pharisees for standing in the door and keeping others out, he did not mean just literally standing in the entrance of the building, but he was referring to their hair-splitting creeds and worn out traditions and completely leaving the spirit of God out of their lives.

The pastor stated in his message last Sunday morning, that if the leaders of the church would prove themselves loyal without question, and work together as chosen leaders was selected to do, any problem of the church could be ironed out within a few minutes. He said, I am making this statement based on the word of God and also forty years of pastoral experience.

Our Vacation Bible School will be in progress the following week that literary school is out. Our workers are getting things together for the best school that we have ever had.

Keep in mind our singing and Homecoming the third Sunday in May. Business meeting will be held here Friday night at 7:30 o'clock. All the church leaders are urged to be present. Any-one desiring to attend is invted.

HD Club Women Tour State Capital As County Council

One hundred Home Demonstration Club members from Chilton County boarded three chartered buses in front of the Courthouse in Clanton Wednesday, April 24th at 7:30 a.m. for the annual trip sponsored by the Chilton County Council of Home Demonstration Clubs.

The first stop was at Jasmine Hill Gardens, near Wetumpka where the ladies enjoyed walking through the gardens to enjoy the beauty of the flowers and the interesting statues which are original, or copies of statues found all over the world. After leaving the gardens the group had a rest stop at a service station about half way between Wetumpka and Montgomery.

At noon each of the ladies enjoyed a delicious lunch of her own choice at Morrison's Cafeteria in Montgomery.

After lunch the group spent an hour and a half visiting the little White House, Archives Building, and the grounds of the capitol building. The next stop was at the Governor's Mansion where the ladies enjoyed seeing the beauty of the home of Alabama's first family. The last stop in Montgomery was at WSFA-TV station, where the group had a guided tour through the station.

The following Home Demonstration Club members, representing 18 Clubs, were accompanied on the trip by Home Demonstration Agents Mrs. Johnnie M. Chilton County Mutual Concert Association

The third concert in the Mutual Concert Association got off to a resounding start last Thursday night at the Chilton County High auditorium. Nelson and Neal, duo-pianist opened the program with a number by Benjamin Britten. With increasing tempo the concert began!

The entire evening's program fulfilled the bright beginning. The beautiful melody of the Brahms' "Sonata" brought the piece of music to like with much vibrancy.

After the intermission the duo-pianist continued with the haunting melody of Mendelssohn. Following were three simply charming pieces which they dedicated to their three children. And, just as at the beginning, the final number on the program by Ravel was very rousing and gave an exciting finish to an excellent program.

The final concert of this season was certainly one deserving much praise for the excellence of the performance by two of the world's leading artists. Members of the Mutual Concert Association were very fortunate in having such artist, in having such a concert series.

To look into next year's concert series is something all music lovers of this area will be doing with the start of the drive for the Mutual Concert Association. To paraphrase what Mr .Harry Neal said the other night at the concert, "He likes to think that in some concert audience there is someone who might be waiting to be inspired to a career in music." Just as likely there will be many in the audience who can begin their interest in good music at just such a concert as if offorded them here as a member of the Mutual Concert Association We can look farward to the next season and hope it will be as meaningful in musical entertainment as has this past season, our first year as a member of the Mutual Concert Association.

West End Baptist

Youth Week, April 14-21, was a great success in our church at West End. It was a spiritual blessing and a genuine thrill to see our young people serving in the various activities of their church. Mr. Wayne McCullar, who has recently surrendered to the Gospel Ministry, served as Youth Pastor. The Wednesday night service was one of the highlights of the week when some of our young people gave their testimony for the Lord. It is our sincere desire that our young people will make every week "Youth Week" in their church.

The pastor and people of the West End Baptist Church are humbly thankful to God for His smile of favour upon our church. Attendance in all the services is at an all time high. Spiritual decisions are made in almost every service, and new members are being added to the church almost every Sunday.

If you do not have a church home, "Come thou with us, and we will do thee good."

Ten Reasons Why The Church of Christ
IS WORTH INVESTIGATING

1. You may read about it in the Bible - Rom. 16:16.
2. It has no creed but the Bible, no name but Christ - Acts 11:26 1 Pet. 4:16.
3. It speaks where the Bible speaks, is silent where the Bible is silent. 1 Pet. 4:11.
4. It exalts Christ as the ONLY head of the church - Col. 1:18.
5. Its worship is patterned after the New Testament - John 4:24; Acts 2:42; 20:27.
6. It teaches that all disputed doctrinal questions CAN be settled - 1 Cor. 1:10.
7. It pleads for unity of all believers in Christ - John 17:20, 21.
8. It is not a denomination, but Christ's body - he founded it - Matt. 16:18; Col. 1:18.
9. Its aim - to save souls by the gospel, and teach godly living - 1 Cor. 15:1-4.
10. Its future - eternal glory with Christ - Eph. 5:23; 1 Thes. 4:17.

-News From Isabella-

By Mrs. Casey Cummings

Mulberry Baptist Church
Rev. Neil Glausier, Pastor

To Attend Convention

Bro. and Mrs. Glausier are panning on going to the Southern Baptist Convention in Kansas City, Missouri, about Thursday o fthis week. They will be gone next Sunday, but will be back Mother's Day. We wish for them a safe and enjoyable trip.

Miss Peggy Hicks was baptized Sunday night.

Barbecue

The Isabella P.-T.A. will sponsor a barbecue Friday night, May 10, at the Isabella High School. Serving will begin at 5.00 p.m. Price of plates will be 50c and $1.00. There will be both chicken and pork barbecue.

The Senior play was enjoyed by a large crowd.

P.-T.A. Met

The Isabella P.-T.A. met in the High School auditorium on Monday night, April 22 at 7:00 o'clock. Meeting was called to order by president, Mrs. Jack Lenoir. Devotional by Superintendent of Education, Gordon Conway. Mr. James Pierce and Mr. Calvin Wilkins had charge of program which was on planning a Worthwhile Sunner.

Speakers for the evening were Mrs. B. E. Reeves, Librarian at the Clanton public Library, who spoke about the Library and the bookmobile. Mrs. Lallie Bates swimming instructor at the Clanton Pool talked about the recreational facilities available to everyone at the park. Mr. Bennett, who is a boy scout leader for one of the troops in Clanton talked on Churches providing recreation for our young people.

Minutes of last meeting were read by Mrs. Charlie Haggard, secretary. Business session was held, which included completing plans for the barbecue to be May 10. Officers were elected for coming year. They are Mrs. Jack Lenoir, president; Mrs. Leslie Robinson, vice president; Mrs. W. J. Cummings, secretary; and Mr. Curtis Smith, treasurer. The P.-T.A.'s project for this school year was, helping pay the light and telephone bill at the school by putting on programs, barbecues etc., They have had good results in carrying out this project through the cooperation of the parents, teachers and everyone who helped in any way. After adjournment, everyone was invited to the home ec. building for refreshments. The next meeting will be May 20 instead of May 27.

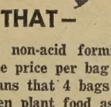
HE WILL TELL YOU THAT—



..."L/AN contains 20½% non-acid forming nitrogen and sells for the same price per bag as 16% nitrate of soda. This means that 4 bags of L/AN contain as much nitrogen plant food as 5 bags of 'soda.'

...a 'soda' user who is presently using all the nitrogen he needs can cut back 1/5 by changing to L/AN and get the same amount of nitrogen at a saving of 20c on each 'soda' dollar.

...a farmer who has been skimping on 'soda' and not using what he ought to use, can spend the same amount of money for L/AN and get 1/4 again as much nitrogen plant food. In other words, here is an opportunity to upgrade nitrogen fertilization practices at no increase in cost."

Shrine Circus May 3rd And 4th

May 3rd and 4th are the Big Days in Montgomery, for at that time the first annual Alcazar Shrine Temple - William Kay Shrine Circus is to be presented.

Two items will be in abundance during these two jam packed days - the Circus Stars and the Alcazar Nobles resplendant in their bright red fezzes.

Performances will be at the State Coliseum in Montgomery, with the first performance at 4:45 p.m. on Friday and then a night performance at 8:15 p.m. On Saturday, performances will be at 2:15 p.m. and 8:15 P.M.

Circus stars, both human and animal, will come from almost every continent in the most entertaining circus line up ever presented to Montgomery area audiences. Among them will be La Norma of Spain, the celebrated Spanish Queen of the Trapeze; the Flying Artoms, the Great Paulo; and the Great Fredrico, performing incredible acrobatics atop a 110 foot swaying steel pole.

Acrobatic features include the Great Jon-sone, The Dam Brothers, Chi and Somay, The Meltrons, The armor Troupe The cathalas, The Charlimae Duo. Clowning as it should be presented - pure comedy will be presented by William Kay Circus Clowns, toped off by an absolute comedy sensation featuring Jewl and Charlie Poplin still fighting that baffiling and cantankerour mystery, the gas buggy. Music will be under the direction of the William Kay Circus Bandmaster Al Vernon.

In the entire William Kay - Alcazar Shrine Circus, virtually every act is a feature, and the stars are not required to double. In the State Coliseum, every seat is a good seat and entertainment is assured for both young and old.

Alcazar Shrine Potentate, Horace O. Davis, said: "We are indeed happy for the privilege of bringing the Shrine - William Kay Circus to Montgomery and the surrounding area. We are confident that the crowds which attend will receive a full measure of value for the cost of their tickets in the form of the very finest entertainment the circus world has to offer."

Clanton Shrine Club President Truman Thrash said: "As a part of the Alcazar Shrine Temple, the Clanton Shrine Club is cooperating fully in the selling of tickets and advertisements, and we are encouraging all adults, merchants, etc., to take children to this very fine Shrine Circus." President Thrash further added: "All Shriners have tickets and we will be glad to fill your needs."

General admission tickets are on sale by all Nobles of Alcazar Temple and all Alcazar Club Nobles, at a cost of $1.50 per adult and 75c per school age child. Reserved tickets can also be purchased at the Central Ticket Agency in Belk's Department Store, Montgomery, or at the box office in the State Coliseum in Montgomery one hour before each performance.

Dr. Goodwin added: "On Friday night, May 3rd we will have "Shrine Night" at the Circus. All of Alcazar's Units will display their pagentry, color, and merriment. We also want all Shriners who attend to wear the Shrine Fez at all performances, and we appreciate the support and patronage of all our friends in the surrounding areas of Montgomery."

Mt. Carmel At Adams

Rev. Charles Forrister, Pastor

The attendance for Sunday School was off some Sunday due to a lot of sickness in the community. We are praying for the sick and hoping they will soon be back in church.

Next Saturday night the Adult Sunday School Class is having a social with the Young Adult Class as guest.

We had some visitors from Opelika, Sunday, Mr. Mason Giles and daughter visited Sunday. We were very glad to have them.

Rev. and Mrs. Forrister were guests of Mr. and Mrs. Charles Lenoir, Sunday. We are glad to hear Mrs. Forriester's father is out of the hospital and back home. We hope he will soon be up and back to work.

We have a large number of children out with measles. We hope they will be back in church soon.

Our WMU will meet next Sunday afternoon at 3 o'clock. We urge all the ladies to attend. And also the GA and YWA will meet next Sunday.

Visit the sick and sut-ins, if you can't visit them, send them a card and pray for them.

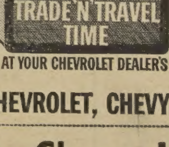
Corvair Monza Club Coupe

Who needs muscles?

Do you know how easy it is to take a corner with a Corvair or park one? Turn this newspaper sideways and it will give you a pretty good idea. The wheel handles just about that easily.

The Corvair's engine is in the rear, for not only greater traction, but more balanced weight distribution. And that's what makes the steering so completely effortless.

The engine is air cooled, too. No radiator. No water or antifreeze. No boiling over or freezing up to worry about. It takes the weather and the terrain as it comes.



AT YOUR CHEVROLET DEALER'S

So think about those trips to the beach this summer, those bright sunny days and balmy moonlit nights.

And besides, looking at it from a very practical point of view, it's Trade 'N' Travel time right now at your Chevrolet dealer's. He's got some beautiful buys.

But you had better hurry before somebody muscles in ahead of you. Spring's here. Summer's coming fast. And with these sporty good-looking Corvairs selling the way they are, he who hesitates will want to kick himself.

MR. HOWELL DULANEY

Mr. and Mrs. Howell L. Dulaney and Genie recently moved to Clanton. They live at 115 Hinkle Road. This family comes here from Birmingham and have transferred their church member ship to the First Methodist Church in Clanton. Mr. Dulaney is employed by the Alabama Power Company as District Engineer in the Clanton District Office.

Mr. Dulaney is a native of Anniston, Alabama and in 1947 began his work with the Alabama Power Company there in the Construction Department.. He has progressed through various classifications and in 1956 moved to the General Office in Birmingham as an Engineer Aide. Mr. Dulaney is a Veteran of World War II, a Mason and while in Birmingham was very active in church and civic affairs. He was a Member of the Official Board of his Church and a former Sunday School Teacher. He has been a Vice President of the Midfield Lions Club and immediately prior to his move to Clanton a Scout Master in the Birmingham Boy Scout Council.

Mrs. Dulaney is the former Robbie Reynolds of Columbus, Mississippi. Their daughter, Genie, age 16 will graduate from Jones Valley School in Birmingham in June of this year and plans to enter the University of Alabama this Fall to study Medical Technology.

Clanton is fortunate to have this family move here and extends to them a hearty welcome.

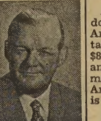
WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

While the nation's independent business and professional people, voting through the National Federation of Independent Business favor a reduction in taxes now, almost 85% of the businessmen also say government costs should be cut to offset to a tax slash.

* * *



C. W. Harder

Now, there seems to be a strange reaction to this request for cutting government costs along the Potomac. The cry goes up as to just where costs can be cut.

* * *

For quite some time, the nation's independent businessmen have voted protesting foreign aid.

* * *

Why is this not done? Nobody seems to know.

* * *

The entire foreign give away scheme was sold as a means of helping some war torn nations get on their feet. $100 billion later it is well to review some facts.

* * *

For example, somehow the Swedes got up to the trough. As everyone knows, Sweden is the most prosperous country in Europe and with an average factory wage rate of $1 per hour, maintains the highest wage scale in Europe. In addition, through two world wars, Sweden was neutral.

* * *

Thus, not only has a shell or bomb never dropped on the Swedes, but during the hostilities they have been able to do some quite profitable business in military hardware.

Thus, the Swedes need help about as much as Paul Getty needs to receive social security checks. Yet, they have been able to tap the American taxpayers for $111 million. About 20% of this is in the form of "loans," the rest has been an outright gift.

* * *

And there are other paradoxes. On one hand, the American taxpayer has been tapped to give Isreal some $870 million, of which 40% is an outright gift, and also $628 million has gone to the United Arab Republic, of which 40% is also an outright gift.

* * *

This is somewhat similar to the situation that would result if a City Council voted about equal amounts of money to the local cops and robbers to buy ammunition with which to shoot at each other, and then have the Mayor say we want peace around town.

* * *

In addition, there has come into being another new wrinkle. Every time a black tribe in Africa decides to set up a nation under the guise of anti colonialism, they apparently immediately qualify for U.S. foreign give away gifts. There is even some wonder if this concentration on anti-colonialism would have become so great if there were not U.S. foreign give away funds around.

* * *

At the present time, the American taxpayer has been tapped for $4¼ billion to spread around some 36 African nations. These billions have been given, not loaned, to the Togos, the Ugandas, the Mali, the Ghana, and all the rest, because no matter how primitive these tribesmen are, there is always a chief smart enough to know the value of the U.S. dollar.

A Little Bit O' Tuck . . .

By BOB TUCKER

THIS week's "Tuck", of necessity, is news facts from over the County and that's all-- just the facts, Ma'm!

THE County Hospital Auxiliary will meet today (Thursday, May 9th) at 9:30 a.m. in the dining room of the Nursing Home. All members are urged to be present, naturally.

REPORTS this week are that Fred Smitherman is doing fine after undergoing a very serious operatios in Bimingham. They tell us that things weren't quite as serious as anticipated, and Fred will be home in a few days. That's good!

MRS. Alta Mae Jones says to thank everyone who had anything to do with the Singing Convention. held at Robinson Springs last Sunday. The day was a success, and special thanks to the folks at Robinson Springs for the bountiful lunch which was served at mid-day.

ALEC Hayes informed us that work has begun (as of Monday) on the swimming pool and the new Country Club south of Clanton. Completion of the entire project should be within 90 days. That should be in time for a dip in the pool before summer is over.

"SMALL - allotment" farm operators are reminded by the County ASC office and Mr. Johnson that May 13 (that'h next Monday) is the deadline for the signup to vote on the Wheat Referendum on May 21st. Mr. Eddie Ofen, Chairman of the County Committee, points out that this advance signup as a means of qualifying to vote is specified in the law.

APPROXIMATELY 1500 boys and girls participated in the 4-H Club Rally Day activities held here in Clanton last Friday. There were many winners in the field events and games, and we will list the winners and the clubs involved in next week's News.

JOSEPH P. Johnson, won second place in the High School Mathematics Tournament at Howard College last week. He receives a $100 scholarship to any state institution for having won this honor. Joseph is the son of Dr. and Mrs. Joe H. Johnson of Clanton and he is a student at CCHS. He competed with more than 370 other top mathematics students in the Tournament.

A note if you please: We are not receiving the Chestnut-Creek, Cooper weekly news column early enough to publish it in the current issue. Will the correhpondent please help us out? Deadline for this copy is Tuesday at 5:00 p.m. or earlier if possible. Thank you kindly.!

CLANTON GETS INDUSTRY

Garment Industry To Locate Here Soon

"CLANTON is getting a new industry this summer," reports Mayor Hollis Jackson. Monday night, after several weeks of negotiations, the Mayor received confirmation that a new sewing and gament plant had finally shoosen Clanton over many other communities as its spot to locate an employ its personel.

S. A. Rosenfield, organizer of the new company, is approximately forty years old and has managed his father's sewing factory in the north since 1947. His father has been in the business since 1931 and presently employs 250 workers. With four key men from the established firm, Mr. Rosenfield will organize a new company to begin operations in Clanton. The five men together with their families will live in our community. The company's capital has already been raised, the machinery purchased and ready for location.

Initially fifty women will be employed from local sources together with several pressers, a sewing machine mechanic and floor supervisor. The plant will locate in the cement building directly in front of the cotton allotment building on 8th St. west of the railroad.

The building, presently under lease to Dan River Mills for storage, will be partialy released by that company this month anl prepared for the establishment of the new plant.

The products will be sports wear, mostly out of knit or stretchable materials, for teenagers and children.

"We are very pleased to get this plant!" said J. H. Stokes, president of the Chamber of Commerce. "The owners and operators of this plant will be living and working here with us in Chilton County. The skills, capital and equipment they bring with them will create new job opportunities on the local level.'

"Much hard work has gone into finalizing plans for the new installation. We are greatly indebted to the Alabama Power Company and the Alabama State Industrial Planning and Development Board for bringing this prospect in and in the tremendous help they have been in helping us to promote our community.

Stokes further reported that the new company was definitely committed to establish here, provided sufficient employees are available to operate its machines. Therefore, before the final contract is signed with the community applications for the jobs will be completed by women over 18 years of age who are interested in new employment. The Company hopes to expand rapidly ot 200 machine operators and must have assurances that the labor is available. Employee's pay scale begins at $1.15 under the minimum wage law.

All women who are interestel and need work are urged to make application for these jobs this Saturday at the Courthiuse between 8 a.m. and 7 p.m. Full interviews will not be scheduled until later. Those who wish to be considered for these jobs should apply this Saturday. Applicants should be at least 18 years or older and able to read and write sufficienty to fill out their own application blank

Final details for the plant installation are being worked out by the following Central Committee:

Hollis Jackson, Mayor

J. H. Stokes, Chamber of Commerce; Lamar Clayton, Chamber of Commerce Industrial Committee; R. C. Williams, Chairman Industrial Dewelopment Board of Clanton.

Sub-Committees:

Building Committee: Bill Davidson, Burton Mullins, Mac Goodwin.

Training Prigram: Lewis Headley, Luther Little, H. Watson Yeager.

Employee Applications and Labor survey: Charles Segrest, Jessie C. Mims, Hollis Jackson.

Housing for Personel: Bill Reid B. L. Adams, „

Finance Committee: R. C. Williams, I. S. Levine.

Youth Rally Meets Saturday Night

The Chilton Unity Youth Rally will have it's monthly meeting this Satuday night at the Oak Grove Baptist Church just north of Jemison, at 7:30. A splendid program of inspiration is being planned for the youth of our county and we want to give every young person a special invitation to attend this rally.

The program will consist of a testimonial service under the theme "Why I Am Committed To Christ." These testimonies will be given by some of our own very fine young people of our county. These testimonies will be accentuated by the signing of thse special groups of singers from Alabama College in Montevallo.

With such a tremendous combination for this rally, we feel that this Sautrday will be a real highight in our Youth Rally endeavor. You don't want to dare miss this rally, for it promises to be one to be remembered for a long time.

The Youth Rally woking under the Chilton-Unity Baptist Association is an organized effort of this body of Baptists to mobilize the youth of our county behind the cause of Christ Jesus. To this end, we covet your prayers and support. If you have not already begun to do so, begin this Saturday night and meet with us at the Oak Grove Baptist Church. We hope to see you there - will we?

Scout Tucker Attends Conference

Explorer Scout George Tucker attended the Region Five Explorer Delegate Conference in Pensacola, Flo., over the week end. The 3-day conference was held at the Naval Air Station and was attended by approximately 500 Explorers representing 12 states. George represented the Clanton Exploer Post 44 which is one of the most active post in the Tukabatchee Council. Dr. W. C. Parker is Post Advisor and the Lion's Club is their sponsor.

Job Opportunities Open For Local Women

THIS Saturday, May 11th, applications will be received from women within a 25 mile radius of Clanton, who desire employment with the new sewing factory, which is locating in Clanton and planning to start operations here this summer. Preliminary applications will be available at the Courthouse this Saturday from 8:00 o'clock, A.M. to 7:00 o'clock p.m. for women interested in employment, who must be at least 18 years of age and able to read and write sufficiently to fill out their own application.

The new factory will specialize in children and teenager's sports wear made mostly from knitted or stretchable fabrics. The Manager of the new plant exhibited some samples of his proposed products to the Chamber of Commerce and they include play suits, pull-over sweaters, pedal pushers and matching sets.

A free training program will be provided in sewing machine operation for those applicants who qualify. The training program is expected to take two to four weeks and will be supervised by the State Department of Education.

All women who are interested in employment should make application at the Courthouse. The Minimum age for applicants is 18, but there is no maximum age limit. The Chamber of Commerce requests all citizens promoting industry to remind any of their friends or acquaintances who need such jobs to come to the Couthouse and make application since some may miss the announcements of the new plant.

Rash of fires keeps volunteers hopping

ABOVE is a scene of the raging fire which destroyed the chair factory in West Clanton, last Saturday morning about 11 O'clock. The business operated by Mr. James Puckett and Mr. Otis Jones, was located just west of the Old Thorsby Road where it intersects with Highway 22.

Cause of the blaze was undetermined, but the building and its contents was a total loss. The Clanton Fire Department battled the blaze for nearly three hours Saturday ond were called out again Sunday around noon, to check a sawdust pile which was still burning.

Early Wednesday morning about 4:30, the home of W. A. Gulledge in Verbena was slightly damaged by fire. The floor of the house and a few of the furnishings were damaged, but loss was not too great.

Also Wednesday morning, about 7:30 a fire broke out in an empty house in North Clanton on Highway 31. The house, located near the Henry McKee place, was not destroyed, but considerable damage was done to the interior.

Maplesville -- West Chilton--

AS an integral part of Chilton County, the municipality of Maplesville, many times feels left out of the swing of things in this County, because it is the only community of any appreciable business size in the County, which is not in line with the L&N Railroad, Highway 31 and now Interstate 65.

It has been proven time and again, however, that Maplesville, in it's strategis location near the University Highway and on two railroad lines, is a tremendous asset to the whole which is Chilton County, and great interest is shown in County government and in social and civic affairs.

The Chilton County News has always been interested, probably more than average, in Maplesville and the surrounding communities. Because it is closely-connected with three other counties in the state makes it even more important to this county in its relations to the state as a whole.

We, the News, have a new correspondent in the Maplesville area. There have been some fine ones in the past; and after talking with this lady at length this week, we sincerely believe that she feels as we do about the growth and future prosperity of Maplesville, as a vital part of Chilton County.

She is Mrs. T. C. Watson, whose husband runs a service station business in Maplesville; and who is very much interested in the community and is active in church and civic affairs.

We are proud to have Mrs. Watson as a part of our growing organization here at the News and we hope the communications will be friendly and longlasting. You folks in the Maplesville area can reach Mrs. Watson at Maplesville telephones 4223 or 2931. Let her know what is going on; so that she, in turn can let the News in on it; and we, in turn, will tell the whole County!

Water Safety Week--

ACCORDING to correspondence from Governor George Wallace's office, the week of May 5-11 has been declared 1963 Water Safety Week in Alabama.

This seems especially significant to us here in Chilton County, because we are closely in line, geographically, with a large body of water; namely, the Coosa River. Hundreds of local citizens spend many hours each week on the main body and the tributaries of the Coosa; and hundreds more come from surrounding counties and states to enjoy the fishing and recreation available on "our" Coosa River.

Rarely a week goes by that we do not read of unnecessary tragedy on rivers in this state. It is becoming increasingly evident that more and more people are taking an interest in water sports and activities in this area.

It should be second nature for anyone who spends a lot of time on or around the river, to practice safety measures and take intelligent precaution to prevent tragedy. If you have taken up an interest in the water; see to it that you yourself, and all the members of your family are well-versed on the safety measures necessary for fun on the water.

The worst kind of tragedy and loss of life, is the seemingly unnecessary kind. Just a little bit of caution and common sense could save you tragedy in your family circle.

Brains Grow In Chilton--

CHILTON County is known for a lot of things; some good, some not so good; but when it comes to brains and the application of same, we think Chilton stands out.

At least four Chilton County lasses, have been awarded citations at Alabama College in Montevallo, for outstanding academic achievement. They are: Mary Virginia Veazey, Maplesville; Martha Frances Palmer, Clanton; Constance Lou Baker, Clanton; and Linda Gale Penton, Clanton. Chilton always seems to have it's share, and then some, of outstanding college students. More power to them!

Congratulations To
Birmingham News--

ESPECIALLY in recent years we have not had much use for the Birmingham News and its editorial policy; a fact, which in itself, is not an insult because it is just not our kind of newspaper.

However, we have to hand it to the News in its policy of not publicizing the racial trouble which is now showing itself so vividly in the "Magic City." We have always had a special place in our heart for Birmingham and it is tragic that this metropolis of the south is having to go through such as it is these days.

Trials and tribulations are at every hand for the citizens of Birmingham, and they seem to be having a hard time deciding just which is the path to take.

The News is to be commended for its attitude in not, as we term it in the newspaper field, "playing up" the racial disorder in the city at this time. News is one thing; publicity completely another. It is encouraging to see that the big daily has the presence of mind to determine that there is a difference. They are giving Martin Luther King and his henchmen (and women) exactly what they deserve in this endeavor they insist on pursuing. . . absolutely, irrevocably nothing!!

A Challenge For
"Headshrinkers"--

WE only know from what we read, but many times what we read is obviously written in sympathy with Robert Kennedy's ideas and attitudes, and we can draw no other conclusion than that he does not know much about what he talks about.

He is oft quoted as an apparent philospher as to the desires, wants and needs of a dowtrodden and mistreated race -- the Negro. We repeat: he doesn't know what he is talking about.

For example: he says of the Birmingham strife: ". . . are understandably expressions of resentment by people who have been the victims of abuse and deprivations of their most basic rights." And this is not-so-understandably an expression of pure hogwash.

Even he, Mr. Kennedy, must see that these Negro agitators in Birmingham are using him to further their own selfish aims. The down-trodden are not the ones who are causing the ruckus in Birmingham. Those causing the trouble are simply troublemakers, dyed-in-the wool, who seek only one thing, whether consciously or not, and that one thing is confusion.

The leaders of the trouble do not consider themselves down-trodden. On the contrary, we think they feel themselves very fortunate that they have such a good thing going for them. They have taken the sympathy of some misled officials of our government and expanded it into a crusade which could very easily set this country back for years and years. That in itself, is pathetic.

We have no sympathy for the agitators, and we have less sympathy (if that is possible) for those high officials whom they have duped into believing that their cause is a just and righteous one.

Human relations is nowhere in sight during all the demonstrations in the name of "civil rights". They are merely demonstrations by exhibitionists. And what exhibitionist couldn't claim for himself a certain number of followers, through the mere fact that some people will follow anyone?

Where is common sense? Where is plain old horse sense? Where is intelligent thought and where is justice? The Negro's just grievances may need to be solved; but what of everyone else's grievances, if justice is truly to be served.

Mr. Robert Kennedy and Mr. Earl Warren need both their heads examined. Is there a "head shrinker" who is willing to take on quite a challenge?

Chilton County News
Clanton, Alabama
Dear Sir:

Would you be kind enough to publish in your fine paper this letter expressing our thanks to your town? It is only a small token of our appreciation for the help and service we received during a Week spent in Clanton.

TO THE PEOPLE OF CLANTON, ALABAMA

While approaching your town on April 2, 1963 we had an accident on Road 65 and were taken to the Chilton County Hospital. We were detained one week in Clanton with personal injuries and repairs on our car and trailer.

We wish to express to the people of Clanton, Alabama, our gratitude for the wonderful kindnesses and consideration we were shown during this time. We especially wish to extend our sincere thanks to the doctors, nurses and employees of the Hospital, the Bell Hardware, Pinedale Gardens, Peoples Bank, and Martin Funeral Home for the lovely gift, Mr. and Mrs. Elmore and Family, Mrs. Hugh Jones, Mr. and Mrs. Teel of the Ellis Motel, Mr. Howard Maddox of State Farm Mutual, Father Joseph Furmanek, Officer Billy Lawrence of the State Police, and to the men at Chevrolet who repaired our car so quickly for us.

Although we were injured, we will long remember the friendship and help we received from everyone we met in Clanton. God Bless your Southern Hospitality we had heard so much about - it made this week a standout in our lives - a time when we met so many "Good Samaritans".

Dear Mr. Tucker:

As you know the Cancer Crusade has a couple more weeks to run. Nevertheless, I would like to thank you now for all the effort and time you have devoted to it.

Were it not for the fact that people like you get behind the charity drives they would never succeed. I am, naturally very much aware of the dollar value the amount of space you have published for the Cancer Drive would add up to if it had to be paid for and we are all grateful for it.

Please keep up the good work.

Cordially yours,
Charles F. Grisham,
State Chairman,

ACROSS THE EDITOR'S DESK —

Direct to local store Owners: A challenge

Editor
Chilton County News
Clanton, Alabama
Dear Sir:

Your paper has recently published very interesting letters to the editor regarding the development of industry and recreation along the banks of the Coosa River. The last letter apparently was from the Honorable R. L. Scott, Supervisor of Recreational Development for the Alabama Power Company. Mr. Scott is obviously well qualified to give his opinion and suggestions for improvement of the lake area. I also read with much interest the very fine letter from Commodore William M. Bennett of Mitchell Boating Club.

I, too, am a member of the Mitchell Boating Club and have a place on Mitchell Lake, more specifically at Mitchell Lake Lodge, that my wife and I visit practically every week for one or two days. It has occurred to me that the merchants and citizens of Chilton County are overlooking the potentialities for business and prosperity from the lake section. With this in mind I addressed a letter to the Chamber of Commerce at Clanton on March 1, 1963 and received a nice acknowledgment from Mr. Jon Will Pitts, Executive Secretary of the Chilton County Chamber of Commerce. I would like to reiterate some of the points stated in my letter of March 1st.

We curtail purchases in Chilton County as much as possible to eliminate traveling over the last portion of the road to the lake. In other words, we, upon leaving Birmingham, attempt to obtain all supplies that might be needed on our trip and which might be used for the time that we spend on the lake in order to avoid any unnecessary trips over this last stretch of road. In order to reach our place we travel south on the new Interstate Highway to its intersection with 31 near Holiday Inn, then proceed to Coopers, there making a left turn and travel approximately three miles on paved road to a dead end. We then take the left on the dirt mentioned. In dry weather the road which I have heretofore dust on this road is practically unbearable and in wet weather muddy conditions make travel very uncertain. As a matter of fact. I had to go to the expense and trouble of being pulled out of the mud a couple of months ago after a heavy rain. The place where I became stuck in the mud was near the entrance to Alaga Lodge.

My experience with this particular stretch of road is shared by others having places near by. On rare occasions when the road is not too dusty or too muddy (and very rare occasions) my wife likes to take a trip into Clanton and shop in the stores. On a recent trip the purchases at one of the superstores amounted to approximately $25.00 and my wife made purchases at other places where merchandise was on display. We do not, however, take chances on obtaining anything in Chilton County that we can bring from home for the reasons heretofore given. If the premises on the river are in need of some hardware, houseware, repairs or equipment, we make a note to bring the items on the next trip and to carry such equipment that might need repairs back to Birmingham for that purpose. Frankly, we would like the situation to be so that we might run to Clanton at any time, to obtain any little items that might be needed or desired, or for the purpose of grocery shopping and to purchase any othe items to eliminate hauling so much from Birmingham.

We have had several friends who from time to time have expressed a desire to have a place on the river similar to ours but usually a trip over the road mentioned has a tendency to stiffle that desire.

I believe that if it is possible to blacktop that particular stretch of road more people would be attracted to the vicinity and the business of the merchants in Chilton County would be substantially stimulated. Perhaps others have experienced our present difficulty and would be interested in expressing their views through your good paper. If you believe this letter would be of any interest to the merchants, citizens and your subscribers, please give it such attention as you think it deserves.

Yours very truly,
Clifford Emond, Sr.

A Tribute To R. M. McGee; Vo-Ag Teacher

JEMISON FFA CHAPTER MAKING PROFIT FROM FARM OPERATIONS

Vocational agriculture teachers are among the most important educators in Alabama's public schools. And none of them are doing a better job of training young farmers than R. M. McGee, vo-ag teacher and FFA advisor at Jemison high school in Chilton County.

Teaching profitable agricultural practices in a topographically poor and depleted region of Alabama is not easy. Boys from marginal farms are apt to take a dim view of making agriculture their life's work. But, McGee has taken his Auburn training and his farm experience and is painting a brighter picture for young farmers around the Jemison community.

His Future Farmers raise corn and hay for sale on the open market. They use the best recommended soil improvement and fertilization practices to assure a profit from these two crops. The money they make from this and from the soft drink concession at school is being used now to expand their operations to include a beef cattle program.

Jemison's FFA chapter was awarded a top bull from Dr. J. J. Hicks' Briarhill Farm under the Sears bull program. Now they are purchasing high quality heifers for this bull to service after he has been shown and released into the community.

Pasture improvement is coming olang slowly but soundly as money is available. A sod-seed program is upgrading the pasture grass so that it will provide good grazing and high yielding hay crops. Fertilizer is spread annually, clearing is done regularly and the fencing program progresses as it should. Fence posts will be installed.

The land for the Jemison FFA chapter farm came from the county government. It is part of a parcel of land consigned for construction of a new school. What is left of the 55 acre tract after the school is built will be added to the existing farm acreage.

Chapter farms are not primarily designed to make money. Their basic function is as a teaching aid, a place for practical use of farming techniques FFA boys learn in vo-ag class.

They are not like commercial farms. There is more labor available for work on them, they are generally too small to be profitable and there is not the need to make a money profit from them as there is from a commercial farm.

But just to show that it can be done, R. M. McGee is making a money profit from his chapter farm, and he is also making a greater profit than money. He is, after his fourth year at Jemison, releasing well trained, realistic, profit-seeking young farmers into central Alabama.

Youngsters Observe Their Elders In Capital "Talking About Education of Children"

"MY TRIP TO MONTGOMERY"

On Thursday, April 25th 1963, Mrs. Moore's fourth grade class of Clanton Elementary School went to Montgomery to tour the Capital, White House, Archives and History, and the Governors Mansion. There were the most interesting building I have ever seen.

Every pupil wore Indian costumes. Bill Snider and Danny Foshee wore real Indian headdresses because they made the highest grade for two months.

Five mothers went with us Mrs. Bates, Mrs. Foshee, Mrs. Hamm, Mrs. Maddox and Mrs. Norris. I rode with Mrs. Norris, Penny Norris, Paula Parrish, Mike Hayes, Pam Taylor, Bill Snider, Mary Ann Elmore and Wanda Cook.

First we went to the Capital. In the Capital we met two other fourth grade classes. We had a guide to show us around. She told us to look up at a round circle of stairs going to the third floor in the building.

The guide told us to count them as we walked up them. I counted fifty six. She told us there were no rails or steel to hold up the stairs because it is balanced just right to hold them up. She said that Steven Butts designed the stairs. On the walls were pictures of famous people that lived long ago.

We were seated in the balcony above the House of the Representatives, a room where there were 106 seats and two voting machines. She told us how it worked. Then we went across the hall to the balcony where the senate was in session. They were talking about the education of children.

Then we went outside to eat our lunch. On the way we saw statues and a cannon that was used in the War Between the States. Then we ate lunch.

Next we went to the Archives and History Building. It has three floors. We saw Indian pottery and stuffed animals and birds. We saw dresses worn by Mrs. Julia S. Tutwiler and Emma Samson during the War Between the states. They had old pianos, a harp, old guitars, and fiddles. One fiddle was made of a turtle shell.

In another room there were eggs of all kinds. Then still in another room was a queen's robe, crown and wand. We saw an old spinning wheel and some mirrors. We saw some statues and a big bell. In the Hall of Fame we saw plaques that had the names of famous people and what they did. Then we saw a lot of flags. There were some song books of George Washington's time. We saw a guitar, fiddle and piano of George Washington time. In a hall we saw some of Hank Williams' suits, boots and his guitar. There were many pictures on the wall. We saw George and Martha Hashington dolls.

Then we went to Jefferson Davis home. His entire home is kept today just as it was when he was living by the UDC. The antique furniture in the living room, dining room, bedroom and his study was beautiful. His bed with the canopy was so pretty.

At 2:30 p.m. we went back to the Capital to see the governor's office. It was beautiful. Each of us were given a gold colored coin with a picture of Governor Wallace on it.

Then we got into the cars and went to the Governor's Mansion. It was built in 1900 by the late General R. F. Ligon. It was purchased by the State of Alabama in 1950. Some of the house is made of marble from Alabama. There are some pictures on the walls. They are confederate heroes such as Jeb Stuart, Robert E. Lee, John Pelham known as Gallant Pelham and Fighting Joe Wheeler. We studied about all of thtse great heroes in our Alabama History. The furniture was beautiful. There were huge chandeliers and mirrors and a beautiful red rug on the steps leading upstairs. Each pupil signed the guest book and got a folder. We saw Mrs. Wallace, George Jr., and Janie Lee, the baby.

From the mansion we headed home, rejoicing over an enjoyable day. Our mothers were waiting for us when we returned to school.

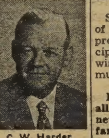
WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Paraphrasing a famous line of literature "The American people are the American people, and the State Department is the State Department, and never the twain shall meet."

* * *

That would appear to express the basis of a recent statement by Congressman H. R. Gross of Iowa in which he urges all Americans to emulate the position taken by the city government of Columbus, Ohio.



C. W. Harder

* * *

Without equivocation, Rep. Gross states U.S. State Dept. is bringing pressure on the big department stores, especially those in chains, to buy, stock, sell merchandise produced in Communist nations.

* * *

He points out that this is most inconsistent with the official concern over unemployment in America, as goods produced under the slave labor of Communism is not reflected in jobs for any American.

* * *

He then points out how Mayor W. Ralston Westlake and the City Council of Columbus, Ohio has handled this situation.

* * *

The city government has passed an ordinance which provides that any wholesaler or retailer of Communist made goods in Columbus must obtain a license and pay a $100 per year fee and such license must be conspicuously posted so that customers are aware they are being asked to buy Communist merchandise.

In addition, such a place of business must prominently display signs with letters not less than 5 inches high telling that Communist made goods are being sold, and any advertising must also state this fact.

* * *

Violation can mean a $500 fine, six months in jail, or both.

* * *

So once again, the heartland of America takes the lead in proclaiming an American principle, and also a much deeper wisdom of how to combat Communism than the bureaucrats.

* * *

Because Russia, China, and all Communist nations have never been able to socialize the farmer and get production of food, the big domestic problem of the Communists is to get enough food. Without food, their systems would collapse.

* * *

They can, and are, buying foods from nations considered American "allies." But these "allies" want money for food they sell Communists.

* * *

But with Communist nations selling their goods to America for dollars, they then have the money with which to buy food to keep their people from rioting, keeping their armies well fed, and thus in a position at the proper time to attempt to make good Nikita's boast to bury America.

* * *

Congressman Gross is urging that more communities follow the example of Columbus, Ohio. It seems an effective and legal way for the American people to fight communism despite the State Dept.

* * *

Or, at least, up until this time, no Federal troops have been ordered into Columbus to protect a Polish ham.

Mr. Motley offered the following preamble and resolution for adoption which were duly seconded by Mr. Mims:

WHEREAS, The Central Sand & Gravel Company, Stanton, Alabama, owned by E. A. Cole, Sr., and E. A. Cole, Jr., Plantersville, Alabama, has petitioned the Board of Revenue and Control oi Chilton County, Alabama, requesting exemption from taxation, as provided in Sections 3-8, Title 51, Code of Alabama, recomplied 1958, from April 22, 1963, to October 1, 1972, a period of ten year for the industrial plant and machinery totaling $33,400.00, according to applicants exhibit "A" attached to said petition.

NOW, THEREFORE, BE IT RESOLVED AND ORDERED: That Central Sand & Gravel Company, a partnership composed of E. A. Cole, Sr., and E. A. Why do you support communism?

BUY AMERICAN-MADE PRODUCTS

BY BOB TUCKER

"WASHINGTON And Small Business" should be "must" reading on your list this week in the News. It can be found on the Editorial Page, and concerns a subject which we have wondered about for a long time: Namely, that of Americans buying, American-made goods.

It seems that every toy. knick-knack, some clothing and various and sundry other items brought into our home are made in Japan, China or even some known Communist country. We don't understand how this comes about. When we mention it to folks around us, with very few excepiotns, they don't act particularly perturbed at the whole thing.

We know of very few merchants in Clanton, where we do all our buying, who have openly expressed the fact that they will not handle anything but American-made goods. Some, we suppose would have to go out of business if they did have to. And that is why we feel that something should be done about the situation.

Why can Chilton County merchants buy foreign-made goods cheaper than they can American made goods?

Why are foreign made goods even allowed on the open market, if there are similar products made right here in the United States?

It is unbelievable to us, that with unemployment, high prices, and so forth, the way it is in America that foreign-made goods would even be allowed in our boundaries. Why doesn't Congress or the State Department, or somebody do something about it..

By George, it is our opinion that this sort of thing gets right down to the cost of American allegiance and patriotism. Why are we so complacent? Why do we sit around on our posteriors shaking our heads. . . and that's all? Seems to us, a little fist shaking is in order; and possible a bit of head-rattling, to see if we can't support our own free enterprise system before we set iut subsidizing someone else's.

The control of this thing, will have to be done on the level of the local merchant. He has the necessary things at his disposal to know where his merchandise is coming from.. Many times; in fact most of the time, we have to take the item we buy, home and look it over very carefully, before we can determine where it came from. And when we see we have bought foreign made goods, it takes a lot out of the purchase, if you know what we mean.

If a local merchant has it in him to buy American-made goods, we think the people of Chilton County will support him. Especially if he tells them what he is doing, and they realize what their "buying power" really means in the scheme of things.

Buy American, American!

County Band On The Way--

ACCORDING to the information we can gather, Chilton County is not only in line for a summer band program, but the band will be a County Band (for specific occasions) if things that are in the mill turn out O.K. We understand that one of the other municipalities other than Clanton is already making efforts to enter the program, and hopes are that another will join in shortly. This may not mean much to you folks who have "tin ears", but to those who love the Sousa marches and the sound of drums, it is a dream becoming reality.

NEWS OF—

REFUGE

Refuge Baptist Church recently voted to have full time preaching. rntil just recently, the church has just been having preaching twice each month. We are most grateful for the wonderful spirit of fellowsrip in our midst, and we feel like that our work here will be more progressive since our pastor, Bro. Lockhart, will be preaching every Sunday. We had a wonderful day here last Sunday with good attendance.

Our summer revival will begin here the second Sunday in August and continue throughout the week with two services daily. The church voted for the pastor to select the evangelist for the meeting, and he urges the church to be much in prayer because it is no small matter to plan for a revival.

Again, we wish to call attention to all the parents of the community concerning the Vacation Bible School that will be held here the first week in June. We feel that this is the best time to have the school because of the peach and other crops that will soon be ready for harvest. We would be delighted to have every child in the community to attend the school, and will make every reasonable plan to transport the children to and from the school. It will be held from eight to eleven o'clock.

Last, but not least, is our singing which will be held next Sunday week, May 19. Mr. Johnnie Minor is Chairman and we have promises of many good singers from different parts of the state. Mr. O. C. Boone of Montgomery together with his entire singing family and musicians will spend the day with us along with many others. The little man with a million friends and his family is expected to be with us. He will be calling your attention to our big day here over WKLF.

We will meet here Saturday morning of this week May 11, for the purpose of cleaning off church grounds. Come along and bring tools to work with and enjoy the fellowship with us.

NEWS OF—

Samaria

The Baptist churches in the Clanton area have formed a men's softball league. Samaria is one of the participating members. The men met Monday night to form. The first game was on Tuesday night at the Clanton Park. There are six teams and three games every night they play. They regularly play on Saturday night, but due to the meeting of the Youth Rally, they met on Tuesday.

The Bible School faculty met at the church Monday night at 6:30. They made further plans concerning the activities of the Bible Schoil. Our Bible School Preparation Day will be May 31. We will start on Monday, June 3, and go through Friday, June 7. The classes will last from 8:00 until 11:00.

The Youth Rally will meet Saturday night at the Oak Grove Baptist Church above Jemison They will meet at 7:30. This is to be presented by the young people of the county. Make plans to be at the church at 7:00 to form a caravan to go to Jemison.

Don't forget our Prayer meetings on Wednesday night.. We have really been enjoying our study in Hebrews. Come and study with us. Young People come for choir practice afterwards.

We also seem to let Thursday night Visitation Program slip by. We cannot expect our church to grow in the way we want unless we visit.

If you have no church home, we want to invite you to Samaria Tris Mother's Day would be a wonderful day to become more active in your church life. Come and be with us.

Woodland Fire Education Films Available

Teachers, P.-T.A. and other civic groups are being asked to schedule a new series of color sound motion pictures on wood land fire education, and also another series of highway driver training for teen agers, it was stated in Clanton Monday by W. L. Shaddix, a former teacher who is employed by the Southern Forestfire Commission, Inc., Birmingham to help arrange assembly programs in both High and Elementary schools to further conservatiin supplemental work.

The Commission, a non-profit corporation was formed in 1938 with a fund contributed by the late Mrs. Margaret Tutwiler of Birmingham, and after her death, financed by a large group of altruistic banking, wood industry and timber growing interests.

Former teachers have addressed school groups throughout Alabama on how boys can "grab a brushtop and run" to stop a forestfire.

Full details of the free visual ails are available on appication to the Mommission, Box 3235, Birmingham 5, Alabama. The office building is located at 1912 13th Ave. S., phones FA 2-1289 and TR 9-0739.

Pure 'Meanness' Seems Reason For Setting Of Forest Fires

In Chilton And Statewide— SOME 50 FIRES IN CHILTON UNDER INVESTIGATION

State Conservation Director Claude D. Kelley revealed today that Forestry Division personnel recently obtained eight written confessions for wood's arson. Several other persons are "under investigation for illegally setting forests fires in Alabama," according to the conservation official.

The incendiary fires, set during the March and April flameups, apparently destroyed several thousand acres of Alabama timberlands. Kelley said six of the confessors had been arrested and were now out on bond. Warrants have been issued for four others who voluntarily admitted setting the fires.

Kelley said two boys confessed to starting eight fires in Conecuh and Covington Counties and an elderly man admitted setting a 1150 acre woodland blaze in DeKalb County. He called the DeKalb burning "the largest known recent incendiary-type fire."

State Forester Jake Stauffer said warrants had been issued for three persons from the Citronelle area. The three alleged arsonists are each charged with setting one or more small fires in Mobile County.

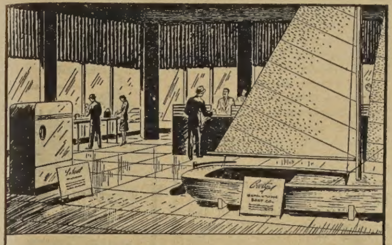
The veteran forestry Division chief said two people in Chilton County and one in Coffee had confessed to actual or attempted incendiaries. Oral confessions were also reportedly obtained for other fires occuring in Covington County.

Foresters are investigating suspected arson fires in St. Clair, DeKalb and Covington Counties. A string of some fifty unusual fires set in Chilton County are getting a close look, he said.

C. F. Attaway, Chief Fire Control Officers, defined incendiary fires as those "intentionally set by a person on the property of another without authority to do so." He said fires started with "malice" are included in this type of fire. Attaway added that almost 200,000 acres of Alabama forests have been damaged by fire this year.

Most of the suspicious forest blazes were investigated by Foresters Charles H. Barnes and Arnold Leak. They stated that some of those who confessed gave no reason for their act. Some of the strange motives given included: "open up the woods", "something to do", "get into some meanness", and "clear the right of way to find empty drink bottles to sell."

Those who confessed to starting incendiaries ranged in age from 16 to 68.



Bank—or Department Store?

It's hard to tell which the picture shows, isn't it? Actually, it shows the lobby of a commercial bank, in which an assortment of wares is exhibited—because they illustrate goals attainable through use of bank services.

Banks often feature displays like this, giving their premises the appearance of department stores. In another way, America's commercial banks are department stores—of financial services. Under a single roof, the customer finds an assortment of useful credit services, and handy facilities for safeguarding possessions, transferring funds, and practicing thrift.

Bargains abound. Cost is low on loans for all sound purposes; safe deposit protection costs pennies weekly; the benefits of a checking account cost little or nothing; the unique advantages of a bank savings account are yours plus interest.

A century seems a short time indeed for commercial banking to have reached the state where it can offer the average American this all-around financial service.

It was just a century ago—in 1863—that President Abraham Lincoln signed the National Currency Act. By creating a national currency, the Act created a key growth catalyst for economic advancement. And by providing for Federally-chartered banks, to join the existing state-chartered banks, it created the "dual banking system" that has so greatly augmented that advancement.

An anniversary marks not only an end but also a beginning. As America's commercial banks look back on their record with pride, they look forward to a new century of progress—through service.

Legion Establishes Scholarships

Montgomery, May 1 - The American Legion of Alabama announced today the establishment of two scholarships, one each at the University of Alabama and Howard College. The announcement was made by Dr. Leslie S. Wright, State Chairman of the American Legion Education and Scholarship Committee.

In making the announcement Dr. Wright, who is President of Howard College in Birmingham, stated: "Arrangements have been made with the University of Alabama and Howard College to establish a four year scholarship at each of these two institutions beginning with the fall semester in September, 1963. The scholarships amounts to $200 per year.

The University of Alabama is the largest publicly supported institution in the State while Howard is the largest privately supported institution of higher learning in Alabama. To be eligible for these scholarships the applicants must be residents of Alabama and descendents of veterans. The scholarship, the recipient must maintain a grade average of "C" or better. It is anticipated that American Legion scholarships will be established at all other fully accredited four year colleges in Alabama as soon as funds are available.

This scholarship program affords a splendil opportunity for a young man or woman to be assured of financial assistance in obtaining a college eduration."

High school principals are crged to make the announcement in their schools and those interested in applying for these two scholarships should contact the State Adjutant of the American Legion at Box 1069 in Montgomery. Also eligible are those already graduated from high school who have been unable because of financial reasons to continue their education on into college.

Dr. Wright, as State Chairman of the Education and Scholarship Committee, will head the Selection Committee which will be composed of prominent members of the American Legion representing the various districts in the State.

Raymond Weeks of Birmingham, State Commander of the American Legion, stated: "The American Legion has just concluded arrangements for financing scholarships at two Alabama institutions of higher learn ing which will provide educational opportunities for descendants of veterans. These scholarships are the first to be established in the 44 year history of the American Legion Department of Alabama. It is our hope that sufficient funds can be obtained in the near future to establish a similar scholarship at each of Alabama's fully accredited four year colleges, both white and colored."

YOUR SOCIAL SECURITY

(This series of questions about Social Security is compiled from the questions sent to the Selma Social Security Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, C|o Chilton County News, Clanton, Aalbama.

Q. I'm 58 years old and disabled to work. I've paid two years into social security. Can I draw old age or disability checks?

A. No. You can't draw retirement benefits until you are 62 and you must have 4¾ years social security work credit. You don't have to be any particular age to get disability payments, but you must have five years work credits during the ten year period before you were disabled. You say you only have two.

Q. I am a widow 53 years old. My 12 year old daughter and I have drawn $96.00 a month social security since my husband died in 1957. If I died would she continue to get social security, and if so, how much?

A. Your child would continue to get her checks until she is 18 unless she married or started to work and her earnings were too high to allow any social secuity payments. She would continue to get the same amount she does now.

Q. I am drawing social security checks for my son who will be 18 on June 15th. Can he continue to get benefits until he has finished high school?

A. Sorry, but when your child reaches 18 his payments will be stopped. In your case, this means no more checks after the one for May.

$24 Million Road Contracts To Be Let 31st

Montgomery -- Totaling more than $24 million and including 52 projects in 35 counties, the highway contract letting scheduled for May 31 in Montgomery is the biggest in Alabama Highway Department history, according to an announcement this week by Gov. George C. Wallace and Highway Director Ed N. Rodgers.

Breaking down the estimated $24,321,000, Rodgers said $12.9 million will go for interstate construction, $8 million for primary, more than $2 million for secondary, and $848,000 for urban projects. All projects involve federal-aid funds.

Scheduled interstate projects cover 27 miles in six counties: 13 miles of grading, drainage, and bridges on Interstate Route 59 in DeKalb County from Lebanon to State Road 35 near Fort Payne; six miles of base and paving on Route 59 in St. Clair - Etowah Counties from Steele to Attalla; eight miles of grading, drainage, base, paving, and bridges on Interstate Route 10 in Mobile from McDonald Road to Navco; bridges on Interstate Route 20 in St. Clair - Talladega Counties between Riverside and Lincoln; and bridges in Macon County on Interstate Route 85 between Milstead Road and Chehaw.

The 21 proposed primary, urban, forest, and emergency relief projects add up to 133 miles of roadway improvements in 19 counties. Fourteen of these projects include paving.

Secondary projects total 24 in number and cover 57 miles on county roads in 18 counties.

H. D. Clubs Sponsor Social Security Meetings

Becoming more informed about Social Security and knowing the requirements to be able to receive Social Security benefits are things each person should know more about. In order to give you an opportunity to gain this information the Home Demonstration Clubs of Chilton County are sponsoring 4 meetings in the county where Social Security will be the main topic.

Meetings will be held at 2:00 p.m. on the following dates at these locations:

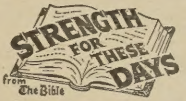
Thursday, May 9th, School auditorium - Cooper, Ala.

Tuesday, May 14th, High School auditorium - Maplesville, Ala.

Tuesday, May 21st - High School auditorium, Thorsby, Ala.

Mr. Joe Scarfinach, representative from the Social Security Department, Selma, Ala., will speak at each meeting giving general information on Social Security and will then be available to answer questions.

Men, as well as ladies, through out the county are invited to take advantage of this opportunity and attend the meeting in the location that is most convenient. Home Demonstration Club members give you a special invitation to attend one of these meetings.



Return to the Almighty.— (Job 22:23).

We have never been forced to God's good but we have been inspired by it. We have never been compelled to turn to God but we have been impelled. The invitations to turn to God for His strengthening are always there.

NEWS OF—

MAPLESVILLE

By Mrs. T. C. Watson

School News

All who missed the annual May Court at the high school last Friday night certainly missed a treat. The 500 seat auditorium was almost filled to its capacity.

The theme of the program was "Gypsy Campfires", an original play. The sponsors for the program were Mrs. Elizabeth Day and Mr. M. D. Lind. Mrs. Frank Cowan was in charge of the costumes and the pianist was Mary Ann Watson.

The stage was converted into an outdoor scene of a Gypsy camp with colored lighting producing different effcets.

The cast consisted of over 50 students with Judy Greene, the Gypsy bride; Roddy Samson, the Gypsy groom; Joy Adams, the fortune teller; Ed Clapp, tribe leader; Mary Bearden, Polly and Leah Hess, Sugar Plum Fairy.

One of the highlights of the program was the fantasy dances including those of the Fairy bears, alley cats, lolly pops, candy canes, and sugar plums.

Preceding the program was the presentation of the May Queen and her court. Carol Owen is the 1962-63 May Queen and her court included Beth Shuford, Faye Haigler, Peggy Harrison, Dianne Dennis, Jane Davis, Hardy Cofer, Annie Pearl Chandler, Elaine Pate, Elizabeth Robertson, Martha Chapman, Brenda Ratliff and Barbara Ousley. The queen was escorted by Mr. Randall Perry.

The 4-H Rally was held Friday, May 3. There were two bus loads of students that went from Maplesville.

2 Killed In Headon Crash

North of Jemison on U.S. 31, Tuesday nite

THE crash of two automobiles Tuesday evening about 7.00 O'clock, snuffed out the lives of two Chilton County persons, and injured three others in one of the worst accidents in this county this year.

Annie Pearl Reynolds, 36 and Oscar J. Blow, 25 were killed when the autos in which they were riding crashed headon just north of Jemison on Highway 31, near Thompson's Chapel.

Three other young men were also injured in the accident. They are: Johnny Burnett, 23, in Chilton County Hospital with head and other injuries; Leo Cofer, 25, facial injuries; and Charles Porter, Jr., 25, severe cuts and bruises and at least one fractured arm. All are residents of the Thorsby-Jemison area.

Four ambulances were dispatched to the scene, where some three to four hundred cars had gathered, and twice as many spectators. Officers had difficulty keeping the highway open due to the unusual number of automobiles and pedestrians in the area.

The four men were in one car coming south, it is reported. The Reynolds woman was driving alone, according to bystanders.

Other Accidents—

In other accidents in Chilton County, two small children, Kay and Bill Holdbrook, of Selma, fell from the car in which they were riding Wednesday morning in the town limits of Thorsby. Martin Ambuance carried them to County Hospital where they were treated for minor inuries. At least one of the children was admitted for observation and further treatment. Cause of the accident, which occurred near the railroad crossing at Thorsby, was not disclosed.

About 2:30 p.m. Tuesday, an accident occurred on the University Highway about two miles out of Billingsley Junction. The injured parties were from Tennessee and were picked up by a Prattville ambulance and taken to Prattville Hospital. Martin Ambulance from Clanton answered the call, but arrived on the scene too late.

A Little Bit O' Tuck . . .

By BOB TUCKER

DR. Bill Parker is the new president of the Clanton Jaycees. He was elected Tuesday at the regular meeting of the Club. Chosen to serve along with Dr. Bill are the following: 1st V.P., Bobby Futrai; 2nd V.P., Douglas Glass; sec., Larry Culpepper; treas., Bobby Cook. Directors elected are Bo Littleton, Burney Mullins and Dr. Phil Sims. Congratulations gentlemen!

BY the way; several of the Clanton Jaycees and their wives will be attending the State Convention at Mobile this week-end. Some are also planning to attend the National Convention June 24-29, which will be held in Louisville, Ky.

PLANS are developing for Chilton County's annual Peach Festival which will be held June 21 and 22 at the Clanton Airport.

G. B. AUBURTIN of the Federal Land Bank Association, and his assistant Mrs. Mannie E. Nichols will attend a Personnel Conference in New Orleans next week. The Conference, held every three years, is to discuss land bank's service of long-term farm mortgage loans, and changes in agriculture which effect lending policies.

LOOK at the page this week with the First National Bank ad on it. If you read last week's News, you should be able to tell us what is unusual about this page. Can you find the thing that has never happened before?

LEE Lawrence was looking his usual handsome self down at the Dixie Cafe a week ago Thursday. Left to right - Danna Gilbert, Larry Williams, Susan Bentley and Bobby Mims were first place winners in the annual Chilton County 4-H Cooperative Public Speaking Contest.

Tops in 4-H Speaking

On Tuesday night, May 7, the annual Chilton County 4-H Public Speaking Contest was held at the Holiday-Inn.

Those competing in the Senior 4-H Division this year were: Joy Dell Adams of Maplesville; Larry Fullen of Canton; Larry Williams of Thorsby; Danna Gilbert of Clanton and Bill Burthram of Clanton. Larry Williams and Danna Gilbert were selected first place winners and will represent Chilton County in the District Program in Birmingham on June 12. Joy Dell Adams and Bill Burthram were named second place winners.

The Junior Division entries were: Bobby Mims, Susan Bentley, James Cleckler and Jane Singley, all of Thorsby. Bobby Mims and Susan Bentley were named first place winners and each will receive an expense paid trip to County 4-H Camp, which will be held July 30 - August 2. James Cleckler and Jane Singley were named second place winners.

This 4-H program was attended by forty-two 4-H members, parents, teachers and sponsors of the progam. The Coopeatives who sponsored the Chilton County 4-H Cooperative Speaking Program this year were: Mid-State Farmers' Coopeative, The Fedeal Land Bank, and Central Alabama Electric Cooperative. The Chilton County Extension Service would like to express their thanks to these fine people who sponsored this 4-H program this year.

To The Late W. C. Golden--

21st Birthday Present Is Money Paid "Doc" At Birth

TWENTY-ONE years ago a baby girl was delivered to Mr. and Mrs. Frank T. Hawkins, then residents of Chilton County (Lomax), by the late Dr. W. C. Golden.

Mr. Hawkins paid Dr. Golden for his services in nickels, which he had been saving for the occasion, and they were delivered to the "Doc" in a small glass bank.

The fee, for delivery, at that time was $25.00

Mrs. Golden, widow of the "Doc", who lives in Clanton, told the News this week: "We never did even count the money. It just sat around on the mantle for a long time, and finally wound up in the bottom of the cedar chest."

Recently, Mrs. Golden received an unexpected telephone call from Birmingham. It was Mr. Hawkins, who now resides in Tampa, Florida and was in Alabama on business.

Mr. Hawkins, it seems, was interested to know whether or not Mrs. Golden still had the nickels which he had paid the "Doc" 21 years earlier. He wanted to give them to his daughter for her 21st birthday this month.

The daughter, Miss Kathryn Olivia Hawkins, is a Junior at South Florida University in Tampa.

Mrs. Golden said, "I had the nickels and was glad to return them to Mr. Hawkins." And she continued, "He was the happiest man I have ever seen!"

Aside from the personal points of this little story: it also seems an appropriate reminder of the fact that 21 years ago Chilton County had a good doctor named William Colyn Golden. This account can very well be considered a tribute to his memory, and the fact that though "nickels" may be forgotten. . . good doctors are not. They live on for quite some time in the minds and memories of the families which they helped, as they passed this way.

The time the "Doc" spent in his life tending the sick, saving lives, and bringing new life into the world was time well spent.

Though it may be small consolation to his family, there are thousands of people in Chilton County, and those like the Hawkins family, who have since moved on, who appreciate, and will long remember the feeling, the warmth, the charity and self-sacrificing ideals of one Dr. W. C. Golden.

Clanton To Have New Firetruck Soon

CITY of Clanton has very recently bought a new Fire Truck with full equipment. Delivery however will not be made for sixty to ninety days due to Fire Equipment Company having to construct equipment after the truck has been delivered to the Manufacturing Plant.

The new fire equipment will be mounted on an International truck bought from our local International Dealer on bid.

The equipment consist of a 750 gallon storage tank, a 750 gallon per minute pump which breaks the water down in such fine mist under pressure that the water is equal to five times its volume under normal fire truck pumping conditions. In addition to the above the truck will be equipped with four hose and nodzles, ladders, lights, sirens and all other needed equipment.

Our Council is trading in a 1927 or 1928 American La France fire truck. This piece of equipment is almost in antique stage approximately 35 years of age. The American La France has not been in running condition for several years due to parts not being available.

'Wilderness' converted, Coosa Parks Underway

CLANTON - People behind the Coosa River Recreational Development program in Chilton County are beginning to see their dreams come true.

For the last two or three years, a move to help fill the recreational needs of the people by getting public access to the Coosa River has been a major project.

It has required lots of cooperative work on the part of many people. But now that there's a chance that one, and possibly more, of the five launching sites to the river might be opened this summer, everyone has forgotten the work spent in getting the program under way. Now they're thinking about all the advantages of this new project.

Home folks won't have to drive 50 to 75 miles for recreational facilities. They will have them right in their back yard.

At each launching site, a boat landing ramp will be built for fishermen, boat riders and skiers to put their boats into the water. Also at each site, which will have a paved road leading to it, there will be picnic facilities and a paved parking area for 80 to 90 cars.

Businessmen are looking forward to the added sales they'll make to the people from Birmingham, Montgomery and other areas who will be using the facilities.

Skeeter Stokes, president of the Chilton County Chamber of Commerce--one of the backers of this project--said, "You know when people spend a day or two away from home fishing, or boating, they must eat and most of them eat better than when a home. It's uncommon for a family to spend $30 to $40 for food while spending a few leisure hours away from home. And this doesn't include buying lotions for sunburns, cigarettes, and gas they will buy while in

Annual East-West Game Here Sunday

CLANTON'S tenth annual East - West Boys Baseball game will be played next Sunday afternoon at 2:00 p.m. in the City Park. The local Lions Club is, of course, the sponsors as they continue their unending efforts in support of Alabama Sight Conservation Association. Both of these organizations are to be commended for helping those who are unfortunate as to lose all or part of the blessing of sight. And, again this year, Alabama sight has performed more services for the residents of this county than they have received from the combined efforts of the people living here.

Coach Gene Cost of Jemison High will be opposing Coach John Tippins of Calera as managers of the respective teams; and will then work as co-managers against the Chilton County High Tigers in the second six inning game.

It is almost amazing the way talent keeps on showing up for this game. Clay Carroll, Clanton's own, is probably the most outstanding graduate of this game.

Washington, D. C.

I am shocked at the unwarranted and illegal seizure of power by the President in sending troops to Alabama. Local and state law enforcement officers are steadfastly maintaining law and order in Birmingham. I strongly urge your leadership in uniting the Alabama Congressional delegation in deploring this action and urging the President to immediately withdraw those troops sent to Alabama.

Previews Of Progress

A small but noisy "Pulse Jet Engine," caused Wayne McCullar, (2nd FL), Claudia Fields (2nd FR) and Alice Mitchell to cover their ears. This was among eight demonhtrations explained by Mike Krawcheck General Motors Science lecturer during the "Previews of Progress," show at Chilton County High on Wednesday, May 8th at 9:30 A.M.

On the hood of a small experimental car are eight photoelectric cells pointed to by Mike Krawcheck, General Motors Science Lecturer (2d fr) as he explains the operation of the "Sun Mobile" to Dan Brock (fi), Charles Patterson (2d fl), and Jimmy Littleton (fr). This was one of 8 science and engineering related experiments witnessed by more than 500 Chilton County High School students during the "previews of progress" show which was presented at the school on Wednesday, May 8 at 9:30 a.m.

EDITORIALS

It All Depends--

"PROCRASTINATION is the thief of time!" And . . . "All things come to him who waits!" It all depends on your point of view does it or not?

A Nasty Letter--

WE received this week, in the mail, a "nasty" letter concerning the racial situation in the South. The writer remarked: "Why don't you hillbillies kill (somebody) and then the Army will take over. Bet that will take the starch out of you!"

Having received numerour communications from this "Yankee", we take the words with a grain of salt. It is apparent of course that his "brotherly love" is beyond question or reproach, when he suggests that we "hillbillies" "kill someone. . ."

Let us hasten to state right here and now, that all so-called "Yankees" do not feel as this particular one does. This one, by the way, chooses to remain anonymous; he never signs anything he writes. Here again, is a great show of strength of character and virtue, unknown to us southern hillbillies.

The letter continues: "40 states are behind the Negroes in their drive. . ." for integration. That is a phenominal bit of information. We would be very interested to know where this "self-styled" god gathered the data.

We don't like nasty letters; and we like writers of nasty letters who refuse to sign their names even less.

A settlement of the differences between the Negro race in the south, and the white race will be a long time in coming; if it ever does come. Most of the southerners who voice on opinion on the matter, however; have guts enough to sign their names to what they write! It would also be interesting indeed, to see how these "Yankees" would react, if we endeavored to show them how to run their lifes and their business!

What Kind Of A 'Nut'?--

When a dynamic editoral comes along the pike we believe it should be given the widest possible circulation. We commend to our readers' attention the following editorial from the Odessa (Tex.) American:

He wants to run his own business.
He wants to select his own doctor.
He wants to make his own bargains.
He wants to buy his own insurance.
He wants to select his own reading matter.
He wants to provide for his own old age.
He wants to make his own contracts.
He wants to select his own charities.
He wants to educate his children as he wishes.
He wants to make his own investments.
He wants to select his own friends.
He wants to provide his own recreation.
He wants to compete freely in the market place.
He wants to grow by his own efforts.
He wants to profit from his own errors.
He wants to take part in the competition of ideas.
He wants to be a man of good will.

What kind of a nut is he? He's an American who understands and believes in the Declaration of Independence, that's what kind.

Aren't you glad you are too? And don't you wonder why so many of our fellow Americans are trying so hard to destroy the kind of life that has made us the aim and the envy of every other people on earth?

The question is: What kind of nuts are they?

The Forgetful Voter--

AS a group of people, perhaps the most fergetful in the world are "so-called" registered voters. They forget to register; they forget to pay their poll taxes; they forget who they voted for in the last election; and now, it seems too many of them are forgetting the very important duty in Chilton County, of RE-IDENTIFYING themselves before the next election comes around.

According to the records at the Probote Office last week, there have been a little more than 5,775 voters in this County who have Re-identified themselves. Re-identification is required before you may vote in the next election held in this County.

The express purpose of the Re-identification propisal is to "purge" the voter lists in this County to bring them up-to-date is the intention of the officials.

There is a very definite possibility that Chilton will have some voting machines in the near future. The fact that the voting lists are current; and that all deceased persons and those who are no longer residents of Chilton County are absent from the lists, will aid greatly in the official voting and the official counting of any balloting in the future. Incidentally, it will also save the County money to have the list current.

The last "Qualified Voters List" published in the Union-Banner on April 12, 1962 contained 12,038 names according to the Judge of Probate J. C. White.

We are either going to lose a lot of qualified voters in the next election, or we have been on the "delinquent list" entirely too long.

If you have not Re-identified yourself with the Board of Registrars or the Probate Office, do so at once. It is simple filling out of a form, and it will protect your voting right in Chilton County.

A Ripened Seed--

SEVERAL summers ago when a number of Clanton's talented and interested young people were home for the summer, they organized a group called Associated Producers. That summer they entertained themselves and others and at the end of summer, most of them anyway, went their separate ways.

One summer, song after, one of the organizers of Associated Producers, in a pessimistic moment, remarked to someone who was working to get the library started that "When the library has been functioning for three months, I will see that the money we have in the treasury is turned over to the library." Pessimist though he is, I think he was very pleased to turn over the money to the library for the purchase of books about the theatre for the Clanton Library.

With these funds eleven outstanding books have been chosen by a Committee and seven of those books have been received in the library. Three of these books were edited by John Gassner, teacher and critic, who is on the faculty of Columbia University in New York. Mr. Gossner's unmistakeable eye and taste for the best in drama make his books a treasure to read or study. In these volumes you will find dozens of the best of both European and American plays. Among these books is Helen Louise Miller's book, "Pointers on Producing the School Play," which should be very helpful to teachers and others. One of the really fascinating books among the four to come is Daniel Blum's "Pictorial History of the American Theatre, 1900-1960."

So, that spirit that was faithfully planted that summer by Associated Producers lives on for others to enjoy.

Where Is Conviction?--

THOSE critics of George Wallace tire us with their talk of "the inevitable," with regard to integration--as it is being pushed upon the South.

Nothing short of death is "inevitable", if strong men are willing to stand up for what they believe and what is right.

We do not always agree with George Wallace, but we certainly agree with his spirit and the way he stands behind his word. There seems to be too many Alabamians and Southerners who are willing to accept the "inevitable" simply because the high and mighty Yankees tell them so!

Where is your backbone? Aren't you willing to stand up for your convictions, even though you believe you might lose? Determination and "spunk" has won more battles than physical strength ever did.

Either you believe it, or you don't believe it. It's time to choose your playmates fellows!

An Open Letter To Mr. Emonds

May 10, 1963

Chilton County News
Clanton, Alabama
Attention: Editor

Dear Sir:

I don't know Mr. Clifford Emonds, Sr., but assume by the article in your paper dated May 9, 1963, Title: Direct TO LOCAL STORE OWNERS: CHALLENGE - that he is from Jefferson County and happens to be fortunate enough to own some property at Mitchell Dam. By any method that you see fit, I wish that you would inform Mr. Emonds that we have a number of prominent citizens in Chilton County who own several acres of land. They, their parents, and grandparents have paid taxes on continously for generations and still do not have paved roads to their home. Most of them are not financially able to own recreational property, but if they ever are, we hope to pave them a road to their home before we discuss paving a road to their recreational property. As for as Mr. Emonds and his likes, we recommend that he first buy his groceries and other recreational commodities in Chilton County thus paying Chilton County a tax on such before he recommends a way for us to spend such revenues.

Yours truly,
W. H. Strickland

News Effective in Savings Bond Effort

Chilton County News
Clanton, Alabama

Dear Editor:

This letter is to express our appreciation for the valuable service you gave in the U. S. Savings Bond program in 1962. We cannot over estimate the effectiveness of the advertising and news support of state newspapers in our effort to reach people of Alabama with the Savings Bonds story.

This year Alabama newspapers, along with other forms of media, are being asked to again support the 1963 Freedom Bond Drive. Our goal is to urge every family in the state to buy at least one U. S. Savings Bond during the year.

Enclosed are fillers, editorials, articles and advertisements that we hope you will be able to use during the freedom Bond Drive especially during the drive month of May and June. The people of your comunity look to your nwspaper for leadership and guidance in matters of this kind and therefore we will be most grateful for your continued endorsement of the United States Savings Bond Program by your effective use of materials designed especially for newspaper use.

Again we appreciate the fine help and sincere support your newspaper has given us in the past and we look forward to your continued support in 1963.

Sincerely,
Clinton R. Milstead
State A&P Chairman

Thanks To People From County Crippled Children

We wish to take this means of thanking the many people who helped in the Easter Seal drive. And altho we fell short in raising our quota, we are thankful to you who gave, so that we might help the over 300 crippled children in Chilton County

We cannot single out every person that helped in this drive, but we can mention here and publicly acknowledge that the Pilot Club (Mrs. Avoline Lecroy, President). The Shrine Club, The Junior Citizens Club (under the direction of Mrs. L. C. Warr), Mrs. L. E. Diefenderfer, Helen Parrish and her Sunday School Class, Mr. U. H. Abrams of the Grammar School, Mrs. Louise Apperson for her fine work with the schools.

Doc Levine, who has been chairman of the Chilton County Society for Crippled Children and Adults for the past 29 years is appreciative of the help given the society this year by so many good people, and altho he cannot name everyone that helped, wants to assure them that their work in helping to raise funds will certainly help our many crippled children. Mr. Levine says, "My hat is off to the Junior Citizens Club of Henry Adair School for their continued fine work on behalf of crippled children."

Thanks to the newspapers and radio station, for their help in this drive.

Anyone who may have over looked their contributions may send it to Mrs. L. E. Diefenderfer or Doc Levine.

Specialist Pasley II, At Fort Hood, Texas

Water makes a stouter wall than stone, military history indicates, but Army Specialist Five Nathaniel Pasley II, whose wife, Geneva, lives at 111 W., Eleventh st., Clanton, Ala., recently took part at Fort Hood, Texas, in a demonstration of new methods for armies to over come river barries.

Specialist Pasley, with other members of the 1st Armored Division's 16th Engineer Battalion, demonstrated speed methods of combat river crossing before an audience of nine generals, including Lt. Gen. Walter K. Wilson Jr., chief of engineers, as well as other command and staff officers.

Heavy duty bridges, light rafts and footbridges were constructed and used to ferry men, vehicles and tanks over a lake at Fort Hood.

Pasley, a squad leader in the battalion's Company E, entered the Army in January 1955.

He is a graduate of Chilton County Training School in Clanton, Ala., His parents live in Verbena, Ala.

During 1962 owners of U. S. Savings Bonds amassed a total of almost $1.4 billion in interest on Series E Bonds which they still hold.

Airman Bradley At MacDill AFB, Fla.

Airman First Class Thomas F. Bradley of Collinsville, Ala., is being reassigned to MacDill AFB, Fla., following his graduation training course for rescue and survival specialists here.

Airman Bradley received training in how to evacuate and render medical aid to disaster victims and learned to instruct aircrews in rescue and survival techniques.

The airman, son of Mr. and Mrs. Claude S. Bradley of Collinsville, is a graduate of Marion Military institution in Marion, Ala.

Maurice Thornton Aboard USS Renville

Maurice R. Thornton, seaman, USN, son of Mr. and Mrs. Aaron M. Thornton of 1704 Greenwood ave., Clanton, Ala., was serving aboard the attack transport USS Revnille, while she was part of the United States quarantine forces in the Caribbean.

The Revnille returned to San Diego, Calif., recently follow--ing the Caribbean operations. She was one of more than 20 amphibious ships called from the West Coast with more than 18,000 Navymen and Marines embarked.

YOUR HEALTH

OCCUPATIONAL DISEASE

Four and a half million persons of working age are unable to work on an average of one day because of some disabling condition. The average annual wage los because of illness is estimated to run as high as four billion dollars.

Among the chief causes of disability is dermatitis of the hands. Industrial physicians have estimated that from one-half to two thirds of the occupational diseases for which compensation is paid involve dermatitis of the hands. The annual loss from this one cause is said to be as much as -100,000,00.

The doctor attending a case of titis must make a searching physical examination and obtain a suspected occupational dermaconcise history of his patient's physical condition. In approaching a diagnosis, the doctor is required to differentiate between industrial and nonindustrial dermatitis. Employees often report with all types of dermatologic complaints which may or may not be related to their occupation.

It has been stated that ninety per cent of conditions that prevent an employee from working are nonoccupational. The physician asked to check whether a condition is industrial or nonindustrial accepts considerable responsibility. His decision affects the worker and his family; the worker's economy; the employer; the insurance company; and, in many instances, the compensation commission.

The treatment of dermatitis of the hands calls for accuracy in diagnosis, especially by the industrial physician whose responsibility is to keep the worker fit for the job.

Robert Blackmon At Fort Hood, Texas

Robert L. Blackmon, 25, whose wife, Shirley, lives at 165, River view, Dayton, Ohio, recently was promoted to specialist four at Fort Hood, Texas, where he is serving with the 1st Armoed Division.

Specialist Blackmon, a dispatche in Company D of the division's 16th Engineer Battalion entered the Army in December 1961 and completed basic training at Fort Chaffee, Ark.

He is a 1956 graduate of Chilton County Training School in Clanton, Ala., and a 1960 graduate of Tuskegee Institute in Tuskegee Institute, Ala. His father, Eddie Blackmon, lives on Route 2, Maplesville, Ala.

Douglas E. Jacks In Hawaii

Army PFC Douglas E. Jacks, of Clanton, Ala., is participating with other members of the 25th Infantry Division in a three-week training exercise in Hawaii.

Jacks' unit, Company B of the division's 14th Infantry, has moved by sea and air from its home station at Schofield Barracks on Oahu to the Army's Pohakuloa Training Area on Hawaii for combined mobility and firepower exercises with other divisional units.

The 24 year old soldier, son of Mr. and Mrs. William E. Jacks of Route 4, Clanton, is a driver in the company. He entered the Army in January 1962 and cimpleted basic training at Fort Chaffee, Ark.

He attended Chilton County High School.

Dianne Mims,
Secretary

The cash value of U. S. Savings Bonds owned by the American people increased by more than a billion dollars in 1962, to a new high of $45.5 billion.

Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN

With only two dissenting votes the House last week pased legislation to limit members of Congress to per diem allowances and necessary transportation costs when traveling abroad.

By requiring more detailed reports on expenditures and voting stricter controls on congressional travel, the House was not attempting to curtail necessary foreign travel by its members. Rather. it was an effort to eliminate any abuses of their travel privileges.

The House earlier had placed these restrictions oo fifteen of its twenty standing committees. The measure passed by the House last Tuesday, however, would apply to all Senate and House Committees and to all travel connected with interparliamentary groups. Senate approval is necessary before the bill can become law.

Military Pay Increase

Also approved by the House last week and sent to the Senate was a pay increase of approximately $1.2 billion for military personnel. These raises, the first since 1958, will take effect October 1, 1963.

The pay measure, as approved by the House, is roughly $14.5 million less than the amount requested by the President. The major provision of the bill increases the basic pay of officers and enlisted men at a cost of $847.5 million. The over all increase in pay was 12.6 percent but these increases were limited to personnel with more than 2 years active duty.

The balance of the funds authorized in the measure went to increase retirement pay, subsistence allowances and other special categories.

This legislation was passed i an effort to retain qualified highly trained technicians o active duty and to encourage higher number of middle grad officers and enlisted men t make a career of the military.

Experiment Stations

Most of the agricultural experiment stations throughou the United States were established as long as 70 years ago Consequently, the buildings laboratories, and other facilitie are far from modern.

This situation will be corrected if the Senate concurs in measure passed overwhelmingl last week by the House of Representatives. The House measure authorizes the appropriation of federal grants to state on a matching basis in order t expand research at state agricultural experiment stations. is estimated the program wi cost the Federal Governmen approximately $12 million.

H. D. Clubs Holding S. S. Meetings

Home Demonstration Clubs in Chilton County are sponsoring meetings throughout the county to help inform the public about requirements for becoming eligible for Social Security benefits.

One meeting was held for people in the Clanton area on May 7th. Other meetings are scheduled as follows:

Tuesday, May 21st, Thorsby High School Auditorium.

Each meeting will begin at 2:00 p.m. with a representative from the District Social Security office in Selma giving general information, and then being available to answer questions.

Anyone interested in attending these meeting is encouraged to do so.

HOSPITAL AUXILLIARY MET MAY 9

The Hospital Auxilliary met in the dining room of the Nursing Home on Thursday morning, May 9th at 9:30 o'clock.

Mrs. Dick Hayes, president called the meeting to order. A beautiful devotional was given by Mrs. Omar Reynolds reading scripture from James and led in prayer. Minutes were read by Mrs. J. C. Prusak, secretary and they were approved. Mrs. A. L. Farley gave the treasurer's report. It was voted for membes of the auxilliary to draw names of the patients and remember them for the next quarter by visiting them. Mrs. McGowin was to get corsages made for Mothers Day for the Mothers living there. It was requested that anyone having any bulbs, or plants they would like to donate to the Home they would be appreciated. Some have already been given and will help to make the grounds more beautiful.

Mrs. Charles Moore had charge of the program and presented M. W. E. Elmore, hospital administrator to give information about the improvements at the Home and Hospital. He showed the new food carts, which is quite an improvement over the old ones. He also told of the latest project being anesthesia.

The new addition will be completed in the near future. At the close of the meeting he carried the group on a tour of the hospital showing improvements We are very proud of these accomplishments.

Mrs. Hayes reminded the group that we are still collecting old clothes for the fall sale.

New members will be welcomed at any time. The next meeting will be August 8th.

CHILTON COUNTY HIGH SCHOOL PROM

One of the most beautiful events of the season was the Junior and Senior Prom on Friday night, May 10.

As members of the Junior and Senior classes and their faculty arrived at the National Guard Armory, Friday night they found cute coolies to part their cars. Serving girls formed a double reception line where they were greeted with the bow and "Ha-So". They then passed through the Torri and entered the building under a tinkling wood,chime and found themselves in a beautiful indoor-outdoor Japanese restaurant. The serving girls seated the guests in the area they chose at tables resplendent in white cloths with red Japanese characters on the runners, centered with red candle holders circled with ivy. A memorie booklet, marked each place.

Hand made scrolls done by the Junior girls decorated the walls between the sohji srreens. As you entered the outside area the "Kiwanis Kats" band of Columbiana was seated under a beautiful pagoda. Mt. Fuji greeted you from the back wall and as you walked on a beautiful garden complete with lantern, and lily ponds, surrounded with cherry trees, with a stem Buddha looking on.

The lead out was over a bridge spanning the pools and the girls passed through the "Some Enchanted Evening" Torri where their escorts met them and together they entered the dance floor which was outlined with lighted Japanese lanterns, a charming tea house in the center.

A rickshaw stood by the pool where many pictures were taken.

The tea table was centered with a crystal punch bowl surrounded with yellow carnations. It was presided over by Mrs. E. Traywick, Mrs. Lamar Nelson and Miss Linda Headley. Little Miss Barbara Rose Smith served fortune toothpicks, dressed in a coolie Kimona.

The lead out was by Colyn Moats, Senior Class president escorting Miss Alice Jean Mitchell. She was preented a dozen red roses by Mike Dennis, Junior class president.

Junior sponsors were: Mrs. Horace Smith, Miss Bonnie Clyde Griffin, Miss Pat Champion and Mr. J. Reid Thompson.

The band brought the delightful evening of enchantment to a close with the haunting strains of "Sayonara."

Many parents and friends of the Juniors and Seniors went to the Armory between the hour from 5:30 to 6:30 p,m. to see the decorations. Some of the Junior mothers, dressed in costume who were there to guide the people through the Armory were: Mds. Robert Powers, Morris Mims, Dennis, Geald Weed, Cecil Carter and Marshall Waites.

NEWS OF—

REFUGE

Our attendance was real good over the week end and the services were very interesting. If you missed the services, you missed a blessing. In fact, we always miss a blessing when we absent ourselves from the house of the Lord without a reason.

The pastor and wife went to Birmingham last week and purchased materials at the Baptist Book Store for our Vacation Bible School. We are keeping this matter before our people because we are planning on one of the best schools that we have ever had.

The working here last Saturday morning was well represented by a large group and lots of fine work was done. Some one remarked that it looked like a different place. Well, that is what cooperation will do for a church and community. There were individuals that came in at odd times and did work on their individual family graves before the working. That helped to lighten the load somewhat, but they always miss that blessing of togetherness. We assumed that they would probably be hindered from coming to the working.

We spent a little extra time last Sunday evening in the services rounding out definite plans for our great day here next Sunday. We are having and building rest rooms. We had hoped to have more work done on the church building, but we will get to that at some time in the future.

You and yours are cordially invited to come and ge with us. We are planning on a great day here. If you desire to bring a basket, you can rest assured that it will be highly appreciated. This statement is being made for the simple reason that sometimes a person might feel a little cramped to carry a basket when not being invited to do so. However, you can also feel free to come without bringing a basket. We are just clearing the way.

Chilton-Unity To Select Leaders

Time has arrived for the nominating committee to begin selecting leaders for the Association and the Church. If the Church has not appointed this committee now is the time to do this in order to give them ample time to contact and nominate all the leaders to be elected by the church to take over their responsibilities October 1, 1963.

Through years of experience Baptist have learned that this is definitely the most profitable way for progress, and is the democratic plan of running a church. Heads of the organizations, superintendent of the Sunday School, Director of the Training Union, President of the Brotherhood, and President of the Woman's Missionary Union, should be elected not later than June of this year, who will automatically become members of the nominating committee to help select the rest of the church leaders and officers and teachers of the organizations. The great commission task of the church is urgent and the potential for soul winning and enlistment is important to every church in the Chilton-Unity Baptist Association territory. The superintendent of missions is happy and stands ready to assist the churches who desire his service.

It will soon be time for the Vacation Bible School and the Summer Revival. Now is the time to make plans for these great opportunities of Bible teaching and soul winning. A wonderful plan for great success it to hold the Bible School the same week of the revival. God bless you.

AN ANNOUNCEMENT

Temporary Summer Grasses Produce Excellent Forage

County Agent Sellers reports that summer annual grasses will produce an abundance of forage over a six to eight week period or longer. Properly managed, these grasses provide excellent forage for lacating dairy cows. They will also furnish good grazing for hogs. Many cattlemen plant warm season annuals for emergency grazing following adverse weather conditions or when renovating permanent clover grass pastures.

Acres Needed. Figure on one acre for every two o three big milk cows or beef cows with calves. If planted primarily to provide emergency grazing for beef cows and allowed to reach 4 ft. or higher before cattle are turned in, an acre should be adequate for 4 to 6 beef cows. For hogs figure on grazing sows and litters or about 20 shotes per acre. The suggested stocking rates are made on the assumption that crops will be planted on productive soils and recommended production practices and rotational grazing will be used.

The suggested acreages are for all plantings. Example: a dairyman has 60 big lacating cows. He plants a 15 acre field of millet or Shudax 11. Two or three weeks later he plants another 15 acre field. When the first planting is ready to graze (about 18" high) he turns in 60 cows. When the plants are grazed down he moves the 60 cows to the other 15 acre field. Many growers prefer to plant three 10 acre fields. Two or more plantings. where rotational gazing can be practiced makes it possible to keep growth or regrowth tender palatable and nutritious. This is especially impotant for high producing dairy cows and hogs.

Recommended varities or hybrids for Central Alabama: plant sudan sorghum crosses (Grazer, Haygrazer, PAG, Su-Chow 34 or 35, DeKalb SX-11, Lindsey 77F and Hydan 38); Gahi-1 and Starr millet; Suhi-1 and Trudan-1 hybrid sudangrass.

Note: Gahi-1 was more productive than Starr Millet over the entire state. Both were more leafy throughout the grazing season than the sudan-sorghum hybrids. The sudan-sorghum hybrids have strong seedling vigor and will usually grow off faster than millet or sudan hybrids.

Sois. Millet is adapted to well drained, productive soils that will normally make high yields of corn with good management.

Prepare soil. Prepare the seed bed thoroughly by breaking, diking and harowing as you would for corn. Diking is often all that i necessay for the second planting on an acre.

Time, method and rate of seeding. Make the first planting 4 to 5 weeks before it is needed Plantings may be made throughout tre summer when there is enough moisture to germinate the seed.

Annual summer grasses may be uplanted in drills, broadcast or in 36" to 42" rows. The method to use will depend on equipment available, weed infestation, and productivity of the soil. On good soil probably the best method is to drill the seed. You can also broadcast and harrow the seed in. Whether seed are drilled or broadcast more unifom stands wil lbe obtained if a sultipacker or roller is used to firm the soil after seeding. When planting in 36 to 42 inch rows use same methods as when planting the sorghum.

Recommended Seeding Rate Per Acre

Method	Millet Lbs.	Sudan-Sorghum Hybrids Lbs.
Narrow drills (8-12")	15-20	20-25
Broadcast	25-30	30-35
Wide rows (36-42")	6-10	8-12

Grazing Management. These summer annual grasses carry fairly large numbers of animals on small areas of land for short periods of time. For dairy cows it will be ready for grazing at 18 to 20 inches high. This usually takes about 4 to 5 weeks form planting time when growing conditions are favorable.

Rufus Foshee Contributes Again To Library

The latest addition to the long list of books given to the Clanton Public Library by Rufus Foshee of New York, formerly of Clanton is Isak Dinesen's, "Out of Africa", a much needed volume for any reputable library. This book is presented in memory of Mrs. Emily Harding.

A former graduate of Chilton County High School, Rufus Foshee, from the very beginning has manifested an unparalleled interest in the establishment and development of a superior library in Chilton County. One of the first donors in Chilton County, he has presented over 200 books of excellent quality meeting the most regid modern library requirements to the newly organized library.

Fequently he has reviewed books from the Clanton Public Library shelves for the local newspapers.

The Library Board feels a total inadequacy to express their appreciation to Rufus Foshee and the gratitude of the citizens and patrons, of the county who have benefited and will continue to profit from his magnonimity.

The County will forever be indebted to this young local citizen for his unselfishness and for his vision in realizing that the cultural level of Chilton County is dependent primarily on books and more books.

TWENTY OPERATORS ON DUTY AT THE UNITED NATIONS switchboard in New York can answer in five languages—English, French, Spanish, Russian and Chinese —plus several others. They get about 300 requests for information every day!

SOMETIMES it seems that the cost of just about everything goes higher, higher and higher. But did you know that the familiar desk-type telephone now costs less than its forerunner did in 1950? In fact, the 1960 price of today's telephone was only 7% higher than the 1940 price of its predecessor. During this same period, electrical equipment and machinery rose 119% and the average hourly earnings (all manufactures) increased 251%.

BELL LABORATORIES' continual search for ways to improve the telephone and lower its costs has paid off in many innovations and savings. These economies in telephone production enable us to bring you more and better service at the lowest possible cost.

Recently, the cost of a desk-type telephone in color was reduced from $9.25 to $7.50 and the matching spring cord was reduced from $2.50 to $1.25. Rates on certain long distance calls have been reduced lately. When we look at the facts, it's easy to see that telephone service is one of todays biggest bargains.

In 1919, a $2.10 daytime interstate long distance call reached only 328 miles. Today, $2.10 pays for a call from Clanton to the farthest point in the Continental United States.

Winners of Events on 4-H Rally Day Listed; County-wide

Friday, May 3rd, was an exciting day for 4-H'ers of Chilton County. On this date the county 4-H Rally was held at the Clanton Airport and climaxed the 4-H year. Approximately 1500 boys and girls, teachers, and parents enjoyed the day which was full of field events and other activities.

The meeting was called to order by Joy Dell Adams, County 4-H Council President from Maplesville. She introduced Rev Robert L. Carden, who gave a very interesting and inspiring devotional. Russ Everett, Thorsby, led the group in the Pledges to the American Flag and the 4-H Pledge.

John Sellers, County Agent, then took charge of the Field Events. These included the 5-Man Relay, 50-100 yard dash, Sack Race, Wheelbarrow Race, Track Race, Potato Race, 3legged race, and the Cracker Eating Contest. Needless to say, there was a lot of enthusiasm over these.

One of the highlights of the dav was the Beauty Walk, at which time boys are dressed as girls and vice-versa. The clubs taking first place in these events were Clanton 5th Grade - Hubert Dennis, Maplesville Jr.; and Thorsby Jr. High.

The winners in the field events were Thorsby Jr. High, Maplesville Senior Club, and Thorsby Junior Club respectively.

After lunch Mrs. Martha Radford, Bobby Futral and Mr. A. Reedie Taylor presented the following awards to outstanding 4-H project winners:

Beef - Championship - Judy O'Neal, Maplesville.

Home Economics:

1. Child Care - Dianne Dennis, Maplesville, Melissia Connell, Canton.

(Omitted Last Week)

By Mrs. Casey Cummings

Family Night

Last Wednesday night was family night at the church with the Jr. G.A.'s, The Brotherhood and WMU meeting. The WMU met in the auditorium. Mrs.... Glausier called the meeting to order. A short business session was held after which Mrs. Flossie Wells had charge of program. This year being the 75th Birthday Anniversary of Woman's Missionary Union, the program was carried out in banquet style, with those on program seated around a long banquet table, which was beautifully decorated. In the center of the table was a birthday cake. Those on program were Mrs. Glausier, Mrs. Lucas, Mrs. Eula Tucker, Mrs. J. W. CcCraw, Mrs. E. C. Lecroy and Mrs. W. F. Parker.

They gave some of the history of the Woman's Missiinary Union. Mrs. E. S. Jones gave an interesting history of Mulberry WMU. Mrs. W. T. White was given a corsage for being one of the first members present. The Brotherhood and the G.A.'s had a very interesting program also. The WMU ladies voted to help out with a supper for the G.A. Girls in the observance of 50th birthday of the G. A. There will be more about that in next week's paper.

Summer's coming, get going!

If this isn't a great time to get yourself a new Chevrolet—well, we just don't know when is. Why, you'd almost have to be anti-summer not to let one of these four convertibles get to you. Or any of Chevrolet's sedans, wagons, sport coupes and sport sedans, for that matter.

And there are a lot of other buy-now reasons besides the season. Like the carefree feeling you get on a long vacation trip in a brand-new car. And it's a smart time to trade, what with your Chevrolet dealer all stocked up for a busy summer. Chances are, he has just the model and color you want—be it Chevrolet, Chevy II, Corvair or Corvette—ready to go right now.

So maybe now you're all wound up? Then spring into summer at your Chevrolet dealer's.

All-ELECTRIC homes "stimulate" sales... and bring years of satisfaction to owners!

...declare Eufaula builders

Eufaula builders, Young Johnston (left) and James S. Clark, go over plans for another of the All-Electric homes they plan to construct.

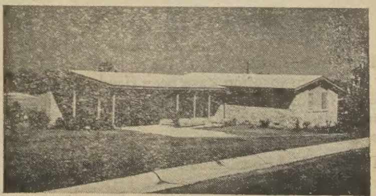
Total-electric, medallion homes . . . . offering the utmost in gracious living at moderate cost . . . . "stimulate" sales . . . . and bring years of satisfaction to their owners, say Young Johnston and James S. Clark, owners of Johnston-Clark Company, Eufaula.

Mr. Johnston and Mr. Clark have built and sold 37 total-electric homes . . . . and they are planning to build an additional 35.

Included among the electrical features of the homes they build is the flameless heat pump . . . . the "weather machine" that needs no pilot light . . . . no flue . . . . no expensive, unsightly water cooling tower.

The versatile heat pump insures perfect weather the year-round by cooling in summer and heating in winter. Mr. Johnston calls it "the solution to the heating and air conditioning problems of the home."

Mr. and Mrs. Earl Roberts reside in this heat pump-equipped Gold Medallion home.



Eufaula High School principal, Albert Killian, and his wife enjoy Electric living in their new home.

If you are planning to build, buy or remodel a home, it will pay you to discuss your plans with one of our heating and air conditioning engineers. He'll be happy to advise you. Call or visit our nearest office, and . . . *live better ELECTRICALLY!*

Wednesday night service at 7 p.m., with Bro. Sam Beard teaching us the book of Revelations. The hardest book in the Bible to understand. We had a fairly good attendance. To those who did not attend, we missed you and you missed a good blessing.

We were glad to have our pastor's mother and sister with us and several other visitors on Sunday and invite and welcome each of them back at anytime.

Our church was well represented at the Youth Rally Saturday night at Oak Grove and brought back both banners.

Our young people are to be commended for the way they are working to put those programs on and especially Bro. Don Graham, program chairman.

Mt. Carmel At Thorsby

Rev. Patterson's message for Mother's Day was enjoyed by all. The mothers was asked to stand at the beginning of his sermon in their honor.

We are glad to welcome into our church Noel Maudlin, he surrendered his life to Jesus on Sunday morning. May God bless him and lead him always.

Mr. and Mrs. L. P. Watley and Billy had as their Sunday dinner guests Rev. and Mrs. Curtis Patterson and family and Mr. and Mrs. Carl Watley and son.

Bro. Marion Mims is still in the Chilton County Hospital and request prayer from all his friends and neighbors.

'WILDERNESS' CONVERTED

Chilton County." Stokes explained that he had already had several calls from people in other areas wanting to know when the areas woud be opened.

Chilton County Probate Judge J. C. White said, "This place, referring to the site known in the county as Fishman's Cove, "looked like a wilderness when we began, but now it looks like a community." The Judge pointed out that during the last few years several hundred private camps and homes have been built along the Coosa River.

Rural Areas Development Specialist Charles Segrest for the Auburn University Extension Service, says that developing the Coosa River has other advantages for the county. "We all know that with our ideal climate and labor conditions here, industry has been on the move into the South. Industries are always on the lookout for areas that have recreational facilities for their employees," explained Segrest.

Typical with all RAD Endeavors, this recreational project has been a joint effort of everyone in the county. The Alabama Power Company provided the land and the state Conservation Department has done the surveying, grading and paving of the parking areas. The Chilton County Boad of Revenue and Control are constructing the roads, building health facilities, and providing garbage disposal systems at each site. Auburn University Extension Service and Alabama Soil Conservation personnel have also been helping with the project.

EAST-WEST GAME

a run of 35 innings with only one earned run chalked up against him.

Ronnie Smitherman, another good athlete from Babe Ruth days will also represent Maplesville High.

Isabella is sending big Frank Daniels back for another shot at this big one, and Wayne Bavar will be with him. Another fellow returning for a second try is Roy Ball of Verbena. Billingsley will have Bobby Willis back for another game before the scouts and are also sending another young ball player that has caught attention in James Carter.

The Chilton County High Team has continued a fantastic record this year in that they have lost only one game - that to Selma whom they had defeated earlier. The pair of senior pitchers, Hilliard Wyatt and Ray Cox, will be sorely missed next year. Not only for their pitching ability but for their stick work as as well. Hilliard still hasn't lost a ball game during his high school career, and that is most exceptional in anybody's league. Doug Grant, a speedy outfielder is also completing a great high school career, as is Johnny Mac Smith, the third baseman. Richard Maddox, Ricky Wyatt, and Bob Powers form solid foundation for Coach Finalayson and another year, however.

As always, the price of admission for this double header is just $1.00. . . and the same ticket will get you into another double header in Rickwood Field on Friday, June 7. All proceeds from this - and all other East-West games every where - go to the Alabama Sight Association.

Last year we had twelve Major League Scouts in attendance at our game, and we expect that many or more this time.

NEW FIRETRUCK

will be equipped with the new truck, our present 400 gallon pumper truck and a truck without a storage tank that pumps directly off of fire plugs.

Our Council is to be commended for taking steps forward in protecting our property owners by buying this truck and equipment, however, our Fire Department is to be commended for doing such a good job with the equipment on hand. According to some of the Fire Insurance Company representatives our group is one of the best volunteer Fire Departments in Alabama.

June 1st Livestock Survey

Postmaster R. R. Sutley announced today Alabama's annual spring livestock survey will get underway in a few days. Each carrier working out of his office will place a June 1 Livestock Survey Card of the Department of Agriculture in sample boxes along his route. Carriers assisting with this survey are: James M. Mims, Route One; R. Z. Gray, Route Two; W. B. Crowe, Jr., Route Three; E. B. Allison, Route Four; H. G. Thompson, Route Five.

Cards should be returned promptly to the carrier for forwarding to the Agriculture Statistician in Montgomery where the information will be summarized and sent to USDA's Crop Reporting Board in Washington.

The purpose of this survey, according to George B. Strong, Agricultural Statistician for Alabama, is to develop reliable information that will assist producers and others in marketing current supplies and in planning future production.

A Little Bit O' Tuck . . .

By BOB TUCKER

THERE will be a full membership meeting of the Chilton County Chamber of Commerce on Monday, May 27th at the Courthouse in Clanton at 7:00 p.m. The word comes direct from President "Skeeter" Stokes. Only "full" members can come . . . they aren't going to serve any vittles. . . strictly business

THE following Mr. and Mrs. attended the State Jaycee Convention in Mobile last week end: Richard and Betty Jo Muncher, Dr. and Mrs. Parker, Doug and Joyce Glass, Bo and Nell Littleton. And Betty Jo campaigned and was elected District Vice-President of the Jaycette, after having been chosen Outstanding Jaycette of the Year here in Clanton. Four districts comprise the Alabama Jaycettes and Mrs. Muncher is veep of the Fourth District, to which Clanton Chapter belongs. Congratulations on what we personally know to have been some hard work on her part during the past year or so.

MR. Church (sorry we didn't get the initials. . . yet) is planning to move to Chilton County as permanent and full-time manager of the Mid-State Telephone Company, located at Thorsby. Mr. Church is a fine looking fellow with a strong grip, and we look forward to knowing him better. Right now he's looking for a house to rent, so if you have one be sure to advertise it in the News. . . he's watching for it.

WE received last week, a note from Mrs. E. A. Lenoir concerning the Mt. Carmel at Adams news in the News. Her address was either misplaced, or we never had it, so we will have to answer her here in this column rather than by return mail. There are several of the communities in the county that send in news each week--which we appreciate--but most of the time it is too late for us to do anything with. If we receive copy as late as Wednesday morning, there is only an outside chance that it will be published on that week. We are not being hard to get along with. It's just that if we get your paper to you on Thursday morning, we must get it into the Post Office here in Clanton Wednesday evening before 6:00 o'clock. We do not set up deadlines, except when we ourselves have a deadline; which is often it seems. News copy should be in our hands not later than Tuesday at 5 o'clock. This gives us time to process it, set it up into type, proof read it, get it into the pages and onto the press for that week's paper. We hope that it does not seem unreasonable to have a deadline for news copy. It is the only way we can get the paper to you on time. Be assured Mrs. Lenoir, and others who are interested: we will print any news of any community in and around this County that is worthy of print. and we will do it gladly. If you can get your copy in to us before the Tuesday deadline, that is so much the better. We appreciate your interest and your cooperation very much.

Receive Nursing Scholarships- - -

TWO young Chilton County Nurses-to-be, recently received the first installment of a $600 scholarship to each, given over a three year period by the Clanton Kiwanis Club. The Club this year awarded two scholarships because there were no applicants for it last year. This year there were five screened by the Club, as well as by the County Hospital Staff, and the two young ladies pictured here are the recipients.

Pictured left to right: Orus Bennett, Kenneth Brown, Miss Sandra Culp of Thorsby, J. Hollis Jackson, Miss Sherry Wyatt of Rt. 1, Clanton, Thomas Gaddy, Charlie Patterson and L. F. Negro aims at adult; Shoots child in head

LATE Tuesday evening, about 9:15, John Henry Rodgers, Negro, who lives on English Street in West End Clanton, attempted to shoot a Negro woman, with whom he had a quarrel. The woman, identified as Mickey Bolden by the Sheriff's office, was holding Donna Lynn Childress, her 18 months old neice.

The shot missed the Bolden woman and struck the child in the head, according to the report to the News. The report said that the child was in a Birmingham hospital, and as of 4 A.M. Wednesday was still alive, but was in critical condition.

Cause of the argument was undisclosed. According to reports Rodgers is being held pending investigation of the incident. No one else was reported injured.

Senator McDow Introduces Bill

Senator Jimmy McDow has introduced a bill in the State Senate which would allow pre-payment of poll taxes.

"Under the present law," McDow stated, "each voter must pay his poll tax for only one year at a time. My bill would allow a qualified voter to pay poll taxes in advance if he desired. It has been my experience that many voters have been unable to vote due to forgetting to pay the current year's poll tax. I believe that many of our people would like the opportunity to pay poll taxes in advance to prevent any slip-up like this."

Maddox, Taylor, Giles Win In Piney Wood Derby

ON Tuesday night, May 7, the Clanton Cub Scouts held their first Piney Wood Derby. Twenty-six (26) cars, made by the Cub Scouts and their fathers entered this event.

The Clanton Jr. Cramber of Commerce sponsored this event which was held at the Henry Adair gymnasium. The J.C.'s would like to express their thanks to the following merchants who donated the prizes for this event: White Auto Store, Upchurch Drug Company, Bell Hardware Company, V. J. Elmore 5c and 10c, Miller'h 5c and 10c and Western Auto Associate Store.

First place in racing went to Bill Saddox, son of Mr. and Mrs. Billy Maddox. Second place went to Bruce Taylor, son of Mr. and Mrs. Buddy Taylor, and third place went to Christ Giles, son of Mr. and Mrs. J. C. Giles.

Sunday School Exec. Committee Meets

A planning meeting of the Sunday School Executive Committee of the Chilton-Unity Baptist Association will meet at the West End Baptist Church, Monday, June 3, 7:30 p.m. to plan the program for the July Quarterly Program. W. L. Hicks, superintendent and co-workers, will be looking forward to planning a very helpful and informative program to help meet the needs of every Church Bible School each Sunday. The great need for reaching people for Bible study and Christ is tremendous in Chilton County. Literally thousands in this County never go to any church to hear the gospel interpreted by the teachers, preachers of the churches of the Lord Jesus Christ.

Joe Hayes Held Enviable Scouting Record From Cub To Eagle

Joe Hayes complied one of the most outstanding records ever reached as a Scout in Clanton. He became a Cub Scout in Nov. 1955 at age9. He was active in the Cub Scout program for two years until he became eligible to become a Boy Scout and passed his tenderfoot requirements in Nov. 1957. He finished his Second Class and was awarded his pin on Cot. 14, 1958. He became a first class Scout on May 5, 1959; earned his Star Scout Award on June 30, 1960; He earned his life award on Feb. 1, 1961 and later the same year qualified for the Coveted Eagle Award on September 5, 1961.

Joe had also gone beyond the Eagle Rank by earning the Bronze and Gold Eagle Palm Awards on March 23, 1962 and Nov. 13, 1962. At the time of his death he was presently waiting on a six months period to lapse in order to qualify for his Silver Eagle Palm.

Numerous other Scout honors and awards had been presented to him. He was inducted into the Honor Camper Society Order of the Arrow - in July 1961 and received the Brotherhood Award July 1962.

He attended the 5th National Jamboree in Colorado Springs, Colo., in July 1960.

He earned the Camp Tukabatchee Archery Medal in 1961 and also qualified for the Boy Scouts Mile Swim Award.

He had attended Camp Tukabatchee for 5 years and had hiked the Horseshoe Bend Trail and earned the 50 Mile Award by Canoe.

Joe was most popular with his fellow Cubs, Scouts, and Explorers holding such offices as Denner, Patrol Leader, Senior Patrol Leade and was presently serving as President of the Explorer Post which position he was elected after serving as Reporter and Treasurer for the past 1½ years.

He had also qualified for the Explorer Emergency Service Award which would have been awarded at the next Court of Honor.

Scouting meant a great deal to Joe and even though not well for the past 9 months he never started anything which he did not carry through to completion. He had been awarded a total of 39 merit badges and had earned 5 additional which were never awarded and was in the process of completing two more.

One of the last projects which Joe was working on was a meeting place of their own for Explorer Post 44. Even though death interrupted this endeavor, Joe's influence will continue to work toward this end.. His family requested that flowers be omitted from his funeral and any contributions be made to the Scout Hut Fund. B. L. Adams is coordinating this effort and stated that this hut will be a memorial to this fine example of American Boyhood and Scouting.

ALL-DAY SINGING AT ALPINE

Sunday, May 26, 1963 (4th Sunday), there will be an all day singing at Alpine Baptist Church. Bring a well filled basket of food to be spread at the noon day hour.

Come and enjoy a full day of fellowship.

East-West Game Postponed; To Be Played Here Tonight

The Clanton Lions Club is sponsoring the tenth annual East West Boys baseball game at City Park on Thursday night (tonight) at 6:30 p.m. after postponing the game from last Sunday afternoon. Union Springs will also be holding their games on this date, so there will have to be some division made in the scouting assignmests; and, some of the boys originally scheduled to appear here will have conflicts with graduating exercises, banquets, etc. But, the Lions have had requests from boys and coaches from as far away as Dora, Alabama trying to get a chance to perform in such an event; so, one will tend to offset the other.

Sports fans and others will recall that this game - and all the others played in this program undergird Alabama Sight in unending efforts to combat sight deficiencies for people a little less unfortunate than most of us. Then, as a sideline, make it possible for talented boys to show their abilities before the scouts.

Clanton's own, Clay Carroll, is the most outstanding of these. Clay is pitching for Denver, which is only one step removed from the major leagues, and this is only his third year in organized ball.

Other fellows that had the opportunity presented in our game include Ed Hicks from Montevallo, Howard Merrell from Columbiana, Bobby Carl Wyatt. Some more famous names also include Wayne Sims, Red Phillips, Dickey Bean, Larry Lackey and Ronnie Baynes all of whom chose football over the national pasttime.

One dollar will gain admission to this pair of double headers and to that pair to be played in Birmingham on June 7. Be assured that your dollar will go for one of the most worthy charities of them all and will do as much good os it is possible to wring out of a buck. Your help is sorely needed. Come out and support your team and the individual visiting players and enjoy an evening of good clean entertainment.

There will be a time limit of one hour and forty-five minutes on these games so that the visitors will not be unduly delayed.

The team chosen by the scouts after the first game will play C. C. H. S.

SHOWN here is one of the autos involved in an accident Tuesday night, May 14, where two persons were killed. The accident took place north of Jemison on Highway 31. Both vehicles were totally demolished.

How badly do we want Processing Plant here?

IN recent months a eremendous amount of effort and tabulating has been brought about in Chilton County, regarding the establishment of a food processing plant in this County.

Those who have been closest to this effort are of the opinion that we are now ready to move -- it is a now or never proposition.

Friday, May 24th, there will be a meeting of the County Chamber of Commerce at Bob's Restaurant at noon to discuss the possibilities and potential of Chilton County's truck crops and the prospects of a processing plant.

A food processing firm in Montezuma, Georgia, has expressed an interest in Chilton County, and representatives will be at this meeting to explain procedures and outline requirements.

They are looking for local growers who are willing to plant fied peas in late June and July for their use in measuring the possibilities of Chilton County farmers in growing for processing purposes. They will pay $65 per ton, it is reported.

The firm is also interested in okra, sweet potatoes, bunch beans peaches and possibly corn. If enough growers are willing to work with this company in the "experimental stages", it could mean a processing plant for Chilton in the near future.

Farmers To Meet Also—

Immediately following the luncheon with the C of C, there will be a farmer-grower meeting at the County Courthouse at 1:30 P.M. Friday.

It is very important that all farmers and growers in this area who have expessed or felt an interest in a pocessing operation in Chilton County, be in attendance at this second meeting. County Agent Sellers and his staff will be on hand to assist and answer questions.

As was said, "It is now or (possibly) never." If you have any interest in this project, show it by attending one or both of these meetings Friday here in Clanton.

An Announcement

During the past week local leaders have received several inquiries from women who were unable to be in Clanton on Saturday, May 11th to complete preliminary applications for prospective employment in the new sewing factory locating in Clanton.

All women between 18 and 60 years of age who are interested in this type employment and who have not already completed preliminary application, may do so by going by Rural Area Development Office. Women must be able to complete their own application.

The Rural Area Development office is located on East Side of County Courthouse and directly behind Sheriff's Office. The office will be open from 8 a.m. until 12 noon Monday through Friday until June 1st, for this purpose. Office is closed on Saturday and Sunday.

Candidate For A B. A. Degree

Remaining tickets can be obtained at the ticket window Sunday evening after 7:00 p.m.

Commencement Address

Wednesday, May 29, 1963 at 8:00 p.m. in the high school auditorium, the commencement address will be brought to the seniors by Dr. Frank R. Stewart president of Troy State College Troy, Alabama. Reserved tickets can be obtained Tuesday, May 28 at the high school or Wednesday evening at the ticket window after 7:00 p.m.

DR. FRANK STEWART

Turnham, Jemison Commencement Guest

Representative Pete Turnham of Auburn will be the commencement speaker at the Jemison High School, Monday evening, May 27.

Mr. Turnham was born and reared on a Chambers County farm. He graduated from Chambers County High School at Milltown. Working his entire way through Auburn University, he received a B.S. Degree in 1944 and a Masters Degree in 1948.

During World War II, Mr. Turnham served three and one-half years in the army, in the European Theatre, as an overseas combat officer. He served five and one-half years on the staff at Auburn University as a Dairy Specialist! He is now sales representative for Marshall & Bruce Printing Company for the southern half of Alabama.

Serving his second term in the Alabama House of Representatives from Lee County, Mr. Turnham is Chairman of the House Education Committee and a member of the Ways and Means Committee. He has sponsored many key measures for education and was the author of the school amendment to allow counties to raise the constitutional tax limit from 7 to 12 mills in the last general election.

REP. PETE TURNHAM

Mr. Turnham is a member of the Board of Directors of the Aabama Mental Health, President of the Lee County Mental Health Center Board, and a member of the Auburn Lions Club.

Representative Turnham is active in community and church affairs in Lee County. He is married and the father of four children, two boys and two girls.

A Question -- An Answer--

LAST week. a prominent citizen called us to "check into" the possibilities and probabilities of sidewalks running from town to the County Hospital.

It was this citizen's concern that there are many persons walking this stretch of roadway now, and that it is dangerous since there are no sidewalks, and those pedestrians must walk along the side of the highway.

On this suggestion, we talked with Mayor J. Hollis Jackson about this particular project.

The State of Alabama in the Patterson Administration, agreed to do some "highway improvements" in and around the City of Clanton. This road -- known as Lay Dam Road -- is a "highway" and falls into the category which the State intends to improve.

Mayor Jackson has stated to us that the present Wallace Administration has agreed to follow the original agreement as to improvements. A definite plan of what, why, when and where is yet to be agreed upon by the Administration and local authorities, but it is in the "hopper" and will be forthcoming. The Mayor had an appointment with Governor George Wallace last Monday, but due to the tense situation in Birmingham, the appointment had to be canceled.

Progress is being made, and will be reported on by the News when it is evident.

Trouble In Bunches--

DURING a recent 10-day period in Chilton County, at least 10 highway accidents were investigated by the Highway Patrol, and two persons were killed; several injured; property damage very high.

It is a strange thing how we con go along for months without a single auto accident of any consequence; and then suddenly a rash of wrecks hits the area like a tornado.

There is no explanation for the number of accidents in any given time; but most of the time human carelessness can be blamed somewhere along the line.

Last Sunday evening, the local Highway Patrol had three emergency calls almost simultaneously. When things start popping like that, it is hard for the weary patrolman to know which way to go first.

The heck of it is; not a single one of us ever profits from the mistake of the other fellow; at least not in regards to highway accidents. Experience being the best teacher, we always rely on it to teach us; but unfortunately it is sometimes with tragic results.

Drive carefully!

Can't Seem To Rouse The "Rabble"--

OUR mail continues to be "beseiged" with pictures, clippings, threats and curses from a northern Negro sympathizer concerning the racial trouble in Birmingham.

There is one definite pattern of thought in all this propaganda which we receive, that we cannot overlook. That pattern is that a little bit of "knowledge" is dangerous in the mind of a fool!

From the volumes which have been printed about the trouble in Birmingham, a person could draw just about any conclusion that he wished to. Words and pictures have been defined exactly contrary to one another in so many instances, that it is difficult for an open-minded, intelligent, well-meaning human being to define the trouble in the clearest and most truthful light.

It being the difficult thing that it is for the open-minded, etc. type of human being; it is not hard to understand that it would be downright impossible for the kind of person who keeps writing us those letters. They just cannot comprehend truth, because it is all mixed up with lies!

These people, whoever they are, have a deep and abiding hatred for the South and the people of the South. This is tragic, and we are disheartened by it.

But the thing that gets to us is: we, in the South, can understand why those people in the north misunderstand what is going on in Birmingham; why then, cannot they do the same? They seem to have one-track minds; and that one track is closed to all reason and common sense. We know it is no use to argue with them about our intentions and our beliefs; but it is strange that we can listen with open minds and hearts, and all these people can do is rant and rave about what "idiots" we "hillbillies" ore. You know, it doesn't take so awful much of that kind of thing to make a fellow angry!

Save The Fire Engine--

AN article in last week's News informs us that the old American La France fire engine -- vintage 1927 or 28 - is on the trading block for a newer, more modern version of fire-fighting equipment.

Anyone who reads the News knows full well that we are always ready to endorse progressive efforts by local city and county governments, and this is certainly no exception.

But this is the granddaddy of them all!

How many "calls for help" do you suppose this old "antique" answered in its years of service to this community? It was the backbone of our volunteer fire department for many years, and we are sure that volunteer firemen of yesterday and today as well, can recall some fond remembrances of the "old firehorse."

If it isn't too late; why doesn't some worthy organization in Clanton set about to purchase this fire engine as a link to the past, and a reminder to future generations that time DOES march on.

It would be a unique display for Clanton -- an attraction really -- were it polished up and displayed where everyone could see it. If anyone has such a notion, they had better get in touch with the City Council or Mayor Jackson pronto. As we said, old faithful hasn't got long for this world!

Praise From Sparkman--

Following is a copy of a May 13th telegram which Senator John Sparkman., Ala.) sent to Jefferson County Sheriff Melvin Bailey, Birmingham Police Chief Jamie Moore, Birmingham Public Safety Commissioner Eugene Connor and State Highway Patrol Director Al Lingo:

"As you know, I was in Birmingham this week end and I know of the trying circumstances and the difficult conditions under which your law officers have been working for the past almost forty days.

You may be interested to know that I have had a long talk with the President since Federal troops were dispatched to Ft. McClellan and Maxwell Air Force Base, and I urged the President not to send those Federal troops to Birmingham. He has assured me that such would not be done as long as the local forces could preserve order. He was strong in his praise of you and all the law enforcement personnel of the Alabama Highway Patrol, the Jefferson County Sheriff's office, the Birmingham Police Department, and all the people of the area who have worked together and have done such a magnificent job. I want you and your officers to know how proud all of us Alabamians are in the way in which you handled the situation.

Certainly, the experience of these trying days justifies the confidence which all of us repose in you to continue your control of the situation in Birmingham. Please know of our admiration, confidence, and full support of you, your colleagues, and the leaders of Birmingham and Jefferson County. In all of this I stand ready to be of any assistance I can. Best Regards."

John Sparkman, U. S. S.

IF you want to get anywhere in life, don't push. . . pull!

FARMERS and Chamber of Commerce members: don't forget the important meetings on Friday of this week: one at Bob's at lunch, and one at the Courthouse at 1:30 p.m. Should be very important to you.

Our Trip To The Capital Of Alabama

Wednesday morning, May 9, 1963 our fourth grade class went to the Capitol in Montgomery. There were five mothers to take us. They were Mrs. Johnson, Mrs. Maddox, Mrs. DeVaughn, Mrs. Crew and Mrs. Williams, my mother.

On our way to Montgomery we crossed the Alabama River. When we got thee we went in front of the Capitol, then we went inside. There were guides to take us and tell us about every thing. First we went upstairs and saw where they vote on bills or laws. Then we went back down stairs and went to see the Governor's Office, but he was not in.

Then we went to see the Jefferson Davis home. The guide told us not to hold to the railings of the stirs because they were so old. I thought the baby's room was so pretty.

Then we went to the Archives of History. This building was built with Alabama and Tennessee marble. Also gold from Alabama was used in this building. In this building we saw a canoe made by the Indians, also pottery and jewelry made by Indians. When we left this building we went back to the parking lot to eat our lunch hobo style.

After lunch we started for home. Everyone enjoyed the trip. We all thanked our teacher, Mrs. Martin for taking us on this trip.

Chilton Man Aboard Astronaut "Pickup" Carrier

Freddy M. Driver, boilerman third class, USN, son of Mr. and Mrs. Amos A. Driver of Route 2, Clanton, Ala., serving aboard the aircraft carrrier USS Kearsarge, is scheduled to take part in the Pacific recovery of Astronaut Leroy Gordon Cooper during his 22 orbits of the earth.

Thirteen ships in the Pacific Recovery Force are patrolling five pre-planned recovery areas during the flight. The ships are supported by Navy carrier based aircraft and Air Force land based planes. A special world spanning naval communications network links the Pacific force with the Atlantic decovery force and Cape Canaveral, Fla.

The primary recovery ship is the aircraft carrier USS Kearsarge, which picked up Astronaut Walter Schirra at the conclusion of his six orbit flight last October.

The other 12 ships are the destroyer USS Epperson, USS Fletcher, USS John W. Thomason, USS John A. Bole, USS Lofberg, USS Duncan, USS Mansfield, USS Frank Knox, USS Taussig, USS Re Haven, USS Lyman K. Swenson, and USS Shelton.

The communications for the Pacific Recovery Force are centered at Honolulu, one of the world's largest naval communications stations. It connects the Pacific force with recovery elements around the world and with Cape Canaveral.

The Kearsarge operates out of Long Beach, Calif. All shipboard facilities are ready for the pickup of the Air Force major. including helicopters and recovery crews.

Dear 4-H Janes:

Now that summer is almost here and school is almost out, many of you girls will be helping your mothers with the freezing of fresh fruits and vegetables. There are many points to be covered when talking about freezinig, but one of the most important ones is that all frozen foods need to be frozen and stored at zero degree F. or below. Zero degree is the critical temperature. Food frozen above this temperature is not as good. It can loose some of its color, flavor and characteristic texture. Put a thermometer in the basket of your freezer and see what temperature you have. If it is above zero, it should be regulated. Some home freezers can be regulated without having a service man come, but some cannot. Be sure to read the Use Care Manual which comes with the freezer. Temperatures below zero are excellent. Don't overload the home freezer. For a twenty foot cubic freezer, do not put more than 40 to 60 pints or 20 to 30 quarts of unfrozen food in the freezer at one time. Wait 24 hours before putting in more unfrozen food food. It is better to put in a few packages each day, rather than a lot at one time. Putting in too much unfrozen food causes the temperature to go above zero degrees.

Keep this in mind and happy freezing!

Dear Bob:

The Board of Directors wish me to express to you and your staff, this community's sincere appreciation and gratitude for the wonderful job your paper did in giving the public the news and notice of our labor survey for the sewing plant prospect. With only a few days notice to you the article was framed in such a manner that wonderful results was obtained by the survey and almost 900 ladies filed applicatoion for jobs. We feel that you have made an outstanding contribution to the survey's success and have rendered a very valuable public service to your community.

State Senator
JIMMY McDOW

On Tuesday, March 19, 1963, this Legislature began its Second Special Session to seek new revenue for our educational program. The educational leaders requested a minimum increase of $52½ million per year necessary if we were to have a Breakthrough for Education in Alabama. In my opinion, this request was given much study and work by our educational leaders and the administration before it was presented to the Legislature. All revenue measures must originate in the House of Representatives whirh places the Senate in the position of having to work with what is sent to it by the House. This is a good provision of our constitution and is a part of our system of checks and balance.

The filibuster reared its head in the Senate on Tuesday, April 16 and an agreement was reached for adjournment shortly after midnight that night in order that we might attend the Ground Breaking Ceremonies at Miller's Ferry on Wednesday, April 17. The filibuster was continued off and on for the remainder of the week. The following week a new filibuster record was set in the Senate. This was set off when the 2 cents beer tax was reached on the calendar. However, in my opinion, those who were filigustering had varying reasons for participating in the filibuster. Some wanted to take up the othe tax measures first, some were using this method to delay getting to the other tax measures, and a few were actually opposed to the beer tax increase. I supported the administration's position of making a decision on each of the issues as we came to them. Ironically, I was holding the floor, in order that those who were filibustering might meet with the Governor in an effort to reach an agreement, at 5:00 Saturday afternoon when the old record of 96 continuous hours in session was broken. Late that night we recessed for Sunday and the filibuster was resumed the following Monday morning.

When the Senate is deadlocked in a filibuster, it is much rougher on those who are not actually engaged in the filibuster as they must be there 24 hours a day for quorum calls and adjournment votes. Although I strongly favor a good trade school and junior college program, I did not vote for the beer tax. I strongly believe that we must not depend on beer or whiskey taxes for revenue on which to operate our schools. As you know the beer tax passed, along with enabling acts to set up five additional rade schools and five junior colleges. It is anticipated this will provide approximately $4½ million in new revenue.

Another revenue measure passed by the Legislature in this session was one which did not allow for the deduction of federal taxes in computing state income tax by corporations. At the same time a constitutional amendment was passed which would increase the corporation income tax rate from 3% to 5% and this provided for deduction of federal taxes. If the constitutional amendment passes then the federal tax disallowance bill would not be effective. The anticipated new revenue would be from $4½ to 6 million. I voted for both of these bills.

The final revenue bill passed in this session was one which increased the present 3% sales tax to 4% effective October 1, 1963. This act retains all of the present sales tax exemptions. There was considerable opposition to this bill. However, it was apparent if we were to have an educational breakthrough in Alabama the major portion of new revenue would have to come from this sales tax increase. For this reason and because I believe the sales tax to be the fariest of consumer taxes. I supported this bill. In order that our old age pensioners might not be hurt by this increase I plan to work for legislation that will enable Alabama to increase the old age pension payments. It is anticipated that the total increase in school revenue provided by this session will be approximately $42 million.

There were other important measures passed by this session that I will not discuss for lack of space. I was pleased to obtain the passage of Senate Bill 27 which I introduced and sponsored. This bill appropriated the earned interest form the 100 million dollar school bond issue to the Special Education Trust Fund for currnt use and passed both houses without a dissenting vote. The amoust of this earned interest is approximately $1¼ million and will assist in preventing another year of proration.

YOUR SOCIAL SECURITY

(This series of questions about Social Security is compiled from the questions sent to the Selma Social Security Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, C|o Chilton County News, Clanton, Ala.

Q. Can a man's wife or widow get disability payments on his social security record?

A. No. Disability payments are only for people who have worked under social security. The only exception is in the case of a disabled child.

Q. At age 65 I can get full rate on social security. At age 62 I get less on the month but more checks--Which is the best deal?

A. It can't be answered that easily. You should go to the social security office for an explanation, and then you'll have to make your own choice.

Q. I collect $71.00 from my own social security record. My husband gets $40.00 a month from his own record. Am I due anything from his social security?

A. In this case, no. Since your own record pays you a higher benefit than your husband's record would, you collect on your own. You cannot collect from both, but only from the one that pays the higher benefit.

Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN

The House last Wednesday passed a bill that will permit the national debt to rise to a record high next month so the government can pay its bills.

Over Republican opposition. the House passed by a nine-vote margin the bill to raise the temporary national debt ceiling py $2 billion for the remainedr of fiscal 1963 and by an additional $2 billion for the first two months of fiscal 1964--July and August.

The debt now is subject to a legal limit of $305 billion which would hav edropped under existing law to $300 billion on June 25. This stop gap legislation, passed last week by the House and sent to the Senate, will give the Treasury Department what it believes to be the absolute minimum ceiling necessary for effective management of the federal debt from expenditures already approved. These approved expenditures are expected to surge $1.8 billion above the previous statutory limit.

Protest Vote

A vote against the hike in the debt ceiling should be considered a protest rather than an economy vote Actually, had an increase in the debt limit been defeated, and no other adjustments provided, it would have made it impossible for the Secretary of the Treasury to satisfactorily manage the public debt.

Despite votes of protest, most members of Congress recognize that the only effective means of placing our government on a pay as you go basis is to reduce expenditures to the level of in come rather than to place th debt ceiling so low that the Sec retary of the Treasury canno pay the bills already incurred.

"Highway to Unity"

This month the centuries ol dream of being able to trave from the United States to Pana ma by automobile became a real ity with the opening of the 3,14 mile new Inter-American High way.

The route, although still roug in spots, allows American tourist to drive through seven countrie on one road--Mexico, Guatemal El Salvador, Honduras, Nica rauga, Costa Rica and Panama.

The road is the first leg of grand plan for a Pan America Highway, which when complete will enable a motorist to driv from Alaska to the Southern ti of South America.

Since transportation is th backbone of a strong, expandin economy, this new highway sys tem will bring a new frontier new jobs and markets and im prove the standard of living Central and South America countries through which it pass es. The Pan American Highwa is one of the most striking an valuavaluable achievements inter-American cooperation. F in this international venture, th nations of the Americas ho joined hands to build a roa through mountain, desert, an jungle that will serve as a c hesive force in uniting the fr American republics in the troubled times in our hemis phere.

YOUR HEALTH

WOMEN DOCTORS

In the Soviet Union a lot of people have never seen a male physician, and in this country a good many people have never seen a woman doctor. In the Soviet Union 75 per cent of physicians are women, while in the United States only 6 per cent of physicians are women. Six per cents seems disproportionately low, according to Marion Fay, PhD,, president and dean of the Women's Medical College of Pennsylvania in Philadelphia.

Dr. Fay is concerned about the small number of women in this country who are studying medicine. Over a period of 38 years Dr. Fay explains, the percentage of women students in our medical schools are varied from a low in 1910 of four to a high of nine and one-half in 1948|

Dr. Fay asks, "Is this because of lack of opportunity for women, prejudice against admiting female students, or absence of interest among women themselves?" Apparently, there is little prejudice among admission committees as borne out by the fact that in 1960-61 better than one in two women applicants were accepted by medical schools.

Dr. Fay thinks high school age is the best time for planning preprofessional courses and that the field of medicine should be attractively presented along with othr possible careers.

If a girl is accepted for medi cal school, Dr. Fay feels th she must realize her responsibi ity to enlist for the duratio The medical school also has re sponsibilities which include fi nancial aid, advice, counselin and help on personal problem The woman student must b shown that it is possible to com bine matrimony and medici sensibly and realistically.

Did you attend Church last Sunday? If you didn't we invite you to worship with us next Sunday. Your attendance last Sunday was 56 with 1 visitor, with 36 in Training Union.

Bro. Gray brought two wonderful messages, the morning message from Proverbs 18:14, "How a Man's Conduct Come Home To Him." The evening message from II Timothy 3:1-18, "Paul's Advice to Timothy.."

There will be a church social at the home of Mallard Langston Saturday night starting at 7 o'clock. We will serve home made ice cream and cake, every one invited.

We wish to thank the WMU ladies for the curtains which were placed in the Sunday School rooms. We will observe the Lord's Supper, Sunday niyht at 6 o'clock, there will not be training union so that those who have children graduating may attend baccalaureate services.

Providence (Beat 13)

Rev. Robert Carden, Pastor

The Home Coming was enjoyed by a large crowd Sunday, we had real good singing and plenty of dinner and wonderful speakers.

The speakers were Bro. Curry Bro. Fields and Rev. Robert Caden brought a wonderful message. All had a nice time seeing old friends again.

However occasions like this we feel sad, so many who have passed away. then we wonder who will be missing the next year. But it makes our heart rejoice when we think of the great Homecoming in Heaven. How wonderful that will be if we are prepared to go. Let's each one strive to be ready.

Don't forget the change of time next Sunday. Sunday School at 9:00 and preaching will follow. Come on out, then you can go to the graduation services afterwards.

Remember prayer services and choir practice every Wednesday night. Also visitation on Thursday night.

Don't forget to pray for the lost of our community, also the sick and shut-ins.

Mt. Carmel - Adams

Rev. Charles Forriester, pastor

Our attendance was up some Sunday, we are glad to see some of our members back that has been out for awhile. Rev. Forriester brought a wonderful message. You that were not in church missed a blessing.

Mt. Carmel WMU, YWA and GA met in a combination anniversary party Sunday afternoon, honoring the GA's 50th anniversary and the WMU's 75th. Our WMU program was on Outstanding Women in WMU work the YWA's discussed YWA in Foreign Countries; the GA's discussed GA's in Other Churches.

Mrs. Helen Lenoir brought the devotional. After the program we had refreshments. The GA's colors were used as our motif, we were served green and gold mints and thanks to Mrs. Wech Roebuck, we had a very beautiful 3 tiered 50th and 75th anniversary cake, white with a gold 50 and a silver 75. Gold and green punch was served by Mrs. Charles Forriester. Our place cards were "Fashion through the Years."

We did not have worship service after training Union. instead we attended the Baccalaureate service for the Maplesville seniors. Our pastor Rev. Forriester had a part in this service. We have two seniors from our church, Miss Barbara Ousley and Miss Linda Klinner. We are proud of all these young people.

Rev. and Mrs. Forriester was Sunday guests of Mr. and Mrs. Jessie Smith.

Miss Rita Ipock and Miss Linda Ousley was guests of Mr. and Mrs. E. A. Lenoir Sunday afternoon.

Remember our Wednesday night prayer service with choir pactice following, don't forget the sick and shut-ins and remember to go to church the next Lord's day.

Jemison Student Receives Scholarship

LYNDA Clements, Jemison High School senior, has been notified by Alabama College that she is to receive a cash scholarship award in the amount of two hundred dollars. This award was based on Lynda's score on her A. C. T. examination and her high school record. L. C. Shields, Jemison High School Principal. states that Lynda has made all "A" record through junior and senior high school. Lynda also has received a loan scholarship in the amount of five hundred dollars.

Lynda is the daughter of Mr. and Mrs. Pat Clements of Jemison.

Series E Savings Bonds cashed during 1962 averaged less than one per cent per month of the total amount of E Bonds outstanding, the U. S. Treasury reported recently.

All Day Singing At Pleasant Grove No. 2

THERE will be a Home Coming and all day singing at Pleasant Grove No. 2 Baptist Church next Sunday, May 26th.

This church is located about 5 miles north of Maplesville just off Highway 82 on the Marion paved road.

Mr. E. E. Stewart of Billingsley will be chairman for the day, and we are fortunate to have him as chairman as most all singers all about, know him. The new convention books will be used and there will be plenty for all.

Many good singers are expected from Montgomery, Prattville and Birmingham, as well as local talent from surrounding communities that we have promise of. We hope to have the Lowery quartet, together with duets and trios.

A bountiful lunch will be spread at the noon hour and everyone has a very cordial welcome to come and help us to enjoy a good day of gospel singing together.

McGee and Mrs. Patty Graham.

Mr. J. L. Kelley, Principal of Maplesville High School, who has been Adult 4-H Leader, is also sending letters to parents of 4-H Club members to further explain the program and to give them the opportunity to participate this drive.

To date $3,672.60 has been pledged to the 4-H Foundation from Chilton County, and a total of $1,007.60 has been turned in to the Foundation.

Judge White reports that the Thorsby area is to be commended for the fine contributions made and adds that the Clanton and Verbena areas will complete their portion of the drive the very near future.

The state total now exceeds $100,000 in contributions, and Foundation Directors are still hopeful that the $3,000,000 goal will be reached.

Judge White wishes to thank each person who has made a contribution, and states that in the near future a list will be published of those who have contributed and the amount given. Judge White also states that anyone who has not been contacted and wishes to contribute may contact him or any if the assigned workers.

Verbena FFA Met

The Verbena High School Chapter of the Future Farmers of America visited the steer feeding opeation of Mr. Reedie Taylor's Monday afternoon, May 20, 1963.

Mr. Richard Muncher and Mr. Taylor showed us the feed crushing and mixing operation, the feeding of the steers with an automatic feeder and the entire procedure for feeding and caring for the 480 steers that they have on full feed.

The steers are fed for a period of 100 to 120 days before going to market.

The trip was very enjoyable and educational.

James N. Dennis is the Vocational Agriculture teacher at Verbena High School.

FIRST METHODIST WSCS MET

The Woman's Society of Christian Service held their regular monthly business and program meeting last monday afternoon at the church. The president Mrs. R. M. Tucker, presided over the business. Following the business a most timely and inspiring devotional was given by Mrs. Josepr J. Mullins.

Mrs. Omar Reynolds, presented Mrs. Henry A. Roper, who gave a most interesting report on the history of the Bible.

Following the program the group was invited to assemble in the recreation hall for an informal coffee. During the social hour Mrs. Charles Price was presented a lovely silver tray, a love token for her services rendered to the church while she was in Clanton. Mrs. Price and family will be moving to Atlanta soon to make her home.

The coffee table was centered with a beautiful bowl of rhododendron. Around 75 people attended the coffee.

Sacred Harp Singing Convention Held

The Sacred Harp Singing Convention, held at New Harmony Church (Lomax) Sunday, May 19th was a tremendous success.

There were a number of visiting singers from Jefferson, Perry, Tuscaloosa and Coosa counties whom we greatly appreciated.

The local communities were also well represented.

It was a day of inspiration of good will.

The usual eleven o'clock memorial service was held to honor those members recently deceased, namely, Mrs. Elizabeth Sanders, Mr. J. H. Gaines and others passed on, also dedications to those who are ill, or sut-ins.

A bountiful dinner was served at the noon hour.

It was a good day to remember renewing old acquaintances and our gratitude goes out to each and everyone who contributed in any way to making this a happy event.

U. S. Savings Bonds offer citizens a chance to share directly in helping to achieve America's goals. At the same time they help the bond buyer to insure his own financial security in the years to come.

REPORT FROM MONTGOMERY
By State Senator JIMMY McDOW

This is the first general report that I have released to you since I have had the privilege of representing you in the State Senate. It is not my intention to try to make a weekly report through the newspapers of this district but I do intend to ask the cooperation of this newspaper that I might report to you from time to time.

As you know the Legislature was called into it's first Special Session on Friday, March 8, 1963 for the purpose of providing additional revenue for the operation of the State Highway Department. At this time it was proposed by the Administration that the Legislature provide for a $100,000,00 bond issue without new revenue. There were some members of the Senate who strongly opposed this bond on the grounds that this was deficit financing. I supported the administration's position for I felt that the economy of the state could not go forward without a strong highway program. It was also my thinking that if new taxes had to be imposed by this Legislature, those new taxes should go to strengthen our school program. After a thorough study of the present gasoline tax revenues I was satisfied that the anticipated annual increase from our gasoline taxes would adequately service this bond issue. For the last six years our state gasoline tax collections have had an average increase of 3.33 percent and our state gasoline tax is one of the highest in the nation now. This bond isue is very similar to the method many of us must use in buying a house and taking 20 years to pay for it. As a result of this great highway program I believe we will see an even greater increase in the gasoline tax revenue than has been normal in the past.

There were two other bills of general interest passed in this session. One of these permits the State Highway Department to maintain, repair or construct city streets. This is a permissive act and, of course, not mandatory. It is anticipated there will be approximately 5 million dollars a year out of this bond issue available during this administration to assist our towns and cities in street construction and repairs. I supported this bill as I realize most of our towns and cities more difficult to meet the need have found it increasingly of an expanding municipal population.

It was a pleasure to co-sponsor in the Senate legislation to improve our State Teacher and Employee Retirement program. This will insure more benefits to our teachers and state employees who have already retired as well as those who will retire in the future. There benefits will go into effect at the beginning of the next fiscal year, October 1, 1963 and without any additional cost to the state. This act also makes it much more attractive to our city and county employees and I am hopeful that more of our cities and counties will be able to bring their employees under this program in the future.

This special session was completed in five legislative days which is the minimum time necessary to pass any legislation.

Representative Grady Heflin, and I have been working together on matters of local interest to Chilton County. We would certainly encourage you to let us know your feelings on any matters before us and we would welcome the opportunity to be of assistance to you at any time. With the cooperation of this newspaper I will report to you next week on the second Special Session.

IN MEMORIAM
BRO. HERMAN PINKERSON

Our hearts are heavy as we realize that a link from our fraternal chain is missing.

Brother Pinkerson departed this life in the Chilton County Hospital on April 15, 1963, after a very brief illness.

Brother Pinkerson became a member of Clanton Chapter No. 271 Order of the Eastern Star on November 10, 1955 since this time has been very active, missing only a very few meetings, as he dearly loved the work of the Order of the Eastern Star. He served very efficiently in the capacity as Treasurer of our Chapter for a number of years.

He was most loyal in visiting other Chapters and he loved to share his hospitality to our mempers in so doing, thus his life became an inspiration to others, and certainly it is that, "to live in the hearts we leave behind is not to die."

May the fellowship of our beautiful Order serve as a benediction to those who sorrow.

Be it resolved that a copy of this memoriam be spread on the minutes of the Chapter, a copy be mailed to the widow, Sister Lena Pinkerson and a copy be sent to the County paper.

Signed: Essie Walker,
Ruby Thrash

Better Speech Club School Year 1962-63

This school year soon will be all
gone, and I'm so very sad, I
can't recall another year, such
as I have had.
There was merriment and laughter and though years I may lack
From this year on, I have all
this good year back.
The nicest teacher in the world,
is Mary T. with might,
And when I teach a grown-up
girl. I'll use her rule,
"Do Right!"
We shared our work and playtime, too, though there were
many a test, this school year's
Brought much happiness to me
And all the rest.
Sometimes our plans were all
upset yet all turned out o.k
Like on the day Wanda fell, still
All were sweet and gay.
Now, I don't know just how you
you feel, yes you and all the
rest; But I've enjoyed the whole
year through, to me it's been the
best.

Four Now Entered In 1963 Chilton Peach Queen Contest

Miss Betty Waites, sponsored by the Sr. II Class of Chilton County High School, was the first entry in the Peach Queen Contest. Interest in the contest is picking up. and we expect to have a large group of girls seeking the title of Chilton County Peach Queen.

Also joining in the competition this week are three lovely ladies from Jemison. They are: Representing the Senior I Class, Miss Linda Headley, daughter of Mr. and Mrs. E. L. Headley of Route 2, Jemison; from the Senior II Class, Miss Linda Faye Burnett, daughter of Mr. and Mrs. Lloyd B. Burnette of Collins Chapel; and from the Senior III Class, Miss Sandra Ellison, daughter of Mr. and Mrs. Clyde Ellison, of Route One, Jemison.

A number of the County High Schools have been contacted, also Garden Clubs, Music Clubs, and Civic Clubs. Pictures and information on the contestants will be carried weekly in this paper beginning next week. Any organization wishing to sponsor a contestant in the Peach Queen Pageant, or any individual that would like to enter, should contact Morris Moatts at Pinedale Gardens, phone 825, or Dr. W. T. Parker, phone 639. The lucky girl selected as Chilton County's Peach Queen will be sponsored by the Clanton Jaycees in the Miss Guntersville Lake Beauty Contest and will also have an expense paid trip to Louisvile, Kentucky to attend the National Junior Chamber of Commerce Convention June 24-28, during which the Clanton Jaycees will be giving away Chilton County Peaches to convention delegates from all the fifty states.

Clubs, Civic organizations, schools, towns, businesses and sponsor of Peach Queen contestants are encouraged to make plans ot have floats in our Peach Parade to be held, June 21, 1963. Anyone wishing to enter a float or have a part in the parade should contact Dave Norman, at the Big Four Hardware, phone 28.

The Peach Festival Committee meets each Monday night at 7:30 at the Dixie Cafe and all peach growers and other interested persons are invited to attend.

Plans Being Made For Big Peach Festival

The Peach Festival Committee the Clanton Junior Chamber Commerce is a very busy oup these days, making plans and preparations for one of the biggest and best Peach Festivals this County has ever seen. The Festivities will start June 20th with the Peach Queen Pageant. The top 10 girls will be selected during the preliminary judging, but will not be announced until Friday night, June 21st after all the contestants have had a part in the Peach Parade. The 10 finalist in the Peach Queen contest will be presented Friday night during an evening of entertainment by a nationally known group of performers. The Peach Queen will be selected Saturday night, June 22nd, from the top 10, during the final judging. Business and civic organizations may enter their contestant in the Beauty Pageant by paying an entry fee of $10.00 per entry. The top three grades in all County High Schools will be represented in the Beauty Pageant.

This year's Peach Festival will be built around and will feature Chilton County Peaches and the peach growers of the County. Prize peaches will be on display from which judges will award ribbons to the growers for the best peaches in each class. Plans are also being made to have peaches available for sale in and around Clanton during the entire three days of the Festival.

This year's Festival, under the Chairmanship of Dr. W. T. Parker, is shaping up to the best yet to feature Chilton County Peaches and the peach growers with three days of variety entertainment.

HEMEROCALLIS GARDEN CLUB MET

Mrs. Henry Hardy was hostess to the Hemerocallis Garden Club when they met on Tuesday, May 21.

Campaign speeches were made last Tuesday and ballots were cast the following Wednesday for the 1963-64 FHA officers. Heading the list is Mary Lee Lawley as president. Mary Lee served as our vice-president this year and we are sure that she will do a good job as president. Jo Owen was elected vice-president and the other officers are as follows: Eunice Harrison, secretary; Lynn Kelley, treasurer; Judy Mitchell, palimentarian; Mary Ann Watson, reporter; Carol Owen, recreational leader; Joan Greene, historian.

Each of these girls receives our congratulations and we are sure that the FHA will have a successful year with these girls as officers.

In assembly last Tuesday, Joy Adams was awarded a pin for m ing the highest score on a test sponsored by the Mathematical Association of America.

Carol Owen was also awarded an honor. Carol was elected by the Beta Club to receive the Non-Beta Service Award. This award goes to one student each year who is not a member of Beta Club and has rendered the greatest service to the school. Each year the name of the student who receives the honor is engraved on a plaque which the Beta Club purchased last year.

Class Night

The seniors presented their Class Night Friday night. The program began with the introduction of "Who's Who" by Jean Dennis and Bobby Klinner. The class then sang "May You Always". Barbara Ousley gave the class poem, Jimmy Garner read the "Advice to Juniors" and giftorians, Linda Johnson and Sue Haigler presented each member of the class with a gift. Alice Faye McMinn sang "Moonlight and Roses." The class history was given by Brenda Ratliff and Judy Greene gave the class prophecy. The program was concluded with the entire class singing "Peace of Mind."

Baccalaureate Service

Sunday night the Baccalaureate service was held at the high school auditorium. Following the procession of the nineteeen seniors Richard Harrison and Mary Ann Watson sang. The speaker, Dr. A. L. Garner, professor of education at Howard College, was intoduced by Rev. Robert Edge, Jr. Other ministers participating in the service were Rev. Lloyd Jones, Rev. Mitchell Zirlott, and Rev. Charles Forrester.

Rev. James Benefield, Pastor
Sunday School 10 a.m.
Worship Service 11 a.m.
Training Union 6:30 p.m.
Evening Worship 7:30 p.m.

Our Sunday School attendance was 93. Bro. Benefield began a series of messages on "The Secret of Happiness." The first sermon of the series was "Secret Giving," using the text Matthew 6:3.

Training Union attendance was 65 and there were 21 daily Bible readers. Our Sunday night sermon based on 1st John 11-13 was "How Can I Know I'm Saved?"

We are still having "Teachers Training Course" on Wednesday nights, this is a good course for all to attend.

There will be visitation, Friday night beginning at 7 p.m., there is still plenty of work for all who come.

Vacation Bible School will be the first week in June, we are looking forward to a good attendance.

Our softball team score was Samaria 11, Chestsut Creek 7. It was a fine game.

Please pray for the many sick and shut-ins and for our Vacation Bible School.

REFUGE

Well, we planned for a great day here last Sunday, and we had it. The services began with the song, "Amazing Grace" by the Chairman, Mr. J. E. Minor. Prayer was offered by the Rev. Donald F. Parker og Birmingham. Mr. Grady Bates was cochairman, and proved himself as usual, to be an elegant worker and was very helpful in many ways.

There were 37 song directors who led the class during the day. They were as follows: J. E. Minor, Rev. M. Lockhart, Charlie Moates, Virgil Smith, Orbin Langston, H. H. Hubbard, Marion W. Easterling, Ray Mell Easterling, James Easterling, O. C. Boone, Floyd Ears, A. P. Holland, Mrs. O. C. Boone, Mrs. Floyd Eads, Mrs. A. P. Holland, Audie Brown, Mr. T. M. Blackman, J. B. Hammonds, Mrs. Ressie Jones, Dock Harris, Mrs. Dock Harris, Miss Judy Harris, Newt Minor, Arthur Coleman, Rev. Floyd Smith, Mrs. Ruth Coleman, Jimmie Coleman, Charles Coleman, Perry Fulmer, Miss Judy Pickett, Donna Coleman, Edd Langston, S. L. Baker, Lloyd Boswell, Clarence Hull, Debbie Luttrell and Mrs. J. B. Hammonds.

Several specails were rendered during the day by the Boone Sisters and family and the Coleman Family. Pianist were: Mrs. O. C. Boone, Charles Coleman, Marion W. Easterling, Mrs. Stanley Lockhart and Mrs. Lois Minglecroff.

A good dinner was spread under the trees with plenty of ice tea, hot coffee and two large cans of ice cold water. The blessing was offered at the table by the Rev. Stanley Lockhart.

Services were resumed at one o'clock and continued for about two hours with some of the best singing that we have every heard. The specials were heart lifting and soul stirring. The benediction was given by Mr. H. H. Hubbard of Randolph.

We will be looking for all of our people next Sunday, but we wil not have services Sunday night because of High School Graduation Services in as much as we have those graduating from our church.

Mr. John Brown of Mobile and his sister Mrs. Russell Hayes of Illinois are enjoying a visit together in Clanton at the Brown home place on 1t Street.

Don Graham, Pastor

On Friday after school is out, the recreational facilities at the church will be open for your use. The volley ball court and basketball court will be open. You can use the ping pong table or any other of the indoor games. Further plans will be announced later.

During the Sunday night worship service, we were very happy to have Brother Wayne McCullar deliver our message. He is a member of the West End Baptist Church and has recently dedicated his life to the ministry.

We played our second softball game last Saturday night at 8:15 at the City Park. We played the Chestnut Creek Baptist Church and won. Make your plans to be with us next Saturday night at 7:30 when we play the First Baptist Church.

Don't forget May 31, the day we have chosen for Preparation Day for our Bible School. We will have out last Facultt Meeting at the church on May 30. Be sure to start planning to let your children enroll in our Bible School on June 3-7.

We have planned to have our revival July 21-27. Brother Bill Coleman, pastor of the Liberty Baptist Church of Tallassee, will be our evangelist. Brother Larry Daper, minister of music, at the Tenth Avenue Baptist Church in Birmingham. Start making yorr plans to attend.

STRAIGHT TALK ABOUT AUTOMATION

by Vant Neff

Think of the changes in the way we live since the turn of the century. Wonder drugs save and prolong life. Jets circle the earth in 55 hours — astronauts in a little less than 90 minutes. Electronic teachers help children learn. Almost any civilized point on the globe is just a telephone call away. Climate can be controlled with air conditioners and humidifiers.

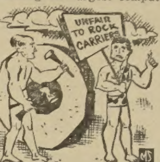
Is this bad? A lot of people seem to think so. Pick up an article about new machinery and production methods. Most of them never fail to mention the number of people forced out of jobs by advancing technology. One Gallup poll showed that people feared automation just a little less than Russia.

Labor leaders, reaching for another cold beer from a gleaming refrigerator, blame automation for the unemployment rate of 5%. Many union contracts place job security over wage demands. The union leader forgets that automation changed his old icebox into the new mechanical refrigerator. Only automation was called technology in the icebox days.

Automation is the effort to reduce human drudgery by machines and to get the most out of money invested in new plants and new machinery. Individual initiative and investment is what brings us all the boons of modern life. Does it make sense to junk this system in favor of featherbedding, restriction, obsolete methods and welfare handouts? The answer is no!

Automation was new in this country in 1784 when a continuous-process flour mill was invented by Oliver Evans. It was new in 1788 when James Watt made a flyball governor to regulate the steam from his engine. Had there been labor unions when the wheel was invented, I suppose they would have objected. The only thing new about automation today is its name.

Do you know who has been building the largest computer and how long its been in the building process? The telephone companies. They introduced the dial phone back in 1920. About 96% of their 59 million phones are dial operated today.



In 1920 a cross country call cost $16.50. Today it's $2.25. Without automation, many of us would not be able to afford phones today, let alone make calls. If the telephone company had not begun installing automatic switchboards in the early 1920's, it would take every woman between 18 and 30 in this country to handle the 90 billion calls we make a year.

Most of us are too quick to count the jobs lost when automation arrives. We forget the new jobs created. Automation builds new equipment and maintains it. It creates new markets through lower costs and prices.

Automation is just another word for progress. Economists have proven over and over again that most of our unemployment comes from individuals mismanaging money; not from newer and quicker ways of doing things.

27.5 million Americans were employed in 1900. Today, we can produce that 1900 national income with only 11 million workers. Our population has increased 140%. We have many more people to support.

71 million people are employed today. The per cent of people actually working now has increased from 36% in 1900 to 39% in 1962. Yet, the average work week has decreased from 53 hours to under 40.

Only selfish men with puny minds will think they can halt the march of progress and invention. Such resistance to better ways of doing things may delay and handicap our national progress and our competitive position in the western world; but progress will not be stopped, and we would all be wise to recognize this fact.

Verbena HD Club Met May 2

On Thursday, May 2, the Verbena Home Demonstration Club met in the home of Mrs. Oscar Howard with ten members and the agent, Mrs. Johnnie Lane, in attendance.

With the president, Miss Annie Lamar, presiding, the meeting was opened with the scripture reading by Mrs. Mabel Gaines. The story of the hymn of the month was given by Mrs. Howard and two verses of the hymn "What A Friend We Have In Jesus" were sung by the group. The demonstration "Home Freezing", was conducted by Mrs. Lane and an interesting and informative question and answer period followed.

A collection was taken in the amount of fifteen dollars and the secretary-treasurer was authorized to issue a check in that amount to the 4-H Foundation. Mrs. Lane was authorized to purchase a prize that was presented in the drawing at the Cooking School that was held in Clanton on May 15.

A loving tribute to our late President Mrs. Effie Meroney, beautifully written in the form of a resolution, by Mrs. Serena Foshee, was read by the newly elected First Vice President, Mrs. Mary Turney. The meeting was closed with the reading in unison of the Club Collect.

During the social hour that followed the hostess, assisted by Mrs. Emma Mims, served a delightful salad dessert course and hot beverages.

The June meeting will be held on the first Thursday of the month, in the new recreation building of the Verbena Methodist Church with Miss Annie Lamar and Mrs. Anna Richards as hostesses. All members are urged to attend, as this promises to be an exceptionally interesting and enjoyable meeting.

C. C. Democratic Women Met

The Chilton County Women's Democratic Club held the May meeting at the Holiday Inn. There were twenty four present including the two guest speakers.

The chairman, Mrs. Barnett DeRamus, called meeting to order at 4 o'clock, after everyone had enjoyed delicious home made pound cake, made by Mrs. Archie Taylor and coffee or tea after which Mrs. DeRamus gave a report of the trip to Birmingham to attend the State Democratic Reception honoring all Congressmen and Senators followed by a "Fund Raising Dinner" at 7:30 p.m., and Speaking, last Friday night.

The following members of the Women's Democratic Club attended: Mrs. J. B. Atkinson, Mrs. Barnett DeRamus, Mrs. O. N. Esco, Mrs. L. C. Warr and Mrs. John Patterson.

Following the business and reports, the chairman introduced our own State Representative, Mr. Grady Heflin who was very patient and courteous in answering the many questions asked him concerning the actions being taken in Montgomery on the school bills.

Mr. Ed Yeargan of Thorsby and secretary of the Democratic Committee was the other guest speaker and he spoke briefly and complimented the Women of Chilton County on the fine work they are doing for the party.

A motion was made for dismissal with next meeting to be announced.

Bells For Liberty On July 4, 1963

Churches, schools, government buildings, businesses and individuals are invited to ring "Bells for Liberty" to celebrate the Fourth of July throughout the state of Alabama this year.

The project, sponsored as part of WBRC-TV's tenth annual Fourth of July celebration, will occur at 12:29 p.m. on July 4th. It will continue for four minutes.

The signal for bells throughout Alabama to ring will be given over the air during the annual Flag raising broadcast which will feature outstanding military bands and distinguished speaker from in front of the station atop Red Mountain in Birmingham.

The signal will come at 12:29 p.m. on July 4th over the air when a represenative of the Armed Forces begins ringing a bell which will be broadcast. For four minutes bells throughout Alabama are invited to join in.

If you or your organization are interested in participating in the bell ringing salute, write to:

Mailbox Improvement Program

The week of May 20-25 has been designated Mailbox Improvement Week. Mailboxes on mounted city routes, rural routes, and star routes with delivery and collection service are to receive attention.

On mounted routes with curbline delivery, the box may be of the rural type to protect the mail from the weather. Where boxes are not directly in front of residences, the patron's name and address should be shown on the box.

Rural route patrons are required to provide mailboxes of standard approved type. Boxes should be kept in good condition and located where they can be easily served by carrier from his vehicle. Names of the patrons and box numbers should be shown on side of box. Boxes and supports should be kept painted, and grouped where possible to facilitate delivery. Unserviceable boxes should be replaced by new boxes of approved type. New patrons, or patron having obsolete type boxes moving to new locations, must erect serviceable boxes of an approved type on the right side of the road in the direction of travel of the carrier. You cooperation in this pogram will be appreciated.

"Peaches" Start 'Line Up' for Go at Crown

The list of Peach Queen Contestants continues to grow with the following entries and their sponsors. From Jemison High: Sandra Ellison, 12th grade, Linda Burnett, 11th grade, and Linda Headley, 10th grade. From Chilton County High: Betty Waites, 11th grade and Sharon Jones, 10th grade. Alice Gerald is sponsored by the Woman's Study Club and Juanita Thomas is representing Acme Building Supply, both of Clanton.

With the help of Jaycettes, a series of parties is being planned for the Peach Queen Contestants. Mr. Roscoe Williams will entertain the girls with a swimming party at the Holiday Inn, the Jaycettes will have a coke party, the Hemerocallis Garden Club will honor the entries with a tea at the home of Mrs. Howard Maddox on June 18th. A lawn party and a party at the river is also being planned.

The preliminary judging will be Thursday niyht, June 20, and the top 10 girls will be presented Friday night, June 21, during an evening of entertainment by nationally known performers from the Grand-Ole-Opry. The final judging will be held Saturday night, June 22, and will be climaxed with the crowning of the 1963-64 Chilton County Peach Queen.

The Peach Queen will represent the Clanton Jaycees at the National Junior Chamber of Commerce Convention to be held in Louisville, Kentucky, June 24-28.

The Peach Festival Committee meets each Monday night at 7:30 at the Dixie Cafe and all peach growers and other interested persons are invited to attend.

A Little Bit O' Tuck . . .

By BOB TUCKER

STRICTLY rumors: Clanton will get another big industry soon. . . The Martins are planning to build a new funeral home in Clanton. . .the Peoples Savings Bank in Clanton is planning some extra large expansion to include several feet of building space which it does not now enjoy. . . Paved roads to the Coosa river will soon be a reality! If any of the above things are true, consider that we have a good source of information. . . if not, forget we said it, will you?

PURELY facts: An inquiry on our part revealed to us that Charles Kane, our insurance man is doing mighty well after undergoing a pretty serious operation about two weeks ago. Glad to hear he's better and hope he's back on his beat real soon. . . likewise to "Rip" Burnett, who was in a freak accident last Thursday. He is better, but the broken vertebra in his back is going to make recuperating somewhat lengthy. We are glad his accident wasn't any more serious than it was, at that. . . Levine's has taken on a completely new face in Clanton. You'll be seeing it in the News in the next week or two; and 'twas all done by local firms, too!. . . The Harris Young Town, formerly the Harris Shop has been completely recoderated inside and out. 2nd Avenue is stepping out and dressing up. . . or is it the other way round?

A CORRECTION if you please! The following are the names of the members of the Chilton County Democratic Women who attended the Fund-Raising Dinner in Birmingham recently: Msd. T. B. Deramus, O. N. Esco, J. B. Atchisin, Cecil Martin, W. R. Kendrick and John Patterson.

EVERYBODY knows you can't get up and walk out of court when it is in session, especially if you are a witness. Well, the Clanton Volunteer Firemen were sitting in Judge Oakley Melton's court the other day, as witnesses in a case, and the fire siren began to wail. What did the "Volunteers" do? They just automatically jumped up and ran. . . without asking permission or anything. When they returned about an hour later, the Judge and the court were patiently waiting their return. The first question upon their return was: "Wrere's the fire?" Fortunately, Judge Melton is an understanding gentleman!

YOUNG son Ben's greatest concern about getting out of school early Wednesday--the last day of school--was that he would be late for lunch. They didn't serve lunch at school on that day. Nothing else seemed to matter a great deal!

Judge Melton To Lecture At Boys State June 2nd

Circuit Judge Oakley Melton will lecture at Boys State, and administer the Oath of Office to the Officers of Boys State, which meets at Huntington College June 2nd through June 7th. Boys State, which is sponsored by the American Legion, was originally scheduled to meet for its annual program at the University of Alabama, but has been transferred to Huntington College. Judge Melton will speak on State Government. He has served in all three branches of the State Government, having been a Member of the Legislature Assistant Attorney General, and 24 years as a Jurist--8 years as County Judge and now in his 17th year as Circuit Judge.

Representatives from Chilton County at Boys State will be Robert Micheal Dennis, Jimmy Parker and Dana Robinson, all Seniors next year.

Farmer-Interest Said To Be "Weak Link" In Processing Plant Hopes

FARMER interest, with regard to a proessing plant for Chilton County, seems to be the weakest link in establishing such a plant here.

It was brought out in the Chamber of Commerce meeting at County Courthouse last Monday evening, that everything possible has been done to encourage the establishing of a processing plant in the Chilton County area. Steps were taken so far as to bring representatives from the largest frozen food pocessing plant in the southeast to Clanton last Friday, to meet with local growers and to talk with them and explain the procedures necessary to provide the raw materials for a plant, if it were to establish here. Data was available and even a cash offer as to how much would be paid per ton for peas, bean, potatoes, etc.

Six growers showed up for the meeting.

Forget The Idea--

The Cramber of Commerce has no alternative at this point, but to "forget" the processing of foods idea, at least for the time being, and concentrate their efforts on attracting industry for Chilton County.

Papers Signed For New Industry--

The papers were signed Tuesday morning for what is hoped to be the first of a long line of industries to come to this area in the months that lie ahead. The industry signed Tuesday is a small one, employing only women, but it is only the beginning, if the program outlined by the Chamber is to be effected.

Fresh Peach Market Looks Promising--

The fresh market for peaches looks good this year, as far as Chilton County is concerned. The northern states that raise peaches are hard hit this year, and it looks like Chilton County peaches stand a good chance of regaining some of their prestige and reknown all over the United States. And the crop is looking good.

The Jaycees Peach Festival efforts this year look like the biggest yet, and it is being talked around that national advertising of the event could help greatly in the marketing of fresh peaches. Also on the planning board is a Chilton County Trades Days which, if promoted through the local media of newspaper and radio, can mean much to the success of this year's Peach Festival.

Setbacks Set Back--

All in all Chilton County is on the move. Several setbacks have presented themseves in recent weeks, only to be offset by such things as the signing of a new industry, with four or five more very good prospects in the making; new industrial sites being located and tied down for future prospects; the Peach Festival and the peach crop getting underway, looking promising; and finally, the tremendous success of the recent "225 Drive" by the Chamber of Commerce in acquiring 225-plus new members.

Highway Patrol Now "State Troopers"

THE change in designation Director of the Department of was made this week by Al Lingo, Public Safety with the approval of Governor George C. Wallace

"State Trooper" shoulder pads will pe worn and the badges instead of having "patrolmen" on them will now have "trooper.'

The Highway Patrol cars will now have a decal reading "State Trooper" on each of the front fenders and on the trunk.

The State Troopers will operate under the Highway Patrol Division of the Department of Public Safety, according to Lingo.

The change in name was made in order to bring about a better understanding of the department whose law enforcement duties covers the entire state and not just the state highway system.

Complete Picnic Grounds And Zoo Open Near Clanton

ABOUT 20 miles southwest of Clanton you will find a lovely and inviting spot for picnicking, swimming and animal watching, known as Clearbrook Recreation Center. The owner is Pete Goodwin and the center is dedicated to the memory of J. Earnest Moore, who did much to create this public facility.

An 89,000 gallon concrete swimming pool is available, and according to Mr. Goodwin, "The only thing that is not free to the public is the use of the swimming facilities and the concessions."

The Zoo, which is a major attraction houses such animals as bear, deer, numerous varieties of monkeys, skunks, coons, ferrets and exotic birds. It is the only zoo of its kind in this area of the State.

There are three lakes at the Center, besides the pool, and also a rifle and pistol range, archery range and a motorcycle racetack.

A big day for the Center will be on July 4th of this year when a tribe of Creek Indians from South Alabama will put on an exhibition on the night of the 3rd and all day the 4th.

If you haven't taken the kids to Clearbrook to see the animals and to enjoy the beautiful countryside, you are missing a treat.

Stature of Man-To-Be Not Measured in Feet And Inches

- Landy Godbold Proves His Mettle -

A FITTING tribute to a man who has served 25 years in the ministry of Christ in the Methodist Church was witnesed last Sunday morning at the First Methodist Church in Clanton.

It was the 2th anniversary in the pulpit for the Rev. Lloyd H. Kimbrough. And appropriately it was the first time he had ever conducted a service exactly like the one in which he participated at that time.

The occasion was the presentation of the Boy Scout of America "God and Country" award to a member of Bro. Kimbrough's congregation, Landy Godbold, Troop 257, BSA.

It was a great moment for Scout Godbold; and, if possible, an even greater moment for Pastor Kimbrough. They had worked together for a year and a half completing all the requirements necessary for a Boy Scout to receive this coveted award. That the award is distinctive is evidenced by the fact that Bro. Kimbrough, in all his years as a minister, had never had the pleasure of presenting a "God And Country."

Listening to the proceedings, one was most impressed by the diligence, patience and faith that Scout Godbold had to exhibit in order to attain his goal. Landy Godbold is living proof that the stature of a man-to-be is not measured in feet and inches, but in human feeling and devotion to God. We have a personal tie with this young man, and, at this truly inspiring moment in his life, we too felt humbly grateful for him, his parents, his pastor and his scout leaders.

Scout Godbold stood the test of faith, and with God's held, has left no doubt that his fibre is strong, and that his roots are deep in the Christian faith.

At the presentation ceremony, Scout Godbold's Troop was présent, in full uniform, and led the congregation in the Pledge to the Christian Flag and the Flag of the United States of America. Scoutmaster Orus Bennett presented the Scout for the Award and the pastor, Rev. Kimbrough made the presentation.

It was brought out by the Pastor, that aside from the learning and presenting of various parts of the Bible, and important phases of his Christian faith Scout Godbold had to accomplish many tasks which some of us, in a full lifetime, never accomplish. In short, he had to prove himself capable of the Christian leadership of men; not by preaching and teaching; but by example. This he has done.

Scout Landy Godbold is one of the few in this area ever to receive the "God And Country" award in Scouting. He has accomplished a fine thing early in his ilfe; and the people of his community, especially those of his church, are indeed proud to know, and to be associated with him.

He truly has shown himself worthy of the trust of the Almighty in leading Christian men and "uniting all mankind in service and love."

A Proud Tenderfoot--

WE feel certain that those men who serve in leadership capacities with the Chilton County Troops of the Boy Scouts of America, at one time or another feel that their efforts are in vain and go unheeded and unappreciated.

We know for a fact that their feeling is unfounded. Perhaps the influence that they exert is not acknowledged in the everyday language of the people; but it is felt, and appreciated.

When we were exposed to scouting for the first time, it was under the guidance and direction of the late Henry M. Adair. He was the sole scouting leader in this community. He taught school, he taught a Sunday School Class at First Methodist Church and he was active in civic clubs and activities in Clanton. He didn't have enough time to do all that he had committed himself to do, even though he impressed many young boys in their formative years.

And, for whatever the reason, as far as we ever got in Scouting was the Tenderfoot level. We mastered all the requirements, learned how to tie all the knots, repeat the Boy Scout Oath, Pledge of Allegiance, etc. and that was as far as we got.

The contrast of Scouting then, and Scouting today, in Clanton and Chilton County is almost unbelievable. We have a Scouting program in this County that is the envy of many counties around us, half again and twice our size in population.

And the reason for this success, is the devoted men, who have given of their time and talents as leaders in the Boy Scout movement in this area.

At least having at one time been a member of good old Troop 57, BSA, we feel a part of the pride felt in the success of Scouting in this area. Many a boy has and will grow into a better man because of the influence of Scouting and the individuals who make up the leadership team in this community. Our hat is off to you, gentlemen!

"Trade Days" During Festival--

DURING the 1963 edition of the Chilton County Peach Festival, a "Trade (at home) Days" promotion campaign will be attempted.

We say "attempted" because the News has been closely connected with efforts along these lines for many years and it is evident to us, that unless the majority of local merchants are willing to cooperate on such a venture, it is for naught, and will go the way of all good intentions.

All roads should lead to Clanton on June 21 and 22 of this year. The Jaycees are doing everything in their power to make this event--along with the Peach Queen Contest--as interesting and appealing as possible.

The County Chamber of Commerce and the local merchants--which should be synonimous--are urged by the News to make every effort to promote local business on this week-end, and attempt to show as many people as possible in Central Alabama, just what Clanton has to offer them.

This is a golden opportunity to promote our community as a whole; and each individual business establishment on its own. We sincerely hope that the business people of Clanton do not stay asleep at the switch, and will get out and help promote their businesses and their community.

The Rains Came--

CHILTON County, having been born a farming community, continues to live, breathe and have it's being to the tune of the farmer's plow and the field hand's song.

And the powers that be have been lately bemoaning the great need for water over the land. It was dry, man!

Saturday night (almost Sunday) the Power above loosed the waters and the fields ran full of moisture. Then Sunday, Chilton County was again blessed with plentiful precipitation; and Monday. . . and Tuesday.

And late in the evening of the fourth day the farmers were in abundance on the street corners and the market place; and they said:

"It's too wet to plow!"

And thank goodness, God's in His Heaven, and still has dominion over the fowl of the air, the beast of the field, and the human being; who more than any other living thing, doesn't know what he wants, or needs!

Come See Fou Yourself. . . And Southerners Call The Shots!--

IF there could be as much understanding over the Nation, about the racial situation in the South, as there is MISunderstanding; the governor of this State wouldn't need help, and President Kennedy wouldn't have to militarize the State.

A Milwaukee newspaper called attention to "the irony" of the recent trouble in Birmingham. The real irony of the trouble is that, from what we can interpret frem their editorials, the northern press isn't willing to acknowledge the fact that there is right on both sides of this problem, just there is wrong on both sides.

We, in the South, have no inbred hatred of Negroes, as the northern papers imply. It does seem, however, that the journalists in the northern press, are born with a unique capacity for not understanding the traditions, the social problems, and the intentions of the southern people. If it is information which they lack, then they should come into the South and see for themselves. The only time they are seen below the Mason-Dixon Line is when and where trouble strikes. Nobody can get a clear understanding of any situation when they seek that understanding in the midst of hot tempers and emotional unrest.

The members of the northern press seem to think that the only time to get the REAL story is when trouble has broken out, and troublemakers are at each others throat. We don't understand the logic, and the philosophy is contrary to most all teachings of our society.

If you want a clear and true picture of any part of the South, don't go to a movie on the subject and don't go looking for trouble. And if you come to the south, you probably won't see anything spectacular or terrifying about the way the people live. As a matter of fact, if you are an average American citizen, in the most literal sense of the word, then you'll probably feel right at home.

To Ecuador With Peace Corps

One hundred persons are needed to assist the Peace Corps - Heifer Project, Inc. program in Ecuador, County Agent John Sellers reported recently.

This team of Peace Corps Volunteers will include specialists in agronomy, forestry, horticulture, home economics, poutlry, range management and veterinary medicine as well as persons with general experience in home making and farming. Scheduled to begin training this summer they will later join 50 Volunteers who have been at work in Ecuador since October 1962.

The climate and terrain of Ecuador has often been compared to Southern California. The climate in the Sierra Mountain region is cool at night but the days are warm. The coastal area is dry and temperature for nine months and has heavy rains in the three months of winter. Bananas, cacao, Coffeee, rice ond sugar cane are the principal crops on the coast while corn, cattle and sheep lead production in the highlands.

Eighty-five percent of Ecuador's national income is derived from agricultural production, yet less than 5% of the land area is under cutivation. The government of Ecuador has placed a major emphasis on land redistribution and the improvement of the condition and production of the small farmer.

County Agent John Sellers said that the Volunteers will work through the Ecuadorian Extension Service at agricultural schools, experimental stations and rural community centers. Some of the Volunteers will be teaching vocational agriculture and carrying on research in crops and soils while others will work as demonstration agents with rural youth clubs and individual farmers and their families.

For further information on this project and other Peace Corps projects, contact County Agent Sellers or write to Jim Bibson, Division of Agricultural Affairs, PEACE CORPS, Washington 25, D. C.

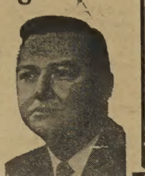
Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN



The biggest event that has taken place in Washington this year was the roaring welcome the nation's capital last week gave to our newest hero--Astronaut L. Gordon Cooper.

Last Tuesday Maj. Cooper was presented the Distinguished Service Medal by the President, recived a standing ovation from a joint session of Congress and a tremendous reception from the imense crowds that lined the Washington streets.

The Air Force major from Oklahoma--the fourth American to orbit the earth made a short and simple speech before the joint Congressional session in which he recited a prayer of thankfulness and confidence that he had said during his 600,000-mile, 34 hour flight in "Faith 7."

I had the pleasure of renewing my acquaintance with Astronaut Cooper immediately after his appearance before the Congress last week. My first and more lengthy conversation with Cooper was at Cape Canaveral following the launching of our first astronaut , Alan Shepard Jr., on May 5, 1961.

The flight of "Faith 7" is expected to mark an end not only to the Mercury space program, but also to solo space flights. According to NASA spokesmen, Maj. Cooper's flight may be the last manned space voyage for 18 months. Our next step to the moon is Project Gemini, which plans to put a two man team of astronauts into orbit for up to two weeks. The first of the Gemini flights is due in late 1964. Finally, on our space time table is Project Apollo, which, it is hoped, will send the first three Americans to the moon before 1970. The Apollo moonshot will be boosted by a Saturn rocket to be made in Alabama at the Marshall Space Center in Huntsville.

Receives Appointment

Last week I was reappointed by the President to the Corregidor - Bataan Memorial Commission. The purpose of the Commission is to select a suitable memorial to be placed in the Philippine in memory of those who fought and died in the Pacific area in World War II. Last month marked the 21st Anniversary of the fall of Bataan, and this military defeat has become an enduring symbol of friendship between our country and the Philippine Islands.

Visits Alabama

On a visit to Alabama this past week end, is was my privilege to speak Friday at the annual meeting of the Black Belt Soil Conservation District at Linden and to inspect the Powell Creek Watershed phoject; to dedicate the new Cottondale Post Office Sat; to speak to the Birmingham Foreign Policy Association Sat. night; and to address the Birmingham Chapter of the Sons of the American Revolution Sunday afternoon. I returned to Washington Sunday night.

DEAR 4-H JANES

Perhaps this letter should also be written to your parents for I am sure the entire family will be interested. Last Thursday, May 23, I attended an unusual meeting in Birmingham. The Alabama Farm Bureau sponsored an All-Alabama Commodity Breakfast. One of the unusual things about this breakfast was that the only foods served were those which were grown in Alabama. Some of the items served were tomato juice, eggs, bacon, sausage, steak, chicken, grits, honey, strawberries and of course Chilton County peaches.

Some of the purposes of this breakfast are: (1) to promote good eating habits in Alabama - emphasize breakfast; (2) to recognize excellent products grown and processed in Alabama and outstanding careers in the food industry; and (3) to emphasize that food is a good buy.

These points were discussed by very good speakers and as each spoke to the group it was much easier for someone to follow a product from the field to the table.

This program had special interest to me because of the emphasis placed on breakfast. As you know, the 4-H Clubs in the county have had a program in the past year on "The Importance of Eating Breakfast" and the Home Demonstration Clubs have also discussed this topic.

So, let's all eat breakfast and eat more Alabama grown products -- this will help all of us and others too.

Your Assistant,

C. C. H. S. CLASS NIGHT HELD MAY 17

The Chilton County High Shool Class night was held on Friday, May 17 at 7:30 p.m. in the school auditorium.

The stage was decorated with two floor standards of white gladioli and yellow mums, class colors with pams in the background.

Class officers are: President, Colyn Moatts, vice president, Zed Price; Secretary, Ann Padgett Baker; Treasurer, Boyce Hood; assistant treasurer, Mildred Knowles.

An interesting program was enjoyed. Martha Johnson played the Processional and Recessional marches. Joe Hopper was Salutatorian; Colyn Moatts, Historian; Lawyer, Jamey Propst; Prophet, Hilliard Wyatt; Class Poet, Mildred Knowles; Valedictorian, Susan Elsevier; Giftorians, Ray Cox, Jerry Wise and Nelda McKee. The class song was composed and written by Jean Kimbrough and Ray Cox.

Ushers were members of the Senior Two Class: Rita Weed, Nila Mims, Sara Kirkland, Hazel Cleckler, Maria Parker, Glenda Headley, Sarah Martin, Robert McCary, James Davis, Alan Carter and Joe Powell.

YOUR SOCIAL SECURITY

(This series of questions about Social Security is compiled from the questions sent to the Selma Social Security Office from Chilton County and anwered by David G. Adams, Field Sepresentative. Any questions that you want to ask may be sent to: Social Security, C|o Chilton County News, Clanton, Ala.)

Q. Will your office accept only birth certificates as evidence of a person's age?

A. No. There are many other ways to prove your age. Family Bibles, baptismal certificates, voting registration rceords, old insurance policies, census records, ond school records for instance.

Q. I'm 62 and draw payments from Social Security. My mother is totally dependent on me for her support. It there any way that she can draw from my account?

A. Not at this time. The law provides payments to her only in the case of your death.

Q. I understand that I have enough quarters to be "fully covered." Does this mean that I will be paid the maximum amount when I retire?

A. No. Your benefit payment is related to your average earnings, not just the length of time you have worked under Social Security.

Q. My husband and I are separated, but not divorced. Will this keep me from drawing on his Account as his wife?

A. No. A wife does not have to be living with her husband to receive monthly benefits.

YOUR HEALTH

ENURESIS (BED-WETTING)

Drugs to lighten sleep are being used to treat enuresis. Deep sleep is characteristic of approximately half the children who are bed-wetters. Some rather dramatic cures have been reported when drugs have been used ot relax the deep sleepers who are problem cases of bed-wetting.

Just how commin is bed-wetting? Surveys show a variance of 7 per cent of children from birth to five years of age and up to as high as 22 per cent. One estimate reports 12 per cent of boys and 8 per cent of girls in general population as continuin to wet the bed after the age of four.

Another study of 4,000 children shows that 12 per cent at the age of four years have the wetting problem, and more than 7 per cent of the same children still wet the bed at seven years of age.

Enuresis means, according to a leading pediatric physician, repeated involuntary bed-wetting after the age of four in the absence of any gross organic disorder.

The causes of enuresis are reported as numerous, divided into two groups - somatic and psychogenic. Somotic causes include low grade infection of the urogenital system, small bladder size and the deep sleep complex.

Psychogenic factors mainly involve children with emotional problems and a history of other members of the family yith the same failing.

There are conditioning devices on the market for this disorder, often expensive and sometimes promoting emotional complexities themselves. Bed-wetters need a physical examination and an exhaustive history taking, but mothers are the ones who bear the burden of a child's bed wetting.

Dear Congressman:

I sincerely believe that every member of Congress must take a stand against the enormously high rate of federal spending that is rapidly reaching runaway proportions.

Therefore, I am appealing to you to bend every effort toward cutting the record-breaking fiscal 1964 budget of $98.8 billion down to reasonable size. Some very respected organizations have assured the nation that the budget can be cut substantially without harm to national defense or to economic well-being. Moreover they have specified exactly where these reductions can be made. The estimates of the cuts range from nearly $6 billion to $9 billion.

I know that all of this information is available to you and I urge you to study it carefully and act accordingly. Remember, the Congress is our last hope in this fight to achieve prudence in federal expenditures. If it fails us we could very well be doomed to never-ending red ink spending.

Soil Conservation News

W. R. McLure, who has recently bought the Kyzer Morgan place just north of Maplesville, has planted another 23 acres of Bahia grass. This brings his total to date this year to 100 acres. He is also clearing land and plans to construct a ½ mile ditch.

John E. Martin and A. C. Crocker, of the Dry Valley Community, have planted 5 acres and 31 acres respectively to Bahia Grass as called for in their Soil and Water Conservation Farm Plan.

C. C. Carlton, Superintendent of the Chilton Area Horticulture Station, has constructed 2200 additional feet of parallel terraces.

Frank Parrish and S. L. DeVaughn have planted seven acres of Coastal Bermuda.

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media.

Don't you read before you buy?

Most people do.

They count on advertising *in print* to give them the information they want on products that interest them—information on features . . . designs . . . and prices, for example.

People not only *read* about products and services, they show ads to their family and friends; they clip coupons for information and samples; they tear out ads to take along when they go shopping.

When you add it all up, print advertising—the kind you read in the pages of this newspaper—makes sense.

And because it measures up to the buying habits of first consumers, print makes sales.

Most people read—and then buy. Don't you?

Misses Show and Champion In Recital

Mrs. Nell W. (C. L.) Walton presented Miss Pat Shaw and Miss Nell Champion, seniors in a piano recital, Monday evening May 20th at the First Baptist Church of Jemison.

A large number of relatives and music loving friends heard these talented young pianists in the well chosen program that showed changes of music from the 17th century to the present time.

These young musicians performed with ease and gifted expression.

The setting was accented with a floor standard filled with Spring flowers of pink, lavender and blue flowers with large potted fern on each side.

Adding to the pleasure of the evening were two vocal duets by these young ladies, "My Wishing Star" and "A Dream."

The ever lovely "Claire de Lume" was played by Miss Champion.

Performing at dew pianos, these musicians played Waltz C Minor, OP 2 and Tico-Tico.

In their solo number, they alternated at the pianos. Miss Champion's outstanding number, "Adier to the Piano", by Beethoven; the outstanding number of Miss Shaw was "Spellbound."

At the close of the program, the two students presented Mrs. Walton with a bouquet of red roses. The girls received gifts from their families.

Giving out program: Della Cost and Penny Allen; usher, Robert Lowery, Jerry Haynes and Larry Gore.

Recital At High School

Thusday evening, May 16, students from the Junior I through Sr II high school classes were presented in a recital at the high school by their teacher Mrs. Nell W. (Cl Ll) Walton.

Redbirds, a cerub choir, opened the program, Members Carolyn Glass, Rita Pate, Beverly Martin, Brenda Simmons, Jan Satterwhite and Donna Porter were wearing white blouses, red ties and red skirts Each red bird sang a solo and the group joined the soloist to sing different parts.

The High School Glee Club sang two numbers, "In My Garden" and "It's a Most Unusual Day."

There were 24 students giving piano solos, Three of the girls sang solos: Karen Gentry, "It' A Big, Wide, Wonderful World": Ann Langham, "The Lilas Tree" and Wanda McClusky "When Wou Wish Upon A Star."

45,000 Handicapped Alabamians No Longer "Dependent"

Mr. Huff Making Own Way

Vocational Rehabilitation Service has now rehabilitated over 45,000 handicapped persons in Alabama. Rehabilitation Number 45,000 was the case of Mr. Harvey Huff, blind, of Birmingham. Information submitted to the State Office of Vocational Rehabilitation a few days ago by Mr. John Parsons, Rehabilitation Counselor of Birmingham, indicated the successful rehabilitation of Mr. Huff.

Mr. Huff was blinded at age 18 years as a result of a gunshot wound in the face which necessitated the removal of both eyes. Mr. Huff, now 53 years old, had finished the 10th grade at that time. Later he attended the School for the Blind at Talladega for one year and completed the 11th grade.

Mr. Huff operates a vending stand in the Workshop for the Blind and Disabled in Birmingham. He has a total income of approximately $125.00 per month. His case reflects the satisfaction and confidence that comes to a man upon earning his own way in life.

Vocational Rehabilitation Service worked with Mr. Huff in securing training at the Adult Blind Department in Talladega for the operation of a small business or vending stand and he was established and started in his business in September 1962.

In passing the mark of 45,000 in the rehabilitation of handicapped people in Alabama, Mr. O. F. Wise, Director of the Division of Rehabilitation and Crippled Children of the State Department of Education, points out that the programs started in 1921. The first cases were rehabilitated in 1922 when eleven cases were closed.

During the first twenty years of the program, 1922 to 1942, only 3,981 cases were rehabilitated. In the next ten years, 1942 to 1952, 16,903 were habilitated and in the years 1952 through 1962, 22,483 were rehabilitated for a total of 43,367 at the end of the fiscal year, June 30, 1962.

This reflects a steady growth in the program of Rehabilitation. A large increase is reflected, beginning in 1943, when amendments to the Vocational Rehabilitation Act made it possible to greatly expand services to handicapped people. Further emphasis was given the program in 1954 when further amendments again allowed for further expanded services.

The average cost to successfully rehabilitate a person during these years has been well under $500.00. It is definitely known that these 45,000 people will repay in taxes the investment made in their rehabilitation more than ten times. This, by no means, measures the increased happinees and satisfaction that has come to them as a result of being able to earn their own way in life and assume the responsibilities that should be accepted by all people.

The case of Mr. Harvey Huff is fairly typical of rehabilitation cases in Alabama. After losing his sight, Mr. Huff worked at odd jobs for a while and then was employed in a broom factory in Birmingham for sixteen years. The company went out of business and then for sixteen years Mr. Huff was on the streets selling pencils and other products.

Some five years ago Mr. Huff sustained on injury that made it impossible for him to continue in that kind of activity. Workers in the Deparement of Pensions and Security encouraged Mr. Huff to talk with a Rehabilitation Counselor. In the beginning Mr. Huff stated, "I really was not interested in going to Talladega to the Adult Blind Department for training, but thank goodness, Mr. Parsons, my Rehabilitation Counselor, almost made me go. I guess I just didn't know of the opportunities available to handicappel people through Vocational Rehabilitation." Mr. Huff further stated, "I liked the Adult Blind Department and didn't want to leave, but I had completed my training--also a job was waiting."

In talking with Mr. Huff about his present employment he states "I feel I am settled now. I have regular full time employment and I enjoy the other handicapped people in the shop. No more street selling for me."

Mr. Huff does a lot of reading, particularly in brails and the use of a talking book machine. He is particularly interested in history and does a lot of reading about important figures in military and political life. He is an avid baseball fan and keeps up with all the major league teams.

Mr. Huff states, "There is no way to properly thank the Rehabilitation Service for helping me move from a state of insecurity to security and from a life of drifting to a settled and productive life.

The story of Mr. Huff, when multiplied 45,000 times, gives some idea as to the tremendous effect that the program of Vocational Rehabilitation has on the lives of handicapped people in Alabama. While the program of Vocational Rehabilitation has rehabilitated 45,000 people during the period 1922-1962 it is a known fact that there are today over 65,000 handicapped people in Alabama in need of rehabilitation services for them to be gainfully employed. It is to the best interest of our state, both from a social and economic standpoint as well as the humantarian standpoint, to provide sufficient funds to see that these people have Rehabilitation Services essential to gainful employment. This is an investment in human welfare that pays ten to fifteen times the original investment in addition to the happiness and satisfaction that comes to them as well as the contribution that they make to the economic life of our state.

Telephone Talk

Lee M. Comer
Your
Telephone Manager

BRINGING ENTERTAINMENT INTO AMERICAN HOMES has been a job of the telephone industry since 1923. It was then that telephone lines were first brought together in a network so that many radio stations could broadcast the same program. Later, telephone companies began providing channels for television transmission. By 1963 the Bell System maintained over 90,000 channel miles of TV network serving TV stations in about 320 cities coast-to-coast.

* * * *

* * * *

IN AUGUST 1904, a local New Jersey newspaper went out on a limb with this prediction: "It is probable that most everyone will have both phones and autos before long." This rash statement was made after a report had been received that "The Bell Telephone Company had a gang here this week erecting poles and installing a couple of phones, making nine in all we have here now." Furthermore, "Eleven automobiles were seen in town on the previous weekend." By now we feel it is safe to report that both the telephone and the automobile have proven successful, in New Jersey and elsewhere.

BELL SYSTEM PLAYS VITAL ROLE IN NATIONAL EMERGENCY . . . During last year's Cuban Crisis, special "Front-line" communications systems were needed from Miami south to Key West. Southern Bell was one of the chief units of the Bell System to take part in emergency operations, placing cables, sending in additional communications equipment and handling a growing number of telephone calls between Cuba and the U. S. (One bright note: American telephone operators found their Cuban counterparts just as friendly and cordial as ever. "Just telephone people working with telephone people.") Your telephone company is ready to handle communications requirements, from home and office telephone service, to defense communications in time of national emergency.

'Countryboy' Clay Carroll Has New Nickname; It's 'Peaches' Now

Taken From Sporting News

By FRANK HARAWAY

DENVER, Colo.

Righthander Clay Carroll of the Denver Bears is living proof that there are bargains to be found in this day and age of the big bonus baby.

He is also living proof that worldly sophistican, outgoing personality and the broad educational values stemming from travel and association with many people are not pre-requisites for success in modern day baseball.

Carroll, just turned 22, was signed for the Milwaukee organization by Dixie Walker for just $,000. After only two seasons of pro ball, he found himself on a Denver roster containing play- whose bonuses totaled more than a hilf million dollars,

"That doesn't worry me a bit," said the hard-throwing young righthander. "I was anxious to sign and get to paying ball. So when Mr. Walker offered me the thousand bucks, I took it.

"All I want to do now is get the experience I need and get to the major leagues| I know if I make good the money will come.

Spot in Majors, Clay's Goal

"I always dreamed of being a major leaguer. I want to make something of myself. I come from a poor family and we had to battle most of my life to make things go. My dad worked in a cotton mill I guess for 40 years."

Carroll, nicknamed "Peaches" by his Denver teammates because he comes from o fine peach growing area, was born and reared in Clanton, Ala., 55 miles south of Birmingham.

He never once traveled outside of his immediate home area until he was 15 years old.

"I was working for a cafe as a 'curb service boy in Clanton." he recalled. "The owners took me with them to Tallahassee, Fla., for a few days when I was 15. That was the first time I was ever away from home.

"I never went away again until I signed my baseball contract at the age of 20."

Made Bow at Quad Cities

So it was a whole new life and world that opened up for Carroll when he went to Davenport, Ia., to pitch for Quad Cities in 1961.. His first season was marked by promise, but not overwhelming success. He showed a 12-6 record with a 4.20 earned-run average in the Midwest League.

But he gained something he needed even more—confidence and a chance to find out how the world lived outside of his native Clanton.

Last year, he moved to Boise of the Pioneer League and by this time he was far enough along to dazzle the opposition. He led the league in victories with 14, while losing seven games, and had 16 complete games. Even more impressive, he struck out 223 in 181 innings.

The Braves placed him on the Florida Winter Instructional League team, where he showed additional progress. By spring, they figured he had a good chance of making it in Triple-A and shifted him to the Denver roster.

So far this spring, he has outstripped all of the bonus babies even including Danny Schneider whom the Braves recalled from Denver less than a month after the season started.

His first start was a heartbreaking, 1-0 loss at Denver, where 1-0 games are as rare as snowstorms in Miami.

Hurled Win on Birthday

Then came three victories, one of them a twenty-second birthday present to himself on May 7, followed by a second defeat in a well pitched game. Then followed his first poor game in a loss at Dallas. He was the only Denver pitcher to post a road victory in the Bears' first ten games

Carroll credits Whitlow Wyatt for giving him the pointers he needed to start his career on the right foot.

Walker brought the Braves' pitching coach and Carroll to his home shortly after Carroll's signing.

.."I knew only one thing about pitching then," Carroll confided. "I just threw the ball as hard as I could, although I knew how to throw a good curve ball. Mr. Wyatt showed me how to throw a change up and a slider. And he taught me my motion and follow-through.

.."Those were the things I needed most then. Now I feel experience is my big need. I'm shy and quiet by nature, but I'm gaining confidence. I feel I've learned a lot in two years."

Enemy batters will echo that sentiment. If he learns much more, they won't be wanting to step into the batter's box against him at all.

Bible School At First Methodist

NEWS OF—

REFUGE

We had good services Sunday, and if you were not present, you missed a blesing. It is a marvelous thing that we have the privilege to attend church in this country un-molested.. Somehow, I feel that we do not appreciate the blessings that are our and the freedom that we still have left. Unless we make up to the fact that our freedom and American way of life is being underminded, we could be sold into the hands of the enemy just as the children of Israel were on numerous occasions.

Our Vacation Bible School will begin here next Monday morning, June 3rd at 8:00 o'clock. The school will continue for five days from eight to eleven o'clock. The principal said that we would begin and close strictly on time.

We would delight in having every child in the comunity attend the Vacation Bible School, and will make every effort to see that each child has transportation to and from church. We hope that every parent will see to it that their children have a chance to come and be with us throughout the week. We will all have a good time as well as having fine felowship and earning more about the word of God.

We will be looking for all of our people at church next Sunday and Sunday night. Our pastor, Bro. Lockhart will bring the eleven o'clock message and Rev. G. H. Carroll will be bringing the evening message. Our pastor and Bro. Carroll will swap pulpits and he will be bring in the message at Concord. So, let's everybody be present at both services. .

Our pastor has informed us that the Childrens Home at Troy has sent one hundred dozen fruit jars to be filled by the people of our Association and they will be picked up at the Farmers Gin and Warehouse on Saturday, June 8th at 10 o'clock. Let us all be governed according. Other announcements will be made concerning the matter.

Cox Chapel News

There was a nice attendance at Sunday School Sunday. We wish to extend an invitation to each and everyone next Sunday.

Mr. and Mrs. Vance Atchison and family visited their daughter Mr. and Mrs. Bobby Clemons of Birmingham Sunday.

Mr. and Mrs. George Wilson and Sue visited Mrs. Wilson's mother Mrs. J. D. Oouston of Liberty Hill Sunday.

Mr. and Mrs. Vance Atchison had as guest this week end their daughter Mr. and Mrs. James Thomas and son of Billingsley.

Those attending the graduation Friday night at Maplesville High from this community were Mr. and Mrs. Argle Mayfield and sons; Mr. and Mrs. Morgan Ratliff and family; Mr. and Mrs. Marvin Mozley; Mr. and Mrs. George Wilson, Mr. and Mrs. Grady Mayfield; Mr. Bill Wilson and Linda Wilson; Miss Betty Jackson, Mr. and Mrs. A. J. Cox, Mrs. Andy Davenport and family. We extend our congratulations to Miss Brenda Ratliff of this community who was one of the graduates.

Guests in the home of Mr. and Mrs. Morgan Ratliff this week end were Mr. and Mrs. Herbert Colvert of Birmingham.

Miss Margaret Wilson was dinner guest of Mr. and Mrs. C. V. Jones and family Sunday.

Mr. and Mrs. Grady Mayfield visited old home church, to attend home coming at Old Union Sunday.

Mrs. Shorty Jones of Lawley, was supper guest of Miss Margaret Wilson, Sunday night.

Miss Brenda Ratliff and Mr. Johnny Garner were the supper guests of the Argle Mayfield's Sunday night.

U. S. citizens now own $45.5 billion in Series E. and H Savings Bonds. This represents nearly one-sixth of the National Debt. Almost $4.3 billion worth of bonds were purchased in 1962 alone.

Mr. and Mrs. Earl Easterling spent the week end at the home of Mr. and Mrs. Milford Mims.

Rev. James Benefield, Pastor
Sunlay School 10 a.m.
Worship Service 11 a.m.
Training Union 6:30 p.m.
Evening Worship 7:30 p.m.
Wednesday Service 7:30 p.m.

Our Sunday School attendance was 110. The scripture was read by Archie Taylor. Bro. Benefield preached an excellent sermon, "Big Mindness," using Matthew 5 verse 7 as the Key verse.

There were no evening services, so that members could attend the Baccalaureate Service for our High Schoil graduates.

Friday, 2 p.m. we will have preparation day for our Vacation Bible School.

VBS will be held at 8 to 11 o'clock a.m., June 3rd through 7. We will be looking forward to a fine school and a large attendance.

Deacons will meet for their regular monthly meeting.

Please remember the many sick and shut ins in prayer. Pray for our church and the services.

Sgt. Short In "Thunderchief" Exercises

Technical Sergeant Arthur H. Short of Glendale, Calif., is a member of a selected team from the Tactical Air Command's 4th Fighter Wing at Seymour Johnson, AFB, N. C., which is now engaged in a special test exercise involving F-105 Thunderchief jets here.

Sergeant Short, squadron first sergeant, and other members of the aircrews and support unit will return to their permanent assignments following the two week operation.

A graduate of Polytechnic High School, the sergeant is the son of Mrs. Laura Airhart of 669 Concord St., Glendale.

His wife, Ora, is the daughter of William Wilkins of Clanton, Ala.

Hot Muffins For Breakfast—M-M-M-Good

"Take two and butter 'em while they're hot." No one will need further prompting when you pass this advice along with a basket of piping hot muffins at breakfast.

You can serve tender, nutritious muffins for breakfast often when you reach for the bag of enriched self-rising flour. Because the baking powder and salt are already in the flour, no precious minutes are taken for measuring and sifting in leavening and salt.

For perfect muffins, be certain the melted shortening has cooled almost to room temperature before adding to milk and egg. Try blending the liquid and dry ingredients with a rubber spatula, folding slowly 25 to 30 times to avoid peaked muffins. Then, to save diswashing and for easy school lunch packing, bake your muffins in colorful paper cups.

Try these tasty Walnut Muffins real soon, to serve with fried eggs and crisp bacon strips.

WALNUT MUFFINS

2 cups sifted enriched self-rising flour
2 tablespoons sugar
½ cup chopped walnuts
1 egg, beaten
1 cup milk
2 tablespoons melted shortening or oil
12 walnut halves

Sift together flour and sugar. Stir in chopped walnuts. Combine egg, milk and shortening or oil. Add liquid to flour mixture, stirring only until flour is moistened. Fill greased muffin cups ⅔ full. Place walnut half on top of each. Bake in hot oven (425°F.) about 20 minutes.

Evening Worship 7:15 p.m.
Prayer Meeting Thursday, at 7:15 pm.

Our Sunday School attendance last Sunday was 193, which makes an average of 200 for May. For the six Sundays of our Loyalty Campaign, 153 have had perfect attendance. The theme of our campaign is "Found Faithful." One Sunday remains in the campaign.

For the morning worship hour our pastor brought a very inspiring message using for his text II Peter 3:11. His subject was "Four Oughts."

In our Evangelistic Service sixteen of our members were featured with their musical talents in "Temple Talent Night."

Our V. B. S. begins Monday, June 3, and will continue through June 14. Classes will start promptly at 8:30 a.m. for ages 3-19. Our theme this year is "Christ's Way-My Way."

The C.A.'s will have a "Buffalo Hunt" contest in June. Each team member present will receive ten points, plus twenty points for each visitor he brings and five points for every buffalo nickel.

Berry Tarts

A Pretty And Delicious Dessert

Bake a Berry Tart — it's so easy with convenient self-rising flour, fresh strawberries and a few other ingredients. The little Berry Tarts will be a picture-pretty dessert for all your spring and summertime serving..

Bake the tart shells from self-rising flour that has salt and leavening added to give you tender, slightly puffy pastry. The filling is a quick and easy one made of cream cheese, whipping cream and sliced strawberries. Substitute another fresh fruit, if you like.

As a nutrition conscious meal planner, you'll be pleased to have a dessert idea like Berry Tarts. Enriched self-rising flour will provide B-vitamins, iron and calcium in the pastry. Try enriched self-rising flour in all your home baking — for both nutritional benefits and preparation convenience.

BERRY TARTS

2 cups sifted enriched self-rising flour
⅔ cup shortening
3 to 5 tablespoons cold water
Cream Filling

Cut or rub shortening into flour until mixture is crumbly. Sprinkle with water, mixing lightly until dough begins to stick together. Turn out on large sheet of lightly-floured heavy duty aluminum foil. Press dough together. Roll out to ⅛-inch thickness. Cut six 5-inch circles, cutting dough and foil together. Prick pastry circles gently with fork to avoid piercing foil. Lift circles and shape dough and foil together, fluting edge to form tart shells. Place on baking sheet. Bake in hot oven (450°F.) 10 to 12 minutes. Cool. Remove foil and fill tart shells with Cream Filling.

Cream Filling

3-ounce package cream cheese
2 tablespoons milk
2 tablespoons sugar
½ teaspoon vanilla extract
1 cup whipping cream, whipped
1 cup sliced strawberries

Soften cream cheese. Add milk, sugar and vanilla extract, beating until smooth and well blended. Whip cream and fold in cream cheese mixture. Add strawberries. Spoon into cooled tart shells. Makes 6 tarts.

STRENGTH FOR THESE DAYS
from The Bible

Now there are diversities of gifts.—(I Cor. 12:4).

We should always appreciate and make full use of our God-given powers and abilities. Instead of envying the talents of others we must remember that He has endowed us with many gifts; that we need only open our minds to the light of the Spirit, our hearts to the understanding of the Spirit and our lives to the power of the Spirit.

Providence (Beat 13)

Rev. Robert Carden, Pastor

The farmers of our community are glad to see the nice rain.

Quite a few in our community are graduating this year. Congratulations to each one.

Don't forget Vacation Bible School. Come out Saturday, June 1st at 1 p.m. for Rally then on Monday, June 3rd at 8 o'clock be sure to come out.

Choir Practice every Wednesday night at 6:30 and Prayer Services following this Wednesday night is family night be sure to come out.

Remember 6:50 every Thursday night is visitation time.

A nice crowd turned out for Training Union and preaching services Sunday night.

Mrs. Bell Hubbard continues to be in the sick list.

Several from here attended the funeral of Mr. Northcutt at Oak Grove. We extend to the bereaved family our deepest sympathy.

We are glad to have Mrs. Cofield (Mrs. Henry Watson's mother) in our community again. She is visiting Mrs. Watson, her many friends will be glad to know she is doing nicely after undergoing surgery.

CARD OF THANKS

We would like to take this opportunity to express our thanks and deep appreciation for the many deeds of kindness shown us during the illness and death of our son and brother Joe Akins Hayes.

To Dr. Hershell Bentley, Jr., Martin Funeral Home, Dr. J. G. Hutchinson and the Boy Scouts of Clanton We do gratefully thank you. The Thomas A. Hayes Family. , 22-1tp

Sen. Hill Opposes Civil Rights Legislation

Senator Lister Hill (D., Ala.) stated today that he will vigorously oppose pending legislation to extend the life and expand the powers of the U. S. Civil Rights Commission. The Constitutional Rights Subcommittee of the Senate Judiciary Committee is scheduled to begin hearings this week on two bills that provide for constitution of the Commission, one of which would make it a permanent agency of the Federal Government.

Hill said that these bills purport to give the Commission even greater power to invade and meddle in our local affairs and to continue its policies of vexation and harassment of local officials. The senior Senator charged that the proposals would create on a permanent basis a so-called "national clearing house" for civil rights activities.

"The bills before the subcommittee are ridiculous," Hill said in a statement prepared for the subcommittee hearings. "The measures are unwarranted and unnecessary, and I shall oppose them with every power at my command as I have all other measures regarding the Commission. Apart from giving this agency the power to impertinently invade the rights of our States and to flaunt its disregard for the Constitution, these proposals would add uselessly to the tax burden of our people. Should these bills get out of Committee," Hill continued, "I will carry my fight against them to the floor of the Senate."

Unless extended, the authority of the Civil Rights Commission expires in November of this year.

"Need Prayers, Not Presence": Wallace

THE following is a telegram to the News received from Governor George C. Wallace on Tuesday night of this week. It is selx-explanatory, and we publish it in its entirety in the interest of the citizens of Chilton County and the State of Alabama. —THE EDITOR

Chilton County News,
Clanton, Alabama

We have arrived at a critical time in the relationship of the Central Government to the State of Alabama. A lower Federal court has ordered the admission of Negro students to the University of Alabama at Tuscaloosa and at Huntsville. Everyone in Alabama knows how I stand on segregation. The white citizens know: the colored citizens know; the Federal Government knows. Now is a time for a calm and responsible approach as I, as the Governor of the state of Alabama, seek to raise additional constitutional questions as to the State-Federal relationships. I intend to keep my covenant with the people of Alabama. I intend to be present personally to bar the entrance of Negro students to the Univrsity of Alabama. I will do this as the Governor of Alabama. I will do it in a manner which will reflect dignity and integrity on Alabama and upon the Governor's office. I need your Prayers and moral support, but I do not need your presence on the campus of the University of Alabama at Tuscaloosa or at the University Extension Center in Huntsville. We must have law and order. We must not have violence as I carry out the covenant I have made with you. It is my intention to have sufficient law enforcement personnel present to maintain order and to keep unauthorized persons from the campus. I as Governor of the state of Alabama, ask you to stay away from the campus at Tuscaloosa and at Huntsville. Let legally constituted authorities handle the problem. I intend to be present and to legally bar the Negro students at the door of the University as I have told you I would do. However, I want to impress upon Alabamians that the only way we can win is to have law and order. If we have a breakdown of law and order our cause is hopelessly lost. I trust that you will respect my wishes and leave the handling of this crisis in my hands as your Representative."

George C. Wallace,
Governor of Alabama

Clanton Legion Team Faces Tuscaloosa

To open the home season, Tuscaloosa will journey ti the Clanton City Park.

Tuscaloosa will be seeking revenge from Clanton, as Clanton defeated them in the tournament last year. They have sent word for the Chilton County boys to be ready.

Hilliard Wyatt will probably get the nod to start on the mound for the local nine. Mike Cox will be behind the plate.

This will be Little League night and with all Little Leaguers admitted free.

Everyone is urged to come out and support these boys and see a real first class baseball game.

Game time is 7 p.m.

Bill Introduced To Elect Board Members On County-wide Basis

**A BILL
TO BE ENTITLED
AN ACT**

To amend further Section 8 of Act No. 872, H. 1118, Regular Session 1951 (Acts 1951, p. 1505) which act established the Board of Revenue and Control of Chilton County; providing for the nomination of each associate member by the authorized voters of the entire county.

BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

Section 1. Section 8 of Act No. 872, H. 1118, Regular Session 1951 (Acts 1951, p. 1505), as amended, is hereby further amended to read as follows:

"Section 8. Each associate member of said board shall be nominated by the voters of the entire county who are authorized to participate in any primary election, caucus, or convention, called or held by any political party for the nomination of said office. Their nomination by the queified voters of the district, or of any subdivision of said county less than the whole district. by any primary election, caucus, or convention, is hereby prohibted. Each said associate member shall be a resident and qualified voter of the district for which he is elected and shall reside in said district continuously during the term of his office."

Section 2. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 3. All laws or parts of laws which conflict with this Act are repealed.

Section 4. This Act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

C of C Starts Clean-up Drive

THE Chamber of Commerce is sponsoring a clean-up campaign for down-town Clanton. Charlie Gay, Chairman of the Chamber's Health, Clean-up and Safety Committee, reports that his committee has discovered that one of the most urgent needs for the down town shipping area of Clanton is the need for adequate trash and rubbish receptacles for business houses.

"Under City Ordinance", said Mr. Gay, "each business is required to keep and maintain proper bins or receptacles to hold waste paper and trash to keep it from blowing and being scattered down the alleys and into the streets. Most of the bins have fallen into bad repair and there results a bad fire hazard as well as an unhealthy and unsightly condition.

Business men have been delivered a letter this past week requesting their assistance and co-operation in solving our trash and waste paper problem in the down town area. The Chamber of Commerce will assist them in solving this problem. After all, Cleaniness is good business and pays big dividends in increased trade."

A Little Bit O' Tuck . . .

By BOB TUCKER

MRS. A. J. "Amanda" Jones, who is celebrating her 97th birthday next Sunday, will be honored with a family reunion at the Clanton City Park. Things will get rolling about 10 a.m., according to son, Auburn Jones, and all friends and relatives are invited. Bring a lunch for the noon meal.

YOUNG Dent Williams, son of Dent, who used to be an automobile dealer and scout worker in Clanton, from Andalusia is running for Associate Justice of the Supreme Court at Boys State in Montgomery this week. They will hear Gov. George C. Wallace speak on Thursday, (today).

ANOTHER note tells us that Jim Parker of Jemison High is attending Boys State from Chilton County. He will be a Senior at Jemison next year. 400 boys from over Alabama are attending this citizenship training program.

WESTERN Union in Clanton is now located at Wright Drug Co., having been moved this week from the L&N Depot. Mr. Esco, spokesman for the depot said: "This should reult in better service for the people of this area, with the moving of the Western Union office."

"DOC" Wilkerson was taken to County Hospital on Monday of this week with a very severe headache and reports were that his blood pressure was too high. Wednesday morning reports were that "Doc" was still feeling pretty "bum", but that he was some better. He is still in the hospital. Best to you, "Doc"

DR. and Mrs. Myron Levine are in Clanton this week visiting with his parents, Mr. and Mrs. I. S. "Doc" Levine. And for goodness sake, let us hasten to mention that "Doc's" A-number-one-and-only grandson is also in attendance. We have never seen a more proud and happy grandpa than "Doc" Levine. That's a lucky youngster, in our opinion.

Homecoming At Mt. Pleasant

MT. Pleasant Baptist Church will have their Home-Coming and all day singing Sunday, June 9th. We will begin at 10 o'clock. All singers and everyone is invited. Dinner at the noon hour.

Awarded 'Master Parachutist' Badge

Captain Ivan F. Smith, Commanding Officer of Detachment B-3 Co. A, 20th Special Forces Group (Airborne) of the Alabama National Guard was recently awarded the Master Parachutist Badge.

The Master Parachutist Badge is the highest award that can be achieved by a paratrooper requiring jumps and be a paratrooper for at least three years.

Captain Smith, an eleven year veteran of the Regular Army and National Guard, saw service with the 11th Airborne Division in Panama and Germany.

Captain Smith teaches mathematics at Chilton County High School and is married to the former Sue Campbell of Clanton.

Clanton Secures Scout "Trading Post"

Due to the excellent Cub Scout Boy Scout, and Explorer program in Clanton and the surrounding area; Clanton has been selected by the Local and National offices of the Boy Scouts of Ameica for the location of a distributorship for Boy Scout supplies.

A Dealer's Franchise has been granted to Chicago Sales Co., in Clanton with Br. Buddy Taylor in charge of the Scout Department.

The initial order of the Cub Scout, Boy Scout, Epplirer and Leaders uniforms and equipment has been received and all items sold by Scout Distributors can be purchased from Chicago Sales Co.

This service will add much to the Scouting program in Clanton since leaders and parents have had to drive to Montgomery or Birmingham to obtain even the smallest item in the Scout line.

The Tukabatchee Councils Officials and Local Leaders are proud that this service has been added for this area.

Mr. and Mrs. George Gauld of Louisville, Ky., have returned home after a visit with her brother Mr. C. C. Gay, Jr., Mrs. Gay and Annette.

Youth Rally At Maplesville

Explorer's Return From Canoe Trip

THE Clanton Explorer Scouts, Post 44, went on a very interesting canoe trip last week. They camped on Chestnut Creek about 3 mils down stream from Verbena. After a night of camping fun they got up early next morning to canoe down Chestnut Creek to the Coosa River then up the river to take the canoes out at Log Cabin Beach.

There were 14 Explorers who took the trip and were accompanied by their advisor Dr. W. T. Parker. The boys who took the trip were:

Johnny Blalock, Earl Wray, George Tucker, Jim Wade, Harold Lawrence, Gary Bennett, Roger Davis..

Steve Rogers, Mike Cox, Jerry Fulmer, Earl Monroe, Ricky Wyatt, David McKee, Robert Mullins.

Calfee Reunion To Be Sunday

THE annual Calfee Reunion will be held Sunday at the B. L. S. Calfee home on Highway 22. All friends and relatives are invited.

You Speak Of Industry--

IN 1956, '57 the Chilton County Fruit & Truck Growers Association, at Thorsby, under the capable leadership of the late James H. Kincaid, was growing and doing a booming business.

In one of those years, during a four weeks period, one-quarter million dollars was returned to the farmers of the Association for profits from blackberries (Loganberry and cross breeds).

In 1957 a building was constructed at a cost of some $17,997.00 including equipment of same and over a million pounds of berries were processed that year. Profits realized from the sale of those berries, over and above what had been paid in the past, more than paid for the building and the equipment in one season. However, most of this money was returned to the growers, and payments for the place were extended over a period of several years.

In 1956 there were approximately 350 growers of berries working through the Association. This year, 1963, there are some 20 growers, and the feeling is prevalent that there won't be that many next year.

Upon interviewing Mrs. Jeff Cleckler, at the berry center, this week, we found that, from all indications and reports, the markets prefer the Chilton County "blackberry" to any other grown anywhere, including the West Coast variety. It would be somewhat of a catastrophe, in our opinion, for such a quality fruit to become extinct, due to lack of attention on the part of Chilton County people.

There are many problems in the Association's make-up, which we will not attempt to go into here. Let it suf- looking the fact that we may be letting fice to say that, "maybe we are over- a big industry slip through our fingers," and those are the words of Mrs. Cleckler, who is now in her eighth year of managing the affairs of the Association; and lately all by herself.

There is no doubt that this is a potentially lucrative industry for Chilton County. What is needed now, immediately, is leadership, know-how and determination NOT to let such an industry "slip through" our already scarred-up fingers and hands.

The News, in pointing out these facts, it not attempting to be an expert on the berry business; we will leave that to the growers. It does seem however, that the entire County stands to lose--in fact, has already lost-- a great deal in the way of revenue and growth, due to the lack of attention shown the berry industry in this County.

The recommendation to the growers that are left, is NOT to plow up their berry vines, but to cut them off and await developments for a while.

Apparently, we have a variety of berry in Chilton County, which, although it cannot be truly identified by the U. S. Dept of Agriculture, it nevertheless is in great demand in the berry market. It would be foolish indeed to let such an opportunity fall by the wayside because of the lack of leadership and concern.

We do not know all the answers; we are giving you the problem. The County Chamber of Commerce has taken an interest in this situation, and some progress should be seen in the near future.

And, a final note: if you are interested or concerned; don't wait for the Chamber of Commerce to make the first step!

American--

THIS is: "One nation, under God.." and we therefore owe our entire allegiance to America. We are against anyone, individual, corporation, state or federal government, purchasing goods from foreign countries, when those same goods can be purchased here at home.

Our shirt tail has the words: "Made in America" on it. We were considering letting it "flap"; until we looked back and realized that the mere day to day "race" to make a living, keeps it flying pretty good!

Right In The Pocketbook--

IF you have wondered "what is the matter with Chilton County?" Did you know that the per capita income of this County is just over $900; and that is below what it was two years ago (over three percent to be exact)!

And did you know that Chilton County was 17th from the bottom on the dollars and cents scale in the State; and that the State is closer than that to the bottom of the national average?

The will to survive dictates to man that if something hits him in the "pocketbook"; he does not turn his back and ignore it. . . he fights it!

If this has any truth in it, then Chilton County is in one of the best fighting positions of any place in the nation!

You Wanta Fight?

A New Source Of Income--

WE have been challenged to "think positively" regarding the new industry coming to Clanton. Let it be noted here that it has been more than rarely in the past that the News has sought to maintain a feeling and attitude of positive thinking, when it seemed that the "order of the day" was just the opposite.

Causes have been championed by tre News, which have failed; and causes have been supported by the News which were not popular.

It should be apparent, by this time; that the News is not running for political office and seeks the truth--the only good for this community.

The new garment industry which is to be in operation in midsummer of this year will potentially; bring a payroll to Clanton and Chilton County of some $140,000. And this is in its first year of normal production.

An approximate investment by the County Chamber of Commerce and the City of Clanton of some $10,000 to $15,000 will be required to set up this new industry.

Considering the mere logic of dollars and cents; there is possibility for tremendous return on our investment. That is positive thinking!

There have been no shady dealings on this effort; and no one's principle has been slopped through the mud. The men who have strained every fibre for this new business, have one goal; and that is the economical improvement of this County, in order that we may grow and prosper in other ways.

We could name man after man in Chilton County, who have had an active part in acquiring this new industry. They are men of honor and integrity, and we appreciate their efforts in our behalf.

Now, next year, when you start spending some of that money, recall the power of positive thinking.

A Warm Farewell--

THERE always seem to be mixed emotions at "preacher-leaving" time in the Methodist Church. This year was no exception, when the First Methodist Church in Clanton had to give up Bro. Lloyd H. Kimbrough who has been the pastor here for nearly four years.

Bro. Kimbrough came to Clanton under very trying circumstances, upon the death of the beloved Griffin Lloyd. He had some big shoes, spiritually speaking to fill. And in the weeks and months to follow, Bro. Kimbrough and his three lovely girls, knitted themselves into the church family and were a part of us, almost at once.

Any community, if it is a good one, hates to lose good men from that community. It is not purely sentiment, or spiritual feeling that prompts us to feel regretful in losing such a man as Lloyd Kimbrough. He is a good man; and good men, these days are at a premium.

The one thing that stands out in our minds, ond we hope will never fade concerning remembrance of Bro. Kimbrough and his family, is that they did not, and do not presume to fill anyone's shoes other than their own. They are comfortable in their own deeds, and they have meant much to Clanton, as well as First Methodist Church.

We bid the Kimbrough family a very warm farewell, and wish them Godspeed!

Chilton County News
Clanton, Alabama

Dear Sir:

It was only recently that it became generally known hereabouts that there are approximately four or five hundred and fifty families of so-called "Lake", or "River" folk. Some permanent, year-round, voting taxpayers; some are just weekenders; others live all summer on Lake Mitchell. All are taxpayers in this county and all spend lots of other money with us. Of great interest should be the fact that about eighty of these families are residents of Chilton County. About fifty families are from counties other than Chilton County. About fifty families are from counties other than Chilton or Jefferson County. About three hundred and nineteen families are from Jefferson County. It just seems that Jefferson County folks have for years been coming to Lake Mitchell. On the other hand, people of Montgomery, generally go to Lake Jordan or to Lake Martin.

It would seem to be so obviously to the continuing great economic advantages of us Chilton County folks to keep the fine families we already have here, and to seek ways and means to attract more families, as not seriously to to be a subject of debate. Yet, it must be admitted that the lake comunity has grown in an entirely haphazard fashion, without too much interest on the part of us Chilton folks generally, with help mainly from the Alabama Power Company.

It seems fair to say that until the past few months comparatively few Chilton County folks were willing to even admit that the lake and its comunity of over two thousand people were actually a valuable asset to the county.

Fortunately, the "River" developed practically unaided. But until now, Mitchell Lake's development has not had to compete with the twenty-seven thousand acre Smith Lake near both Jasper and Cullman; another near Pell City; and others. The development of these lakes is a main project of Chambers of Commerce of both Jasper and Cullman, and we understand that good black-top roads to these lakes are a must in these counties.

Since all these new lake sites are closer to Jefferson County than Mitchell, they will be severe competition for families newly interested in acquiring lake homes.

We would do well, fully to understand that while in most ways our Lake Mitchell is the prettiest, has the finest fishing, the best surrounding countryside—Lake Mitchell's full development will come only when we make it's attractions widely known and more pleasantly available over the same type decent roads as other areas are now doing.

Memorial To Young Scout Joe Hayes

Editor
Chilton County News
Clanton, Alabama

Dear Sir:

I read with a great deal of interest and emotion the memorial to Joe Akins Hayes in the May 23, 1963 issue of the Chilton County News. This was a matter which was close to my heart for I took care of Joe during his extended illness, and I became very close to the boy. I came to realize his deep love for his community and his scouting, and I also know the tremendous amount of effort and time he extended toward the Scout Hut Fund.

I would like to make a suggestion to you as a leader of your community. I believe it would be a fitting tribute to a fine lad who had such a sincere love for scouting if the new Scout Hut would be named the Joe Akins Hayes Memorial Scout Hut. I realize that this is a brash suggestion from someone totally outside the community, but I believe you will agree that Joe was truly a leader and example for all the lads in Chilton County to follow. It seems to me that this would be a just reward for the tireless efforts he extended even during th time he was plagued with an incurable disease.

I will be very eager to know of your response to this suggestion.

Yours truly,
Herschel P. Bentley, Jr., M. D.

MISS PROPST FETED IN MONTGOMERY

The Blue Moon Inn in Montgomery was the scene of a luncheon on Saturday honoring Miss Maryetta Propst, bride-elect of Dan Buchanan. Hostesses for this lovely affair were Mrs. L. C. Warr of Clanton and Mrs. Joseph Roberts of Montgomery.

Specimen yellow day lillies were the decorations on the luncheon table where the following were seated: Miss Propst Mrs. J. E. Propst, Mrs. Gordon Robertson, Mrs. Harold Lawrence, Mrs. Reese G. Mullins, Mrs. Arthur Bazzell, Mrs. Leo Taylor, Miss Gloria Ann Deason all of Clanton; Mrs. Gus Hewlett Mrs. Jo Ann Young, Mrs. William Buchanan and Mrs. Dan Gilmore of Montgomery; Mrs. Warr and Mrs. Roberts.

Captain John B. Hodges left last Wednesday for Ft. Bliss, at El Paso, Texas where he will be stationed for the next 3 years. His wife and baby will join him later in the summer.

Dear 4-H Janes:

June is National Dairy Month. June Dairy Month originated over a quarter of a century ago when food retailers and a number of groups joined together with the dairy industry to set into motion a dairy foods selling compaign. The high purposes established at that time included improving the eating habits of the American people by encouraging greater consumption of milk and milk products. June was selected because this was and is the month when milk production throughout the nation usually reaches a peak and surpluses developed.

In recent years, this annual even has grown considerably as a dairy foods promotion campaign with very strong support from all segments of the dairy industry, from food retailers, from restaurants and from many non-food industries who take time out during June to pay tribute to the nation's dairy industry and its contributions to the health and welfare of the country.

All dairy products are featured in June Dairy Month. This includes milk, butter, cheese, cottage cheese, evaporated milk, non-fat dry milk, and ice cream. Quite often the only dairy food we think about is milk. Even though this is true, many Americans don't drink as much milk as they should for their own good health, but teenage girls have earned the reputation of being the country's poorest milk consumers. Milk is a perfect mate for every meal, will help to get you on the vitality wagon, and it has staying power. Let's all try to add a glass of milk to our milk consumption each day.

'Witnesses' To Go To Milwaukee

Summer confention plans are being finalized by the Clanton Congreyation of Jehovah's Witnesses according at an announcement made this week by William Robinson, presiding minister of the congregation. A delegation of about 15 or 20, from here to attend the regional convention being held in Milwaukee, Wisconsin, June 30 through July 7.

"The gathering is expected to attract upwards of 50,000 minister-delegates from all over the cental section of the United States and parts of Canada," Robinson remarked. He explained that the Milwarkee meet is the first of series of assemblies scheduled to be held over a ten week period on an international level in 24 major citis around the world, Over 500 American delegates will be traveling from city to city by jet aircraft to share in the around the world gatherings. The conventions will end on September 8 in Pasadena, California.

"The Milwaukee conferenre will be held at the County Stadium, 201 South 46th Street, which is the home of the Milwaukee Braves Baseball Club," Robinson said.

Robinson continued. "Arrangements are also being made for a mass baptism where over 800 candidates are expected to be immersed in symbol of thir dedication to serve Jehovah God." The conveniton is being arranged by the Watchtower Bible and Tract Society of New York for Jehovah's Witnesses. John M. Yasko, minister from Lincoln Nebraska, has been named convention manager.

Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN

The situation on the troubled island of Hispaniola, located between Cuba and Puerto Rico, is far more serious than just a feud between the two occupants of the island--the Dominican Republic and Haiti.

There is evidence--ominous evidence--that Hispaniola is the scene of intensive Marxist maneuverings.

The crises in Haiti--a turbulent nation ripe for Communist exploitation--is made more dangerous since there are obviously a number of Communists in the cabinet of Dictator Duvalier.

Adding gravity to the continuing unrest in Hispaniola are reports that the comunists are wasting no time in also attempting to make inroads in the Dominican Republic in order to turn the entire island into a second "Cuba" in the Caribbean.

The advancing Communist offensive of subversive penetration in the Dominican Republic apparently is not being countered effectively by the new Dominican government.

Communists Return

Since President Juan Bosch's inauguration three months ago, more than 150 Communists deported during the missile crisis last Fall have been allowed to return to the Dominican Republic. Many of these came from Cuba and other Soviet bloc countries. Reports from Santo Domingo state that many of these Communists now teach in a Communist front school, and have made gains in various civic organizations.

There is also evidence that the Communists have made inroads into the Dominican police, the labor unions, and the schools an student groups. The Communis are not only welling their ran with increased cell activity, b they are actively exploiting th leftist and nationalist movemen in this new republic to accom plish their aim of deceit.

A Second "Cuba"?

The extent to which the Con munists in the Dominican Re public are relentlessly and bol ly campaigning--both overtly an covertly--and the apparent fai ure to date of President Bosch government to crack down o this Red thrust gives just caus for concern.

Testimony presented earlie this year to the Subcommittee o Inter-American Affairs, of whic I am chairman, in hearings o Castro-Communist subversion i this hemisphere disclosed th what happened in Cuba can hap pen elsewhere in Central an South America.

To allow the Communists gain toeholds in the Dominica Republic is not only a menacin danger to the newly elected gov ernment of President Bosch, bu it constitutes a grave threat the security of the Wester Hemisphere.

Action Urged

This fact should be mad crystal clear now by our Sta Department to the present gov ernment of the Dominican Re public, and I so stated last Fr day in a speech on the floor the House of Representatives.

Neither the United States n the Organization of America States can afford to repeat pa errors of tardy action--or i action--at this dangerouse jun ture in the Caribbean.

Temple Assembly Closes "Loyalty Campaign"

Evangelistic Service 7:15 p.m.

Thursday Service 7:15 p.m.

Last Sunday brought our Loyalty Campaign to a close with 197 present. 147 had perfect attendance for the seven Sundays.

Brother White's subject for the morning worship was "The I Wills of Jesus." His text was taken from Mark 1:40-45.

In our Sunday night service we observed Pentecost Sunday. We enjoyed the film, "Unto You" and a message by our pastor, "The Case for Speaking in Other Tongues." His text for his message was Acts 2:1-4.

Last Thursday night completed our Sunday School workers training course. Fifty-five received certificates.

Our annual business meeting will be Thursday night, June 6.

We are happy to have Mr. and Mrs. Samuel Mims from Santa Cruz, California visiting with us for the summer.

Pastor Rev. Edward C. Gould
Sunday School 9:45 a.m.
Morning Service 11:00 a.m.

We had a good atendance at Sunday School last Sunday. Our Lay Speaker was Mr. George Wilkerson, and he brought a really fine message, which was enjoyed very much.

Our congregation is sorry to have to lose our former pastor, Rev. Tommie Davis and his lovely wife. Tommie graduated fom the Seminary at Emory University this year, but is continuing his studies there working for his doctor's degree. We all wish for him the very best in his undertaking.

We are very proud to welome to Thorsby our new pastor and his family, Edward C. Gould. Brother Gould and his wife have two children. A boy 7 years old and a girl 5 years old. They will live in one of Mr. Charlie Howard's apartments.

You see we have so many good people in Thorsby that it makes everybody happy when we are fortunate enough to add another good family to our number. So we all say, "A warm and hearty welcome to the Gould Family."

The young people (married) BTU enjoyed a chicken barbecue Saturday night at the home of Mr. and Mrs. Larry Minor.

Miss Bebie Lynn Pate left on Saturday for Columbus, Ga., to visit her sister and family Mr. and Mrs. David Stroud.

Mr. and Mrs. John Gore and son Jeff spent the week end in Atlanta, Ga., visiting his brother Mr. and Mrs. J. W. Gore.

The friends of Rev. and Mrs. Tommie Davis regret to see them leave Thorsby. He has been the pastor of the Thorsby Methodist Church.

Mr. and Mrs. Louis W. Johnson and children of Montgomery visited W. A. Collins, Jr., and family and Mr. and Mrs. E. R. Yeargan Sunday.

Mr. Marvin Crumpton attended the car races in North Carolina the week end.

M. and Mrs. Akin Wells of Atlanta, Ga., Mr. and Mrs. Layfette Watts of Clanton, Mr. and Mrs. J. A. Culver of Birmingham Mrs. Flossie Patterson of Clanton visited their aunt in Thorsby Sunday, Mrs. Susie Benson.

Mr. and Mrs. E. L. Davis of Pasadena, Texas, Mrs. Jack Walker of Columbus, Missisippi visited Mr. and Mrs. Doyle Walker a few days last week.

Little Pam Davis of Birmingham is spending the summer with her grandmother Mrs. Susie Benson.

Mrs. Sam F. Mims, Mr. and Mrs. John Floyd Mims and children left Saturday morning for Denver, Colorado, they are going to attend graduation of her nephew Michael Tommie of the U. S. Air Force Academy.

Mr. and Mrs. Burber Price left Sunday for Attalla, Ala., where Mr. Price is with the Highway Department.

Local Guard set for Summer Camp

Clanton's National Guard Unit will leave for their annual tour of duty on June 9 it was announced today by the Commanding Officer, Captain Delton D. Lowrey. The two weeks will be spent at Fort McClellan, Ala., and wil end on June 23.

Since the last Summer encampment the Unit has been reorganized from Company E 1st Battle Group 167th Infantry with Headquarters in Birmingham to Company 2, 2nd Battalion, 200th Infantry with Headquarters in Tallassee and Tuscaloosa and is still part of the famed 31st Infantry (Dixie) Division. This Unit has a priority strength of 4 Officers and 53 Enisted Men and is a split Company. The Clanton Part has the Headquarters and one Rifle Platoon with the Dadeville part having One Rifle Platoon and all the weapons platoon and a priority strength of 2 Officers and 75 Enlisted Men. At Camp and at any other full time training the two Parts will train as one Company. At Fort McClellan the Unit will receive regular Army training and will aso be graded by them.

Last year members received approximately $7500 for the two weeks training in pay and allowances with 95% or more coming back into Chilton county. This year it is anticipated that the payroll will amount to between $8000 and $9000.

The past four years has seen this Unit return home with a Superior rating from Summer Camp and from all the talk among the members this year will be no exception. They know that it will be hard work and long hours for the two weeks but they are willing and able.

Mr. Businessman:

$10 - 5 New Customers

REALIZING your own sales ability, would you spend $10 per week, to get five additional customers into your store that particular week?

YOU can do that with an ad in the Chilton County News!

AND, if your sales ability is up to par, then those five prospective customers are going to purchase some item while in your place of business.

AND, if you and your personnel are "on the ball", and give that prospective customer the attention he feels he deserves; and you are courteous and helpful to him; and give him the desire to return to your store you have acquired a potential "regular new customer" to your business establishment!

THAT is what newspaper advertising is . . . it is not a miracle potient to be taken in large gulps. Often, when this is the case, the one who takes the 'gulp' sits back and relaxies his promotion consciousness, and the result is: A BIG NOTHING . . . at least in his own mind.

THE contents of newspaper ads to be effective must be marketable merchandise or services, at the time it is presented to the reader. . . and the reader is here.

The reader of newspaper ads, of whom there are quite a number in Chilton County, will not buy a "pig in a poke" any more than you would. They are not gullible, but very intelligent. In short, they are your customers; and should be approached through your advertising in the same manner of friendliness and helpfulness which you show them in your store.

THERE is not a more economical, more effective, more efficient "business-getter" in Chilton County than the News. The reason is simple: people read it; nd when they find what they want, or are encouraged to buy from an ad which they read, then YOU have a prospective customer.

NO, the newspaper is not a miracle salesman. It is a good tool and if used properly, it can help you with your job of selling to the public.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

There is considerable thought that one reason for labor trouble is so many employees do not realize how well they are paid.

* * *

The average worker, whose pay is subject to withholding, only considers the money he gets after the tax bite as his pay. In addition, neither does the average worker realize what government is costing him, hence increased taxes, increased social welfare levies, et al, seem to him to be something the other fellow pays.

C. W. Harder

* * *

It is perhaps not surprising that this sleight-of-hand tax collection system was suggested by Beardsley Ruml who was a top executive of R. H. Macy. Macy's was one of the first of the big department store operators to inaugurate the revolving plan of credit. The customer can keep charging items up to a certain credit limit, as long as a stated monthly payment is made, to which is added 18% interest.

* * *

The shopper in so many cases fails to realize that the price of everything she buys under this system is in actuality jacked up by 18%.

* * *

Thus, there is a sense of well being and security created.

* * *

Thus when Macy's Ruml propounded the withholding tax plan, it was immediately recognized as a very cute device to get more and more out of the worker without the worker being too overly conscious.

For example, a laborer may be working for a base pay of $125 per week, and end up with a pay check of around $80. He does not say he is getting $125 per week, he says he's getting $80 per week. Thus, he can be made unhappy.

* * *

But there are some employers around the country who are bringing home to the worker and his wife, the true facts.

* * *

Under the law, an employer has to collect the withholding tax, and once a month deposit the collected funds to the credit of the government.

* * *

So some employers are paying their workers for three weeks of the month their total pay with no deductions. On the fourth week of the month they deduct the entire tax bite.

* * *

Thus, for example, as deductions vary according to dependents, a worker gets his full $125 per week, for three paydays, and on fourth payday receive something like $22.50.

* * *

There are several advantages to this method. One is with a large payroll the employer can operate with fewer bookkeepers as once a month computation of individual deductions is far simpler than doing the same process every week. In addition, there is far better labor relations, because this method impresses on the workers they actually are quite well paid. In addition, it is making these workers more conscious of waste in government, and hence more responsible citizens. It is not too far-fetched to predict if a majority of nation's payrolls were handled in this manner, there would be some great economies affected in government.

The luncheon was held in the Red Room which was beautifully decorated in pot flowers. At the officers table were seated the retiring officers and the new officers. The officers present included Mrs. Truman Thrash, Mrs. Howard Fulfid, Mrs. Tol Kunkle, Mrs. B. L. McCary, Mrs. Lester Connell, Mrs. W. F. Haywood and Mrs. H .H. Miller.

After a delicious luncheon, members of the club drove to "Arlington", a lovely antebellum house in Birmingham. Here they toured the home and admired the beautiful antique furnishings. The gardens were of particular interest, since all the members were enthusiastic gardeners.

Those who enjoyed this lovely outing were: Mesdames Truman Thrash, Howard Fulford, B. L. McCary, Tol Kunkle, Lester Connell, H. H. Miler, L. A. Lambert, M. C. Hamiton, J. W. Suite, Phillip Sims, G. C. Walker, W. R. Cobb, J. T. Cobb, G. T. Murphree, W. F. Haywood. Zeb Mims and two guests Mrs. Howard Buckner and Mrs. Flem Higgins.

MISS CHAMPION GIVEN TEA SHOWER

One of the loveliest prenuptial parties given for Miss Pat Champion, who is soon to become the bride of Mr. Jerry Fulford was the Tea Shower given in the home of Mrs. W. R. Cobb on Maplesville Highway

The guests were greeted at the door by Mrs. H. H. Williams and presented to the receiving line. In the receiving line were Mrs. Dalton Champion. mother of honoree Miss Pat Champion, Mrs. Howard Fulford, mother of the groom. Mrs. W. R. Cobb and Mrs. J W Suite, grandmother of the groom to be

The living room was lovely with its decorations of magnolias.

In the dining room were lovely arrangements of hemerocallis.

The punch bowl was wreathed in beautiful greenery and yellow hemerocallis.

Mrs. Truman Trrash registered the guests at the brides book. Mrs. H. H. Miller and Mrs. H. H. Wyatt presided at the tea table where lovely refreshments were served in the color scheme of green and white.

Mrs. Honrie Little invited the guests into the den where the many beautiful and useful gifts for the bride were displayed.

Mrs. H. H. Wyatt, Mrs. Truman Thrash, Mrs. H. H. Miller Mrs. Luther Williams and Mrs. W. R. Cobb were co-hostesses at the lovely affair.

Puerto Rico is the happiest of islands in the sun. After renting our car at San Juan we began a Magic Circle tour of this tropical skyland at the ancient Spanish town of Barranquitas, birthplace of Luis Muñoz Rivera, "The Grand Patriot." His modest home has been preserved as a shrine, while in a nearby park a white granite memorial contains a heroic-sized mural portraying his accomplishments.

Some 13 miles out of the city is an eye-arresting panorama that sweeps in every point of the compass from the misty Atlantic to the deep blue Caribbean and the mountain-wrinkled emerald carpet in between. We drove down through an enchanted land of lush ferns, bamboo and flaming tropic flowers to modern Jayuya, and as we climbed out of the canyon were amazed to find Yucca cactus 20 feet high! Soon our windshield framed The Haystacks, a series of white and gray-faced mountains resembling loaves of bread with green fuzz tops.

The route continues through waving fields of sugar cane near Manati where guided tours are offered in one of the great mills. At the luxurious resort area of Dorado Beach huge rocks have been hurled far into the surf to form two protected half-moon beaches and a lagoon. But you will be most intrigued by the natives' excitement at the legal cockfights in nearby villages.

In thriving, industrial Cataño visitors are invited to tour the streamlined rum distillery and sample its product. On the outskirts of town is old Spanish Fort El Cañuelo, which faces the mighty fortress El Morro across the bay in San Juan. It now has been developed into an extensive recreation facility.

Favorite BEEF Recipe

From The ALABAMA COWBELLE KITCHEN

Delicious Beef Burgers

Choose round or chuck steak for BEEF BURGERS and have the butcher grind it just once for nice light patties. Have him add 2 ounces of suet to each pound of meat if it is very lean. Or maybe you'll prefer to use the ready-ground BEEF as so many of us do.

For each pound of meat, add 3 tablespoons of finely chopped onion, 1 teaspoon of salt and a pinch of pepper. Give it a gentle mixing and form into patties, using ¼ or ⅓ pound of meat for each. The patties may be prepared ahead of time and refrigerated until ready for cooking.

Cook the BEEF BURGERS any one of these three ways:

1. Fry BEEF BURGERS slowly in a little hot butter from 6 to 8 minutes, turning once.
2. Place BEEF BURGERS on shallow pan and broil about 3 inches from heat about 6 minutes on each side.
3. Charcoal the BEEF BURGERS outside on your barbecue grill.

Try one of these tasty toppings:

BLUE CHEESE SPECIAL: Combine 1 ounce of blue cheese, 2 tablespoons of butter, 1 tablespoon of lemon juice and a dash of Tabasco. Spoon it over hot burgers and broil for a few minutes. Dad will rave!

CHEESE-BURGER: Top hot burgers with one-half slice of cheese, a thin slice of tomato and another half slice of cheese. Broil until bubbly. This old standby comes to dinner.

DILLY SOUR CREAM: Combine ½ cup of sour cream and 1 tablespoon of dill seed or weed. Spoon over burgers for last few minutes of cooking for fabulous flavor!

SUPER SAUCE: Combine ⅓ cup of catsup, 3 tablespoons of butter, 1 tablespoon of lemon juice, 1 teaspoon of Worcestershire sauce, 1 teaspoon of prepared mustard and dash of Tabasco in a saucepan and heat. Serve hot over burgers for a Zippy treat!

Ice Cream Sodas are C-O-O-L

In these days of home freezers and refrigerator freezing compartments, it's easy to keep ice cream and other ingredients on hand for all the makings of a perfect summer drink. Try this recipe for Coffee Ice Cream Soda . . . it takes just a few seconds to make, with flavorful instant decaffeinated coffee. You'll enjoy having this convenient instant coffee on hand to make other delicious coolers — coffee milk shakes, iced coffee — or a steaming cup of robust hot coffee.

COFFEE ICE CREAM SODA

2 teaspoons instant decaffeinated coffee
4 teaspoons sugar
2 tablespoons milk
1 bottle (7 ounces) club soda
Coffee ice cream

Dissolve instant coffee and sugar in milk in a tall glass, stirring vigorously. Stir in part of the soda. Allow foam to settle; then add 2 small (#24) scoops of ice cream. Gradually stir in remaining soda. Or, allow foam to settle, stir in remaining soda, and top with 1 large scoop ice cream. Makes 1 serving.

Go Dutch With Sour Cream Apple Cake

If "Dutch treat" entertaining is on your schedule, you will be wise to consider the appetizing apple cake pictured here. It has so much to recommend it . . . one-bowl mixing and an easy baked-on topping . . . which makes it such an accomplished traveler. The final test is in the eating, of course, and that is where this cake really scores high. Delicately tender with a spicy apple topping, you will want to serve it for all treats, not just the "Dutch" variety.

SOUR CREAM APPLE CAKE

Measure 2 cups sifted cake flour into sifter; add 2 teaspoons double-acting baking powder, ¾ teaspoon salt, and 1 cup plus 2 tablespoons sugar. Stir ⅓ cup butter or other shortening until softened. Sift in the dry ingredients. Add ¾ cup milk and 1 teaspoon vanilla; mix until all flour is dampened. Then BEAT 2 MINUTES at low speed of electric mixer or 300 vigorous strokes by hand. Add 1 egg and BEAT 1 MINUTE longer or an additional 150 strokes. Pour into a greased 9-inch square pan. Bake in moderate oven (375°F.) 30 to 35 minutes, or until top springs back when lightly touched.

While cake is baking, peel and thinly slice 1 small tart apple. Combine with 1½ cups sour cream, ¾ cup sugar, 1½ teaspoons cinnamon, and ¾ teaspoon nutmeg. When cake is done, remove from oven (do not turn off heat). Carefully spoon sour cream mixture over top of hot cake, right in the pan. Peel and thinly slice 1 more small tart apple and arrange over topping. Return to oven and bake 20 minutes longer. Serve warm. Makes 9 servings.

Proclaim "Beef For Father's Day"

PROCLAMATION

Whereas, Agriculture is one of the leading industries in Alabama and

Whereas, Beef cattle is one of the largest and most important segments of Alabama's agriculture, producing an annual cash income of approximately 100 million dollars, and

Whereas, Alabama ranks sixteen among all states in the total number of BEEF COWS, and

Whereas, Alabama cattlemen make a tremendous economic contribution to packing plants, stock yards, locker plants, equinment dealers, supply houses and main street business firms, and

Whereas, BEEF is a delicious-nutritious meat, and

Whereas, The members of the Alabama Cattlemen's Association and the members of the Alabama Cow Belles Association, desire to have the people of Alabama join with them in serving BEEF to the Father of the household on Father's Day, June 16, and

Whereas, The Citizens of Alabama are pleased to join with these sturdy champions of our nation's free enterprise system in the promotion of BEEF,

Now, Therefore, I do hereby proclaim that BEEF shall be the traditional dish for FATHER'S DAY and urge the citizens of this great state to join with the cattlemen and Cow Belles of Alabama in the promotion of BEEF FOR FATHER'S DAY..

IN WITNESSES WHEREOF, I have hereunto set my hand...

Scouts Receive Eagle Award

At the Chilton County Court of Honor, Francis K. Lewis, Troop 257, son of Mr. and Mrs. Harold Lewis and Mike I. Joiner, Troop 157, son of Mr. and Mrs. Ervin Joiner, Clanton, received the highest award in scouting the Eagle Badge.

This was a very impressive ceremony. The invocation was given by Mrs. Hugh Jones. She paid tribute to another Eagle Scout, Joe Hayes,. and to his devotion and untiring efforts in behalf of scout work. His efforts will long be remembered. She made a dedication to Francis and Mike that they will continue to work hard and uphold the ideals for God and their country.

Scout Executive Bill Crane presented the Eagle awards. The parents were escorted by Eagle Scouts, Mike Johnston and Robert Mullins. The scoutmasters of the two scouts, E. W. Walker and Orus Bennett were asked to stand with the scouts. Mr. Crane stressed to the scouts the hard work they had put forth to earn this award and that they would be better equipped to meet the challenges which America faces today. He also stresser that the code of conduct and ethics they had developed would carry over into their adult life.

The mothers were given the honor of pinning the eagle badge on their sons. The scouts pinned a small eagle on their mothers for their aid in helping attain this award. The fathers presented the boys with letters of commendation from the National Council of Boy Scouts of America. The ceremony was closed with prayer.

Mr. Crane mentioned that he didn't know of any town the size of Clanton that had as many Eagle Scouts as we. There were fourteen Eagle Scouts present.

Scout Executive John Meredith announced that Chicago Sales would be headquarters for scout equipment and uniforms and that they already have them in stock.

The Warrants will be preferred claims against and payable solely from the proceeds of the special privilege tax or license (commonly called a "Sales Tax") and the excise tax (commonly called a "use tax") levied in Chilton County by Act No. 471, General Laws of Alabama, approved November 13, 1959, 1959 Acts, pp. 1170, et seq., as amended by Act No. 55 adopted at the Second Special Session of the Legislature of 1963, and approved April 23, 1963, subject, however, to the prior claim and payment of $890,000 of Capital Outlay School Warrants dated January 1, 1960, which are being refunded by the Warrants now offered. U. S. Government Bonds in an amount sufficient to provide for the payment of the principal of and interest on such Capital Outlay School Warrants of January 1, 1960, to and including January 1, 1965, and the redemption price of those of such Warrants as shall not then have matured, on January 1, 1965, will be irrevocably deposited in escrow with The First National Bank of Montgomery, Montgomery, Alabama, and will be required to be used for such purposes. The aforesaid taxes extends to April 23, 1983. Said taxes produced $148,690 in 1960; $149 505 in 1961; and $183,090 in 1962.

The First National Bank of Montgomery will be trustee of the special fund to be provided for the payment of the principal of and interest on the Warrants. Payments will be made into this fund from the receipts of the aforesaid sales and use taxes in amounts sufficient to pay the annual principal of and semiannual interest on the Warrants and to build up, at the rate of $13,000 per year for five years, a reserve for such purposes equal to $65.000 and thereafter to maintain such reserve at $65.000.

Each bid must be accompanied by a certified check for $18,500. All bids and certified checks must be submitted to the County Board of Education of Chilton County, at the office of the County Superintendent of Education of Chilton County, Clanton, Alabama, not later than 5:30 o'clock p.m., Central Standard Time, on June 28th, 1963, at which time and place all bids will be publicy opened. Al certified checks will be returned except that of the successful bidder, which shall be retained by the Board to assure his acceptance of and payment for the Warrants. The Warrants will be delivered within thirty days after the date of the sale. The Board reserves the right to reject any and all bids at said sale.

The Board will furnish, at its expense, the unconditional approving legal opinion of Dumas, O'Neal & Hayes, bond attorneys, Birmingham, Alabama, and printed Warrants. x

NEWS OF—

REFUGE

We had another good day here last Sunday. Everybody in the community was not at church but everybody was there that wanted to be, except those who were providentially hindered. If you were not at church and had no reason for being absent, you were some what restless if you have experienced the saving Grace of our Lord. Of course, it is easy to become cold and indifferent to the Lord's work after remaining away from the house of the Lord without some reason for staying away. In fact, it is a dangerous thing, spiritually, for a child of God to allow some insignificant thing to keep them away from God's house.

We greatly enjoyed having Rev. Homer Carroll bring the message here last Sunday night. Our pastor brought the message at Concord.

The Vacation Bible School opened here last Monday morning with 54 present and good reasons to believe that we will enroll several more during the week. We highly appreciate the fine cooperation that is being manifested among our people.. There is no way to calculate just what even a small group of people can do when they work together.

If you do not have a church home, we cordially invite you to come and worship with us. It is not easy to believe that any one who loves the Lord, can be any measure satisfied if they are not in the service of the Lord on the Lord's day. We will be looking for you and the entire family next Sunday and Sunday night.

Quite a few relatives of Mr. John Mark Easterling from Houston, Texas visited him over the past week end. They will be returning home some times this week.

The churches of the Chilton-Unity Association will pick up the amount of fruit jars for canning purposes for the Children's Home at the Farmers Gin and Ware House this Saturday morning, June 8, from 10:00 until 12:00 o'clock as needed and wanted. Come and get them then.

GOOD WORKERS SUNDAY SCHOOL CLASS MET

Karla Snead was hostess to the Good Workers S. S. Class of the First Baptist Church on Tuesday night, at 7:30 o'clock.

An arrangement of pink and white glads were the decoration in the living room.

A musical program was enjoyed with members of the class playing a number before the meeting began. The meeting was called to order by the president Ann Brown. Susan Speaks led in prayer. Minutes of the last meeting was read by Sue Cox. Danna Gilbert and Susan Barton led the program, using Bible Quizzes and games.

At the close of the program, Ann Brown presented Pat Bynum, who is moving to Gadsden a going away gift from the class.

Mrs. Bert Snead, assisted by her daughter Karla served delicious refreshments to the following: Cathy Wyatt, Susan Speaks Ann Brown, Susan Barton, Pat Bynum, Barbara Morrison, Danna Gilbert, Sue Cox and Mrs. Willie Bean, class teacher.

T. U. Quarterly Meeting June 10

The Training Union Quarterly meeting of the Chilton-Unity Baptist Association meets Monday, June 10, 7:30 p.m. at the First Baptist Church, Thorsby, the theme: A B C plan for advance, will be studied in age group conferences, and will also be dramatized by the leaders of the host church. Workers and members of the 54 churches in this Association are invited and urged to make plans to attend this meeting which will be one of he best ever experienced in this Association. M. Z. Atchison, Director, and co-workers invites you to attend.

U. S. Savings Bonds are now available at most banks with new free gift envelopes, suitable for any gift-giving occasion. A gift of Savings Bonds is "the present with a future."

President Kennedy has said, "We shall pay any price, to assure the survival of liberty." Buying U. S. Savings Bonds is a small part of the price for Keeping Freedom in Your Future.

Don Graham, Pastor

The Church Softball Teams really have been having fun in the past weeks although some of the teams don't have such an impressive record. They played lat Saturday night and again on Tuesday night.

We are really proud of our new sign and new shuffleboard court. From now on, people will know the name and denomination of our church because we have a new sign in front of the church. We are also proud of the shuffleboard court that has recently been finished . We are in debt to those who worked so faithfully on these projects:

Starting tomorrow night, we will have our recreational facilities open every Friday night during the summer vacation. We will have adult supervision.

Saturday night the Youth Rally will hold its monthly meeting at the Maplesville First Baptist Church. We wil meet at the church at 7:00 to leave for Maplesville.

The Young Married People have chosen June 27 as the date for their ice cream supper at the church. Make your plans now to come.

Don't forget the regular activities--Thursday night, Visitation, Prayer Meeting and Choir Practice.

Guests of Mr. and Mrs. Conger Cummings over the week end were Mr. and Mrs. John Hugh Morgan and children.

Rev. Charles Forriester, Pastor

Sunday school attendance for both services was good. Rev. Forriester brought two wonderful messages.

Preparation Day for our Vacation Bible School was, Saturday, June 1, our Vacation Bible School got underway Monday, June 3rd at 1:30. We urge all beginners, primaries. juniors and intermediates to attend these classes.

Rev. Forriester Baptized two new members into our church Sunday afternoon, they were L. C. Melton and Roger Le Couyles.

We are very proud to welcome these two young peopie into our church and will be praying for them that their lives will be spent serving the Lord in the way that He would have them serve.

Little Timmy Mims celebrated his 3rd birthday Sunday. Congratulations Timmy and may you have many more birthdays.

Rev. and Mrs. Forriester were Sunday guests of Mr. and Mrs. E. A. Lenoir.

Miss Barbara and Linda Ousley is visiting in Fairfax and Lanett, Alabama this week.

Remember our Wednesday night prayer service with choir practice following, remember the many sick asd shut-ins in prayer pray for our Vacation Bible School and our church services.

More than 2,000 children die each year of leukemia—cancer of the blood-forming tissues. Important findings in research laboratories helped extend this child's life—and the lives of other little victims—by many precious months. Research scientists now see evidence that a virus may cause leukemia and this might bring closer the development of a way to prevent the disease. Research will save children in the future. But research is expensive. Give some money. Please. It's for them.

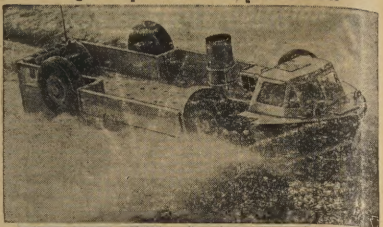
High-Speed Amphibian



WATER SPEED TESTS — Seagoing cargo carrier now under test for Marine Corps could play a major role in future amphibious warfare. The vehicle — a high speed craft that can move tons of supplies 35 miles an hour on water or land — was developed by Ingersoll Kalamazoo Division of Borg-Warner Corp. Called the LVW (for landing vehicle, wheeled), it is a 14-ton boat with aluminum planing hull, retractable rubber-tired wheels and is powered by a 1500 h.p. gas turbine engine. With a waterborne range of more than 180 miles, the highly-maneuverable LVW can skim across the water carrying loads up to 10,000 pounds from ship to shore or between ships.

A Nutritious Snack—Spicy Peanut Crisps

If you've cookie-hungry youngsters around, make some Spicy Peanut Crisps just for them. These tasty drop cookies contain one of their favorite foods — peanuts, plus a subtle spiciness of ginger.

You'll have no difficulty preparing these easy drop cookies. Be sure to use enriched self-rising flour with the baking powder and salt already added. And because this flour has added nutrients — three B-vitamins and iron, plus calcium — it will also make a nutritious family snack of these Spicy Peanut Crisps and all the other baked foods you prepare with enriched self-rising flour.

Spicy Peanut Crisps are good children's party fare also. Serve them with ice cream and mugs of white or chocolate milk.

SPICY PEANUT CRISPS

- 1¼ cups sifted enriched self-rising flour
- ½ teaspoon ground ginger
- 1 cup light brown sugar
- ¾ cup uncooked quick rolled oats
- ¾ cup chopped peanuts
- 1 egg, beaten
- ¼ cup melted shortening or oil
- 2 to 3 tablespoons milk
- ½ teaspoon vanilla extract

Sift together flour and ginger. Blend in brown sugar and rolled oats. Stir in ¾ cup chopped peanuts. Combine egg, melted shortening or oil, 2 tablespoons milk and vanilla extract. Add liquid to flour mixture, stirring until well blended. Add more milk, if necessary, to moisten all dry ingredients. Drop by teaspoonfuls onto lightly greased baking sheets. Bake in moderate oven (375° F.) 12 to 15 minutes or until lightly browned.

Makes 3 dozen cookies.

A Little Bit O' Tuck . .

By BOB TUCKER

EL TORO, the bull! Or: "How Jessie Charles Mims sprained his ankle!"

The story is (and this is the straight dope, right from the source) that Jessie Charles went by his Daddy's place the other afternoon, and Daddy said: "J.C., did you know that Prince is down in the pasture?" "Prince", we later learned, is a Registered Angus bull, a valuable bit o' beef. J.C. said: "Well we might as well round him up right now; no use to put it off!" So, they set about to catch "Prince". He had other ideas, and he was not caught. Jessie did more running than "Prince" did it seems, and he sprained his ankle in the doing of it.

To make a long story, shorter; they went down to the barn later, and there was old "Prince" as fine as ever. They had been chasing the wrong animal all the time. He just happened to look like "Prince". And J.C. said: "I never wanted to 'shoot the bull' so bad in all my life!" Ole'!!

FRIEND O. J. McGriff has been "bachin' it" for several days because the Lady of the House has been hospitalized. She came home last Tuesday. 'Griff' says, "when the mother gets laid up, it sure works a hardship on the Master of the House." We know what he means. It's wores than Jessie's bull in a China shop! Hope the Madam is much better, 'Griff'; and incidentally, thanks for the subscription renewal!

THE Merchants of Maplesville, this week, recognize the First Anniversary of the Maplesville Veneer Co. D. W. Shuford, his wife, and three children moved to Maplesville a year ago and have become welcome residents of the community. This industry has meant much to the people of Maplesville and Chilton County, and its continued success is wished by all Chilton's citizens. Mr. Shuford is the Manager of the plant, which is 'operating a lot of overtime, and is producing high quality veneer," according to a spokesman for the Maplesville Merchants.

OUR wife's so cold-natured, if they said it was going to be a hard winter next year, she'd go turn on the heater.

GEORGE Smith says Astronaut Cooper's new theme song should be: "What a Difference A Day Makes." And a day and a half makes even more!

CLANTON STUDY CLUB WINS STATE LIBRARY AWARD; MOBILE

The Louise Wilson Library Award has been presented to The Study Club of Clanton, by the Alabama Federation of Women's Clubs.

This beautiful silver bowl is given each year to the club in the state which submits the best library report.

The presentation of the award was made at the convention of the Alabama Federation of Women's Clubs at Mobile.

A member of the Club told the News this week: "Through the united efforts of all the club members, it was possible to submit a report of a successful library program."

The members of the Study Club are sharing their honor with the citizens of Clanton by placing the award in the Clanton Public Library.

Parade, Talent Show, Street Dance Highlight 3-Day Festival

And "Peaches" Of Course—

FINAL PLANS have been completed for the 1963 Peach Festival, according to Morris Moatts, spokesman for the Jaycees, who are sponsoring the Festival.

A "Get-Acquainted Party was held last Tuesday morning at the home of Mrs. Richard Muncher, with the Jaycettes hosting the lawn party. This was primarily for the 30 Peach Queen contestants.

On Thursday, June 13th, today, the Holiday Inn will play host to the Chilton County "Peaches" at a swimming party. And, on Tuesday, June 18, the Hemerocallis Garden Club will have a Tea at the home of Mrs. Howard Maddox for the contestants.

Festival Begins Next Thursday—

On Thursday, June 20, the 1963 Peach Festival begins at 8:00 P.M. with the Peach Queen Beauty Pageant. At that time the Top 10 will be selected.

Friday, June 21st Is The Big Day—

The Peach Festival Parade with all the 1963 contestants, and featuring last year's Queen, Miss Rebecca Bentley, will begin at 4:00 P.M.

On Friday night at 7:30, a big Talent Show will be staged and all local talent is invited to participate. All the Peach Queen contestants will be presented and the Top 10 will be announced.

A highlight of the evening will be the choosing of "Miss Congeniality" by the Queen contestants. She will be presented at that time.

Saturday Will See Peach Auction At County Courthouse—

Judging of the best peaches in Chilton County will take place at County Courthouse at 10:00 A.M. Saturday with an Auction of the choicest peaches starting at 11:00 o'clock.

Also on Saturday—7:30 P.M.—the final judging and the crowning of the Peach Queen will take place.

Immediately following the selection of the new Queen, there will be a Street Dance in downtown Clanton, featuring Country Boy Eddy of Birmingham, who will provide the entertainment.

Prizes Offered In Talent Contest—

In the Local Talent Show, the Friday night feature, first, second and third place prizes will be offered. Anyone interested in competing for these prizes should contact Dr. W. T. Parker at phone 1541 as soon as possible.

IT is reported that the 1963 Peach Queen will be chaperoned to Washington, D. C., where she will be the guest of Congressman Armistead Seldon for two days.

Sen. McDow Will Hold Public Hearing

A bill is now being advertised to place the election of the members of the County Board of Revenue back on a county wide basis. I have a sincere desire to do what the majority of the people of Chilton County want done in this matter.

For this reason I am calling public hearing on this bill at the main court room in the court house in Clanton on Monday night, June 24th at 7:30 p.m. I would encourage any who would like to be heard on this matter to be present at this time.

Jimmy McDow,
State Senator

REV. AND MRS. NELSON E. WHITE

Dinner At Temple Honors Rev., Mrs. White

REV. and Mrs. Nelson E. White, pastors at the Temple Assembly of God, invite everyone to the church next Sunday, June 16, for an old-fashioned Dinner-on-the-grounds. This event is in celebration of their sixth anniversary as pastors at the Temple.

Exactly six years ago, on June 16, 1957, they served their first Sunday in the pastorate. The Sunday school attendance goal for the day has been set at 234, which would be twice the number present on the pastor's first Sunday six years ago.

Everyone is welcome to come and bring a basket lunch.

Mr. and Mrs. Hugh Wood and Mr. and Mrs. R. L. Boone of Jacksonville, Arkansas spent the week end with Mr. and Mrs. Marion Wood.

"Lawrence Hall" To Be Ready in August

Hospital Board Listed—

THE Chilton County Hospital is now operating with a full Board. For the past year, one or more positions have been open for various reasons: the death of Dr. C. O. Lawrence; one member who moved from the County; and the normal expiration of one term.

The Board is appointed, to serve without pay as a civic duty, by the Board of Revenue and Control.

The present Hospital Board includes the following members: Mr. S. J. Davenport, Chrmn.; Mr. Roy E. Baker, vice-Chrmn.; Mr. Morgan Reynolds, secretary; Mr. John C. McKinney, treasurer; Messrs. B. L. Adams, T. Abney Brown, Charles W. Burnett, Moody Chambers. J. R. Ekblad, Alex T. Hayes and Curtis Satterwhite.

The construction of "Lawrence Hall", a 30-bed expansion to the Nursing Home, dedicated to the late Dr. C. O. Lawrence and the laundry and shop building is progressing as scheduled. Completion is expected by August 1.

Lawrence Hall is composed of two rooms for 4 persons, two rooms for special care residents and ten rooms for two persons.

The rooms for two persons are proving very popular, at this time. Applications have been processed for 4 couples of man and wife. There are several others considering coming here to live their "Golden Years".

The new Board members found the hospital and nursing home operating in a sound and self-supporting manner.

The Board conducts its business on the third Tuesday night of each month and at this time each member is furnished a list of all persons having accounts past due. This list of accounts being part of the public records of the County, is available to all who may wish to see same.

Clanton Guardsmen In Tuscaloosa

AT least part of the men of Company "A", 2nd Battalion, 200th Infantry, which is Clanton's National Guard Unit, were sent to Tuscaloosa late Tuesday night of this week, after President Kennedy Federalized the Alabama National Guard, due to the tense situation at the University of Alabama.

The local Guardsmen, 65 enlisted men and 3 officers, were at Summer Camp, as of last Sunday, and were due to return to Clanton on the 23 of this month.

How long they will be detached to Tuscaloosa is not known.

The unit was encamped at Ft. McClellan near Anniston, when they were called out.

Mr. and Mrs. W. A. Lecroy attended the wedding of Mrs. Lecroy's cousin Miss Charlotte Howard at the 35th Ave. Baptist Church in Birmingham on Tuesday afternoon at 7 O'clock when she became the bride of Edward Mileski.

PEACH AUCTION AT COURTHOUSE

THE Clanton Joycees will have a Peach Auction, in connection with the County Peach Festival, on Saturday, June 22nd, according to Richard Muncher, spokesman for the Club.

All growers interested in showing their best peaches, and in the Auction, are requested to have their fruit at the Courthouse parking lot by 9:30 Saturday morning, the 22nd. The judging will be at 10 I'clock and the Auction at 11:00.

You are also asked to bring your prize peaches in one-half bushel hampers. This is very important.

Proceeds from this Auction event go to the promotion of the Peach Festival.

Chilton Lady Has Famous Ancestors

According to authentic data being diplayed now at the Clanton Public Library, Mrs. Green D. Melton of Thorsby is a direct descendant of the famous Colanial Lewis family of Fredricksburg, Virginia. Among the members of this family were Meriwether Lewis, the famous explorer of the Lewis and Clark xpedition and Colonel Fielding Lewis who married George Washington's sister, Betty.

Mrs. Meton's paternal grandfather Ulyses Lewis, Sr., was elected the first mayor of Columbus, Georgia in 1829. Later he moved over the state line with Alabama and in time, became the Judge of the County Court of Russell County. Mr. Lewis was a lawyer who was educated at what is now the University of Georgia and Princeton University. His fine sons all followed the profession of their father and studied aw.

Mrs. Melton's father, Charles James Lewis, volunteered for military service in the Confederate Army at the outbreak of the Civil War and was severely wounded in battle. After the war, he taught school for a few years in Alabama before his untimely death.

This famous Lewis family were relatives of three United States Presidnts, namely; Washington, Jfferson and Harrison.

Historical materials and a copy of the generalogy of this family are now on display at the Clanton Public Library.

Two of Mrs. Melton's daughters live in Chilton County. They are Mrs. Leslie V. Thornton of Clanton and Mrs. Clyde Liveoak of Thorsby.

EDITORIALS

The Yankee View--

THE DETROIT NEWS—
"As Gov. Wallace said, discrimination exists in the North as well as in the South. What he didn't say is that discrimination in the North still exists in spite of government policy which opposes it but that discrimination in the South continues in force with the full support of many state and local governments.

Plenty of politics is being played by all sides right now on the racial issue. But in a sense the issue has gone beyond politics. What the local state and nationa lgovernments—and the American people-are try ing to do right now is to catch up with the swelling demands of the American Negro for justice and equality. The question is whether we can catch up in time to avert more serious trouble in both the North and the South.

THE first paragraph above, sets out the whole idea of the South's views on segregation, discrimination, or whatever you want to call it. The Yankee newspaper just can't see the point at all.

"Discrimination", as they call it, continues in the South--condoned by the "local governments", not because they are bent on disobeying orders from above"; but because they believe in it.

And if this is still a government "of the people, by the people, and for the people, isn't that the right viewpoint to have?

In the South, the "local govern-paper says that even though the people of the North want "discrimination", their government political machines don't see it that way, so it's the people who are wrong. And according to their views not only the people of the South don't mind it; neither does the local government.

In the South, the "local povernment" IS the people; and we are proud that it has been maintained thusly. Apparently in the North, according to the Yankee newspaper, the people no longer run their local government, and should follow the dictates of the powers that be.

The Yankees in the North may be trying to "catch up" with the demands of the American Negro; but we in the South do not feel these particular "so-called demands" are worth catching up to.

They no doubt think they are championing a fine and noble cause with this justice and equality talk; but it is apparent to the Southern people that there is no justice and no equality in the minds of those who are pushing us into fights-in court and out.

From all that we read in the northern press concerning segregation, it is apparent that those who would force us into integration feel that we are purely and simply stubborn about giving in to what they feel is right. That is the error. We, in the south, believe that segregation is right, just as strongly, if not more so, as those who believe in integration in the north. It is not stubbornness; it is what we believe to be right. Is it so hard to understand that our leaders, as well as the average citizen, are willing to fight for the cause in which they believe?

Of course, we have bigots and fools in the south; but they are not the true south; not the majority of the southern people.

Those who would push the south into total integration do not understand the southern people. And if it can be said that we too, do not understand the northern view in this matter; then it is also fair to say, that we are not trying to force them into a social situation to which they are unaccustomed, and in which they totally disapprove.

The leaders in the south who stand up and say to the Yankee integrationists "let us alone," are right. The Supreme Court has done a great injustice to a large portion of the people of the United States. The President; and more particularly. the Attorney General, have committed great wrong to the people of this notion; not in the least of these being the American Negro.

It is up to the Congress of the United States to put a stop to this farce. We the people, are losing, economically, industrially, socially and spiritually; in this foolish attempt at de-Americanizing the people of this nation; especially those in the south. We are losing; we are wasting time, money, and lives. It is time we went back to the doctrine of; of, by and for the people, and let the majority decide what they want.

If the people were to vote on the entire subject of integration tomorrow, in all aspects that have been proposed by all minority groups, and by all crackpot leaders of this movement, it would be done away with, and we could start a productive settlement of the differences between races, and classes of people.

We will never see a satisfactory solution to this problem as long as the Yankee integrationist seeks to force-feed the vile dose to the people of the south. We simply will not take it!

We Challenge "Dad"!--

FATHER'S Day is next Sunday. The day when dear old Dad is recognized by the entire family as the supreme ruler of the roost; the king in his castle.

But, we're not going to pat Dad on the back this year and tell him what a fine job he's doing. Instead we are going to challenge him to live up to his unequaled responsibility as a father.

Fatherhood is a blessing only if the good products of a man's mind are passed on to his sons. For example; a father should teach his son, when he gets to the age of sixteen or thereabouts (certainly no later than that), the trials, tribulations and rewards of honest, hard work.

We see entirely too much; the father showing his son how to be a good sport, play ball, swim, hunt, fish, to get-along with the other fellow; which are all well and good; but what of a boys responsibility to become a productive part of society, as a worker. And not JUST as a worker; but as a worker who appreciates the fact that there is honest, hard work to be done, and not that he should pursue the most lucrative financial status in life.

There are already too many in this generation of "workers" today, who don't really appreciate the fact that they can work and earn a living. They are too busy looking for more money per hour. . . and shorter hours.

Leisure is fine; sports and good sportsmanship is certainly to be desired; but the first, and most important heritage a man can leave his sons, is that he teach them the virtues of good, clean, honest work.

Govern-Mint Workers--

ON a recent balmy afternoon, as the entire family was riding around the County on one of our frequent "tours of Chilton", the Number Two son in our family remarked: "Daddy, I wish you worked for the Govern-mint!" We didn't even know he could pronounce the word, and we ask him his reason for such a wish. "Because, you'd make more money," he said, matter-of-factly!

It's enough to make a fellow want to up and quit or something, when the new generation has such a mercinary views about making a living. And anyway, how does he know a "gover-mint" worker makes more than we do? And if he does. . . how come?

FREEDOM OF INFORMATION—

CHAIRMAN John E. Miss (D., Calif.) of the House Government Information subcommittee has asked the cooperation of NEA members in reporting to him any incidents in which military authorities have prevented or hampered news of photo coveage of military disasters occurring in civilian area.

Rep. Moss has written to Secretary of Defense Robert McNamara to protest that "military authorities are acting in an outrageous manner when they take it upon themselves to violate civil rights in an area where they have absolutely no legal powers."

Immediate cause of the Moss protest is a proposed Air Force regulation which wiuld allow Air Force personnel to use force if necessary to seize film from a photographer, if it is believed the film contains security information. Rep. Moss has promised public hearings if the Air Force adopts the rule.

The Army recently asserted, in a letter to Doss, that it has "constitutional authority" to restrain photographers who have made films "known or reasonably believed to contain classified information or material."

This is an old problem. Back in 1958 the Moss subcommittee issued a report which concluded that military personnel cannot:

1. "Throw a cordon around the scene of a military aircraft accident in a civilian area to prevent access by reporters and photographers:
2. "Seize photographer plates or equipment;
3. "Threaten a reporter or photographer;
4. "Use physical restraints on members of the press at a crash scene;
5. "Prohibit taking pictures of a crash;
6. "Withhold the names of military casualties in populated areas."

The 1958 report led to improved conduct by military authorities but more recently, according to Rep. Moss, "despite the clear regulations, military personnel have repeatedly barred newsmen and photographers from the scenes of military accidents in civilian areas or withheld information in violation of the regulations."

Rep. Moss suggested the Pentagon seek new legislation if necssary to protect vital military information. He made it clear that he agrees that "critical defense information must be safeguarded" but deplored the trend toward encroachment on functions of civilian authorities.

If You Hear It Thunder, The Lightning Missed You! !

SUMMER SAFETY—

Ligthning seldom strikes the same place twice, but it strikes enough places once every year to start two of every five suburban and rural fires.

Countrywide, the crackling giant will cause some $150 million damage in 1963, more than half of it in the three month period beginning June 1..

And the 1,500 or more lightning victims who will be killed or injured this year will learn too late--ir never know--they were in the wrong place at the wrong time.

By getting to know lightning's peculiarities, though, you can evade its knockout punches, say safety specialists at Aetna Casualtv and Surety Company.

Because lightning stubbornly refuses to turn a corner, for example, the leads from protective lightning rods must go directly to the ground. Otherwise the charge will jump to a conductor inside the buiding and do a ot of damage while finding a quicker way to earth.

Other defects in do-it yourself rodding systems can be just as serious, so this is a job which should be left to experts 'particularly for farm buildings,' suburban houses, country churches and other lonesome targets.

Lightning prefers these isolated buildings to city houses because multiple points tend to dissipate its destructive force.

For personal safety during an electrical storm, the best place to be other than underground is inside a steel frame building, says Aetna Casualty.

Interiors of automobiles offer good protection, but beware when getting in or out. A car's rubber tires prevent grounding, but a man touching a door handle makes an excellent conductor.

About the worst place to be during a storm is under a tree. People are better conductors than wood unde most conditions and a bolt hitting a tree branch will often flash through to the man beneath it.

Golfers and others caught in the open by a sudden lightning attack will be safer lying on the ground, preferably in a depdession, than standing. Golfers also should waste no time getting clear of metal-shafted clubs. While lone trees are dangerous, dense woods make fair shelter because of the "safety in numbers" principle that applies to city houses.

Swimmers are among lightning's favorite targets because a strike on water endangers everybody in the immediate vicinity. Boats with masts shoull have lightning rods leading directly to the water.

One heartening note--don't worry about the thunder. If you hear it, the lightning missed you.

Traveling Alabama

VACATION PLANNING

By

JIM HART

We are, today, right on the threshold of summer and a little talk about vacations is not at at all out of order. In fact, such talk is very appropriate since Governor George C. Wallace has proclaimed this week as "Vacation Planning Week" in Alabama.

Although it has been only in recent years that vacation planning as such was emphasized, people have been enjoying vacations since the days of Nero. In fact, the word "vacation" comes from the Latin word "vacatio." "Vacatio" meant to the early Romans just about the same thing as "vacation" means to us. To them it was "a being free from duty or service."

The general idea hasn't changed much through the centuries. Today we travel on our vacation by automobile instead of chariot, but the same things that motivated the Rofans to get away from it all motivate us today. We like a change of scenery and we find vacation activities beneficial to both mind and body.

But a vacation can, and usually does, have values beyond those of restoring the body and inspiring the mind and spirit. The vacation is one of those rare occasions during the year when all the members of the family can be together for a period of days sharing a new and exciting experience. It is an opportunity for family members to develop a greater appreciation of the world around them. It is also an opportunity for them to develop a better understanding and appreciation of each other.

In order to insure complete harmony on your vacation, proper attention should be given to the planning. Vacation planning is more than simply choosing dates and agreeing on an objective. Attention should also be given to such matters as selecting the appropriate apparel and equipment, getting the car in shape, and planning routes that include as many interesting areas and activities as possible. Your local service station operator will be glad to assist you.

It's just possible that a little careful advance planning can make the family's 1963 vacation the most memorable one ever.

Drought Causes Loss To Farmers Over Alabama

Alabama's prolonged drought, combined with the aftereffects of a severe winter, has cost the state's farmers over $25,000,000, according to an estimate by Agriculture Commissioner A. W. Todd.

"And the cost continues to mount every day it fails to rain," the commissioner added. " A few scattered sections of the state have had rain but we really need a general state-wide rain in the worst way."

Todd said the loss to cotton alone would be around $17,500,000. He based this estimate on a 15% loss which he said had already occured from last year's $126,500,000 crop.

"The dairy and livestock industry has been suffering too, especially in Central and South Alabama," Todd said. "The freeze killed our pasture lands and, with no rain to amount to anything, we haven't been able to recover."

Todd said "Central Alabama, for example, had received only 1.36 precipitation in April, when the normal rainfall is 4.89 inches. "The weather bureau in Montgomery told me that they had registered only .02 in May," Todd said.

YOUR SOCIAL SECURITY

(This series of questions about Social Security is compiled from the questions sent to the Selma Social Security Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, C|o Chilton County News, Clanton, Ala.,

Q. I'm a widow, 59. My husband was drawing $119 a month disability payment at his death. How much social security can I draw at 62? Also, how much could I draw if I wait until I'm 65 to put in my widow's claim?

A. You'll get your full widow's benefit at 62. In your case this will be $98.20. There is no cut in a widow's benefit at 62. You get 82.5 per cent of your husband's monthly payment whether you're age 62 or 65.

Q. I worked under Civil Service at an air base during World War II. When I retire can I draw Civil Service retirement and social security?

A. Yes. You can collect from both, if you've worked long enough under each. You can find out if you'll get Civil Service retirement, if you"ll write to the Civil Service Commission Washington, D. C.

Q. Do you have a booklet that tells farmers about social security?

A. Yes. I'm sending you a copy of Booklet 25d. It's free, and I'll send one to anybody else who wants it.

Congratulations to Joe Green, son of Mrs. Ozemma Green of this community and Miss Linda Morgan of Selma who were married May 11th. They are making their home in Selma where both are employed.

Homes Abound with Potential Poisons, AMA Official Warns

Children, supposedly "safe at home," are poisoning themselves at the rate of nearly 1,500 a day.

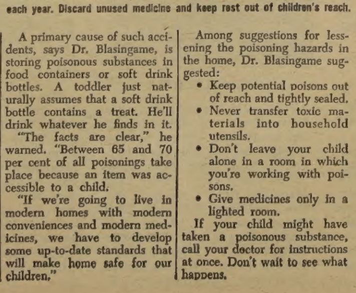
"When you consider that more than a quarter million home-used products on the market contain toxins, it is not difficult to understand why more than 500 children die each year from self-administered poisons," said F. J. L. Blasingame, M.D., executive vice-president of the American Medical Association.

Children are naturally curious, especially the very young ones. They are prone to stick into their mouths anything they can get in their hands. It doesn't even have to taste good or look pretty."

Most accidental poisonings occur in children under five. Two-year-olds are the most poison prone, with one-year-olds close behind. At this stage in life their curiosity is at its height and their sense of fear not yet developed, Dr. Blasingame explained.

Medicine, especially aspirin, heads the list of items children seem to like to sample, accounting for nearly half of all accidental poisonings. In fact, too much of virtually any medicine can produce serious consequences.

Among the supposed non-edibles that frequently find their way into children's stomachs are cleaning and polishing agents, detergents, shoe polish, cosmetics, waxes, insecticides, paint, turpentine, chalk, bleaches, plant foods, plaster, perfume and decorations.



Medicines account for nearly half of all accidental poisoning in United States each year. Discard unused medicine and keep rest out of children's reach.

A primary cause of such accidents, says Dr. Blasingame, is storing poisonous substances in food containers or soft drink bottles. A toddler just naturally assumes that a soft drink bottle contains a treat. He'll drink whatever he finds in it.

"The facts are clear," he warned. "Between 65 and 70 per cent of all poisonings take place because an item was accessible to a child.

"If we're going to live in modern homes with modern conveniences and modern medicines, we have to develop some up-to-date standards that will make home safe for our children."

Among suggestions for lessening the poisoning hazards in the home, Dr. Blasingame suggested:

- Keep potential poisons out of reach and tightly sealed.
- Never transfer toxic materials into household utensils.
- Don't leave your child alone in a room in which you're working with poisons.
- Give medicines only in a lighted room.

If your child might have taken a poisonous substance, call your doctor for instructions at once. Don't wait to see what happens.

Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN

Spurred by political opportunists, social theorists and Negro extremists, the entire nation is engulfed in a racial crisis of the first magnitude.

The threat of violence hangs not only over Alabama, but it stretches from Washington to Los Angeles, from Florida to Chicago.

Those political and social "experts" who have sought to make the South the nation's racial scapegoat now find themselves attempting to account for mob-inspired racial chaos in their own communities. Negro mobs in recent weeks defied law enforcement officials in Philadelphia. Los Angeles--advertised as a model city for '.equality" has been pinpointed for mass Negro demonstrations.

Realistic View Urged

This country is beginning to pay for the gross error of seeking answers to the race relation problems through legislation an court order, which history h shown is no answer to problem between the races. Incredibl the legislate-and regulate pr ponents of race relations no seek to compound their origin mistake. In response to mo demonstrations and growing te sion, the Congress is being urge to enact sweeping racial legislation, and our courts are dail issuing orders, directives an regulations over an ever increasing area of race relations.

Evidence mounts daily that o race problem cannot be solve by court and legislative orde The time has come for all Americans regardless of race to tak a fresh, realistic view of th status of this country's race rela tions.

It is obvious that the Ameri can Negro cannot improve per manently his status or insure better life for his children b following the leadership of thos who urge mob action or violence For, in the final analysis, ther can be no civil rights withou civil responsibilities for an citizen--white or Negro.

Double Standard

Unfortunately, Negro exte mist leaders are demandin rights and ignoring responsibili ties. They demand that certai laws, which serve their purposes be upheld but refuse to obe those laws that displease them They call for law and order an for government repression o those who oppose the aims. Bu they call for actions leading t violence and mob rule when ever it serves their purpose.

These same extremist leader operate on a double standard re garding the emphasis of racism itself. They deplore and protes references to race--to the poin of repression of literature, a and music. Yet, they make direct blatant appeal to Ameri can Negroes on purely raci grounds when it serves thei objectives.

Federal Force

Unfortunately, this doub standard is also reflected in th policies of the federal govern ment. The federal governmen has not hesitated to move troop into soverign Southern State supposedly to uphold law, orde and constitutional rights. Ye the federal government ha shown no inclination to assist th forces of law and order in main taining the constitutional righ of citizens in communities suc as Washington and Philadelphi that also have been threatene with mob violence.

Danger Inherent

The double standard being ap plied in this country to the pro blem of race relations is i creasing racial unrest at a tim when hostile international fo ces are poised to take advantag of our every weakness. ..We ca only hope that the America people including the mass of A merican Negroes--recognize th danger before it culminates tragedy.

TOURIST DIARRHEA

DIARY ITEM: Diarrhea.

Many a vacation trip to a foreign country has an unhappy beginning with the traveler suffering from that old journeying jinx, diarrhea.

Tourist diarrhea, when it is only a brief indisposition with little discomfort, need not curtail activities. In severe form the diarrhea is complicated by nausea, vomiting. fever, chills,, cramps, and muscle and joint pains.

Whether diarrhea is acquired in Mexico or India, it follows much the same pattern over the world. The disorder appears usually just a little short of two days after arrival in the country and generally lasts from one to three days; however, in some people the condition persists for a week or more.

Diarrhea is an upset due to various causes; irritation from over-eating rich foods, or food that is not properly digested; bacteria in food that infects the intestinal tract; emotional excitation that disturbs the nervous system; and, sometimes, chemicals that irritate or stir up the bowel action of which the most common is a mathartic.

Whether it is the water, food, atmosphere, or unusual excitement, the threat of tourist diarrhea prompts many tavelers to seek medical advice or to have with them some type of self-medication. A recent survey of a large group of travelers to Mexico showed that at least one third of them took medicine to prevent diarrhea.

A day of rest in bed, without eating, is sound advice to the traveler bothered by diarrhea.

Mr. and Mrs. E. S. Jones had Sunday dinner with their daughter Mrs. Coy Rasberry, Mr. Rasberry and Nelda. Mr. and Mrs. Rasberry have moved into their new home on Highway 191 near Pleasant Grove Baptist Church near Jemison.

Fields Writes On Chilton-Unity Baptist Association

Revolutionary forces around in our land today. Confusion, hatred and fear are created by these forces. This revolutionay spirit often motivates people to give their lives to ideas and causes that they deny the very existance of God and the infinite worth of human personality. Christ came into a world much the same as ours. He taught truth about God, man, righteousness, and evil.

Having revealed truth, he reconciled evil man to God. He placed infinite value on human life. Jesus commissioned those to whom he gave life to share this life and truth with other. Have you Christians of the churches had to make a decision concerning the acceptance of the basic principles of stewardship of your body, personality, time, influence, possessions, etc.? These belong to God. A most serious problem of the church or the Association is that of securing dedicated, trained, competent leaders. We have outstanding leaders and they are getting better all the time.

However, without dedicated trained lay leaders our total Bible program will not progess. Sometimes confusion exists in the Association as to what the work of Chist is. The master was not confused. The new Testament indicates clearly sime basic func tions of the Association; the will of God at a partichlar time which may be known if the leaders seeks God's will throhgh prayer and seek to pattern themselves after the New Testament in worship, training and to minister.

These are interlated and interdependent, as th lungs, heart, brain and digestive system are vital to the human life, so worship, witnessing, education and ministry are essential to the ilfe of the Association. Poor functioning in any one of these areas means a weak and limited association. Healthy functioning results in growth and effective working of the total body of Christ in the Association.

Mr. and Mrs. R. D. Woodson of Brendton, Florida arrived last Thursday in Clanton and are visiting Mrs. W. F. Haywood and other friends.

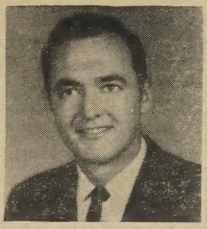
Burkhalter Wins 2nd Place In "Space" Contest

By Ann Daniel
Auburn University News Bureau

The possible development of a constant, world-wide communications system has stimulated a young engineering student at Auburn University to search for answers to certain problems created by the theoretical placement of the satellites necessary to establish the sytem.

A paper prepared on the subject earned for Johnny Burkhalter of Verbena the second place award in a six-state competition at the Southeastern Regional Student Conference held by the American Institute of Aeronautics and Astronautics in Atlanta.



The senior in aerospace engineering recently completed his study of the system, which, he says, is one of the possibilities initiated by recent United States space probes with the 24 hour hour satellite, a space vehicle which appears to remain fixed or "hovering" in space because it travels in an orbit in the direction of the earth's rotation at the safe speed of earth.

Three communications satellites of this type, Burkhalter says, if placed in orbit around the equator at equal distances apart would provide the means of such a system. Their placement, however, imposes important problems, ones which Burkhalter undertook to study for possible solutions.

Since the satellites must be placed in orbit around the equator, which is not in the same latitude plane as the present U. S. Launching facilities at Cape Canaveral, the first problem was in injecting the satellite into the equatorial plane from the Canaveral plane.

Second, Burkhalter was faced with that old bugaboo, the budget. Fuel, probably the most costly item in space travel, must be used conservatively. As a result, Burkhalter used specific characteristics of a certain vehicle, such as the Saturn V, to calculate the minimum amount of fuel required to transfer to a 24 hour orbit.

One of many student joining faculty members in the study of problems dealing with space travel presently engaged at institutions over the nation. Burkhalter plans to begin graduate study in his field at Auburn this summer.

He is the son of Mr. and Mrs. Lawrence M. Burkhalter of Verbena and is married to the former Verlyn Mims of Clanton.

Pvt. Baker At Ft. Lewis

Army PFC Joe E. Baker, son of Mr. and Mrs. Lucian Z. Baker Route 4, Clanton, Ala., participated with other members of the 4th Infantry Division in Exercise COULEE CREST, a 15 day U. S. Army-Air Force Command operation at Yakima (Wash.) Firing Center, which ended May 20.

Trip To Montgomery

On Friday, May 31st, Mrs. Verta Mae Langston's Fourth grade culminated their study of Alabama history with a trip to Montgomery. It was early rising for all, as the Greyhound bus left at 5:57 and only one of the 31 children was late. Susan Conway didn't miss the trip for her parents drove to Montgomery and she found the group just leaving the bus station for the Capitol building. The long walk made the children ready for a rest on the capitol steps, where pictures were made. The tour of the Capitol included a visit to the Governor's office where each received a souvenier, as well as a visit to the Senate chambers, where they observed the Senate in filibuster. They were recognized by Senator Nichols from Talladega County. Senator McDow was absent from the chamber at the time and was not available to recognize the group.

After an extended visit to the Department of Archives and History the group had lunch in the Administration Building, the place where the Governor often has his lunch.

The next visit was to the Alabama Public Library where Mr. Foos. who has been working with the Demonstration 'Library program in Chilton County, took the group through the entire library explaining the program and allowing the children ask questions.

The Little White House of the Confederacy was the next stop Here they saw many of the relics of Jefferson Davis and his family.

The Coca-Cola plant was the place for the last visit. Here the children learned the story of coco-cola and saw how it is made, bottled and shipped and were served a drink right from the production line. Again they were impressed with the fact that what Alabama makes, makes Alabama.

Another long walk to the bus station, hot, tired and ready for the ride home wit ha head full of memories never to be forgotten.

Mr. Businessman:
$10 - 5 New Customers

REALIZING your own sales ability. would you spend $10 per week, to get five additional customers into your store that particular week?

YOU can do that with an ad in the Chilton County News!

AND, if your sales ability is up to par, then those five prospective customers are going to purchase some item while in your place of business.

AND, if you and your personnel are "on the ball", and give that prospective customer the attention he feels he deserves; and you are courteous and helpful to him; and give him the desire to return to your store you have acquired a potential "regular new customer" to your business establishment!

THAT is what newspaper advertising is . . . it is not a miracle potient to be taken in large gulps. Often, when this is the case, the one who takes the 'gulp' sits back and relaxies his promotion consciousness, and the result is: A BIG NOTHING . . . at least in his own mind.

THE contents of newspaper ads to be effective must be marketable merchandise or services, at the time it is presented to the reader. . . and the reader is here.

The reader of newspaper ads, of whom there are quite a number in Chilton County, will not buy a "pig in a poke" any more than you would. They are not gullible, but very intelligent. In short, they are your customers; and should be approached through your advertising in the same manner of friendliness and helpfulness which you show them in your store.

THERE is not a more economical, more effective, more efficient "business-getter" in Chilton County than the News. The reason is simple: people read it; nd when they find what they want, or are encouraged to buy from an ad which they read, then YOU have a prospective customer.

NO, the newspaper is not a miracle salesman. It is a good tool and if used properly, it can help you with your job of selling to the public.

Don Graham, Pastor

We just completed our Bible School and we feel it was a great success. We think we made an entrance into many homes through the Bible School. We want to thank those ladies that helped with the refreshments. We certainly appreciated your help.

The time has come. The girls are to camp out at the river this week end. They will leave the church at 5:00 on Friday afternoon. They will return on Saturday afternoon at about 5:00 If you fit into this age group, be sure to get in touch with one of the sponsors.

We have made another step toward a more comfortable church. We have recently installed cold water fountains in the church. We are deeply indebted to the deacon' board for they worked several nights on this project.

We really enjoyed the Youth Rally last Saturday night. We met at the Maplesville Baptist Church. Bruce Payton, a young man who recently dedicated him self to the ministry, delivered an inspiring message. Make your plans now to attend the next rally. It will be held at the Poplar Springs Baptist Church.

This week our pastor is in Citronelle on the mission field in a revival. We will still have Prayer Meeting as usual. Bruce Payton will be in charge. Be sure to come out and support him. On Thursday night, we will have Visitation as usual. Then on Friday we will have the church open for recreation.

CHILTON COUNTY BPW CLUB MET

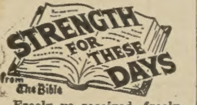
Calvin Ray, pastor

Our annual Homecoming and Singing was held on June 9th. A wonderful singing and dinner at the noon hour was enjoyed by singers and the members of our church.

Calvin Ray and Charlie Riggins were the song chairmen. Those leading and the pianists were: Charlie Riggins, Calvin Ray, Arthur Coleman, Peggy Harris, Perry Fulmer, Diann Parker, Jimmy Coleman, Ann Harris, Rayford Caton, Charles Coleman, Sarah Imfinger, A. C. Robinson, Mrs. Coleman, Linda Smith, Donna Coleman, Linda Johnson, Raymond Johnson, and Mrs. Lois McGee.

We wish to thank everyone taking part and making this our best singing in years.

We wish to thank Charles Coleman for singing the song he composed. And thanks too, to all the ladies for the delicious dinner.



Freely ye received, freely give.—(Matt. 10:8).

God withholds nothing of Himself, therefore when we receive His blessings we must also give of ourselves in service and love and encouragement to others.

Prayer Meeting Thursdays at 7:15 p.m.

Our attendance for Sunday School last Sunday was 198. We are looking forward to having 234 next Sunday, which would double the number we had six years ago for Bro. and Sister White's first service with us as our pastor.

"Staying on the Beam", was the subject chosen by Brother White for the morning worship hour. He used John 16:7-14 as the text for this message. His subject Sunday night was "The Greatest Sin." taken frim John 3:36.

In our annual business meeting Thursday night we voted for Brother White to serve as our pastor the next two years. We also voted to build a new audi torium.

We will have a picnic lunch at the church Sunday to celebrate Brother and Sister White's sixth anniversary as our pastor. Our friends are invited to come and enjoy this celebration with us.

Vacations go smoother in a Chevrolet Corvair

Bring on those mountains! They're not so high and mighty when you've got Corvair's gutty six and rear-engine traction working on them.

You scurry up the meanest grades. You move with sure-footed agility on wet pavement, muddy lanes, gravel and other would-be miseries.

And with most of Corvair's weight on the rear wheels, you have easy steering, too. Fact is, the handling's so light and responsive we don't even offer power steering for the car.

And there's more to feel good about. No problems with your radiator boiling over or going dry, because there's no radiator. Corvair's engine is air cooled. No concern about brake adjustments, either, because the brakes adjust themselves. Nothing much to think about at all except the good time you're having.

"Wallace, Last Hope For Constitutional Government"

Governor George C. Wallace's recent appearance on the panel show, "Meet The Press", drew favorable response from 28 states and the District of Columbia.

The Governor received telegrams at the NBC studio in New York, at the Governor's Mansion, and at his capitol office. Among them wires from 70 Alabama towns and cities representing 45 different counties.

Only two wires were received from persons opposing the Governor. One was from Washington, D. C. and the other was from North Carolina.

Florida led in the number of telegrams sent from out of-state with 30. Texans sent 25, Californians sent 19, Georgians 15, and Tennesseeans 14.

Some of the messages came from labor union locals. Some came from church groups and civic clubs. Some of those from out-of-state were from lawyers commending Gov. Wallace on his attempts to uphold the constitution.

Among the 19 received from California was one which read: "To a great American who is fighting for the rights of the individual in a society that no longer recognizes the existence of the human, be they black or white."

New Yorkers sent 11 messages in support of the Governor. They ranged from short, simple messages, ("We're all for it. Hold the line.") and ("Welcome to New York and congratulations" to long, sympathetic communications.

"The South, long victimized by the intimidating press, resents the violence and threatening forces used upon you and your people for its ultimate destruction. We stand with you on the sovereignty of your state under the constitution of the United States. The people will stand with you come what may", a New Yorker messaged.

Many of the communications attacked the federal judiciary. A large number contained references to a biased press. Several accused the "Meet the Press' panel of being "stacked against" the Governor.

Several urged the Governor to maintain law and order while testing the decision of the courts, and a large number asked God's blessings on him for his stand, and during the "days to come." Almost all of the wires commended him for his conduct on the Show.

Some contained a touch of humor. One of two well-wishers from Pennsylvania wrote:: "You be David. Kennedy be Goliath. You will win."

One of the telegrams from Florida read: "Congratulations from two Yankees. Proceed courageously with your justifiable stand."

From Indiana came the message: "You are a great man of our times. God Bless You." It was signed, "Friends."

Three Northern Irish Catholics messaged from Indiana: "We commend you among men of great courage in the South. May God be with you."

Most of the wires from within the State contained similiar messages. Many pledged their support. A majority mentioned "pride in the way you repre- out-of-state as well as from with- Several of the telegrams from **sented us on the show."** in spoke of the Governor as "our last hope to protect constitutional govenment."

TELSTAR II, the 175 lb. communications satellite recently launched from Cape Canaveral is now circling the earth in 221-minute orbits at speeds up to 19,500 miles per hour. Telstar II is carrying out many experiments during operation, but its special job is to discover ways to avoid or overcome the effects of radiation in space that temporarily crippled Telstar I. Like the first Telstar, this new satellite was launched for the American Telephone Company by NASA, with the telephone company paying for the cost of launching and tracking. Although much of the data received from Telstar II is understandable only to scientists and technicians its objectives and purposes have meaning for all of us. These great experiments in space bring closer the day when cities such as Clanton will be part of a world-wide communications network that can be an instrument of peace and progress of all mankind.

Sergeant Butler served in the 4900th Air Base Group here as a special services technician.

The sergeant, who attended Jemison (Ala.) High School, the sergeant is the son of Mr. and Mrs. Lloyd F. Butler of Thorsby.

He is married to the former Lorene Croley of Bessemer, Ala.

Travelers Provide New Insurance Policy

One of the nation's leading multiple-line insurance companies has introduced in Alabama a package policy designed expressly to provide insurance protection for privately and publicly owned institutions.

The Travelers Insurance Companies new policy provides both property and liability coverage for many institutions including hospitals, libraries, museums, YMCA and YWCA buildings as well as for churches and schools. The new program is already available in several states and will be introduced shortly in others.

In offering the policy, The Travelers is the first major company to provide institutions with complete coverage under a single plan. Forrest W. Holly, manager for fire and marine lines at the company's Birmingham office, said that the policy makes possible substantial savings because an institution no longer need buy individual policies covering such hazards as fire, liability, water and windstorm damage. He estimated that a policyholder under the new package plan could save up to 15 per cent on premium rates compared with individual policies carrying similar limits of protection.

Moreover, he said, it guarantees the insured that there are no overlapping coverages, yet it reduces the likelihood of loss through gaps in coverage under individual plans.

Another unusual feature of the new package policy is that crime coverage for both private and public institutions will be available at discounted rates in Alabama. Crime coverage offers insurance protection against loss of money or securities through theft, embezzlement, forgery or other dishonest acts.

Miss Ratliff To Work In Maryland

As another school year comes to an end, we will be losing a number of our young people. One of these young people will be Miss Brenda Ratliff, daughter of Mr. and Mrs. Morgan Ratliff of Cox Chapel community.

At the age of 11, Brenda became the pianist at Cox Chapel Church and continued up until a few months ago when she started to the Maplesville Methodist Church where she is now a Sunday School teacher.

Brenda, an outstanding young person has always been an active member in the MYF. This year she was chosen "Most Talented" in her class, she was the class Historian, subscription manager of the year book; a Beta Club member. She sang "The Graduation Song," at their Commencement Exercises."

Brenda will be going to Maryland on June 1 where she plans to do secretary work at the Research Center in Maryland during the summer and start to college in the fall.. She will be living with her oldest sister and her husband Mr. and Mrs. J. Hugh Nichols aso graduates of "Old Maplesville."

This won't be Brenda's first trip to Washington D. C. but it will be her first airplane ride.

AWARDED PLAQUE—

Wallace, "Man Of Year In Education"

Kappa Phi Kappa, an education fraternity" at a recent statewide meeting in Birmingham.

The inscription on the plaque presented to the Governor read: "The Honorable George C. Wallace is awarded this citation for outstanding service in the cause of public education in the State of Alabama during the year 1963. It was presented to the Governor by J. C. Blair, head of the State Department of Secondary Education and outgoing Kappa Phi Kappa President.

The Governor told the group in his address that he hopes to "do more not only in this session of the Legislature, but in the biennium to come." His special session for a breakthrough in education resulted in legislation which will raise $40 to $50 million additional funds for education.

The Aabama governor called education "the greatest function of state government." He told the fraternity, "I look forward to the time when Alabama educators can present their needs to the state government, then go home, sit down, and let us meet them; instead of having to beg and plead and force and push."

The chief executive pointed out the economic measurs placed into effect since he has been in office. He told the educators, "Let's keep up our fight for education." He promised to "work for the improvement of Ala bama schools from grade one through the graduate level."

Geeslin, Williams Attend Insurance Training School

L. R. Geeslin and M. B. Williams Clanton agents of Liberty National Life Insurance Company have just returned from the company's 70th New Agents School conducted at the Birmingham Home Office, according to an announcement today by local district Manager E. S. Monroe.

More than 70 agents and associate managers from five southeastern states attended the four day school which featured training in policyholder service and sales.

Pastor Rev. J. T. Meank

Everyone that was present on Sunday enjoyed the wonderful message from the book of Gen., by the pastor.

Sunday night everything was slightly changed. After Training Union we had an old time altar call. Several prayers and then the Scripture reading by the pastor and closed by discussing the air conditioning of the church Which we hope will be done in the near future.

Visiting Mrs. J. M. Cox and Lee Sunday afternoon were Mr. and Mrs. Charles Yerber and baby.

The Herman Thomas family had as guests Thursday, the Leon Thomas family of Birmingham.

Mrs. Girdie Johnson and Mrs. Verna B ean attended the State Supreme Forest Woodmen Circle Convntion at the Whitley Hotel in Montgomery the 7-9 of last week.

We have set a goal of 80 for Sunday School the first Sunday in July. Everyone in the community bear this in mind and please come on out and help us reach this goal or go over. You want lose anything and the Lord will surely bless you.

Chilton to Get Portion Of $10 Million For County Roads

Gov. George C. Wallace anniunced today the tentative allocation of $10 million in road construction money to Alabama's 67 counties. Chilton County's share is $163,000.

The money was provided by the recently enacted $100 million road bond issue. It covers the entire four year period of the Wallace Administration's county aid program.

Wallace said the Highway Department used a special formula to allocate the money to the counties, giving consideration to area, population, coun-ytroad mileage, and terrain.

Highway Director E. N. Rodgers said both he and the governor hope that the counties will "greatly benefit py this new program in adding to our already excellent farm to market road system."

These funds are over and above the regular road construction funds allotted by law to the counties from the state gasoline excise tax and federal aid secondary funds.

The new program will be administered by the State High way Department. Funds will be available to the counties in installments over the entire four years.

"This much needed program," said the highway director, "is further recognition of Gov. Wallace's efforts not only to implement Alabama's largest roadbuilding program, but to insure that roads and streets within the ounties are build to better serve the public.

"Alabama's economy is geared directly to its highway system," odgers said, ',and the Wallace Administration considers county roads a vital link in the overall road network in Alabama."

Youngsters Take Interest In Library Hour

During the Children's Library Hour at the Clanton Public Library on June 10, Miss Faye Baker of the Alabama Public Library Service held with much interest the attention of the attending boys and girls.

Miss Baker read to the Children the following stories "Horton Hatches the Egg," "The Happy Prince," and "The Velveteen Rabbit."

The children enjoyed the display of stuffed animals in the interest center and the selection of Children's books on display. The books lisplayed were. "Four Fur Feet," "I Know a Farm," "Wigwam Stories," "Kickaboo," "Smokey, The Bear," "The Whirley Bird," and "Horse Stories." The books were checked out by the children.

Next Monday Miss Baker will tell and read Fairy tales. The time, 3:00 p.m. The place, Canton Public Library. All children through the third grade are invited to participate.

Refreshments were served by the librarian, Mrs. Reeves who was assisted by Mrs. Dan Alred and Miss Joan Howell.

CHILTON COUNTY BPW CLUB MET

The regular monthly meeting was held Thursday night at the Courthouse. Mrs. Jewel Calloway our program chairman installed the following officers in a very unique manner.

President, Mrs. Lee Searcy; Vice President, Mrs. Ann Glass, Recording Secretary, Mrs. Eleanor Haywood; Corresponding Secetary, Mrs. Sally Speaks. Mrs. Calloway presented Rev. Paul Higdon, pastor Verbena Methodist Church who showed colored slides of his trip to Cuba. After the program refreshments were served at a local Cafe.

P. O. Employees Enjoy Outing

The employees and their families of the Clanton Post Office enjoyed a Memorial Day outing at Riverview Camp on beautiful Lay Lake. The weather was perfect for being out of doors, the fellowship was enjoyed by all and the scenery was magnificant. After a prayer of thanks' by our Postmaster, Mr. Russell R. Sutley, the group was served a delicious dinner of barbecue chicken, fresh water cat fish, hush puppies and all the trimming by Mrs. Avery.

A highlight for the children was a ride on a newly launched house boat. It is hoped that this can be made an annual affair for the local Post Office personnel and their families on Memorial Day.

Dear friends in Christ,

"In the few months Ceil and I have been with you as pastor and wife, we have grown to love every one of you. Truly God has highly blessed us. We have watched God's power work in individual lives, and these lives have changed. People have been saved and others have made decisions to stand for God more in the future.

"One has been called to the ministry. Yes, we can say God does bless today.

As we pray for you, our hearts become heavy; many more should be in God's house, both on Sunday morning and Sunday evening. The church body needs you and you need the fellowsnip of the church body. Please come and worship God with us next Sunday. Remember, pray for your pastor."

NEWS OF— REFUGE

Next Sunday is Father's Day and we should lead out as all father's aught to do and bring the entire family to the house of the Lord.

Our Vacation Bible School was the greatest in every respect that we have ever had here. The cooperation and fine spirit among everybody was as fine as could be. There were 68 enrolled with an average attendance of 63. The fine program at the end of the school revealed that the teachers had lost no time or opportunity in training and teaching the pupiln the word of God. And too, some of the most beautiful handiwork was made by the pupils. The pastor led the boys in making some useful things that can be used by them when they become grown men with families.

The pastor reports that all the fruit jars sent up from the children's home at Troy were picked up in a short while last Saturday morning. Pastors are still calling for more jars for their people. If the demand justifies, the pastor has said he would send for more. His phone number is 1754-J. One friend, Mr. Joe Brown, near Clanton called early Tuesday morning stating that he had some extra jars and they were picked up.

We hope to see all the family at church next Sunday.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

The most frequent question brought up by independent businessmen, according to the 300 man field force of the National Federation of Independent Business is how government has gotten into the position it is now in. The emphasis is on the heavy expenditures. This is a source of wonderment, it is reported.

C. W. Harder

* * *

It is difficult to isolate a single cause, but the biggest factor is that the Congress has let too much of its authority slip away from it.

* * *

Thus, perhaps in the larger sense, the responsibility goes right back on the people of these United States for not paying sufficient attention to Congress.

* * *

It is probably quite fruitless to expect any single man in the White House, regardless of who it is, to correct the existent evils. There is little possibility of the American people electing either a stupid man, or a rascal to that job, because there is no selection that is made with a more merciless glare of publicity, more deeper probing into a man's background, connections, than goes into the election to any major political office.

* * *

The real issue today is the people versus bureaucracy. This battle has defeated the people in many countries. The usual solution is that eventually a dictatorship is established to head the nation, and with dictatorial powers, bureaucracy can be chopped down.

* * *

The Founding Fathers of this nation expected Congress to take care of this chore, and it is a chore that must be continually attended to, otherwise, bureaucracy, like Johnson Grass, takes over everything.

* * *

Recently Congressman J. Arthur Younger of California gave an example of unbridled bureaucracy at work.

* * *

Last year, he says, the Interior Dept. set up a new bureau known as the Bureau of Outdoor Recreation. It was set up with a budget of $28,000 and 15 employees. In the fiscal 1963 budget it had grown to $1,100,000 with 95 employees, and now in fiscal 1964, $2,462,000 is wanted plus 218 employees.

* * *

This has all been done, Rep. Younger says, before Congress has given any approval to the whole idea in the first place.

* * *

Congress could, with little effort, recapture fiscal control of the government and hence avoid such flagrant abuses of the public purse.

* * *

But before this is done, Congress must have the feeling of assurance that the people are most conscious of what Congress is attempting to do.

* * *

Thus, perhaps in the final sense, responsibility for a fiscally sound government lies with the people themselves. If the people continue to neglect their responsibility as citizens, then perhaps they cannot point the finger at anyone.

A Little Bit O' Tuck . . .

By BOB TUCKER

IF there is a particular article which you expected to see in this week's News; and you don't see it, you can thank The President!

The News staff was cut to a very close minimum because of the summer season, and the Federalization of the National Guard took one of our key men. That was Tuesday of last week, and we haven't seen hide nor hair of him since! Any article which may have necessarily been omitted this week will be printed in next week's News, providing it is still applicable. We are sorry for the inconvenience to our loyal readers; but as they say: you can't buck city hall or John F. Kennedy!

—TUCK

W. A. CROWSON says that Bill Bennett says that the Program Committee says (great scott!) that a splendid program is planned for Friday night, June 21st at 7:00 O'clock for the Supper Club at the Masonic Hall. And we say, they will be entertained by the Birmingham Chapter of the American Society of Preservation of Barber Shop Quartets. And they say, these are real entertainers. Now, what do you say?

A FELLOW told Jon Will Pitts down at the Post Office Monday morning that "he was still glad he didn't vote for Kennedy!" Jon Will "obligingly relayed the bit 'o news so that we could hear it.

Well, for startling statements, Jon Will, how's this? We're 'still glad' that we didn't vote for your Richard Nixon, in spite of the fact that he hasn't one time, told us how stupid we were!

As a Southerner, we wouldn't be one iota better off with Nixon than we are with Kennedy. All things considered, we think we did get the better bargain; and we use the term loosely!

The only possible improvement that we can imagine is that Nixon doesn't have a kid brother named Robert! The next time we elect a president, let's elect one who has a bunch of sisters; or at least one from the South, who, if he has a brother, the brother, the brother has manners and gumption enough to keep his mouth shut and his nose out of his brothers' job.

WHEN Martin Luther King and his collaborators choose to threaten Congress by "lying in front of trains and planes, the question comes to mind; will they do it personally, or will they hire some little Negro boy and girl to do it for them?

It must take a lot of stomach to talk little children and women into doing your dirty work for you. If they are, by some wild twist of fate and the imagination, going to do their own "lying", we feel it only fair to warn them that a lot of Southern pilots and engineers are far-sighted enough that they might just overlook them there on the track and the runway!

What's that you say, Martin? You'd rather NOT do it yourself!

Will wonders never cease?

'Zip Code' To Be Used By County Post Offices

"ZIP Code", the Post Office Department's revolutionary new system of improved mail dispatch and delivery, goes into effect nationally on July 1st.

According to local postmasters, "it is important that all citizens learn their areas "ZIP Code" number, and use it on all return addresses."

According to the report, the Code numbed should follow the city and state in addresses.

Here are two examples of how the ZIP Codes will work:

Bessie N. Hayes
Maplesville, Ala. 36050

N. J. Robinson
Verbena, Ala. 36091

Every Post Office in Chilton County will have a different Code Number.

"With ZIP Code, a clerk need only to glance at the code to know immediately to what national area, state and post office the letter is destined, and to speed it on its way, cutting up to 24 hours off the time between deposit and delivery", the Post Office Department said.

'Coffee' will start Chamber Drive

How $23,797.60 funds Will be spent

THE following remodeling is necessary to make the warehouse, which will house Clanton's newest industry, suitable for manufacturing:

"Close in all external openings in walls and ceiling. Install concrete block walls for office space. Install necessary plumbing to accomodate a minimum of 100 employees.

Install necessary electrical equipment to operate manufacturing equipment, necessary water cooers, and adequate air conditioning, and carpenter work installing doors. Rent covering a twenty-four months period.

The estimated cost of this rennovation is approximately $23,767.60. This cost will represent an investment of approximately $237.00 per employee.

City Park Activities In Full Swing

THE Clanton City Pool will be open every Tuesday and Friday nights from 7 to 9 P.M. starting June 21st

Handcrafts, storyhour, shuffleboard, checkers, ping pong, horse shoes and croquet are offered from 1:30 to 5:30 P.M. Monday through Friday.

Ping pong and tennis tournaments will be starting July 29th, so be sure to sign up, if you want to participate.

Tennis is taught from 4-6 P.M. on the weekdays. A health bar has been erected for those of you who are interested.

The nine basic swimming strokes will be taught starting at 9:00 A.M. on June 24th.

Adult swimming classes will begin at 10:00 A.M. on July 8. Lifesaving classes start at 9:00 A.M. on July 22. Swimmers who plan to take Lifesaving must know the nine basic strokes.

Those interested in taking swimming lessons can contact Mrs. Lally Bates.

The newly organized swimming team met its first competition at Syladauga last Wednesday, winning eleven ribbons to the opponents twelve.

Our 13 and 14 year old boys won first place in the relay races. Tommy Powers won first plaee in his age group with the breast stroke. Hal Hayes won first place with the backstroke in his age group. Others winning ribbons were Ann Hardy, Beth Maddox, Jim Powers, Gary Williams, Jimmy Hayes and Roger Davis.

If you are between the ages of 6 and 20 and would like to join the swimming team, contact Carol Young or Mrs. Lally Bates at the swimming pool.

Legion Baseball—

Ensley Vs. Clanton Here Friday Nite

THE American Legion baseball team of Clanton will take on the "red hot" team of Ensley here at the City Park, tomorrow night at 7:30.

Ensley, it is reported, has one of the better teams in the State, with strong pitching and hard hitting. The local team is a young, but very fast working unit, and a good game is expected.

Lally Bates, spokesman for the sponsoring Legionnaires says: "If you like baseball, be at the local diamond on the above date, and support these Chilton County boys.

Young Boatmen Offered Course In Water Safety

ANY child is elegible to take the "Young Boatman's Course" offered by the Water Safety Division of the Dept. of Conservation, provided the child is between the ages of eight and 12.

This course must be completed in order for an operator under 12 years of age to legally operate a motor powered vessel in the State of Alabama.

Once the course is successfully completed the child is given a certificate showing that he is a qualified operator.

This boating safety course is free, however, the child should bring along a pencil and a notebook or tablet at his expense to use in taking the course.

The first "Under Twelve Boating Course" will commence on June 25th at the auditorium in the Chilton County Courthouse (downstairs) and will continue for a period of four days. This period will include June 25th, 26th, 28th and 29th.

Children should be prepared to spend two hours each day in instruction beginning at 9.30 A.M. and ending at 11:30 A.M. each day. The instructor will be your local water patrolman, Walter L. Bryant.

Children and parents interested should sign up for this course by Monday, June 24th.

You may sign up at the Sheriff's Office, Rockett Hardware or White Auto Store in Clanton.

Ala. Senator Hill Challenges Agitators

Senator Lister Hill of Alabama let all know where he stands with regards to the Civil Rights legislation that is being proposed to present to Congress.

"I was elected by the people of Alabama to represent their views in the greatest lawmaking body in the world, and I intend to do that regardless of the lawless threats of extremists."

He said, "I will oppose the President's civil rights bill with every power in my command and, as a team captain of the Southern Senators, I will use the filibuster and any other means that are available.

"I will not be intimidated into any other course of action by any mob, riot, or violence and acts of lawlessness."

Senator Hill denounced threats by so-called civil rights groups to force Congress to adopt the civil rights program announced by the President in his nationwide television speech on Tuesday night.

Following the President's address, the New York Director of the Southern Christian Leadership Conference and the attorney for Martin Luther King announced that if attempts were made to filibuster the civil rights bill, "there will be massive acts of civil disobedience" and threatened to tie up all transportation by having persons lie across railroad tracks, airport runways, and in bus depots.

Senator Hill denounced these threats as blatant attempts to club Congress into submission and to substitute disobedience of the law for deliberation of the issues.

"The question involved," Senator Hill stated, "is not solely one of the substance of any particular legislation, but is a question of whether any mob can take from Congress its solemn duty to seriously deliberate proposed legislation and substitute the will of the mob on the nation by massive acts of civil disobedience.

"On Tuesday, the people of Alabama, of both races, responded to the call for law and order and allowed the situation at the University to be handled by the proper officials of government without mob violence or any form of civil disobedience. I call on the leaders of the so-called civil rights movement to show equal respect for the law and the right of elected leaders to discuss and consider the questions facing the nation today," concluded the Senator.

AS a direct result of about three months of planning and positive action, the Chilton County Chamber of Commerce will open a Financing Campaign on Monday of next week.

The purpose of the Campaign is to finance the rennovation of the building which will house Clanton's and Chilton County's new sewing plant industry.

J. H. "Skeeter" Stokes, Chamber President, appointed Probate Judge J. C. White to head the Campaign Committee and R. L. "Dick" Scott is serving as secretary-treasurer for the Campaign.

Total costs to the community for air conditioning, heating and plumbing, wiring, etc. the building is estimated to be $23,797.60. This is the goal of the Campaign Committee.

All equipment being installed by the Chamber of Commerce will be on a lease agreement with the new company. It will remain the property of the C of C.

Chamber President Stokes said Monday: 'We want everybody in Chilton County to have a part in this project — not just the business community alone! This fine group of men appointed today to their Campaign Committee posts, are dedicated to making Chilton County grow and prosper."

"Everything worthwhile, takes effort," said Stokes. "New industry takes effort; and Chilton County wants new industry."

"That is why these good citizens have volunteered and pledged to see this project through."

Stokes concluded: "We urge every citizen, regardless of position or means, to cooperate and work in harmony with this group of men!"

The Campaign will begin with a Coffee Kickoff at the Holiday Inn Restaurant at 9 A.M., Monday, June 24. Every citizen interested in further information on the new industry, and how we can obtain more like it, is urged to attend this Coffee.

Besides the Chairman and the secretary already mentioned, the Campaign Committee consists of the following members of the Chamber:

Bing Lecroy. John Deramus, J. Hollis Jackson, Johnny Vines, Lewis Headley, George Smith, L. A. Clayton, Lawrence Burkhalter, Joe Jackson, Bill Bennett, Jack Dennis, Ott Miller, Joe F. Cobb, P. F. Singley, Campbell White, Kenneth Brown, Honrie Little, Charlie Gay, Gordon Conway, Herbert Salter and Otto Jones.

Gospel Meetings At Maplesville

THE public is invited to the Gospel Meetings which will be held at the Maplesville Church of Christ, June 23 through 28. Services will be at 7:30 each evening with N. P. Gribble as the evangelist. The Sunday meeting will be at 2:30 P.M.

Invitation Extended

You are cordially invited
and urged to attend

Other stores	$105,000

Pete Johnson Wins Honors In Mathematics

At a statewide mathematics tournament recently held at Howard College, Pete Johnson, 1963 CCHS graduate, placed second in a field of approximately 300 top math students in the State of Alabama. As a result of this high placement, Pete was eligible for an outstanding scholarship to any college in Aabama but since he is enrolled in and plans to attend Rice Institute, Houston, Texas, he did not accept.

The winner of the competition was a high school junior from Mobile.

The math tournament was the first of its kind to be held; but Howard College and Alabama business organizations plan to continue and expand the program. The morning hours are spent in written math competition. During the afternoon, the members of each school team participate in team competition.

Pete solved two of the four problems presented his group in the team competition, thereby scoring 8 points for his team, since he was first to answer correctly.

Mr. Ivan Smith and Mr. Horace Smith, CCHS math teacher, and Mrs. Dorothy Roper, counselor, accompanied Pete, Delilah Carter, Mike Dennis, Joe Hopper, Dan Brock, Jimmy Littlton, and Colyn Bradley, who composed the remainder of the team. Although we do not know the exact placement, Joe Hopper did place very high among the top group.

A spokesman said, "We are proud of the accomplishments of these student, many of whom will be preparing to compete again next year."

Pete is the son of Dr. and Mrs. Joe Hall Johnson of Clanton.

Talent Sought For Friday Nite Festival Event

IF you can play a fiddle, dance a jig, or blow a horn, you should get in on the fun and prizes during the Peach Festival Talent Contest Friday night, June 21.

$25 Savings Bonds will be given to the winner. Second Place will receive $10 and Third place $5.

Judges will be from out-of-town.

Everyone is invited to participate in the show. If you are so inclined, phone 1541 any time before Friday at 6:00 P.M. and get the full details.

MR. and Mrs. N. H. Thomas of Jacksonville, Fla. are visiting with their son and daughter, Mr. and Mrs. D. A. West on 200 Hinkle Road this week. Mr. West himself, is a comparative newcomer to Clanton. He is manager of Chilton Memorial Gardens.

Selden Says Racial Unrest Threatens Security

In another Report From Washington, this week, Representative Armistead Selden said:

"Those who have sought to make the South a scapegoat for the Nation's racial problems now find themselves trying to explain away mob-inspirel race chaos in their own communities. For the spread of racial unrest—from city-to-city and area-to-area—represents a threat to the security of the Nation in an hour when hostile international forces are poised to take advantake of our every weakness. The Kennedy Administration invites national tragedy when it moves slowly to recognize this threat, and when its only response to massive civil insurrection on the part of the Negroes is to request additional civil rights legislation.

"This Administration has not hesitated to use troops in Mississippi, and to threaten the use (and now, done it) of troops in Alabama.

"Yet, to date, the Administration has failed to move with firmness against Negro extremists who seek to disrupt and paralyze national and community life. These and other observations on the current racial crisis were made in a speech which I delivered on the floor of the House of Representatives." Selden concluded.

Copies of his statement are available upon request for readers who may be interested in the complete text.

Parade, Talent Show, Street Dance Highlight 3-Day Festival

And "Peaches" Of Course—

FINAL PLANS have been completed for the 1963 Peach Festival, according to Morris Moatts, spokesman for the Jaycees, who are sponsoring the Festival.

A "Get-Acquainted Party was held last Tuesday morning at the home of Mrs. Richard Muncher, with the Jaycettes hosting the lawn party. This was primarily for the 30 Peach Queen contestants.

On Thursday, June 13th, today, the Holiday Inn will play host to the Chilton County "Peaches" at a swimming party. And, on Tuesday, June 18, the Hemerocallis Garden Club will have a Tea at the home of Mrs. Howard Maddox for the contestants.

Festival Begins Next Thursday—

On Thursday, June 20, the 1963 Peach Festival begins at 8:00 P.M. with the Peach Queen Beauty Pageant. At that time the Top 10 will be selected.

Friday, June 21st Is The Big Day—

The Peach Festival Parade with all the 1963 contestants, and featuring last year's Queen, Miss Rebecca Bentley, will begin at 4:00 P.M.

On Friday night at 7:30, a big Talent Show will be staged and all local talent is invited to participate. All the Peach Queen contestants will be presented and the Top 10 will be announced.

A highlight of the evening will be the choosing of "Miss Congeniality" by the Queen contestants. She will be presented at that time.

Saturday Will See Peach Auction At County Courthouse—

Judging of the best peaches in Chilton County will take place at County Courthouse at 10:00 A.M. Saturday with an Auction of the choicest peaches starting at 11:00 o'clock.

Also on Saturday—7:30 P.M.—the final judging and the crowning of the Peach Queen will take place.

Immediately following the selection of the new Queen, there will be a Street Dance in downtown Clanton, featuring Country Boy Eddy of Birmingham, who will provide the entertainment.

Prizes Offered In Talent Contest—

In the Local Talent Show, the Friday night feature, first, second and third place prizes will be offered. Anyone interested in competing for these prizes should contact Dr. W. T. Parker at phone 1541 as soon as possible.

IT is reported that the 1963 Peach Queen will be chaperoned to Washington, D. C., where she will be the guest of Congressman Armistead Seldon for two days.

PEACH AUCTION AT COURTHOUSE

THE Clanton Joycees will have a Peach Auction, in connection with the County Peach Festival, on Saturday, June 22nd, according to Richard Muncher, spokesman for the Club.

All growers interested in showing their best peaches, and in the Auction, are requested to have their fruit at the Courthouse parking lot by 9:30 Saturday morning, the 22nd. The judging will be at 10 I'clock and the Auction at 11:00.

You are also asked to bring your prize peaches in one-half bushel hampers. This is very important.

Proceeds from this Auction event go to the promotion of the Peach Festival.

EDITORIALS

Freedom Begets Responsibility--

THE President of the United States John F. Kennedy. has asked, and we consider it a personal request; that we "search our conscience", in order to better understand that we might be wrong in our intentions with regards to the forcing of integration upon the south and the nation.

History will bear out the fact that it is The President, and those with whom he has chosen to sympathize, who should "search their consciences"; for it is they who are overlooking the basic and fundamental rights of the free man.

Until last week, the south has been on the defensive in the "civil rights"-integration-segregation troubles. We in the south are now, finally in a position to stand up and be counted for the rights of all free and responsible men; and can no less than literally save this nation from going down into the depths of confusion and chaos.

The proponents of "equal civil and moral rights" for the American Negro, have made the fatal mistake of carrying their cause into too many facets of our daily living. A true American, whether yankee or southerner, will not deny the Negro his rightful place in our society. His educational, religious and social "rights" are equal to ours; we do not deny this.

But, those who would see that the Negro has these rights, have gone far, far beyond seeking his "rights", and have thus intentionally trod upon the rights of others, who have worked for, earned, and deserve the same rights. We cannot agree with those who would force slavery upon us, in order to "free" someone else.

It seems that they not only want "equal rights" for the Negro; but in so wanting; are willing and eager to disallow us the rights we now enjoy and would deprive us of the right to choose our associates and our customers.

Do they think us stupid and unreasonable because we refuse to relinquish our rights in order that they may be turned over to someone else?

Responsible citizens: those who feel that they have obeyed the law, upheld their obligations to society, and fulfilled their duty to their fellowman, believe sincerely that they have worked for, and earned a continuation of the rights and privileges which the founders of this nation—our forefathers set out; and for which some died.

Those who would force "civil rights" legislation and total integration, obviously believe that these rights should be handed out as one might distribute "4th of July circulars", free to one and all, regardless of ideals or allegiances, and that nobody, regardless of their intentions, should be denied anything, in free America. We believe that anyone—white, black or purple—who does not show a responsible attitude toward freedom, does not deserve it. In other words—to have freedom, earn it; deserve it—now!

The moral southerner, who believes in the rights and liberties of free men; also believes that those rights come only with responsible citizenship. The freedoms our fathers willed to us—in the minds of true Americans—are not 'free'; but must be maintained through hard work, responsible attention to and obeying of the law, both moral and social; and, above all, that anyone openly intent on destroying precious liberties and freedoms already established, do not deserve, and should not enjoy, those freedoms.

Basic freedoms of God, need no analyzing by courts and judges—self-appointed, or otherwise! That there is a color difference in races of people, is unquestionable and God-made. The fact that a man is black does not make him any less a man than we; but that he is different is also unquestionable.

We are a free people, and a free nation. Every responsible citizen deserves freedom, as set out in the Bill of Rights. The word "responsible" was fundamentally important when the Bill of Rights was written—it still is today. Without it, we could have no law; and no valuable society. In short; if a citizen shows his responsible intentions through effort and action, he deserves the freedoms of his society, be he black or white. If he, on the other hand, shows nothing but demands upon the rights of others, and abuses of established laws and procedures, he deserves nothing save the freedom to be ostracized by his peers!

The Good Old Summertime!--

WE WILL likely be called everything from "an old Fuddy-Duddy" to "an old Stick-In-The-Mud"; but we are called so many things, it doesn't concern us greatly.

It interests us to wonder just how many people would be interested in summer classes on "Americanism". . . "How To Be A Good Citizen". . . "Respect For Old Glory". . . "How Our Government Works"!

There are swimming classes, baseball practices and games by the score, art classes, music classes, reading classes and vacations; but what about our Country—yours and mine—and what's happening to it. . . in the Summertime?

There is no season of the year more fun, or more enjoyable to yours truly than the good old Summertime, so you can't say the heat's got us.

At this particular time in our lives, and the lives of our children and grandchildren, a clear, day-to-day understanding of what is going on around us; that influences and has bearing on our lives; is most necessary. We need to know what the government is; what it is doing; why; and how it will affect us and what part we should play in it.

The very survival of our nation, as we know and love it today, depends on the interest every man, woman and child takes in his native land, during these times of unrest and difficulty.

We are not content to go on our merry way—even through the summer—and not give a second glance or thought to what is happening around us concerning our Country.

The "let's have fun" programs are well and good, and necessary, to a degree. It is well past the hour when we American citizens had better be concentrating more on being Americans. Just what is your duty as an American? What are some opportunities in which you can help your Country through these troubled times?

It is not a job solely for our Congressman, our Governor, our President, or the Supreme Court. It is our job, and it is up to the responsible adults in this, and every community, to see that the American freedoms do not fall by the wayside, in this, or the next generation, as we play and fool away the "leisure" hours.

They are vital hours.

Is It Treason?--

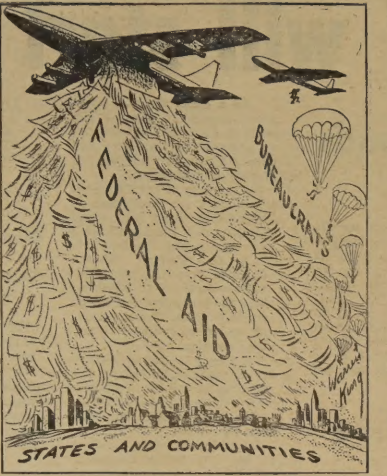
IF I, a country newspaper editor, said to the President of the United States: "Either you do what those folks down in Chilton County, Alabama, say; or there will be panic in the streets," they would probably call it treason, depending upon what we told him to do; and we'd be sitting under the jailhouse!

But, isn't that what John F Kennedy told us, even if not in so many words, over a national television network?

There is an old, local saying about not fearing one man any more than the other, because they both put on their pants the same as anyone else. Mr. President: You wear trousers the same as we country boys; and unless our Daddy completely overlooked a most important part of our education; you put 'em on the same way we do!

We are not minimizing, or making fun of the seriousness of the implied subject; we are merely pointing out a fact of nature and society that even the President and the Supreme Court cannot change. It's nice to know there's still something!

AID OR RAID?

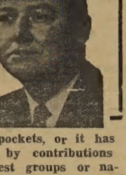


Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN



CONCERN is mounting that only a rich man can afford to be President or hold an upper-echelon position in a national Administration. Congress will vote this week on a bill which will aid in revising this trend.

Schedued for a House vote is the Presidential Transition Act of 1963, which deals with the transfer of Executive power from one administration to another.

Athough it is little known to the American people, past President-elects have had to pay for expenses incurred during the critical period between election and inauguration from their own pockets, or it has been paid by contributions from interest groups or national party funds.

Currently, no federal office space or funds to hire staff members are provided.

Staff and cabinet members must pay their own travel and lodging expenses and work without compensation for nearly three months, or until a new Administration is sworn in. This is a consideable personal sacrifice even for a person who can afford it, but for a person of limited means, it is out of the question.

Measure Overdue—

Enactment of this legislation, which provides up to $1 million to be spent in an orderly transfer of administrations, is long overdue. Every decision, each choice of cabinet members during this crucial transition period is essential to the public welfare and to our national security and survival. Dependency of a President-elect on party funds or private donations for the maintenance of his transitory office is hardly in the best interest of the country. Passage of the measure is predicted.

Order Prevails—

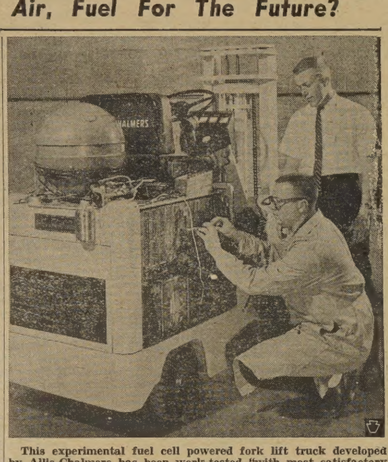
When three Negroes were admitted to the University of Alabama and its extension center last week, Alabamians faced a critical moment in our state's history with courage and dignity.

While we recognize that Alabama's ordeal is by no means over, it is now becoming apparent to many observers that an even greater ordeal lies ahead for those who have not reckoned with the consequences of making a political issue of the nation's racial problem.

The winds of racial disharmony spreading throughout the country are spawned by irresponsible manipulators of the county's race relations.

Alabamians maintained law & order when the University was integrated last week with federal force, but those who have played a part in forcing integration at the University and elsewhere in the South must now face the grim responsibility of maintaining law and order in their own communities.

Water And Air, Fuel For The Future?



This experimental fuel cell powered fork lift truck developed by Allis-Chalmers has been work-tested "with most satisfactory success," the company reported. The firm is also currently conducting numerous other studies in fuel cell technology. In one such study water and air would be converted into suitable fuels for fuel cell powered vehicles.

MILWAUKEE — Water and air, two of the most universally available "raw materials," could well be the fuel of the future for military and civilian vehicles, a recent study by Allis-Chalmers revealed.

The concept, called the energy depot system, considered the use of a compact nuclear reactor to produce electricity. This in turn would operate a chemical plant in which water would be broken down by electrolysis into hydrogen and oxygen. These are suitable fuels, either gaseous or liquefied, for fuel cell powered vehicles.

Fuel cells, under development here since 1953, would produce electricity directly from the chemical reaction of hydrogen and oxygen. This power would drive electric motors mounted in the wheels or tracks.

The first phase of a joint study of this concept was recently completed by Allis-Chalmers, and Air Products and Chemicals, Inc., of Allentown (Pa.) for the Atomic Energy Commission and the U.S. Army. A second phase contract for further study was recently awarded to these two companies.

Company scientists feel that if the military gave the go ahead to building a depot, it would give considerable impetus to the use of fuel cells in commercial vehicles. They point out that power from present atomic, steam or hydro-electric generating plants could operate the chemical plants.

Fuel cells to power electric vehicles would give manufacturers new freedom in designing and styling vehicles of the future. For the driver, it would mean safer, easier and lower cost operation. Fuel cells are silent running and contain no moving parts to wear out.

A fuel cell-electric motor system would be far more efficient than the gasoline or diesel engine used today. One pound of hydrogen consumed by a fuel cell will do about the same amount of work as nine pounds (about 1.5 gallons) of gasoline in an internal combustion engine.

Overseas armies could operate independent of vulnerable supply lines required to bring in vast quantities of fuel for tanks, trucks and personnel carriers.

It also appeared feasible to design all components of a depot so that they could be easily transported by trucks or planes. A complete depot could be put into operation quickly, and dismantled and erected elsewhere to keep pace with a fast moving army.

This system would be practical even in arid regions since the by-product of fuel cell operation is water which could be returned to the depot for reprocessing into fuel.

The study was primarily concerned with using nuclear energy to produce fuel for vehicles. However, the fuel could also be used in fuel cells to provide electricity for communications systems, field hospitals or command posts.

Allis-Chalmers scientists said that present military vehicles with gasoline or diesel engines could also burn hydrogen as a fuel. They would be less efficient than hydrogen-oxygen fuel cell vehicles. This, however, would minimize the problem of converting existing conventionally powered vehicles to fuel cell powered vehicles.

In addition, certain types of missiles can be powered with hydrogen and oxygen. A mobile energy depot could potentially be adapted to space applications with a self-contained system placed on a planet or the moon to provide fuel for exploratory vehicles.

ALABAMA SENATOR—

Hill To Oppose Threat To Destroy Private Property

WASHINGTON—Senator Lister Hill (D.-Ala.) stated that he is greatly disturbed over legislation rumored shortly to be introduced in the Congress that would deprive owners of private establishments which hold themselves open to the public of the right to select whom they will serve. The specific provisions of the proposed legislation have not been revealed, but based on advance reports in the press, Senator Hill voiced his concern at the far-reaching implications that any "public accomodations" measure could have.

"To require owners of private property to submit their property to the use of others against the will of the owner," Hill said. "would strike at the very heart of the right to fully use and enjoy private property." Hill declared that

"the right of each citizen to enjoy private property is a cornerstone of our Constitutiona system,"

and cited Supreme Court Justice Story's anguage in a ruling in a case involving private property rights:

"The fundamental maxims of a free government seem to require that the rights of personal liberty and private property should be held sacred."

Senator Hill announced that he would vigorously oppose any such legislation and warn his colleagues that in the zeal to pass this so-called civil rights legislation, proponents would be trampling upon Contitutional guarantees dating back to the Magna Carta.

Hill is a team captain for the Southern Senators working with Senator Richard Russell of Georgia, the leader of the Southern forces in the Senate.

U. S. Mill Trend May Mean Bigger Role For Canadian Newsprint In Future

NEW YORK—Greater American reliance on Canadian newsprint in the future may be foreshadowed by recent trends in U. S. paper manufacturing.

For the second consecutive year, no new newsprint machine is being built in the United States. National newsprint capacity, 2.4 million tons at the end of 1961, will be about 100,000 tons less at the end of this year. The dwindling effect may continue as older machines are retired or switched to other grades of paper, according to the Newsprint Information Committee.

In sharp contrast, the U. S. industry this year is choosing to add about 1.1 million tons of capacity to make other grades of paper and paperboard. For the four years ending with 1965, additional capacity in these grades will total more than 3 million tons, far more than the total American newsprint capacity.

Reasons for the trend are not complicated. The greater profitability of and better market for other grades of paper utilizing virtually the same materials as newsprint have undoubtedly proved more attractive to American manufacturers, analysts say.

Newsprint is currently in good supply. New construction in Canada through 1964 will increase that country's capacity by about 650,000 tons. Existing facilities in Eastern Canada, if put on the same basis of continuous operation as U. S. mills, would add another 600,000.

The percentage of the U. S. newsprint supply provided by Canada has been diminishing slowly since 1949 when 79 percent came from across the border. Last year, 70 percent of the U. S. usage was Canadian as against the pre-war level of 64 percent.

This drift may be arrested or reversed in the next few years, if present conditions continue.

Despite the waning percentage, actual tonnage shipped from Canada was at an all-time high of 5.2 million in 1962.

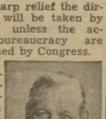
WASHINGTON AND

"SMALL BUSINESS"

By C. WILSON HARDER

One of the most interesting hassles along the Potomac is raging. In addition to the principle involved, there is almost thrown in sharp relief the directions that will be taken by bureaucracy, unless the actions of bureaucracy are sharply defined by Congress.

* * *



C. W. Harder

The American taxpayers are spending over $5½ billion for research. A large part of it is spent by the National Aeronautics and Space Administration, known as NASA.

* * *

When Congress set up NASA in 1958, it provided the agency would have to insist that all inventions developed with government grants become property of the government, and thus open to all.

* * *

Now the Defense Department has an optional course. It can either require that the patents on the inventions be vested in the government, or the agency can accept a royalty-free license to use the invention, but the corporation making the invention with public funds is given the full patent rights.

* * *

The NASA has gone to Congress asking for the same privilege, on the basis that the big contractors prefer to accept money from the Defense Dept. for research rather than from them, as contractors can retain patent rights, and presumably establish a monopoly.

* * *

This has caused the feathers to hit the fan. Senator Estes Kefauver, for one, stated very flatly "taxpayers' money spent on NASA research should not be used to strengthen concentration and monopoly."

* * *

The Justice Dept. has taken a stand against the change.

* * *

The nation's independent businessmen, voting through the National Federation of Independent Business are against relaxing the rules set out for NASA by a 65% majority.

* * *

Actually, as the Senate Small Business Committee reports, independent business gets a very small share of the billions of dollars in research grants handed out by government.

* * *

Through determined effort, the Senate Small Business Committee has been able to raise that share from around $160 to almost $200 million, but this is small compared to total grants of over $5½ billion.

* * *

Thus, there is quite a fundamental issue being debated in Washington.

* * *

It has always been the policy of the American government to protect the inventor in the enjoyment of the fruits of his inventions.

* * *

But the question here is entirely different.

* * *

When a few big corporations are given research grants, which they operate on a cost plus basis, making a profit as they go along with the research work. Then, when something has been developed at the expense of the taxpayers, these corporations expect to enjoy the same patent rights as if they had been spending their own money to make the inventions. It is difficult to justify this position.

YOUR HEALTH

THE CHRONICALLY ILL

The chronically ill patient has emotional problems. A patient is bound to become depressed at some time during the course of chronic illness, and he naturally fears pain and damage to the body.

There are many types of reaction to illness. To patients with a dependent nature, medicine and treatment come to symbolize attention and love; and they incline toward prolonging a condition of helplessness. A person who has been self-sufficient may be discontented in the role of a patient depening on someone else for help. The lonely mistrustful patient; becomes argumentative, and chronic illness intensifies his feeling of isolation. The hypochondriac tends to divorce himself from all concerns other than his own body constantly reporting a long list of internal and external sensations.

Happily there are good-natured patients who preserve a cheerful attitude, even rationalizing their diemna and discounting the morbid aspects of disease.

There are emotional factors involved with chronic illness. The chronically ill person is faced with the necessity to have some responsibiities shifted to others in the family. He must adjust to a different concept of his ability or inability to be acitve in daily affairs.

In a long continued contact with the doctor, a patient is likely to regard him as a parental figure and personal counsellor. The doctor, too, wants to feel that his patient likes him and appreciates that he is doing his best during a long period of illness.

MISS WILLIAMS FETED AT LUAU PARTY

A Luau party was enjoyed at the home of Mr. and Mrs. Russell Shelton on Friday night, June 14, when they and their son Tom were hosts, honoring Miss Lynn Williams, bride-elect of Jimmy Wayne McKinnon, the wedding party and attendants.

The patio was decorated in colorful array of fruits, greenery and flowers, carrying out the Hawaiian theme. Low, colorful candles were burning, spaced on th elong table. Lamps were burning on the lamp posts whicr gave a glowing light. Hawaiian music from ecordsl was heard in the background; miniature bridesmaids dolls dressed in hula skirts marked the places for the bridesmaids. The honoree's place was marked with a bride doll dressed in white.

A dinner of Hawaiian food was served to the guests, seated on the floor on cushions around the table depicting the custom.

Those enjoying this lovely affair were: Miss Lynn Williams, her fiance Jimmy Wayne McKinnon, Randy Rockett and Miss Judy Lawrence, Bobby Barker and Miss Fay Williams, Tom Shelton and Miss Ann Thompson, Henry Bell and Miss Judy Waites, Jim Mullins and Miss Becky Gray, Sam McClendon and Miss Martha Palmer, Mike Mims and Miss Linda Carroll, Alex Jones, Mr. and Mrs. James Porter and son Ronnie, Mr. and Mrs. J. W. McKinnon, Mr. and Mrs. R. C. Williams.

Assisting with the hostess courtesies were: Mesdames Clarence Fiquette, A. W. Headley, Curtis Deason, Ott Miller and Paul Harthern.

AFTER-REHEARSAL PARTY FOR MISS PROPST

Mr. and Mrs. Dick Hayes were hosts at the after-rehearsal party rehearsal party on Friday night, for Miss Maryetta Propst. It was a Hawaiian Luau.

The lawn was beautifully decorated with hurricane lamps and torches. Folwer beds of nasturshiums, petunias and queen ann's lace were brilliant.

The two long tables were covered with different colored cloths. An attraction on the tables was hurricane lamps with fruit spaced around them. On the refreshment table large shells filled with fresh fruit and vegetables gave a colorful setting.

To further carry out the Hawaiian custom, Leis of white carnations were given to the honored couple, Miss Maryetta Propst, who became the bride of D. P. Buchanan on Saturday night, June 15th at seven o'clock.

Other leis were colorful for the guests.

The guest list included the wedding attendants, the minister and all the wedding guests from out-of-town. Hawaiian music from records were heard in the background.

Forty-two guests enjoyed this lovely affair.

PRE-NUPTIAL PARTIES FETE MISS PROPST

A one o'clock luncheon on June 14th at the home of Mrs. Reese G. Mullins complimented Miss Maryetta Propst whose marriage to Daniel P. Buchanan was an event of June 15th. The guest list included Miss Propst, her wedding attendants and others.

The unusual centerpiece on the large luncheon tabie was designed of white taffeta, accented with lace and pearls with white carnations and stock used to complete the design. This was flanked by white handmade candles decorated in green and pale pink. The handmade place cards were marked by miniature sprays of lillies of the valley and tulle.

Mrs. Mullins chose for her buffet, an arrangement of white stock and chrysanthemums, with greenery, flanked by silver candelabras holding white tapers.

The card tables where guests were also seated, were marked with a bridal arrangement of white flowers.

Miss Propst presented her attendants with lovely gifts, and she received a wedding gift from the hostess and her family.

Wedding Vows Exchanged

Highlands Methodist Church was the scene Friday evening, June 7th, of the marriage of Miss Jacklin Lee Fraser and James Braxton Baker.

The bride, daughter of Mr. and Mrs. John Matthew Fraser of Scottsdale, Ariz. was given in marriage by her father. Mr. Baker is the son of Mr. and Mrs W. L. Baker of Birmingham.

Dr. Guy McGowan officiated at the 7:00 P.M. double ring ceremony.

The bride wore a white organza dress with alencon lace edging, a portrait neckline accented with sequins and seed pearls. The full skirt, appliqued with lace in a garland design, was caught at the back waistline with an organza bow. A white rose accented with seed pearls held the veil of illusion to the hair, and she carried white orchids and stephanotis.

Miss Sandra Jo McLaughlin, maid of honor, wore a pale yellow organza floor length gown with skirt caught at the back of the waistine with a silk organza rose. Her headdress was a large organza rose which matched her dress, and she carried roses in varied tones of yellow.

Bryan Chace, Jr., served as ring bearer, and carried a heart.shaped pillow.

Mr. W. L. Baker served his son as best man.

Groomsmen were the groom's brothers, Donald and Marion Baker; Lt. John Wise, and Stuart Pace.

A reception in the church dining room followed.

The bride is the granddaughter of Mrs. Bertie Shirer of Scottsdale, Ariz. and the late Mr. Arthur Shirer of California and the late Mr. and Mrs. Fred Daniels of El Centro, Calif.

Mr. Baker's grandparents are Mr. and Mrs. Claude Matthew Baker and Mr. and Mrs. Marvin James Bates of Clanton.

Later in the evening, the bridal couple left for a wedding trip to New Orleans, after which they will be at home in Birmingham at 1513 9th Ave. So.

A TEA FOR MRS. MYRON A. LEVINE

One of the prettiest parties of the season was at the home of Mrs. I. S. Levine on Tuesday afternoon June 4th, when she honored her daughter-in-law, Mrs. Myron A. Levine of Oxnard, California, with a tea.

The home was decorated in tones of green and white. At the entrance hall, there were swerves of green stock and calla lillies in a brass bowl. In the living room a crystal compote held green carnation and gypsopheia. The dining table was adorned with an epergne which held white roses and white candles. On the buffet was green stock and lighter shades of fuji mums flanked on either side by candelabra with white roses and sways of green grapes.

In the den was an arrangement of colors of gold and yellow mums. A bud vase of talisman roses and other garden flowers decorated the bedrooms.

On the terrace, the wrought iron furniture was decorated; the umbrella table had at its base an arrangement of garden flowers. The other table with the wrought-iron stand with multicolor was holding an assortment of garden flowers also.

The yard was never more lovely, with a profusion of roses and daisies.

Assisting the hostess with this lovely party were: Mrs. W. A. Willis, who greeted the guests; and in the receiving line: the hostess, honoree and Mrs. J. Levine of Birmingham.

Alterlating at the tea service were: Mrs. W. H. Klinner, Mrs. W. C. Golden, Mrs. Grady Heflin and Mrs Hoyt Taylor. Others assisting with the hostess courtesies were: Mrs. Dyer Shackleford, Mrs. L. G. Nichols, Mrs. Thomas Talbot of Atlanta, Misses Emily Klinner and Miriam Golden and Mrs. Bernard Levine and Mrs. Arthur Levine

LIBRARY HOUR TO BE "UNDER THE TREES"

Miss Faye Baker, Alabama Public Library Service, will hold a Children's Library Hour "Under The Trees", at the Thorsby campus beginning the 27th of June.

This special library hour for children, kindergarten age thru second grade, will be held each Thursday morning at 10:30 at the Thorsby Campus and is a part of the Library Demonstration program to Autauga, Bibb, Chilton Counties from the Alabama Public Library Service.

Parents are invited to visit the Bookmobile not only to select books for their own reading, but to select wisely for the very young children.

The schedule for Thorsby Campus Library Children's Hour will be:

Alabamian has Hit Gospel Record

FRAN Shirley, sister of Mrs. Henry A. Roper, Clanton, has just released an album on the Word Record Label.

"Fran Shirley Sings Favorite Gospel Hymns And Spirituals" is placing high among top selling records in many areas of the South and is attracting wide attention in Birmingham and Alabama this week.

Lily Mae Caldwell, in Sunday's Birmingham News, wrote, "This is a voice of lyric beauty, and Miss Shirley's depth of feeling for all that she sings, asd her gift of communication, make many of her songs profoundly moving."

"Seldom have I heard the equal of her singing 'Sweet Little Jesus Boy', 'My God And I', 'His Eye Is On The Sparrow', 'Deep River', and 'Take My Hand, Precious Lord'."

Billy Graham's organist,, Don Hustad, served as musical arranger for the accompanying ensemble, composed of outstanding Chicago musicians playing violin, cello, piano, and organ, adding an intimacy and freshness to the music.

Fran began her musical career at the age of 12 when she had her own radio program in Huntsville, Ala. She was awarded a complete high school and college scholarship to Athens College at the age of 14; and went throughout the South giving full length concerts.

FRAN SHIRLEY

She was a finalist in the Miss Alabama contest and later toured 16 Southern and Eastern states as soloist in over 90 engagements before continuing her studies with Frank LaForge in New York.

She has sung with the Atlanta Pops Concert and with Shreveport and Lake Charles Symphonies. Of her appearance with the Atlanta orchestra, the Atlanta Constitution critic said, "High spot on the program was the appearance of Fran Shirley, soprano, who possesses an exquisite voice with a tremendous range".

Records by Fran, may be secured from her sister, Mrs. Henry Roper. See advertisement on this page for details on how to get yours.

BUCHANAN - PROPST VOWS EXCHANGED IN BEAUTIFUL CEREMONY

The First Methodist Church of Clanton was the scene, at seven P.M., Saturday, June 15, of the wedding of Miss Maryetta Propst and Daniel Prescott Buchanan.

The Rev. Marvin K. Vickers, former pastor of the church, officiated in a double ring ceremony.

Parents of the couple are Mr. and Mrs. James Edward Propst of Clanton, and Mr. and Mrs. Daniel Masby Buchanan of Big Stone Gap, Va.

The simplicity of the church's decorations was beauty and elegance. In the foyer of the church was a brass urn holding white gladioli, stock and mums.

Mrs. Gordon Robertson was organist and played the nuptial music. Mrs. William G. Buchanan of Montgomery was soloist and sang "O Perfect Love", "Because" and as a benediction, "The Lord's Prayer".

Mrs. Charles Phillips of Montgomery was matron of honor Miss Ann Deason served as maid of honor. Bridesmaids were Misses Nancy Reynolds of Dothan, Clair Reese Mullins, Vicki Rains of Albertville; junior bridesmaids were Susan Barton and Sandra Loftin of Brooksville, Fla.

The bride was given in marriage by her father. She was a picture of loveliness. Her veil of illusion fell from a crown of lace and seed pearls. Her gown of off white taffeta and alencon lace trimmed in seed pearls, featured a full skirt ending in a chapel train. Her bouquet was a fan-shaped lillies-of-the-valley stephanotis, centered with roses backed with lace and streamers of the same lace.

Ray Maddy of Dallas, Texas, served as best man. Ushers were Jamey Propst, brother of the bride, Phillip Buchanan, Jim Buchanan, Ron Eyestone and Dudley Jordan, both of Huntsville.

Mothers of the bride and groom wore pastel sheaths. Their corsages were cymbedium orchids. The groomsmen wore a white carnation bouteniere. The groom wore a spray from his bride's bouquet.

Reception Followed—

Immediately after the wedding a reception was on the lawn of the bride's parents. The lawn was artistically decorated with hurricane lamps trimmed in green net and tulle with pink and white streamers.

Mrs. Jimmy Head registered the guests in the bride's book from an appointed table decorated with a silver bowl of sweetheart roses.

After the traditional cutting of the wedding cake by the bride and groom, it was cut by Mrs. J. W. Hayes and Mrs. Omar Reynolds assisted by Mrs. Gordon Loftin, Mrs. Culver Harris and Mrs. James Westbrook, aunts of the bride. Alternating at the crystal punch bowl were Mrs. Robert Bowers and Mrs. Bob Sallis. Those assisting were: Mds. Douglas Barton, Judy Loftin and Miss Sharon Jones.

Others helping with the hostess courtesies were: Mds. Roy Ward. Harold Lawrence, Larry Thomas (nee Elizabeth Oglesby) and Miss Janet Green of Ozark, cousin of the bride.

For her wedding trip the bride wore a raw silk green dress with short jacket with bone accessories and a corsage of roses from her bride's bouquet.

Afte a wedding trip to the Smoky Mountains, the couple will be at home in Huntsville.

Out-of-town guests for the wedding were: Mrs. S. S. Loftin of Nicholasville, Ala., grandmother of the bride, Mrs. Frank Lee, Luverne, Mrs. Roy C. Ward, Clearwater, Fla.

From Huntsville, were: Mr. and Mrs. M. C. Harris, Mr. and Mrs. Bobby G. Sallis, Mr. Gordon Loftin, Mrs. Hazel Ward, Mr. Gerald Chapman. Scientist Says:

Gaps Still Exist In Lung Cancer And Heart Disease Knowledge

NEW YORK — Research studies have increased factual knowledge about lung cancer, heart diseases and other ailments but "great and critical" gaps still exist, the Scientific Director of the Tobacco Industry Research Committee says in his Annual Report.

"There does not exist the essential experimental and clinical knowledge with which science can even define or identify the multiple factors or influences that may contribute to the origin and progress of these diseases," said the Report of Dr. Clarence Cook Little, internationally known cancer researcher and founder of the Roscoe B. Jackson Memorial Laboratory at Bar Harbor, Me.

"There have been and will continue to be speculations and opinions on the causes," he wrote, "but it is a matter of scientific fact that, in our present state of knowledge, no one knows the answers."

He said that in an effort to help find the answers, the T.I.R.C. last year continued and expanded its support of research by independent scientists into some of the many clinical and experimental factors that still need to be identified, investigated and evaluated in consideration of the origin of lung cancer, cardiovascular diseases and other complex constitutional ailments.

During 1962, Dr. Little said, "scientific work continued to support the view that the quest for a single, simple 'magic bullet' to explain the causes or provide the cure for cancer and of heart disease is unrealistic and probably futile."

TOP O' THE MORNING

The animal world, which since recorded history began has provided man with transportation, food, protection and companionship, also is one of the best sources of easy-to-recognize symbols for nations, school. and products.

The American eagle, the British lion, the Russian bear are known to all readers of political cartoons. Nor do you have to be an alumnus to know that a bulldog means Yale, a wolverine Michigan, a wildcat Northwestern or a horned frog Texas Christian.

The terrier listening to "His Master's Voice," the bulldog on the truck hood, the sleeping kitten of a railroad, have all been memorable symbols. Thus, when the best-known name in shaving decided to bring out an after shave lotion called Sun Up, with a fragrance and feel designed to help men wake up in the morning, it wanted a universally recognized symbol for this product and its function.

It chose one of the oldest and best-known of all animals—the rooster, the chanticleer of legend and song. In Hamlet, Shakespeare called him "the bird of dawning" and in Macbeth "the trumpet of the morn."

However, for millions of Americans, to whom his call means "rise and shine" better than any alarm clock, it may be just a little bit strange to see and hear him on TV between rounds on the fights and other Cavalcade of Sports events.

Canned Barbecue Beans Travel Outside

Fix inside, carry out! Supper on the porch, patio, or under a shady tree makes summertime eating pure pleasure. Fun and relaxation are the goals . . . children love setting up . . . mother enjoys preparing favorites.

"Carry out" meals present no problem at all when canned bean products streamline your menus. Beans always have top priority during warm weather — and no wonder. Canned barbecue beans . . . 3 kinds of beans simmered in peppy barbecue sauce . . . bring you the tang of the open fire right out of the can. Nothing gathers the clan faster than a zippy skillet of barbecue beans and meatballs. The meatballs—tender and tasty—are full of surprises. Chunks of cheese have melted to golden goodness inside. This delicious meal-in-one dish is ready by the time the table is set.

Add a freshly tossed salad and call all hands on board for transport. Tall, cool glasses of iced tea are inviting . . . brownies a la mode are lush for dessert.

Beanball Skillet

½ pound ground beef
2 tablespoons minced onion
¼ teaspoon salt
Generous dash pepper
6, ½-inch cubes mild process cheese
1 can (1 pound) barbecue beans

In bowl, mix beef, onion, salt; and pepper; divide into 6 equal parts. Shape meat around each cube of cheese forming meatballs. In skillet, brown meatballs; add beans. Cover; cook over low heat 15 minutes. Stir now and then. Makes 2 to 3 servings.

Stuffed Summer Vegetables

Here's a tasty way to use leftover corn bread. Serve Stuffed Summer Vegetables, tender baked vegetable shells filled with a crunchy corn bread filling.

Corn bread prepared with enriched self-rising corn meal is rich in food iron, calcium and B-vitamins—making stuffed vegetables nutritious additions to your menus. Self-rising corn meal makes corn bread preparation extra-easy, too, for it contains pre-blended baking powder and salt.

STUFFED SUMMER VEGETABLES

¼ cup chopped onion
¼ cup chopped green pepper
2 tablespoons butter or margarine
½ cup enriched corn bread crumbs
½ cup shredded sharp cheese
Chopped vegetable (pulp from center of vegetables)

Cook onion and green pepper in butter or margarine until tender. Combine onion mixture, corn bread crumbs, cheese and chopped vegetable. Mix well. Spoon stuffing onto hollowed out vegetables. Place in shallow baking pan. Bake in moderate oven (350°F.) until tender.

Makes stuffing for 6 vegetables.

Stuffed Onions. Peel 6 medium onions. Pierce through center with toothpick and cook in boiling salted water until just tender, 20 to 25 minutes. Drain, cool, then remove centers. Proceed as directed. Bake for about 20 minutes or until tender.

Stuffed Tomatoes. Wash 6 medium tomatoes. Remove tops and scoop out centers. Proceed as directed. Bake for about 30 minutes.

Stuffed Zucchini. Wash 6 small zucchini. Bring to boil. Cook until just tender, 10 to 15 minutes. Drain and cool. Cut in half lengthwise and remove centers. Proceed as directed. Bake for 30 minutes or until tender.

After a visit to Washington, D.C., most Americans return home with renewed pride in their country. First landmark on the Magic Circle auto tour is the gleaming 555-foot Washington Monument. From here a grass-carpeted Mall leads to the awesome U.S. Capitol where you can see your elected representatives in action.

Every member of the family will find something exciting in "America's attic"—the Smithsonian Institution. Here is everything from a fashion show beginning with Martha Washington to the blood-trailed Hope Diamond to Lindbergh's "Spirit of St. Louis," which he soloed across the Atlantic.

Sunset shadows soften the massive statue of Abraham Lincoln in his temple-like shrine, while night floodlighting enhances the white marble rotunda of the Jefferson Memorial. To be seen at leisure are the National Gallery of Art, Library of Congress, Supreme Court Building and the newly refurbished White House. The F.B.I. is a boy's "must."

The route leads to Mount Vernon, stately home of our first President, and in nearby Alexandria is the George Washington National Memorial, fashioned after the ancient lighthouse in Egypt. The drive north is through historic Falls Church and the beautiful Virginia countryside to Charles Town, West Virginia, where abolitionist John Brown was hanged. Nearby Harper's Ferry was a prize that often changed hands in the Civil War. Returning through Frederick, Maryland, a favorite stop is at the home of heroine Barbara Fritchie.

LIBRARY HOUR TO BE AT JEMISON

Miss Faye Baker, Alabama Public Library Service, will hold the Children's Library Hour at the Jemison Pubic Library beginning the 20th of June (today).

The children's library hour will be conducted for a period of six weeks. Miss Baker will be present for four meetings and local patrons will conduct the other meetings.

This special hour for children, kindergarten age through second grade, will be held each Thursday afternoon at 3:00 O'clock at the Jemison Public Library and is a part of the Library Demonstration program to Autauga, Bibb and Chilton Counties from the Alabama PLS.

The purpose of this special readers' service is to give guidance in the selection of good books; to offer the children an opportunity to read good books during the summer vacation. Parents are invited to visit the library not only to select books for their own reading, but to select wisely for the very young children.

The schedule for Jemison Public Library Children's Hour will be:

June 20, 3:00 P.M., Faye Baker
June 27, 3:00 P.M., Faye Baker
July 11, 3:00 P.M., Volunteer
July 18, 3:00 P.M., Faye Baker
July 25, 3:00 P.M., Volunteer
August 1, 3:00 P.M., Faye Baker

Visitors to the Pacific Northwest have the opportunity for a delightful Magic Circle auto tour in eastern Washington's Inland Empire. The start can be at Sun Lakes State Park, favorite of golfers and campers, but whose prime curiosity is Dry Falls, a prehistoric ghost cataract which runs three miles from rim to rim. The drive north crosses the 4,300-foot length of Grand Coulee, largest concrete dam in the world. Awesome are the two blocks of continually humming generators, and the cascading waters which at night are bathed in a fantasy of colored lights.

The highway slices through giant black rock formations to Nespelem in the Colville Indian Reservation which Chief Joseph, famous Indian leader, won as a permanent home for his people. The route east is through deep virgin forests to Kettle Falls where St. Paul's Mission, built of hand-hewn logs, served as early fur trading and educational center. Alpine meadows aglow with wildflowers line the highway to Tiger, where the way south follows the scenic Pend Oreville River, good for trout and salmon fishing.

Climax of the trip is recreation-minded Spokane, famed for its golf courses, 70 surrounding lakes with every water sport, parks and playgrounds, and Duncan Gardens, manicured to an old-world elegance. The huge modernistic Coliseum contains the civic auditorium and sports arena; two adjoining museums have outstanding Indian displays. There is a side trip to Mt. Spokane State Park, where a double chair lift whisks you up for a magnificent view of the city, lakes, forests and vast wheat ranches.

Mr. Businessman:

$10 - 5 New Customers

REALIZING your own sales ability. would you spend $10 per week, to get five additional customers into your store that particular week?

YOU can do that with an ad in the Chilton County News!

AND, if your sales ability is up to par, then those five prospective customers are going to purchase some item while in your place of business.

AND, if you and your personnel are "on the ball", and give that prospective customer the attention he feels he deserves; and you are courteous and helpful to him; and give him the desire to return to your store you have acquired a potential "regular new customer" to your business establishment!

THAT is what newspaper advertising is . . . it is not a miracle potient to be taken in large gulps. Often, when this is the case, the one who takes the 'gulp' sits back and relaxies his promotion consciousness, and the result is: A BIG NOTHING . . . at least in his own mind.

THE contents of newspaper ads to be effective must be marketable merchandise or services, at the time it is presented to the reader. . . and the reader is here.

The reader of newspaper ads, of whom there are quite a number in Chilton County, will not buy a "pig in a poke" any more than you would. They are not gullible, but very intelligent. In short, they are your customers; and should be approached through your advertising in the same manner of friendliness and helpfulness which you show them in your store.

THERE is not a more economical, more effective, more efficient "business-getter" in Chilton County than the News. The reason is simple: people read it; nd when they find what they want, or are encouraged to buy from an ad which they read, then YOU have a prospective customer.

NO, the newspaper is not a miracle salesman. It is a good tool and if used properly, it can help you with your job of selling to the public.

1982	$61,000
1983	$63,000

The Warrants maturing in 1974 and thereafter are, however, subject to prior redemption in whole or in part, at the option of the Board, on July 1, 1973, or any semiannual interest payment date thereafter, at par plus accrued interest, plus a redemption premium equal to one years' interest at the coupon rate of the Bond or Bonds redeemed, if redeemed in 1973 and declining one-fourth of one per cent (¼%) for each year thereafter beginning with a premium of one years' interest less one-fourth per cent (¼%) if redeemed in 1974.

Bidders are invited to name the rate or rates of interest that the Warrants are to bear, and such interest will be payable semi-annually on the first days of January and July in each year, first interest payable January 1, 1964. The bidders may name not exceeding three rates of interest, but only one rate shall be named for the Warrants maturing in any one year. No bid of less than par will be considered. The Warrants will be payable as to both principal and interest at the principal office of the First National Bank of Montgomery, Montgomery, Alabama.

The Warrants will be preferred claims against and payable solely from the proceeds of the special privilege tax or license (commonly called a "sales tax") and the excise tax (commonly called a "use tax") levied in Chilton County by Act No. 471, General Laws of Alabama, approved November 13, 1959, 1959 Acts, pp. 1170, et seq., as amended by Act No. 55 adopted at the Second Special Session of the Legislature of 1963, and approved April 23, 1963, subject, however, to the prior claim and payment of $890,000 of Capital Outlay School Warrants dated January 1, 1960, which are being refunded by the Warrants now offered. U. S. Government Bonds in an amount sufficient to provide for the payment of the principal of and interest on such Capital Outlay School Warrants of January 1, 1960, to and including January 1, 1965, and the redemption price of those of such Warrants as shall not then have matured, on January 1, 1965, will be irrevocably deposited in escrow with The First National Bank of Montgomery, Montgomery, Alabama, and will be required to be used for such purposes. The aforesaid taxes extend to April 23, 1983. Said taxes produced $148,690 in 1960; $143,505 in 1961; and $183,090 in 1962.

The First National Bank of Montgomery will be trustee of the special fund to be provided for the payment of the principal of and interest on the Warrants. Payments will be made into this fund from the receipts of the aforesaid sales and use taxes in amounts sufficient to pay the annual principal of and semi-annual interest on the Warrants and to build up, at the rate of $13,000 per year for five years, a reserve for such purposes equal to $65,000 and thereafter to maintain such reserve at $65,000.

Each bid must be accompanied by a certified check for $18,500. All bids and certified checks must be submitted to the County Board of Education of Chilton County, at the office of the County Superintendent of Education of Chilton County, Clanton, Alabama, not later than 5:30 o'clock p.m., Central Standard Time, on June 28th, 1963, at which time and place all bids will be publicly opened. All certified checks will be returned except that of the successful bidder, which shall be retained by the Board to assure his acceptance of and payment for the Warrants. The Warrants will be delivered within thirty days after the date of the sale. The Board reserves the right to reject any and all bids at said sale.

The Board will furnish, at its expense, the unconditional approving legal opinion of Dumas, O'Neal & Hayes, bond attorneys, Birmingham, Alabama, and printed Warrants.

Bridal Tea For Miss Lynn Williams

One of the loveliest rounds of parties and teas honoring a June bride-to-be, was a tea given on Tuesday afternoon, June 11th, at the spacious home of Mr. and Mrs. J. D. Bell on the Selma Highway.

Approximately 150 guests called between the hours of three and five.

Th lawn of the home was a veritable flower garden with even the bird bath holding an arrangement of spring flowers.

The guests walked to the entrance of the home down a walkway bordered with flowering pink and white Verbena and double petunias. At the front door was a white wrought iron planter filled with calladiums.

The guests were greeted at the door by Mrs. Crit Jones, who escorted them to the receiving line, which consisted of, the hostess, Mrs. J. D. Bell; the honoree, Miss Lynn Williams; her mother, Mrs. R. C. Williams; the groom's mother, Mrs. J. W. McKinnon and little Kaye Norrell, Mrs. Bell's granddaughter, who held a silver tray for each guest to place their personal calling card in.

At an appointed table, holding an arrangement of pink sweetheart roses, and a small bride and groom, the guests were registered in the bride's book over which the honoree's sister presided.

Mrs. C. R. Norrell, of Birmingham, ushered the guests into the colorful dining room where they were served lime colored punch from a crystal bowl with little frozen pink hearts foated. The punch was served alternately by Mrs. C. C. Fiquette and Mrs. Sarah Palmer. Silver and crystal trays and compotes held tiny party sandwiches, cut in various shapes, miniature fruit pies; individual cakes, iced in white, embossed with a pink rosebud; candy mints shaped into lilies and roses.

The tea table was covered with a handcut, hand embroidered linen cloth; in the center was a silver and crystal epergne holding pink carnations and tall pink, burning tapers.

Other floral arrangements used in the living room and dining room included; an arrangement of calla lillies on a marble-top table, just inside the front door; dutch iris, tinted pink, in two lovely lava bowls enhanced the receiving line and all the lovely fireplace was filled with magnolia leaves and blossoms. This formed the background for the receiving line and all the ovely flowers were reflected in the massive gold-framed mirror over the mantle, giving the entire room a pink glow.

In the dining room, the same pink loveliness of the magnificent arrangement of pink carnations on the buffet and in the center of the tea table, was sparkling in the beautiful crystal chandelier, which hangs over the table.

In the den. where the guests were greeted by Mrs. James Parr, a marble-top coffee table held an arrangement of gorgeous shasta daisies, and tall pink lighted tapers were on the secretary.

As Mrs. Parr assisted the guests to the side porch, it looked as if they had entered a botannical garden of ferns, potted plants, day lillies and daisies. To the left of the porch the bedroom, with rose colored taffeta drapes and coverlette, was accented by a massive arrangement of white glads on the mahoganey highboy.

Leaving by the porch door everyone stopped to admire and comment on the botannical garden with a waterfall trickling down into a small pool filled with gold fish and floating on top of the pool there were lovely blossoms of white daisies. This scene made a lasting impression on the guests as they left.

Other assisting in this unforgettable occasion for Miss Williams were: Mrs. Clifford Jones, Mrs. Joe Higgins, Mrs. W. C. Davidson and Misses Martha Palmer, Ann Thompson, Becky Gray, Linda Carroll, Judy Waites and greeting the guests was the honoree's maternal grandmother, Mrs. N. E. Samuel.

Pictures were made by Mr. Semmie Scott of the hostess, the bride-to-be and those in the receiving line.

Chilton Baptists 'On The Move' Says Fields

The Crilton-Unity Baptist Association is on the move. 54 churches are making efforts to obey the Great Commission of our Lord. Many of these churches have already conducted a Vacation Bible School or are conducting one this week. Many more of the churches plan to conduct a Bible School this month or during July or August.

This means that more than 6,000 boys and girls in Chilton County will have the opportunity to attend a Bible School this summer.

More than 600 Christian workers will have the privilege to teach God's word to the boys and girls. A Vacation Bible School and a Revival meeting held at the same time is a wonderful combination. Rev. G. H. Carroll, Associational Vacation Bible School Superintendent, and the Superintendent of Missions appreciate getting the reports immediately after the Bible School closes. Many of these reports are already being received.

"Ten Thousand 'Lost People' In Chilton"—

There are indications that every church in the Chilton-Unity Association will conduct a revival meeting this summer, which is necessary and vital to the members of the church, and to the winning of many souls to Christ. Information received is that many of the churches have already made some preparation for a week or longer to conduct a series of revival services this summer. There are approximately ten thousand lost people in Chilton County.

Executive Committee Convenes June 23rd—

The Executive Committee of the Chilton-Unity Association will convene for the June meeting at the First Baptist Church, Clanton, June 23, 2:15 P.M.

Reports from the heads of the organizations, treasurer, the Missions Committee, the Nominating Committee will be heard for adoption. Old and new business will be transacted. The pastor and a layman of each church are also members of this committee. Rev. L. W. McReynolds, moderator, will preside.

Fifth Sunday Hymn Sing Coming Up—

The Music Department of the Chilton-Unity Association will hold the Fifth Sunday Hymn Sing at the Liberty Hill Baptist Church, June 30, 2:30 P.M. The choirs and special singers of the churches will render this unusual singspiration, which is designed to be helpful to every church and the weekly music program.

The pastors and workers are urged to announce this hymn sing at every service in the church until noon June 30; and invite the people to attend.

Mrs. Grover Rich, program chairman, used for her subject "What Is Royal Service"? W. W. Brown gave interesting sub-topics relative to the above subject.

Refreshment plates were served to ten members and one visitor, Miss Ruby Abbott.

35 BOYS AND GIRLS ENJOY LIBRARY HOUR

35 boys and girls gathered around the "interest center" at the Clanton Public Library on Monday to discuss the display of Hansel and Gretel and their gingerbread house. Miss Faye Baker of the Alabama Public Library Service then lighted the 'magic library hour candle' after which she read the poem "The Duel".

Talks were given by Miss Baker on the books which follow: 'The Dragon In The Clockbox'; 'Mr. Nobody And The Umbrella Bug'; 'Jack And The Beanstalk'; 'A Little From Here, A Little From There'; and 'How Big Is A Foot?'

Finger games were then enjoyed before Miss Baker told the stories of 'The Alligator's Toothache' and "The Emperor's New Clothes'.

At the close of the hour, all the children blew out the magic library our candle before being served refreshments by Mrs. B. E. Reeves, librarian.

All children through the third grade are invited to enjoy this library activity for the next four Mondays at 3:00 P.M.

MRS. HUTCHINSON HOSTESS TO CIRCLE

Southern Sponge Roll

Here's a dessert to top your "good the year round" list. It's Southern Sponge Roll, a tender golden sponge cake rolled around your favorite fruit and whipped cream filling.

By following the directions exactly you should have excellent results with the cake. It's extra easy with self-rising flour that already has the baking powder and salt blended in. This saves you measuring and sifting steps and helps assure your baking success. It's enriched with key nutrients also, to help assure your family's good health.

SOUTHERN SPONGE ROLL

- 4 eggs, separated
- ¾ cup sugar
- ½ teaspoon vanilla
- 1 cup sifted enriched self-rising flour
- Confectioners' sugar
- Whipped Cream Filling

Beat egg yolks until thick and lemon-colored (4 minutes at high speed on electric mixer). Gradually beat in ¼ cup sugar. Stir in vanilla. Beat egg whites until frothy. Add remaining sugar, a tablespoon at a time, beating continuously until stiff, but not dry, peaks form. Fold egg yolk mixture into egg whites. Sift flour over egg mixture and fold in gently. Turn into waxed paper-lined 10½ x 15½-inch jelly roll pan and spread evenly. Bake in moderate oven (375°F.) 15 to 18 minutes. Turn out on clean towel dusted with confectioners' sugar. Remove waxed paper. Starting at narrow end, roll up cake and towel together. Cool. Unroll and spread with filling. Re-roll, using towel to guide rolling. Cover with towel and chill. Cut in 1-inch slices to serve. Makes 10 servings.

Whipped Cream Filling: Fold 2 cups sliced fruit and 2 tablespoons confectioners' sugar into ½ pint whipped whipping cream.

Keeping An Eye On The Futurama

NEW YORK—MAKING A DATE FOR THE GENERAL MOTORS FUTURAMA when the New York World's Fair opens a year from now are Frederic G. Donner, General Motors chairman, (left) and Robert Moses, Fair president. Here they compare the GM Futurama Building as it looks today under construction on a seven acre site at Flushing Meadow and the way it will look on April 22, 1964. Mr. Donner said that work on GM's 240,000-square-foot exhibit is on schedule. The Futurama will include a ride which will carry more than 70,000 World's Fair visitors a day on a worldwide adventure into man's potential for progress.

Make Summertime Entertaining Easy

Warm weather is a delightful time to entertain! As the cool evening breezes blow, serve a leisurely buffet supper on the patio.

Wonderfully simple and simply wonderful for your menu is a Meatball Stroganoff. Tender, well seasoned meatballs are simmered in sauce of canned condensed cream of vegetable soup and sour cream. This luscious mixture is served over cooked noodles. It's a perfect main dish that requires little preparation time. One, too, that will certainly appeal to your guests.

There is no better accompaniment to this tempting treat than a big bowl of tossed salad. Select a variety of greens and accent with wedges of tomato and slices of cucumber.

Finish off your summer evening supper with strawberry parfaits and coffee.

Buffet Meatball Stroganoff

- 1 can (10 ¾ ounces) condensed cream of vegetable soup
- 1 pound ground beef
- ¼ cup fine dry bread crumbs
- 2 tablespoons minced onion
- 1 egg
- ½ teaspoon salt
- ¼ teaspoon dried dill leaves
- 1 tablespoon shortening
- 1 can (3 ounces) sliced mushrooms, drained
- ½ cup sour cream
- ⅓ cup water
- 3 cups cooked wide noodles

Add ¼ cup soup to beef, bread crumbs, onion, egg, salt, and dill. Mix well and shape into 16 meatballs. Brown in shortening; push to side. Add mushrooms; cook a few minutes. Pour off drippings. Stir in remaining soup, sour cream, and water. Cover and cook over low heat for 15 minutes, stirring now and then. Serve over noodles. Makes 4 servings.

Board Delays Purchase Of Voting Machines

Bids opened; Held for Further information

IN a lengthy discussion Monday afternoon of this week, the Board of Revenue & Control of Chilton Cunty agreed unanimously to "seek further information" on the possibility of acquiring voting machines for this county in time for the next election.

Bids were opened at this meeting, and the intention of the Board was to purchase eight machines at this time, try them out in certain beats and boxes; and then purchase more at a later date.

Though plans had already been laid for financing this proposal, the Board ran into some difficulty when they learned, at this meeting, that one voting machine would not process as many votes in the time allowed by law, as they had previously figured on. This being the case, the Board was faced with the proposition of buying eight machines or less, and trying to fit them in whereever possible during a primary or general election; or purchasing more than eight, obviously calling for more funds than they had anticipated.

The Board, chosing not to go into debt to acquire the machines, after hearing from representatives of the two companies who had offered bids, decided unanimously to forego any action at the time, and to further investigate the machines in question.

The replesentatives of the companies involved, the Shoup Company and Automatic Voting Macrines agreed to have a machine at the Courthouse on the second Monday in July, at which time the Board members can see how they operate and if practical can make their decision to buy at that time.

One Member of the Board, Mr. Sherman Motley, was not present at the meeting during this discussion, but it was the opinion of the other members that he would comply with their wises on this matter.

A Little Bit O' Tuck . . .

By BOB TUCKER

TO anyone who gives as much as $10 to the CCHS Band to help defray expenses when they go to Miami in the Fall, I will gave the privilege of writing this column for one week.. The only provisions are trat it is not slanderous, is signed by the writer and the $10 must be turned in to yours truly. All you would be columnists and editors. .. now's your chance to get front page space for only $10. First come, first in line!

WORD reaches us that J. B. Ray, a good old News subscriber among other things, is going to Prattville in the Dairy Queen business. We wish him lots of luck. He tells us that Marvin Scott, formerly of Clanton is coming back home; and we also hear that Bruce Barze of Suburban Gas Co., has moved back to Clanton. Happy to have these fellows and their families back in the County.

YOU talk about "Tarnips"; well we have the granddaddy of them all in the window here at the News. It was brought to us by Shiela Dennis of Millbrook who is visiting with the O. . J. Dennises on Route One, Verbena, where the turnip was grown. We haven't had time to weigh it, but it measures about six inches across. It's gettin' a little "ripe" folks, so if you expect to see it, you'd better do it today. We're going to feed it to the hawgs!

A REMINDER: Next Thursday is the 4th of July. The News staff has three holidays a year, and this is one of them. We also have to get into the Post Office on Tuesday night, so that you will get your paper before Friday. All copy for next week's paper, news and advertising must be in 24 hours earlier than usual. We will appreciate your cooperation in observing our deadline. Late copy will be handled as we can get to it.. Thanks heaps and a Happy 4th to you! —THE EDITOR.

MARCUS Polk is a Great Granddaddy; Marcus Polk is a Granddaddy; Marcus Polk is. an uncle (for the first time we believe)! It ain't so confusing when you know that there are three Marcus Polks. Jennie Lee Polk (now Mrs. Laylon Gardner of Birmingham) presented a son to her husband, and a grandson and nephew to the other fellows mentioned, early this week. He weighed 8 lbs., 6 ozs. and that's all we know, except that everything is fine, and everybody is happy. A presumption of course!

DIDN'T know Joe Smith, up on the corner, knew anything about "explosives"! Last Sunday we saw him "blowing up" a dinasaur! That's one way to get rid of 'em. . . pesky varmints you know!

YOU noticed the signboard north of Clanton advertising Herb Salter's product? If we didn't know better, we'd swear that was R. C. Williams on that signboard. Well, he said he was retired!

WOODY Blalock spent Wednesday morning in Montgomery trying to get some State backing to send the local band to Miami. At press-time we hadn't heard from Woody, but if anybody can persuade those fellows it's Woody!

LEVINE'S has been practically completely remodeled and "Doc" is putting on a Sale this week (see inside this issue)! It's a humdinger, and we'd like you to see the improvements in the store, too! It looks real nice!

AND for the sake of "equal space": Thrifty is having a "One Cent Dress Sale" this week end (also in this issue); and Watson's is having a "Pre-Fourth of July Sale," (also in this issue). See we told you when local merchants had something to say, they said it in the News! What more can we say? Except, tell 'em you saw it in the News!

OUR personal congratulations to Miss Ann Thompson on her selection as 1963 Peach Queen. This year's "crop" was one of the loveliest we have ever had; and Miss Ann had some mighty fine competition, we're proud for her and her parents, Mr. and Mrs. Leo Thompson.

Miss Bentley Crowns Successor

Miss Ann Thompson 1963 Peach Queen

CLIMAXING the three day Chilton County Peach Festival, sponsored by the Clanton Jaycees, Miss Ann Thompson was crowned the 1963 Peach Queen by last year's Queen, Miss Rebecca Bentley of Thorsby. Miss Thompson is the daughter of Mr. and Mrs. Leo Thompson of Clanton.

Rains hampered literally every phase of this year's festival, but spirits were not dampened because of it, and as far as is reported, every scheduled event came off as planned.

Top 10 Listed—

Miss Thompson was chosen from a field of 30 beautiful Chilton County "Peaches." The Top Ten in the Contest are:

Ann Thompson, Carol Young, Judy Harris, Betty Waites, Mary Lee Hurt, Sandra Mims, Judy Mitchell, Judy Vines, Sharron Jones and Geraldine Edwards. The first five listed were chosen as the top five contestants.

The new Queen, escorted by Mrs. Richard Muncher and Miss Rebecca Bentley, is in Washington this week, where she is the guest of U. S. Representative Armistead Selden. She left Clanton on Tuesday and after two days in Washington, she plans to fly to New York, where she will meet her parents, and with them will attend the National Kiwanis Convention next week in Atlantic City, N. J.

The "Ambassadors" made sure that they took with them to Washington a basket of prize Chilton County peaches.

Once again King Peach has a new queen!

"Kickoff Drive" For Industry Nets Nearly $5,000 On First Day

"CAMPTOWN TOGS, Inc." is the name of Clanton's and Chilton County's newest industry. And it will be in production here in a few weeks, employing some 50 women. The Company will manufacture sports clothes, and actually wanted to be in production by the first of June, but time has not allowed. Work is going on at a top-speed, however, and production is anticipated to get underway shortly.

At a meeting Monday morning of this week, 50 businessmen, most of them members of these men pledged a sum of Commerce, enjoyed a "Coffee" at the Holiday Inn. At least 25 of these mes pledged a sum of money towards the better than $23,000 needed at this time, to rennovate the building which will house the new industry.

Between $4500 and $5,00 was pledged by these men, at this time, and this week is being spent on contacting other businessmen throughout the County, seeking their assistance in this matter.

There were several who indicated that they would pledge, but due to the policy of their companies, could not say how much at the time. A "thermometer", with George Smith and Bill Bennett in charge, has been installed in front of Mullins Supply Co., just above the banks and it will keep you posted on the progress of the Campaign during the week.

A panel discussion is also being conducted over the local radio station during this week, to inform the people of the daily progress of the Campaign and also to answer any questions which may arise.

Teams of men are now covering the County with the "story of industry" and you will receive a complete report on their progress and success in next week's News!

THE AMERICAN LEGION

Department of Alabama

June 18, 1963

Commander Cecil Martin
American Legion Post No. 6
Chilton County
Clanton, Alabama

Dear Commander Martin:

The American Legion, Department of Alabama, hereby extends to your Chilton County High School Marching Band an invitation to lead the Alabama American Legion Delegation at the National Convention to be held in Miami, Florida, September 8th through the 13th, 1963.

We request that you contact Mr. S. E. Waters, Principal of Chilton County High School, and Mr. Lamar DeLoach, Band Director, and issue this invitation to them.

Your band, which led the National Veterans Day Parade in Birmingham, was an inspiration to all the thousands present and to the millions who watched on television across the nation.

We realize that this will be a tremendous expense for your band, but we trust the good people of your county and from over the State will help raise the necessary money for this trip.

Your Band will represent the entire State, as well as the American Legion. We trust that you can accept this invitation.

Yours very Truly

Raymond Weeks,
Department Commander

Electing Board Members--

STATE Senator Jimmy McDow, representing Chilton County in the State Senate; and Representative from Chilton County H. Grady Heflin presided at an open County-wide meeting at the County Courthouse in Clanton this past Monday evening at 7:30 O'clock.

It is apparent from evidence brought out at this open debate of the people, that Chilton County is divided in its opinions as to how the members of the Board of Revenue and Control, serving this County, should be elected.

Those who want the Board members elected from their own District, of which there are four in Chilton County, as far as we can determine, feel that more can be accomplished toward electing the right man for the job, if the electing is done in the various districts. In other words, each district elects its own representative instead of the County as a whole doing it.

Opponents of this idea; and those who are in support of the proposed amendment, which will be introduced into the House of Representatives in the next few days (it is reliably reported-; feel that the members of the Board of Revenue and Control should be elected County-wide, by all the voters of the County regardless of which district they represent. Their contention is, that these four men spend all the money of the County; that all the taxpayers pay these funds into the County; and that all the voters in the County should decide which men are to represent them on the Board.

Regardless of its effect of the outcome, a standing vote was taken at this meeting on Monday evening and the vote was 51 against the proposed amendment and 49 in support of it.

As Senator McDow said, "Don't think that Representative Heflin and I are going to count heads up here tonight and that alone will determine the course we take on this proposal."

He said, "We wanted everyone to be heard on this matter, who felt that they should be heard. That is what we are here for tonight!"

The opinion of many was that nothing was resolved at this meeting; that it was a waste of time.

This newspaper feels that any time citizens can get together and talk about their differences, in an orderly fashion and without childish fits of personality, that it serves the cause of freedom and our way of life. It it is true that Beat Four, the largest in the County, has the voting strength to elect the man of the choice of the majority of the people in that Beat; then we also maintain that the more free, independent-thinking, American citizens there are voting on any matter, the less chance there is of corruption.

We point our finger at no one in particular. It is our belief that one man can be corrupted easier than two; and that the more the figure is multiplied, the less chance we have of corruption, of any kind. .

For example: It would be decidely more difficult for a man, regardless of his intentions, to get a large number of people, such as there are in Beat Four, to support him; than it would for a man in a smaller beat or district. And if the intent of the man in question was to the detriment of the people of this County, wouldn't it then be more possible for him to accomplish his aims in smaller districts than it would if he had the entire County to convince?

There is strength for Democracy, in numbers of citizens voting. And the more strength Democracy has, the less strength the corruptors can hope to gain.

There are exceptions to any rule. We do not know how much good could feasibly be accomplished by one idea over another. After weighing the possibilities of voting by district or voting County-wide for members of the Board of Revenue and Control, we are of the opinion that the chances of political corruption are more easily obtained in a small district than in the County as a whole, and that more good for the majority of the people can be realized, if the people elect their county representatives by a vote of the entire voting population.

And most important, dear reader, is to understand the facts, weigh the abilities and intentions of the candidate and VOTE!

"Zip Codes" Coming--

AS was reported in last week's News, the Post Office Department expects to speed up mailing production considerably with the new "Zip Codes" which go into effect on July 1st all over the nation.

Instead of using towns, counties, etc., all mail is supposed to have a five-digit "Zip Code" number on it. Each post office has a different number. It is up to the patrons of each post office to learn their "Code" number. Intriguing isn't it?

Some people don't seem to think much of the idea, but, be that as it may, here are the Code Numbers to be used in Chilton County; at least, all that have been sent to us:

Lawley, Ala.	35093
Jemison, Ala.	35085
Clanton, Ala.	35045
Stanton, Ala.	36077
Maplesville, Ala.	36050
Verbena, Ala.	36091

Good luck to all you people who handle mail. . . or mail handles.

A Meeting Of Big Men--

ENOUGH, in fact too much, has been said about integration-segregation and the mixing of the races in the south, and everywhere else. So, the human thing to do. . . is to say something!

But, we are running out of words; unless we repeat the same ones over and over again. And we hope nobody misconstrues that to mean that the south is getting weary of the whole thing, and is ready to throw in the towel.

On the contrary, we have just begun to draw the battle lines in the south, and the actions of minds and men is well underway. We said, we were running out of words, not spirit, not conviction, not stomach for a fight!

We sincerely wish--and believe that it would greatly aid a better understanding--if all the Senators of the south and all the representatives of the south, in Congress; and all those who come from the south, and hold important or influential positions in the Federal Government, would meet with President John F. Kennedy and his brother Robert, and the Supreme Court, in one vast assemblage, with no outside interference from any minority group or sympathizer, and there, together, before one another and God Almighty only, work out a sane and sensible solution to the troubles that face this nation today.

It is certainty that the men of the south would be willing to have such a meeting. If we could get the President and his team to agree to it, we would be on the road to solving the problem which has created so many gods and authorities; and which has wasted so much time and effort, so many lives already; not to mention the newsprint and printers ink consumed in the reporting of it all!

Boost The "Tiger" Band To Miami--

(and back. . .)

THE unbeatable Chilton County High School band, under the direction of Mr. Smith Lamar DeLoach, has been invited to lead the Alabama Delegation of the American Legion in the parade at the Convention in Miami, Florida on September 8-13 of this year.

This is a signal honor for our band, and this County, because it is reported that it will be the only band from the State of Alabama in this parade. Funds are sorely needed at this time. It is expected that it will take some $6500 to transport the band to Miami and back. That's a lot of loot; but as we said; it is a signal honor, and it is the sincere hope of the News that enough good people will get behind this project and put it across. The publicity which will be gained for Chilton County and this State could not be bought for several times that amount!

Check with your Band Boosters Club. Woody Blalock is the president.

GRAHAM HUNTER
(YOUR OWN LIVING ROOM)

DEAR 4-H JANES

Since this is the last week of June and June is Dairy Month, I thought it might be nice for you to try this ice cream cake. It is called Angel's Rainbow. The ingredients you will need are: 1 angel food loaf cake; 1 pint strawberry ice cream, softened; 1 pint mist ice cream, softened; and 1 cup whipping cream, whipped and sweetened.

Cut cake lengthwise into 4 equal layers. Spread strawberry ice cream on 2 layers, mint ice cream on other 2. On foil covered cardboard, stack layers alternating ice cream flavors; freeze. Frost sides of loaf with whipped cream; decorate edge around top and bases with whipped cream put through a decorator tube. Return to freezer to set cream. This makes 6-8 servings. You might like to try other ice cream combinations.

Before serving frozen desserts, move them from freezer to refrigerator for a few minutes to soften. They'll be easier to cut and serve. . . more flavoring to eat.

The dessert will remain more attractive if serving plates are prechilled.

Since the weather is hot, this recipe is one that will be cool, easy to fix, and delicious to eat.

Chilton Produces $21,000.00 Worth Of Blood Annually

Did you know each year Chilton County Citiens produced a market value of approximatetly $21,000 in blood?

This blood has and is costing the Chilton County Red Cross $600 to collect.

This year the annual fund campaign is short $965. This means we will nat have a blood program or not be able to render service to the service to the service men and their families. This could cost the families much more than $2,000 according to the 1962 service furnished.

Mrs. Reedie Taylor, Fund Campaign Chairman and the other volunteer workers are to be commended on the good job they accomplishel in collecting $3,523.72. The goal to meet the bare needs of Chilton County is short $965.28.

To meet this shortage rather than loose the blood program the chapter will conduct a 'White Elephant Sale" at Popwell and DeRamus Gin on June 29, 1963.

The citizens having items of value and clean serviceable clothing for use in this program may contact Mrs. Joe Moore, phone 395, Mrs. Grady Heflin, phone 75 or Mrs. Reedie Taylor, phone 205.

Mrs. Taylor has planned to contact a citizen in several of the communities to serve as a collecting agent or paint for the "White Elephant" items, or the items may be delivered to the Nursing Home at the Chilton County Hospital through Friday, June 28, 1963. Large items of furniture etc. should be delivered to the Popwell & DeRamus Gin before 9:00 a.m. Saturday, June 29, 1963. All items not sold will be turned over to the Hospital Auxiliary.

James Hosey In Viet Nam

Army Maj. James H. Hosey, 38 whose wife, Myradine, lives at 2854 Lancaster dr., East Point, Ga., was assigned to the Army element of the Military Assistance Advisory Group (MAAG) in Vietnam, June 11.

MAAG, Vietnam, is an Army, Navy, Marine and Air Force organization which advises the armed forces of the Republic of Vietnam on training, use of equipment and tactical operations.

Major entered the Army in June 1943.

The major, son of Mr. and Mrs. Mark Hosev, Route 3, Clanton, Ala., is a 1946 graruate of Chilton County High Sshool in Clanton and a 1950 graduate of Auburn University, Auburn, Alabama.

Sr. Citizens Hospital Days Extended

Alabama Senior Citizens now over 65 who are receiving old age pensions or are in financial need may receive 30 days hospitalization each year for acute illnesses or major injuries.

Limited payments are being made to physicians providing post hospital care in home or office visits made within thirty (30) days after the patients discharge from the hospital. The doctor payments usually are too small to cover all charges and the patient is obliged to pay the doctor.

A large number of Senior Citiezns are covered by this program and the Chilton County Hospital has been advised the fiscal year will end September 30, 1963 and a new fiscal year or a new total of 30 days are effective October 1, 1963. These days may not be carried over to the next year.

These programs are a great relief to Chilton County as the Hospital Service for the Indigent is approximately $4,000.00 each year and this fund is usually depleted by July 1. The Indigent Funds are partly matched by county funds. The local hospital has assisted the Boaad of Revenue and Control by furnishing approximately $800.00 each year for the matching part of the funds.

Selden Addresses House On "Rights"

ARMISTEAD SELDEN ON THE FLOOR OF THE HOUSE OF REPRESENTATIVES JUNE 19, 1963

The Administration, abetted by the Republican leadership, seeks to stampede Congress into enacting the most far-reaching racial legislation since Reconstruction.

It is common knowledge that until a month ago neither the Administration nor the Republican leadership had any plans to advance so-callel civil rights legislation at this session of Congress. A tragic day has arrived in American history when mob action can drive the nation's political leadership into proposing hasty ill-considered legislative programs.

It remains for the Amedican people, from all parts of the country, to resist this political descent into mobocracy. Those of us in Congress who plan to fight this bill will need all possible help. Americans elsewhere North and South, Democrats and Repubicans--must act now to let their Washington leaders know of their objection to this force legislation.

Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN

Although the Civil Rights Commission was established for a limited period of time, I was among a number of Congressmen who feared that once established it would be difficult to liquidate. Time has proven thisthis assessment correct. Efforts are already underway to extend the Commission's life, scheduled to expire this fall.

This was evidenced last Tuesday when the House passed the State, Justice, Commerce and Judiciary Appropriations bill, which included a $985,000 appropriatios for the CiCvil Rights Commission. At the same time, the House rejected an amendment to cut over $575,000 from the funds provided for the Commission's operation.

The Civil Rights Commission has been in operation for six years and is scheduled to expire Sept. 30, 1963. Although there are several bills including President Kesnedy's proposals and those of Republican leaders to extend the life of the Commission, no bill has been reported as yet from committee. To appropriate funds for an entire year for an agency that is scheduled to erpie in three months is sot normal procedure especially when it comes at a time when Congress is in the midst of a drive to reduce federal spending.

Widens Breach

When the Civil Rights Commission was established in 195 it was to serve as an objectiv fact finding body to investigat the need for civil rights legislation. Actions of the Commission, however, have not appeared objective to those sections of the nation that hav been the victims of its recommendations. It was the Civi Rights Commission that recentl recommended the elimination o all federal funds to the state o Mississippi--a proposal whic even alarmed some of the Commission's most liberal friends.

The history of the Commission demonstrates that its entire cosception is impracticable Its actions in Alabama, for example, have widened rather than narrowed the breach between th races. Any effort to extend the life of the Commission or to increase its power should be carefully and cautiously examined by Congress.

Yet, Tuesday's vote indicates this will not be the case.

Protest Vote

Unsuccessful in our efforts to eliminate funds for the Civil Rights Cimmission from the bill the Alabama members of the House cast their votes against the entire measure on final passage. While I am certais none were opposed to at all items in this particular appropriations measure, our votes were a potest against the inclusion in the bill of funds for the Civil Rights Commission.

Business Women Meet

The Chilton County BPW Club met Thursday night at the Courthouse. The meeting was called to order asd presided over by the president, Mrs. Lee Searcy. The various committees met and discussed plans for the new year. There were seven members present and the club had one visitor, Mrs. Perret of the International City Woman's Club of New Orleans, La., Mrs. Perret is the sister of Mrs. Ann Glass.

After the meeting was adjourned the group enjoyed fellowship and refreshments at a local cafe.

Kentuckiana's First Resident 'Doc'

Dr. Virginia Bennett

Dr. Lorraine M. Golden, Executive Administration of Kentuckiana Children's Chiropractic Center, announced that Dr. Virginia Bennett, age 29, will assume the position of full time resident doctor.

Dr. Bennett received her Chiropractic Degree from the Carver Chiropractic College in Oklahoma City, Oklahoma in 1955; graduating with the highest scholastic average in her class. Her father, Dr. J. L. Bennett, who has practiced 25 years in Clanton, Alabama, has been her inspiratios i nchoosing the Chiropractic as her vocation. Dr. Bennett taught Neurology for nine months after her graduation at the Caver Chiropractic College.

After practicing four years in the state of Oklahoma, Dr. Bennett served in the U. S. Naval Hospital at Great Lakes, Illinois in the Physical Therapy Department, Obsterics and Medical Clinics.

In January 1962 she visited Kentuckiana; and the scope of services rendered to the handicapped children filed her with a strong lesire to join this dedicated group of doctors in their pioneering effort. On May 1, 1962 she returned to Kentuckiana to fulfill the required one year internship for this righly specialied service in the care of the physically handicapped and mentally retarded children.

Along with her other intern duties, Dr. Bennett has been in charge of the Reabilitation Services at Kentuckiana, and will continue to direct this lepartment in conjunction with her new duties as resident doctor.

Kentuckiana Children's Chiropractic Center was officially opened in 1957 and has been serving the physically handicapped and mentally retarded children whose parents are financial unable to continue the usual long extended care these cases required. The center is the first of its type is the Nation and has admitted over 450 cildren.

The Center is not supported by any public agency at the present time; and it is only through the generosity of the people who have a love of children and a strong desire to see them become normal and healthy that it is possible to continue these services. Professional services by the local Chiropractic doctors, and the efforts of the officers, directors, and lay workers are donated without monetary reimbursement.

Under the present program, children through the age of 18, regardless of race, color or creed are admitted through referral by Chiropractic or Medical doctors, educational, charitable and social autrorities.

More space and equipment are urgently needed due to the interest of patients. Ie is hoped that Kentuckiana will "break ground" soon for its first building on the land deeded by the United States Government in July 1961. In-Patient cade, Intern and Resident Doctors facilities, and a school for Exceptions and Ciropractic Nurses will be accommodated in this new building which was architecturally designel by Frank Lloyd Wright Associates.

Douglas Glass New Legion Commander

Chilton County Post 6, of the American Legion, has elected Douglas Glass of Clanton, to be their Commander for the 1963-64 year.

Douglas is a veteran of the Korean War from 1948 through 1953. He has been a member of the American Legion for 10 years.

The new commander is married to the former Joyce Hardy and the parents of two lovely girls. He is a member of the First Baptist Church of Clanton, and employed at the Clanton Post Office.

Douglas will head up the Post that was chartered July 7, 1920.

The following were elected to serve for the coming year: Vice Comm., W. M. DeVaughn and Charles Segrest; Finance Officer, I. V. Jones; Chaplain, Vaughn McKee; Historian, T. E. Wyatt; Service Officer, H. G. Searcy, Judge Advocate, DeWitt Easterling; Sgt. at Arms, Cecil Martin. Commander Glass will appoint his adjudant.

REFUGE

Another good day of fine fellowship was ours to enjoy here last Sunday in both services. The attendance was about an average, but the spirit of the Lord was present and it seemed that the people came to worship. Well, that should always be the case. Serving the Lord together, and, individually as to that matter, is the most noble privilege that the Lord's people can experience. ?

I do not think that the Lord would ever take away the privilege from his people of serving him, but He might allow our enemies to deprive us if we get to the place that we do not seem to care. If less than a dozen people can get together and pass a law prohibiting the Lord's prayer and reading the Bible in our literary school, that same group, backed up by other groups will some day tell us just how many services we can have on the Lord's day, or any other day in our churches. It is just as plain as the nose on te face, that it is the spirit of dictatorship just as it is in other lands. That fact cannot be denied by anyone who does any thinking at all for himself.

We might probably say that I have heard the above story until I am sick on my stomach, and I am interestel in a remedy. All right, here is the remedy that God gave to the children of Israel wo were in about the same predicament that we are in today. II Chron. 7:14 "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from Heaven, and will forgive their sin and will heal their land." I know of no other remedy, do you?

Mr. Earl Johnson remains in the University Hospital and reports have it that he is slightly improved. Mrs. Earl Easterling of Birmingham is in the Carroway Methodist Hospital in that city after haveing undergone a minor operation. She is doing nicely. Mrs. Judy Maddox Adams spent a dav or so in the Chilton County Hospital last week. She is back home and doing fine.

Come on out and bring the whole family to church next Sunday.

MR. AND MRS. FULFORD FETE SON AND FIANCEE

Mr. and Mrs. Howard Fulford honored their son Jerry and his fiancee, Miss Pat Champion at a supper on Friday evening following the rehearsal of their wedding plans.

For this event the private dining room of the Holiday Inn was never more beautiful. The theme was wedding Bells. Green and white was the color chosen. In the center of the U-shaped table a beautiful arrangement of stock and mums topped with a miniature bride and groom with a cluster of white wedding bells tied with green and white lacelon ribbon. White stock and mums flanked with greenery completed the arrangement of the tables. Corners of the room were banked with palms.

The guests included the honored couple their families the wedding attendants and families and out of town guests.

FULFORD-CHAMPION

The west End Baptist Church in Clanton was the scene of the wedding of Miss Patricia Ann Champion and Jerry Fulford on Saturday p.m. June 15 at 5:30 o'clock.

Rev. Cecil O. Sewell pastor of the church and Rev.: T. R. Ricketts, pastor of the Union Grove Baptist Church of Jemison officiated.

Parents of the couple are Mr. and Mrs. Richard Dalton Champion of Jemison and Mr. and Mrs. Howard Fulford of Clanton.

The double ring ceremony was performed before an improvised alter. The back ground was of Southern smilax. Candles were burning in S-shaped candlebdas and centered with a sunburst arrangements of white specimen mums, stock and lillies.

Mrs. Lee Smith, Jr., was organist and played the nuptial music. She accompanied Mrs. Hershel Sizemore of Birmingham as she sang 'O Promise Me' and 'Walk Hand in Hand'. During the marriage ceremony, Mrs. Sizemore sang "The Lords Prayer." and as the bride and groom left the church she sang, "We'll Walk With God."

Mrs. Jimmy Don Posey attended her sister as matron of honor. Brides matron asd maids were Mrs. Terry Jones of Birmingham, Mrs. William Varden of Jemison, Miss Sara Nell Champion and Miss Linda Kaye Champion sisters of the bride. They wore identical frocks of nile green silk organza and taffeta. They wore roses with face veils on their heads and single pearl earbobs, and white shortie gloves which were gifts of the bride-elect. Their boquet were orange colored glamellias.

The bride was given in marriage by her father. She was a picture of loveliness in her gown of rich peau de soil and reimbursed alecon lace. It was styled with long sleeves and bateau neckline. The hand-clipped lace encrusted in pearls and paillettes retraced the neckline and back cascading down the front and back of the bell shapel skirt extending into the wide catillion train. Her finger tip veil of silk, white illusion was caught to a coronet of lace and simulated pearls.

She carried a Bible shaped bouquet of lillies of the valley and stephanotis centered with twin white yellow throatel orchids.

Mr. Fulford chose his father as best man. Groomsmen were James H. Fulford, brother of the groom; Harold Lockhart of Huntsville. Duan Williams of Biloxi, Mississippa, cousin of the groom and Wayne Martin of Jemison, cousin of the bride.

The brides mother chose a dress of medium blue lace and matching hat for her daughters wedding. Mrs. Fulford was attired in green silk organza with matching. Each wore a white orchid corsage.

Reception Followed

Immediately following the wedding ceremony the bride's parents entertained at a reception on the church lawn where the white latticel fence was entwined with grape foliage accented with granes in the tallisman hues. White wrought iron furniture, irescenna plants and white daises added to the beauty of the lawn where hurricane lamps lighted the curving pathways. A tall figurine of a girl holding a boquet of tallisman carnations and stock, accented with candle light.

Punch was served from a beautifully appointed table coverel with white satin and centered with a silver branched candlebra holding burning green tapers. presiding at the twin silver punch bowls were Mrs. Carl Bean and Mrs. S. O. Champion. Assisting were Miss Barbara Money of Albertville, Miss Sue Mayson of Atmore, Mrs.. Henry Wyatt of Clanton and Mrs. John Jones of Columbia.

The bride's table spread with gold satin was overlaid with white maderia and marked with the five tiered S-desigsed white wedding cake. The cake was placd on a mirror plaque outlined with a silver lace ruffle, and embossed in glamellias in talisman hues.

After the traditional cutting of the wedding cake by the bride and groom it was served by Mrs. James Howard Fulford. She was assisted by Mrs. Glenn Williams of Biloxi, Miss.

Guests registered at a white wrought iron table marked with a giant hand decorated mirror plaque with Mrs. Jerry Scharf of Tuscaloosa presiding.

Receiving with Mrs. Champion were the parents of the groom, the new Mr. and Mrs. Fulford and her bridal attendants.

White tulle bags, tied with green ribbons were given each guests who showered the bride and groom, wishing them much happiness.

During the early evening the bride and grooom left for honey moon in Gatlinburg, Tenn. She was radiant in a suit of beige silk with bone accessories and a tam of contrasting tan and silk shantung. Her corsage was the twin orchids from her wedding boquet.

On their return from Tennessee, Mr. and Mrs. Fulford will be at home on Hinkle Road.

GALA BLUEBERRY PIE

Elegant looking and elegant tasting is this excellent Gala Blueberry Pie. It is a perfect ending for any celebration . . . formal or otherwise. Make it early — then at serving time, bring it to the table uncut. If you serve it with scoops of ice cream, prepare these ahead and freeze them . . . put them in a glass bowl and put this bowl into another larger bowl filled with ice cubes. Serve at table.

For the less formal dinner, try garlic-broiled chicken, baked potatoes with melted cheese . . . and a bright salad of sliced pickled beets, onion slices, ripe olives, garnished with sieved egg yolks, and served with a dressing. Serve plenty of iced, or hot, coffee with the pie.

Gala Blueberry Pie

1 package (3 oz.) black raspberry or black cherry flavor gelatin
1 cup boiling water
1 cup cold water
½ teaspoon almond flavoring
1 pint fresh cultivated blueberries
1 baked 9-inch pie shell
Vanilla ice cream or
Sweetened whipped cream

Dissolve gelatin in boiling water. Add cold water and almond extract. Chill until slightly thickened. Fold in blueberries. Spoon into pie shell. Chill until firm. Serve with a scoop of vanilla ice cream, or whipped cream.

WASHINGTON AND "SMALL BUSINESS"

BY C. WILSON HARDER

One of the great fallacies carefully nurtured is that a monopoly type of business benefits the consumer because it operates with such efficiency that savings to the public are possible. This has long been the argument advanced by the major oil corporations who are engaged in producing, refining, wholesaling, and retailing.

* * *

C. W. Harder

If it were not for these so-called integrated operations in petroleum, it is possible average motorist might drive for 20% or more less cost.

* * *

The Federation has received a very comprehensive report from a state group of dealers and distributors. It is impossible to mention the people who worked on the report, or even the state in which it originated, as such is the secret service of Big Petroleum, that given an inkling of origin, those responsible for releasing the data would find themselves the object of reprisals.

* * *

How much should one pay for gasoline? Nobody can give the answer.

* * *

An independent service station operator leasing facilities from major oil pays one price for gasoline. An operator who owns the facilities, and they are fast disappearing, is given a discount of a cent of more per gallon below this price.

* * *

The completely Company owned and operated stations are subsidized, and they are charged for gasoline about four cents under the retail price.

* * *

But a major oil company will sell to a chain of service stations for four to six cents per gallon less than to their independent dealers.

* * *

For a fleet operator, the major oil firms will also sell for less, even though the oil company must make long hauls, and often supplies the storage tanks, pumps, meters and other equipment needed by the customer.

* * *

At intersection after intersection in the nation, the four corners are occupied by competitive gasoline stations to keep anyone from getting the benefit of the business at any given intersection.

* * *

And if one company at the intersection rebuilds a more modern looking station, the other three in short order follow suit, which adds to the overall selling cost, and thus the price the public must pay.

* * *

If the major oil companies were out of the wholesaling and retailing of petroleum, and the marketing job in the hands of independent jobbers or distributors, it is predicted that almost half the nation's gasoline stations would be closed.

* * *

But the stations remaining, all independent, would be profitable, and the public would buy gasoline for a lot less than at present. As it is now, the public is paying through the nose to finance the subsidies the major oil firms pay to their wholly owned and operated service stations in the constant warfare being waged by the oil giants to maintain absolute control over the pricing of their products.

Don Graham, Pastor

Revival time draws near . . . only four short weeks away. We will begin our revival Sunday morning, July 21, and it will end on Saturlay night, July 27. We are making our final plans for our revival. We have planned to send four different letters to the members of the church. There will also be three different post cards. On Saturday night before the revival begins, we are going to have an all night prayer meeting. Members of the church will sign a list to pray for half an hour that night. When he finishes his hour he call the next on the list. Our services will be at 7:30 each night. Our speaker is to be Bro. Bill Coleman, pastor of the Liberty Baptist Church of Tallassee. Our singer will be Larry Draper, who has recently been called to the First Baptist Church.

Tonight the Young Married People have planned to have an ice cream supper at the church after Visitation. This is to be at 7:30. The recreation equipment will be available.

Saturday night, we will play the Chestnut Creek Baptist Church in softball. We are to play the second game at 8:30. Come and join us.

Don't forget our recreation period at the church on Friday night at 6:30. . Come any time you can.

On Wednesday night we will have Choir Practice and Prayer meeting as usual. Come and worship with us.

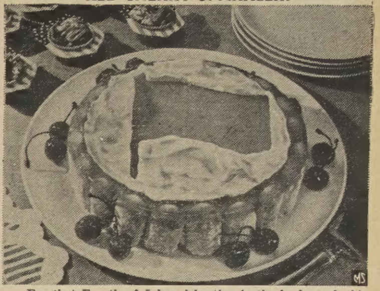
RED CHERRY SPARKLER!



For that Fourth of July celebration in the back yard, this gay Red Cherry "Flag" Dessert will match the fireworks! It's a great last-minute time-saver, too . . . make it early in the day; decorate at serving time.

Let this bright and delicious dessert top off grilled hot dog rolls, made simply by inserting a pre-cooked frankfurter, and a strip of cheese in a long roll . . . then wrap firmly in bacon and hold with toothpicks. Broil over a slow fire until well browned. These go well with a big green salad, and dill pickles.

Red Cherry Flag Mold

1 package (3 oz.) cherry, black cherry, or mixed fruit flavor gelatin
1 cup boiling water
1 cup cold water
1/4 teaspoon almond extract
8 ladyfingers, (slit)
1/4 cup chopped maraschino cherries
Sweetened whipped cream
1/3 cup flaked coconut (optional)
12 additional maraschino cherries

Dissolve gelatin in boiling water. Add cold water and almond extract. Pour ¾ cup of mixture into 9-inch pie pan. Chill until slightly thickened. Line sides of pan with ladyfingers. Chill until set but not firm.

Chill remaining gelatin until slightly thickened. Place bowl in ice and water and whip gelatin until fluffy and thick. Fold in cherries. Pour over gelatin in pan. Chill until firm. Unmold. Spread with sweetened whipped cream leaving a flag shape open in center. Sprinkle with coconut if desired. Decorate with additional cherries. Makes 6 servings.

Prayer Service, Thurs. 7:15

We had 186 attending our Sunday School last Sunday.

For our Morning Worship Service we were privileged to have the South-Easterners Quartet from South Eastern Bible College, Lakeland, Fla. We enjoyed the singing and also some very inspiring words from Obie Harrup, a member of the quartet. He used for his scripture I Samuel 13:19-21.

Bro. White brought a wonderful message Sunday night, using for his text. Matt. 21:33-41, subject, "God's Last Resort."

If you do not have a church home, we extend a cordial welcome to you to attend our church.

IF YOU'RE A MEMBER OF ONE OF THE 21,000,000 AMERICAN FAMILIES PLANNING A VACATION TRIP THIS SUMMER . . . use your telephone for all it's worth, while making plans, while you're enroute, and after you arrive. Calling ahead to make reservations and confirm arrangements will make the trip easier, leave more time for fun when you get there. Visiting friends on the way? Let them know by phone what time you'll arrive. And while you're there, don't forget to keep in touch with the folks back home by telephone. So, if you're going on a trip . . . go first by Long Distance. And have fun!

* * * *

GIVING YOUR TELEPHONE THAT "SCRUBBED LOOK" IS EASY. Just a quick once-over with a damp cloth will keep your phone spick and span. Be sure you don't use soap and water. It could get into the set and put it out of order. Also, there's no need to bother with waxes or polish; the outer plastic shell stays bright without them.

Jemison FFA To Hold Special Meeting

The Jemison FFA Chapter will hold a special FFA meeting the First Monlay night in July, July 1, 1963, at 7:30 P.M.

All officers and regular members are requested to be present. We will discuss the trip that we partially planned in our last regular meeting just before school was out. If yoc are not present we will figure that you are working and cannot make the trip.

I would also like to suggest that if any member or adult farmer in the Jemison area would like for me to visit and help him in any way feel free to call me any time.

The Sears Roebuck Angus Bull that the Briar Hill Farms and Sears Roebuck cooperating has placed with the Jemison Chapter is doing fine. We are now grazing him on Star Millet plus being fed. We would like to invite all members and farmers to stop by and take a look at him just any chance that you have.

He is located just behind Mr. Shields home.

Mt. Carmel At Adams

Rev. Charles Forriester, Pastor

The attendance for both services was off Sunday. Our Training Union attendance is way down. So let us urge every one, please make an effort to attend church and Training Union on Sunday. It doesn't take much of your time. If you will take the time to attend services os the Lord's day I'm sure you will get a wonderful blessing.

We say we are thankful for the many blessings that God gives us, but do we take time to thank Him for these blessings when His day comes?

Sunday afternoon visitors of Mr. and Mrs. Welch Roebuck were Mr. and Mrs. Edward Harris of Montgomery.

Rev. and Mrs. Forriester were the guest of Mr. and Mrs. Woody Klinner Sunday.

Roger Lee Cuyer spent the week end in Montgomery with his mother.

Our Homecoming will be the first Sunday in August.. We want to take this opportunity to invited all singers and song lovers to attend.

Remember our Wednesday night prayer services with choir practice following,. Pray for the sick and shut-ins and please let us urge you to attend church next Sunday. We need you and you need the Lord.

INDEPENDENCE DAY

Sons of Free Men - For Freedom Stand!

TODAY, July 4th, 1963, we celebrate the anniversary of American Independence.

ON this date, 1776, the Declaration of Independence was signed, and America was on her way to becoming the greatest nation the world has ever known.

ADVERSARIES have been many; bloodshed frequent in the history of the United States. But, this nation has not come to the heights attained through pettiness and unfair advantages.

OUR heritage is hard work; our future: clear thinking, preparation to meet the needs of our people, and kind attention te those in the world less fortunate than ourselves, who desperately need our help. . . but do not want our charity.

AMERICA has never, since its birth, challenged another nation to war; but has met challenges of world corruption with defense and strength, and in the name of God and freedom.

"LET Freedom Ring" is a favorite expression of Americans; but freedom only rings from the hearts and lips of a people who are at their best helping others. Those who complain incessantly, and those who do not meet the challenge of "Independence" do not deserve freedom.

AMERICA'S causes have always been just. She has always prevailed because of it. The Almighty looks with favor on a people, a nation, who are united in a supreme effort to make the world a better place in which to live.

GOD gave to man the prospect of Peace on Earth. Thus inspired, men of good will drew up the document which is the Declaration of Independence, in order to help attain this divine goal for all mankind.

PROBLEMS of humanity beset us on every hand. Men of evil would have America destroyed; but men of vision will fight to keep it alive. Men of little faith would have us forget there is a God; but men of strong character will uphold his statutes, and a nation will bring forth sons who will stand for right, and give their all for freedom.

New Industry at Thorsby

Mayor Grover Bice of Thorsby and J. H. Stokes, President of Chilton County Chamber of Commerce announce that arrangements have been made to locate a wholesale distributor of lumber in Thorsby. The new concern, United Lumber Products, Inc., is being incorporated in Chilton County, and all of the stockholders are residents of Alabama.

The new firm will sell many quality items to licensed dealers only. It is estimated that from 10 to 20 carloads of inbound freight will be unloaded into the warehouse each month, and these products will be distributed in mixed truck lots direct to dealers throughout the State of Alabama.

Among the products to be handled are Appalachian and Southern hardwoods, including Walnut, Cherry, Birch, Beach, Maple, Basswood, Oaks, Poplar, Ash together with several species of tropical hardwoods such as mahoganies. Cypress and cedar will also be stocked.

Construction and shop grades of West Coast lumber and Southern pine will be available to dealers from this location, including Ponderosa and sugar pines, Spruce, Larch, Fir, Hemock and Redwood, and mouldings.

Officers of the new cimpany are Joe H. Shelton, President and Treasurer, Jack Strubel, Vice President, and Mark W. Burdette, Vice President and Secretary. All of the officers are also connected with United Plywoods Corporation in Birmingham and Montgomery, distributors of many plywoods, Masonite, Formica and the Jemco window and door units manufactured at Jemison.

Homecoming At Oak Grove

Sunday, July 7th is the annual Homecoming and singing at Oak Grove Baptist Church 2½ miles north of Jemison. All singers and lovers of gospel music are cordially invited to attend.

Chamber Sees Goal In Drive; Final Push on

"The current fund drive for Chilton's newest industry is making good progress," reports Judge J. C. White, drive chairman. "Slightly more than $7,000 is now in sight and only a very small percentage (about 25%) of the business people have been contacted and asked to help. Th wonderful response we have had so far certainly indicates that the goal of $25,000 is within reach."

Judge White appointed nine team captains last week and divided the names of the business establishments in the community among them for personal contact. Unfortunately, several of the teams were unable to contact the majority of the names assigned to them. Therefore, the drive will be continud until the quota is met and everyone has been given an opportunity to participate in this project.

"This new payroll," said White, "can and will mean a lot to Chilton Ciunty. We have an opportunity here to provide fifty women with immediate jobs and fifty more anticipated to follow them into new jobs within 12 months. Projected empliyment within two years is expected to reach 200."

"Last May, when we had our labor survey for this plant, about 800 applied for jobs the first day. Since then about 100 other applications have come in. It is our regret that we don't have a job opening for each and everyone of these 900 women. Many of them need the work urgently to support themselves and their families.

I watched the long line of applicants and knew many of them personally and knew them to be cases of hardship who needs help. They weren't there, however, to receiv something free. They were there seeking jobs and an opportunity for work to make their own way in the world. You can't help but admire that spirit and you can't be indifferent to an opportunity to help people to help themselves.

Industrial Fund Drive
In Full Swing

A supercharged team of men went out the first of this week canvassing for contributions to the "Fund Drive" now well underway bf the Chamber of Commerce.

The money is coming in, in increasing amounts, according to officials of the C of C, and the goal is in sight, though it will probably not be reached until next week.

If you are one of those citizens who wish to contribute to this "step forward" for this community, we are assured by the "team captain" that you will be contacted, and soon.

Watch the thermometer in front of Mullins Supply here in town, to see how the Fund is doing the latter part of the week.

The following is a recent list of contributions as the News could obtain Tuesday afternoon before press time. According to the treasurer, "It's already out-of-date"! Names to be added will be published in the News next Week!

LT. AND MRS. MACK NICHOLS FETED

One of the loveliest social functions of the season was a tea at the home of Mr. and Mrs. L. G. Nichols honoring their son Mack and wife on Thursday evening, June 6th.

Hurrincane lamps gave a soft glow at the entrance of the home The home was beautifully decorated in the color scheme of pink and white. An arrangement of pink was on the table by the window in the receiving room. The sterro had a tall arrangement of stock and snap dragons and pink burning candles on the dining table where dainty refreshments were served. The buffet had a bow arrangement of white glads and fugi muhs. At the end of the hall on a table was a brass bowl holding pink glads. The bedroom were decorated in seasonable garden flowers,

Mrs. Joseph J. Mullins greeted the guests at the door. In the receiving line was Mrs. L. G. Nichols, her daughter in law, Mrs. Mack Nichols, her husband and Mr. L. G. Nichols. The two Mrs. Nichols were wearing cymbedium orchid corsages.

Mrs. Ed Mullins was at the tea service pouring. Others assisting with the courtesies were: Mds. Joe Moore, Charles Moore Harold Lawrence, Ralph Morrison, Claud Craig, Bert Snead John DeRamus, W. A. Willis, Mrs. William P. Burnett and Miss Susan Nichols.

Over 250 guests called between the hours from six to eight o'clock.

Lovely Bride Of Mr. McKinnon

McKinnon-Williams Vows Spoken

The First Methodist Church in Clanton was the scene of the wedding of Miss Myra Lynn Williams and Jimmy Wayne McKinnon on Sunday afternoon June 23 at 4 o'clock.

Parents of the couple are Mr. and Mrs. Robert Carlos Williams and Mr. and Mrs. Jesse Lincoln McKinnon of Clanton.

Rev. Glenn P. Cantrell, minister of the church officiated in a double ring ceremony.

The entrance of the church was decorated with Southern Smilax and clusters of white wedding bells tied with white satin ribbon. A guest register stand in the church foyer was placed beside a table marked with an arrangement of caladin leaves in wedding tones and calla lillies, marked with white wedding bells.

The alter rail, interlaced with smilax, was emphasized with a background of "tree" candelabra enterwined with smilax and holding illuminated white cathedral tapers. The central sunburst arrangement of specimen mums, calla lillies and gladioli and two fan shaped arrangements of wedding flowers in white urns completed the church decorations.

Family pews were marked with white flowers and wedding bells and the recessed windows were accented with greenery.

Mrs. Gordon Robertson was organist and played the pre-nuptial music and traditional wedding marches. She accompanied Roy Wood, soloist who sang, "I'll Walk With You," and "O Perfect Love."

Miss Faye Williams attended her sister as maid of honor. Bridesmaids and matrons were: Mrs. James Zuccarelle, Jr. cousin of the bride, Misses Martha Palmer, Ann Thompson, Judy Lawrence of Birmingham, Becky Gray and Linda Carroll.

They were wearing cherry pink frocks of sheer nylon over matching taffeta and fashioned on identical lines featuring cap sleeves and scooped necklines. Their matching bow, a spray of flowers worn in their hair with bouffant veils in matching pink completed their outfits. Their colonial nose gays were of Bettertimes roses accented with stephanotis.

Given in marriage by her father the bride was a portrait of loveliness in her gown of white silk mist taffeta and alencon lace. The lace Empire bodice was designed with brief sleeves and portrait neckline. A garland design of lace accented the bell shaped skirt of taffeta which terminated into a chapel train. Her veil of silk illusion was attached to a crown of pearls and she carried a cascade of white butterfly roses and stephanotis centered with a large white orchid.

For "something old" the bride wore her grandmother Williams gold wedding band. She was the fifth bride to wear this ring during their wedding ceremonies.

Little Miss Angela Jones, daughter of Rev. and Mrs. James Jones of Selma was the brides flower girl. Her frock of white silk organza over matching taffeta was accented with a wide sash of cherry pink and she carried a white satin basket filled with Bettertimes rose petals.

Ronny Porter, nephew of the groom was ring bearer.

Mr. McKinnon served his son as best man. Groomsmen were Messers. Dan McKinnon, brother of the groom, Floyd Porter, Tom Shelton, Randy Rockett, Henry Bell and James Studdard.

For her daughters wedding, Mrs. Williams wore a sheath of ice blue sheer silk over matching taffeta with accessories to match and a yellow throated white orchid corsage.

Mrs. McKinnon was attired in a sheath of rose lace over taffeta with matching accessories and she also wore a yellow throated white orchid corsage.

The grand mother of the bride Mrs. N. E. Samuel wore sheer navy blue with matching jacket, with pink accesories and a corsage of pink carnations.

MISS LYNN WILLIAMS FETED

Mrs. Charles Moore had a luncheon at her lovely home on Wednesday, June 19, honoring Miss Lynn Williams, bride elect of Jimmy Wayne McKinnon.

The home was decorated with garden flowers. The dining room table was centered with a bowl of stand-up bride
of pink roses. Place cards were miniature stand-up bride and groom.

Enjoying this luncheon with the honoree was Misses Faye Williams sister of the bride, Ann Thompson, Martha Palmer, Becky Gray, Linda Carroll, Nelda McKee, Linda Burdette, Barbara Jean Scott and Linda Penton.

Miss Martha Palmer won the prize in a game the group played. The bride was presented a remembrance gift by the hostess.

Mr. and Mrs. Jimmy Taylor and children of Roanoke spent the week end with Mr. and Mrs. W. G. Vinson.

Mrs. Lee Robinson visited her sister Mrs. O. J. Eiland and Mr. Eiland over the week end.

Immediately after the wedding the brides parents were hosts at a reception in the spacious gardens of their home on Selma Road. The entrance to the wed-Road. The entrance to the walkway was marked with a large white wrought iron arch, entwined with smilax and white wedding bells. Two lovely stands and potted palms marked off the receiving area where guests were greeted by Mr. and Mrs. Williams, Mr. and Mrs. McKinnon and the bride and groom.

Variegated pink and white caladiims marked the pathway where the courtesies of the hosts were extended by the bridal attendants.

A giant white memory candle was burning on the table where guests were registered by Miss Mary Kate Tucker.

Guests were served on the large patio which was most inviting with a waterfall beautiful colirful petunias, caladiums and potted plants.

The three tiered white wedding cake marked the appointed brides table which was covered with a cloth of soft pink satin with matching tulle. Soft bows and the bridal attendants nose gays added to the beauty of the table. The cake placed on a mirror plaque was embossed in hand molded orchids, calla lillies lillies of the valley and wedding bells, topped with a miniature bride and groom.

After the traditional cutting of the cake by the bride and groom it was served by Mrs. Floyd Porter, sister of the groom who was assisted by Mrs. Dan McKinnon and Mrs. R. Z. Gray.

The punch table was covered with a soft pink cloth appointed with the silver punch bowls and trays of hand molded pink mints and dishes of nuts was centered with a silver branched candleabra holding burning tapers. The silver goblets for the bride and groom's toast and napkins with the inscription, Lynn and Wayne June 23, 1963 and trays of rice bags completed the table arrangements.

Presiding at the punch table were Miss Pat Powers of West Point, Ga., Miss Sue Washington of Springville, Alabama. Miss Carolyn White and Miss Dianne White of Opelika. Assisting in the gardens were Mrs. Clarence Fiquette, Mrs. Sara Palmer, Miss Linda Burdette, Miss Nelda McKee, Miss Carol Young, Miss Judy Waites and Miss Linda Vines.

As guests entered the house to view the many lovely wedding gifts, they were greeted by Mrs. Charles Moore. The den was lovely with arrangements of Magnolia leaves and their blossoms and branched candlebras holding burning cream colored tapers. Bells of Ireland and large bronze mums also added beauty to the room.

The pier mirror in the hall was marked with an arrangement of calla lillies, white gladioli, lillies and pink carnations were used to further adorn the spacious home..

Assisting in the home were: Mrs. Russell Shelton, Mrs. J. D.. Bell, Sr., Mrs. W. C. Davidson, Mrs. J. .C. Parr and Mrs. Clifford Jones.

When the bride left for her wedding trip to points of interest in Florida, she was wearing a sheath of white cotton, with a white hat and the orchid from her bridal boquet. On return from Florida the couple will make their home in Clanton.

Out of town guests included: Mrs. William Owen, Pulaski, Tenn., aunt of the bride; Mrs.. James Zuccarello, Jr., Cousin of the bride; Dr. and Mrs. LeVerne Fernandez and sons Perry and Gary from North Augusta, South Carolina; Mr. and Mrs.. John Morris, Birmingham,; Mr. and Mrs. Jack Lawrence and daughter Jackie from Birmingham, Rev. and Mrs. James Jones and daughter Angela from Selma.

Sparkman Attacks Administration "Civil Rights" Bill Now Before Congress

Dear Fellow Alabamian:

During the past week end I voiced my strong opposition to the civil rights measures sent to Congress by the Administration.

The bills are uncalled for, unnecessary and are in violation of the Constitution, I said in news interviews over Southern radio and television stations.

Attacks School Desegregation And Justice Department Intervention

While agreeing that all of the proposals are bad ones, I specifically attacked the provision which woild empower the Attorney General to bring action for school desegregation in the name of the United States and the proposed ban on so-called discrimination in accomodations and services to the public.

In the interview I referred to the initiation of suits by the Attorney General and I recalled that Congress had voted down similar bills, Congress has repeatedly voted that provision down as a bad one and as providing uncalled for authority.

Public Accomodations Provision Opposed

With reference to the proposed measure to force integration in public accomodations, I said it would deprive private property owners of the use and control of their property without due process of the law. I also expressed opposition to a proposed agency for community persuasion.

I reported that I had already appeared before the Senate Constitutional Rights Subcommittee and testified against a proposal to extend the life of the Civil Rights Commission for four years.

Long Debate May Be Needed

We Southern Senators are prepared for long days and nights of debate. We have caucused to plan our strategy for the fight against these latest proposals. Some of them are new. Some are old.

Even before our meeting, however, Senator Richard Russell and I served notice on the Senate Leadership and the Administration that we Southerners would vigorously oppose the so-called public accommodations bill and the other measures being put forth by Republicans and Northern Democratic advocates of unwise and unworkable legislation.

Cites Long Record of Fight Against Civil Rights Bills

In almost every year since I came to the Congress, we have been faced with so-called civil rights measures of one kind or another. Many of you will recall the successful fight which we Southerners made against the old Fair Employment Practices legislation. We vigorously opposed the Eisenhower-backed Civil Rights Acts of 1957 and 1960. We were successful, after long, long debate, in pulling the teeth from these bills before they were pushed through by Republicans and many Northern Democrats. As you know, we prevented enactment of the so-called literacy test bill in 1962.

Earlier this year we Southern Senators, by means of extended debate were able to prevent the Senate from voting to cut off debate, thus heading off civil rights legislation in the early part of this session of Congress. The odds in the up-coming battle however, are heavily against us. In our caucuses only 19 Senators have been taking part. In this regard, I think it is only fair to say that we consider this to be the tightest spot we have encountered.

Will Try To Prevent Ill-Conceived Action

I am greatly concerned that the Senate may approve harmful legislation and that this approval may stem from emotional and political considerations rather than any regard for Constitutional Government. Nationwide demonstrations have fanned racial tensions and the mood on Capitol Hill seems to be to take some action even though it may be hasty and ill-conceived.

In any event, I am preparing to do battle in the best way I know how, that is, to fight these bills on the Senate floor. My attack will question the legality of these bills. It will center on Constitutional principles. It will attempt to appeal to a sense of reason at a time when emotion is the political order of the day.

I am determined to fight these bills to the end. Whether that end shall be bitter or rewarding remains to be seen. In any event I am going to do my best to prevent the enactment of those measures. I firmly believe that their enactment would further harm our dual system of State and Federal Government, would weaken the U. S. Constitution, and would be an invasion of private property rights.

With best wishes, I am
Sincerely,
John Sparkman

Rev. Charles Forriester, Pastor

We are proud to report our attendance was very good this week for both Sunday and Sunday night services. Our pastor brought two very inspiring messages, if you failed to attend services Sunday you missed a real blessing.

The Young Married People had a supper last Saturday night at the park in Maplesville, every one enjoyed it very much.

Our WMU Ladies will meet at 3 o'clock next Sunday afternoon. We want to remind every one the first Sunday in August is Homecoming and singing. All singers and lovers of music are invited.

Some of us attended the singing at Shiloh Sunday afternoon The singing was wonderful. We enjoyed it very much. We hope that some of you from Shiloh can attend our singing the first Sunday in August.

Rev. and Mrs. Foriester were the Sunday guest of Mr. and Mrs. E. A. Lenoir.

We are happy to have visitors in our services and we want to extend a cordial welcome to everyone.

Remember our Wednesday night prayer service, with choir practice following. Pray for the sick in heart as well as the physically sick, and the Lord willing we wil se you in Church Sunday.

Sparkman Appeals To Courts: Need 'God' In Schools

Misgivings about two U. S. Supreme Court decisions relating to religion were exposed today by Senator John Sparkman, (D., Ala.), in a speech prepared for delivery to the Capitol Hill Chapter and the Younger Lawyers Committee of the Federal Bar Association.

"The Supreme Court has failed to draw a distinction between laws which establish a religion and laws which merely affect religion," Sparkman said.

"I am concerned about those cases and about future cases that might further the doctrine of the first prayer decision (Engel) because I think it is unfortunate that our Supreme Court has opened up this avenue of extreme disassociation by State and local school authorities with any form of religious or spiritual recognition," Sparkman stated. "Where to draw the line on our official governmental recognition of God as our Supreme Being has been in somewhat of a confussed state since the Engel decision was handed down."

According to Sparkman, one of the common characteristics in the New York, Maryland and Pennsylvania cases was the fact that no student was forced to listen or participate in school prayers.

Sparkman recalled that in his remarks on the U. S. Senate floor following the first Court prayer decision, he pointed out that if the decision is carried to the extremeties of its implications it should not be allowed to stand in a government whose very foundations are based upon the existence and guidance of an allwise Supreme Being.

Sparkman asserted that the prayer in question in the Engel case, "should not be construed as a governmental act establishing a church or a religion."

"I feel that we are in a dangerous era which may promote the cause of atheism and secularism," Sparkman declared. "The Engel case started this era, and it may very well touch our national foundations more deeply. Mr. Justice Douglas' concurring opinion in that case caused alarm that perhaps the use of the word 'God' anywhere in our official life is improper.

"The opinion of June 17th also stated that the Bible could be taught in schools as a course of study, just as mythology is taught, which might lead a number of school children to feel that the Bible is entitled to about as much credence as mythology," Sparkman said.

Volunteers Needed In Ecuador

The Peace Corps is looking for volunteers to serve in Ecaudor. John D. Sellers, Chilton County Agent, announced that the Corps needs volunteers trained in agronomy, forestry, horticulture, home economics, poultry, range management and veterinary medicine.

Persons with general experience in homemaking and farming are also being sought, added Mr. Sellers.

Hanchey Logue of the Auburn University Extension Service, as State Peace Corps representative said the volunteers selected will work through the Ecuadorian Extension Service at agricultural schools, experiment stations and rural community centers.

For more information, write Logue, John D. Sellers, or Jim Gibson, Division of Agricultural Affairs, Peace Corps, Washington 25, D. C.

Suggestions On Emergency Feed Production

County Agent John D. Sellers today offered the following suggestions for emergency feed production.

1. What crops can be planted?

A. For grain. Grain sorghum can be planted as late as July 15 to July 20 in Central Alabama.

B. For silage. Grain sorghum; annual grasses such as Gahi-1 millet, Sudax 11, Grazer, Suchow, Haygrazers, etc; medium earl, sweet forage sorghums such as Lindsey 101 F, FS-22, NK 315 and 330; early or medium early, nonsweet forage sorghums such as NK 300 and ES 1A, can be planted as late as July 15 to 25 in this area.

Medium late, sweet forage sorghums such as Heildmaker, Beefbuilder, Tracy, Lindsey 115F and Milkmaker, can be planted as late as July 10.

C. For hay and emergency grazing. Browntop Millet, a relatively low yielder, can be planted as late as July 15 to 20. It makes rapid growth and hay of good quality.

Annual summer grasses. Starr and Gahi--1 millet (not on pararie soils), sudan-sorghum crosses, sudan, and sudan hybrid, can be planted as late as July 15 to 20 for hay. It is necessary to use a hay conditioner and have hay making weather to save good quality hay from these crops.

2. What about seed-bed preparation and fertilizer?

Cut drought-ruined corn for silage or fodder if it is worth saving or practical to do so. Otherwise, shred stalks with a rotary mower, disk and harrow to prepae a smoith seed-bed. On some soil, seed may be dilled without any land preparation.

Following well fertilized corn no additional fertilizer is recommended. If corn has not been fertiized with 80 or more pounds of nitrogen per acre, top-dress with 30 to 40 pounds of nitrogen when plants are up to a stand. A small amount - 150 pounds per acre - of a complete fertilizer applied at planting, will stimulate rapid seedling growth.

3. What method of planting and seeding rate should be used?

This will vary from farm to farm. In general, drilling is the best method of planting grain sorghum for grain or silage. However, these crops may be drilled, broadcast, or planted in wide rows.

Recommended Seeding Rate

Crops	Methods & Lbs Per acre 36"-42" Rows Lbs	7"-12" Drills Lbs.	Broadcast Lbs.
Grain Sorghum ..	6-8	12-15	15-20
Forage Sorghum ..	6-8	12-15	15-20
Millet ..	6-10	15-20	25-30
Sudan-Sorghum Hybrids ..	8-12	20-25	30-35

4. What are some alternatives?

A. Plant summer grasses for emergency grazing - about 1 acre for four cows. Remove cattle from parts of coastal bermuda or bahia grass pasture, top-dress with 50-75 pounds nitrogen per acre and cut for hay when ready. Coastal and bahia-grass is easier to cure than the rank lage stem annual grasses.

If coastal bermuda, bahia grass, or Johnson grass has not been highly fertilized with nitrogen, step up the nitrogen top dressing for additional hay and frosted grazing.

C Seed millet or grain sorghum in corn middles for late fall and frosted grazing.

D. As soon as corn is harvested get ready for planting winter grazing crops for dairy cows, steers, hogs, and beef calves.. Soil test, apply lime where needed, prepare land early, follow, and buy seed.

Why We Need Industry!--

THE average per capita income for every man, woman and child in the United States in 1961 was $2,263.00. But, the per capita income for the State of Alabama was only $1482.00 for every man, woman and child. We were fourth from the Bottom in per capita income. In Chilton County, we had an incredible per capita income of only $901.00! Only 19 other counties in Alabama had lower per capita incomes for its citizens. There are very few areas in this nation with lower incomes than ours.

It it any wonder then that more than one-half of the citizens in this county more than 65 years of age are on the welfare rolls of the State of Alabama. These old folks must supply all their human needs on $75. per month welfare checks. That's $900. per year, just one dollar less than the per capita average income for the entire County This means that there are many, many people here who must get by with less than $900. per year in total income.

Is it any wonder then that 3238 teenagers counted in the 1950 left Chilton County before the 1960 census was taken? Why did all these young people leave here, weren't they satisfied with $901.00 per year in average earnings? Why do we need industrial payrolls? It's no wonder the U. S. government has classified Chilton County a "depressed area."

If you earned more than $901.00 last year you can help those who didn't by supporting your Chamber of Commerce in its drive for new industrial payrolls. When our home economy becomes so depressed that our friends and neighbors barely earn enough to keep body and soul together, every citizen starts thinking about how he can help his neighbor and fellow citizen. The time to "think" is past. The time to act is now!

Determination... --

WE have never seen a group of men more determined than those of the Chilton County Chamber of Commerce, in their current drive to bring industry to this area.

These men have seen what industry can do for a community. This community, with its low per capita income, is ripe for industry. It has the manpower (and womanpower for the labor forces required; it has the natural resources; ond it has finally obtained the necessary leadership to get a job done . . a very difficult job, we might add.

Bouquets, though not necessary, are being prepared to be tossed to deserving men in this community. We seem to be blessed with more than our share of self-sacrificing businessmen who are willing to give financial support, good will, and lots of sweat and energy to a cause well worth the effort.

The Fence Divides--

THE quaint old fence that traditionally seperates us from the "greener pastures" is deceiving in nature; and hinders foresight considerably.

Those who are always looking for greener pastures and easier living, would do well to look around them, here in Chilton County, and see what they have in the way of "greenery". When somebody said "money isn't everything. . ." they knew what they were talking about.

Count the blessings you have; and if you can't see them; go somewhere else and count their's. That will give you the perspective you need to do your counting at home. It's amazing how many virtues we overlook, when we are trying so hard to see fault!

He finished with a final score of 97 percent.

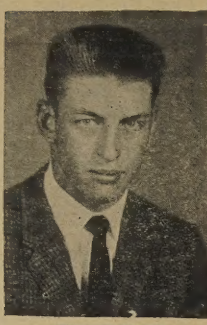
Close runner-ups to Tom was Cal Alred, 9, son of Mr. Callen Alred of Alred Dugs; Bill Speaks, 10, son of Attoney Francis Speaks of Clanton, and Chuck Calloway, 10, of Route 1, Clanton, Alabama. They each finished with a final score of 91 percent.

Others completing the course and receiving their Young Boatman's Certificate which entitles them to legally operate a boat in Alabama were: Mike Rosenfield, brother of Tom who finished high. Billy and Claudio Maddox whose father is associated with Rockett Hardware here in Clanton. Jim Powers, 207 2nn Avenue North, Clanton, Jerry McClennon, Route 4, Scottsborough. Ginger Alren sister of Cal, who was a close runner up, Ken Poole of 1007 4th Avenue North, Clanton. Kenny Bates, Higgins Ferry Road, Clanton, Wade Connell, 1716, Glendale Drive, Clanton and Ken and Vicki Vinson both of 206 Martha St., Clanton. Walter L. Bryant, the local Water Patrolman was the instructor.

Bryant reports that this course is offered to children between the ages of eight and twelve years which ,after completion entitles children between these ages to legally operate a motor powered boat in this State. Alobama law requires that these children complete this course before they are allowed to operate a boat alone.

Normally this course is contact the local water patrolwith boating lore and who has a sincere interest in children this age group. Normally these instructors are found in community interest groups or clubs. Because of the strong desire these particular children who wanted to complete this course so that they may operate their boats alone during this summer, instruction was given by the Water Safety Division itself. This course consists of eight hours of instruction and examination time. There is no charge for the course or the certificate. There will be no other instruction by the Water Safety Division for the rest of the summer. Any group or organization interested in Water Safety that would be interested in sponsoring this course may contact the local woter patrolman, Walter L. Bryant for particulars. This course will be available for the rest of the summer to any of these community interest groups who are qualified instructors.

Monroe On Dean's List At U Of A



Elliot F. Monroe

MR. and Mrs. E. S. Monroe, Clanton, received official notice this week that their son, Elliott Fail Monroe, has his name on the Dean's List at the University of Alabama as "a superior student in the College of Arts and Sciences."

Elliott is an exceptional scholastic record. He is in pre-med studying to become an M.D.

He is a member of Rho Alpha Tau, and has just completed a year as president of the Druids, both scholastic and leadership organizations. Fraternally, he is a member of Alpha Epsilon Delta, pre-med honorary fraternity.

Elliott is married to the former Rebecca Cole, also of Clanton.

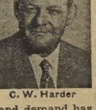
WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

According to last reports, the Federal Trade Commission is still engaged in a study of trading stamps. But perhaps like so many bureau procedures, by the time FTC gets finished with its "study" the parade will have passed by.

* * *

The facts are now that trading stamps are no longer doing the intended job of bringing new customers to a retail establishment, and maintaining a hold on old customers.



C. W. Harder

* * *

In fact, the law of supply and demand has started to work in its classic manner, because now with trading stamps issued by so many retailers, no one is getting advantage from stamps.

* * *

Hence, there has come into being such devices as lottery type games such as Split the Dollar, Lucky Bucks, Spell C-A-S-H, Super Poker and other cash prize games.

* * *

But in most cases, the retailers engaging in this type of promotion are continuing to give stamps, not as a positive force, but as a defensive move.

* * *

Some states have outlawed trading stamps, some have laws requiring them to be redeemed in cash.

* * *

There are some brave psychologists who have attempted to explain what goes on in the housewife's mind relative to trading stamps. Some claim everybody is against trading stamps except the housewife.

This may, or may not be true, and presumably could be argued exhaustively with no conclusions reached. And perhaps if it is ever found that the majority of housewives do prefer stamps, the issue of whether government has the right to deprive them of this pleasure becomes almost a constitutional question.

* * *

But there does seem one logical approach to the problem. If, as some in government are now asserting, that some container labels mislead or fail to give the buyer the information she is entitled to have before purchasing, then it is equally as valid she should also be informed as to premium paid for stamps.

* * *

A food store, for example, using the average trading stamp plan, must pay out for stamps an amount equal to 2% of hs monthly sales. Food retailing is so competitive that no grocer can absorb this cost. Thus, when stamps are given, prices must be raised.

* * *

Thus, it would seem if there is any validity in government prescribing what shall be carried on a label, it is equally as valid that a store issuing stamps should be required to inform the shopper of the true situation.

* * *

For example, if all stores issuing stamps were required to post legible signs in prominent places stating something to this affect "The pricing schedule in this store reflects the 2% cost for trading stamps" the public would be protected. If the housewife wished to pay a premium to obtain stamps, she would not be under delusion that something is being given for nothing.

ALABAMA HISTORICAL SITES

By JIM HART

Alabama is fortunate to have within its boundaries some of this country's most interesting historical sites which add to the rich background of this State and its struggle for existence. From Fort Jackson, which was built by Andrew Jackson during his Indian fighting days, to Mountain Creek Monument, the site of two Confederate cemeteries, Alabama has played an important part in the history of this country.

For those who are interested in visiting the site of Alabama's first large Indian fort, I would suggest Fort Toulouse which is located between Montgomery and Wetumpka. This spot is marked by a monument placed there in 1912 by the Alabama Society of Colonial Dames and it was on this spot that Fort Toulouse, "A Defense Against The Indians," was built by Bienville in 1774. It was also on this site that Fort Jackson stood.

Another interesting historical site is St. Stephens Monument, which is located in Washington County at the site of Old St. Stephens. This was originally a Spanish Fort built in 1769 and evacuated to the United States in 1799. It was later designated the Alabama Territorical Capitol in 1817. On this site was located the United States Court and Land Office and for several years the seat of justice in Washington County. The marker which described this location was placed there by the Alabama Centennial Commission and the people of Washington County on September 28, 1922.

Horseshoe Bend, scene of the last maior engagement of the Indian Wars, ih marked by a large congressional marker and is located in Tallapoosa County. It was here that General Andrew Jackson's forces broke all organized Indian resistance in this section of the nation. It has already been converted into a national park.

Fort Mims, located in Baldwin County on Boatyard Lake near the Alabama River, is also one of this State's most historical places of interest. It was at Fort Mims that white settlers from South Alabama gathered for defense against the Indians. At this spot on August 30, 1813, Indians struck as the garrison was at the noon meal and, surprising the whites gained entrance to the Fort through a gate which could not be closed in time. This Fort was the scene of one of the greatest known massacres of white settlers by Indians in the U. S.

Near Clanton, east of Highway 31 where once a Confederate Old Soldier's Home stood there is the Mountain Creek Monument which marks the site of two Confederate cemeteries. This final resting place for so many of Alabama's Civil War dead is located 10 miles south of Clanton in Chilton County.

Alabamians have paid the price for immortality in the halls of history and these are but a few of this State's historical sites which are marked so we may visit and recall the great events which took place there. With but little imagination you can almost hear the savage cry of Indians, the rebel yell of Confederates a century ago or the rifle shots from Andrew Jackson's soldiers in battle. ?

These will make interesting places for all the family to visit. Why not plan a trip soon.

Banks Closed Two Days!

IN case some get confused about the County banks closing for the 4th of July, here's a straightener outer: The banks will close as usual all day Wednesday, the 3rd, AND all day Thursday, the 4th. If you were planning on doing business on those days, better see them Tuesday or Friday.

They will all be closed TWO days!

Common Sense from Negro Woman

Following is a letter from a negro woman first printed in the Jackso (Miss.) Daily News. We are reprinting it fdom the Carthaginian feeling that it is worthy of wide circulation because of the real truth in it. The letter follows:

"Editor:

"I have written several leading magazines supported by the NAACP but have yet to see one in print or a word of acknowledgement. So once again I turn to my white friends to get action.

"I have taught many colored children in the Deep South and was born and raised in the cotton field myself. To some this may sound like a starved, inhuman existence. Let me say here that those were the happiest days of my life.

"I am getting on in years now, my health is gone. I long to spend my last days and be buried deep in Mississippi soil. I want my own kind of people to lay me away in a Christian manner in a free church yard.

"Eleven years ago I heeded the wild tales down there of the wonderful north. I came to Chicago with the hope of being a society lady like I had heard so much about. But what I want to tell my people, the colored people of Mississippi, is this: Just being allowed to sit up front on the crowded buses and here and there a colored child is in school with the whites does not mean and will never mean that the respectable white people will take you into their hearts and homes fully and freely as they do one of their own kind.

"And the whites that will and do are just mixed trash that any self respecting Negro will do well to shun.

"I beg you to listen to one who knows about these things. For your own sake, the welfare of the coming generations, do not push integration. Stop and think these things through.

"It just means giving up your own life and none of us can ever be happy trying to adjust and conform to the rigid rules laid down for us by white society.

"When you give up your own schools and churches you are giving up your last hold on your precious freedom. Down there you can meet and mingle, serve God in your own way, shout and sing if you feel like it. Here you would get thrown in jail if you attempted to shout to God in church or anywhere else.

"Down there you can have your own way. Nobody disturbs you so long as you don't disturb the peace. You have as good schools there as anywhere in this world and a lot more freedom than you will find on the northern trails.

"If you can't be anything worth while in a segregated school, you certainly won't amount to anything in an integrated school.

"One other thing I have learned I want to pass on to you— nine out of every 10 dollars you hand over to the NAACP goes to pay the white agitators of newspapers and magazines. This is no hearsay. I've worked for them and I know. Their price is high. They are well paid to peddle their agitation and stir up trouble. And all they care about is the money you hand them. Just try paying them a social call. In fact, the whole north, both black and white, is sick and tired of the mess it's made of this entire segregation business.

"Stick to your own way of life, be proud of your own race instead of trying to push and shove into places where you won't be happy. Today I have no regrets I was born black. I have done what I could to help my race improve their way of life. Don't ever blame the white race or any other race for any of your failures. The fault is purely your own. We all have the same opportunity. It's up to each race to rise or fall.

"You've never had it so good as you have in dear ole Dixie today. God being willing, I'm coming home to Mississippi where black is black, white is white and all a friend to man.

Chicago, Illinois"

YOUR HEALTH

INFECTIOUS HEPATITIS

Infectious hepatitis, other wise known as inflammation of the liver, is found in all parts of the world. In those areas where sanitary standards are low, infectious hepatitis is prevalent, and as with typhoid fever, epidemics of the infection occur in times of war or at camps where many people congregate.

Infectious hepatitis is a disease of both children and adults. The severity of the attack varies depending on the amount of damage done to the liver cells by the virus.

The first symptoms include fever, loss of appetite, nausea, lassitude, headache, pain in the back and limbs, and some gastric upset. After a few days the fever subsides, and the recognizable jaundice usually appears.

The disease is also called infectious jaundice or epidemic jaundice. Jaundice is a yellowness of the skin which is caused by the presence in the blood and tisues of bile, a fluid which is secreted by the liver.

The average incubation period is about 24 days, and the disease is spread through food and water contaminated by human waste. Several epidemics have been traced directly to contaminated water, food and milk. There fore, community sanitation and personal hygiene will do much to prevent this disease; and rest, not necessarily bed rest, is an important factor in treating virus hepatitis.

YOUR SOCIAL SECURITY

(This series of questions about Social Security is compiled from the questions sent to the Selma Social Security Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, C|o Chilton County News, Clanton, Ala.

Q. I thought I was 62 last year and put in my claim for social security then. When I tried to prove my age I found that I would be 62 this year. Will my checks start coming to me when I do become 62?

A. No. You'll have to put in a new claim.

Q. I plan to move in the next month or so. I get social security checks. How can I change my address so that my checks will reach me on time?

A. If you change your address before the middle of the month, your check should reach you when it is due. Be sure that you put yor social security claim number on any card or letter you write us when you do change your address. If possible, contact the nearest Social Security office or representative to make this change.

Q. I was called "Pinky" when I was younger and I have this name on my social security card. I would like to have my correct name on my card. What must I do?

A. Fill out a request for a change of your social security record. You can get a form to use for this at most post offices, employment offices, or at any social security office.

Reader says "Elect Board By District"

Dear Editor:

I would like to say a few words to the viters of Chilton County, through the columns of your paper, in regard to the proposed change in the method of electing the members of the Board of Revenue.

As we all know, ours is a representative form of Government. The people of Alabama, choose and elect their own Representatives in the Congress of the United States. These representatives are supposed to represent the citizens of their particular State in Governmental affairs, including the disposition of all the taxpayer's money for the nation. But the Representatives of any one State do not have the authority to dispose of any of that money without a majority vote of the entire Congress. Would the people agree here in Alabama, that the entire nation should choose and elect our Representatives for us? I don't think so. In County Government we have precisely the same proposition, on a smaller scale.

Each District should have the right to choose and elect their own representative, (their member of the Board of Revenue) and he is supposed to be their voice in County affairs and the only voice they really have in the disposal of the County taxpayer's money. No one member can dispose of that money without a majority vote of the entire Board. If the entire County elected the members of the several districts, what voice would any particular district have? Except possibly the most popular district. Practically none. The more populated district would have practically dictatorial powers. It could choose and elect all the members of the Board and they would be politically bound to serve their political masters, the leading politicans of the County. Better think it over fellow Voters. Let's try to keep our County out of the hands of the professional politicans as much as possible. If the different districts are not to have a representative of their own choosing why have the County cut into districts. Why not them just be elected at large, from anywhere in the County? It could come to this.

WHEREUPON, The County Engineer informed the Board that he had, subject to the approval of the Board, reclassified Odis Ellison on a temporary basis from Truck Driver to Mechanic, ffeective June 15, employed Gerald Glass as Truck Driver effective June 20, 1963, and employed Carson Williams as T. Driver, effective 6-25-63.

WHEREUPON, Mr. Mims offered the following resolution for adoption which was duly seconded by Mr. Cost:

BE IT RESOLVED: That the reclassification and employment of the above named are hereby approved as recommended by the County Engineer.

The above stated resolution was adopted by a unanimous vote of all members present and and the Chairman declared same duly adopted.

Mr. Mims offered the following preamble and resolution for adoption which were duly seconded by Mr. Headley:

WHEREAS, The Farm to Market Road Act Program of Alabama, has resulted in the ccnstruction of many thousands miles of county roads throughout this state, and

WHEREAS, Thousands of additional miles of roads have been constructed in counties throughout the state with county funds, Federal funds, and Bond Issue Funds by and through the instrumentally of the Farm to-Market Road Act, and

WHEREAS, Alabama's Farm-toMarket Road Act has been recognized nationally as one of the finest in the nation, and WHEREAS, the proposed Act to reduce the program by one-half would adversely effect the Farm-to Market Road Program in Chilton County and possibly seriously impar engineering control of the constuction program and possibly resulting in poor construction practices.

NOW, THEREFORE, BE IT RESOLVED AND ORDERED by the Board of Revenue and Control of Chilton County, Alabama that Chilton County go on record as opposing the proposed Act to cut the Farm-to-Market Road Act Program one-half and so advise the Legislative Delegation, the Hon. Governor of Alabama, the Hon. Lt. Governor of Alabama, and the President of the Alabama Association of County Commissioners.

The above stated preamble and resolution were adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

Mr. Mims offered the following preamble and resolution for adoption which were duly seconded by Mr. Cost:

WHEREAS, the County has been advised by the Alabama State Highway Department that certain State Funds have been tentatively allocated for assistance to the Counties of the State of Alabama in the improvement of roads and bridges, and

WHEREAS, it is hereby found and determined by this body that road and bridge improvements are necessary, and

WHEREAS, the County desires to agree with the State on the basis for the construction of such improvements with state assistance.

NOW, THEREFORE, BE IT RESOLVED & ORDERED by the Board of Revenue and Control of Chilton County as follows: (a) That the County shall enter into an agreement with the State of Alabama in substantial accordance with the form af agreement as set out and attached hereto as Exhibit "A"; (b) That said agreement be executed for and in the name of the County by J. C. White and the County Seal be placed thereon and attested by the Clerk.

The above stated preamble and resolution were adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

Mr. Headley offered the following resolution for adoption which was duly seconded by Mr. Motley:

BE IT RESOLVED: There being no further business to come before said Board that said meeting recess until next regular meeting.

The above stated resolution was adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

I, Robert L. Fullen, Clerk of the Board of Revenue and Control of Chilton County, Alabama, hereby certify that the foregoing minutes of the proceeding of said Board meeting of June 24, 1963, were entered and recorded in this minute book, reproduced and a sufficient number of copies of same were placed in the office of the Probate Judge, a copy of same was posted in a conspicious place in the courthouse on the 27th day of June, 1963, and a copy of same was furnished to the Chilton County News, a newspaper published in Chilton County, for publication.

REFUGE

We really had another fine day here last Sunday. The attendance was good and the interest ran high. We were certainly glad to have a goodly number of visitors. Mr. and Mrs. Buster Williams have built a new home in our community and have recently moved in. They were at church Sunday. We welcome them into our community and invite them back to our services Mrs. Herbert Jackson of Oneonta mother of Mrs. Stanley Lockhart was also in service with us Sunday morning. We were glad to have Mrs. Jackson and invite her back again.

Mr. and Mrs. Kenneth Messer have moved back to Clanton. We will be looking forward to having them in our services. They live near the Quick Freeze Plant.

Mr. Earl Johnson's condition remains about the same in the University Hospital. Birmingham

Mrs. Velma Easterling went home from the Hospital last week in Birmingham.

The Young Married Peoples Sunday School Class will meet at the home of Mr. and Mrs. Floyd Mims in this community Thursday of this week, July 4th. at 2:00 o'clock. They will take a recreation trip and return later to the home of Mr. and Mrs. Mims for an interesting meal that they have planned. Their teacher, Rev. Stanley Lockhart and wife, Martha, will accompany them. They invite all the class to meet and enjoy the outing and meal, because they plan to have a good time.

Deacon Lloyd Mims challenged our people last Sunday to revamp our interest in a fund drive to further our church expansion an rennovation Mr. Mims stated that he wanted ten men each to match him with giving at least $25.00 during the month of July and the ladies to give $10.00 which would boost the building fund to an amount that would make it safe for us to do some needed work at the church before cold weather. The people began to bring their money and pledge more. Some ten or twelve people responded; both men and women.

Mrs. Smith To Conduct Library Hour

On Monday afternoon, July 8, Mrs. Molly Bell Smith, second grade teacher at the Clanton Elementary School will have charge of the activities during the children's library hour.

Miss Faye Baker of the Alabama Public Library Service used as her theme Monday "Children of Other Lands. After lighting the magic story hour candle, the children discussed the shoes from other lands on display. Book talks were made by Miss Baker on the following books: "Two Pesos for Catalina" by Kirn, Ogluk, "The Eskimo" by Hoff, Mr. Angelo Schwalige, "Great Day in Norway", by Hopp "A Bell For Unsli" by Chang, and "Olo", by Avloine.

"The Paper Flower Tree," "Angelique", and "Peach Darling" were the stories read by Miss Baker, before all the children blew out the magic story hour candle.

Cookies donated by Mrs. James Eiland and punch were served by the librarian Mrs. B. E. Reeves to the children attending the library hour.

Children through the third grade are invited to attend the Children's Library Hour, Monday at 3:00 p.m. Mrs. Harold Smith will be the leader.

Delegates from each of the 35 Pilot Clubs from Alabama will join other delegates from each of the 455 Pilot Clubs, representing more than 13,000 members..

Mr. "Pep" LeCroy will accompany his wife to Miami, and they will enjoy a few days vacation along the Florida Coast enroute to the convention.

Child Killed By Electricity

A two year old Clanton boy, Johnny Perry Seales, was electrocuted Tuesday by an uninsulated washing machine cord.

Officers said the boy grabbed the cord while his two sisters, Jeanette, 16, and Lanett, 15 were doing the family washing.

The youngster's father, J. V. Seales, rushed the youngster to Chilton County Hospital, but officials there pronounced him dead on arrival.

Obituary can be found in this issue, back page.

Legion Tourney At City Park

The local Legion Post is busy at work, putting the finishing touches on the central area Baseball Tournament. Every thing is on schedule with 7 teams entered. Consisting of Auburn, Childersburg, Clanton, Dadeville, Sylacauga, Talladega and Tuscaloosa.

With a double elimination tournament, Clanton will have 5 full days of baseball, Monday July 22 through Friday, July 26.

The winner of this tournament will be one of 4 teams in the state finals.

In next weeks paper, complete details with a picture of the Chilton County team. Let's make our plans to support these boys and attend all the games.

Five hundred and ten University of Alabama students have been named to the 1963 spring semester Deans list. To be eligible for the honor a student must make a 2.5 or better scholastic average, a 2 point being B and a 3 point A.

Chilton County was represented on the list by the following students: Clanton, Elliott F. Monroe, Arts and Sciences; Maplesville: James D. Nabors, Commerce.

Mrs. Frank Callen is spending some time in Washington, D. C. with her son Billy and family.

Clanton Receives $94,000 To Extend Water, Gas System

WORD was received by the News from Congressman Armistead Selden and Senators Hill and Sparkman this week, that Clanton is to receive $94,000 through the Community Facilities Administration of the Federal Government to extend the water and gas systms of this City.

The program is under the Accelerated Public Works Program and with the approved grant, the total cost of the project is estimated at $188,000.

$3,000 Needed For Band Trip To Legion Con.

THE Band Boosters at their meeting Monday night concluded that in order for the band to accept the invitation to represent the state of Alabama at the American Legion Conventiin in Miami in September $3,000 would have to be raised locally. Club members agreed to contact local interested people for pledges which are to be paid in August after the money being sought from the state is a certainty. Time would not permit waiting until then to make the contacts.

Band Boosters will meet at the Band Room, Monday night, July 15, at 7:30 to report on results of contacts and make further plans.

Dadeville Invades Clanton Tomorrow Nite; Baseball

A hard hitting Baseball team, from Dadeville will face the Clanton American Legion team, Friday night 7 p.m. The local team is a young group, but have been hustling all the way. The local nine has received good pitching, but not enough support at the plate. We believe these Chilton County boys are now ready to make their move.

Saturday night Clanton will journey to Dadeville to return the game.

Children's Library Hour Features Story Telling

In spite of the wind and heavy rain on Monday afternoon there was no more sitting room left for the boys and girls attending the library hour. The interest center was Cow Belle, Molly Bell Smith, of Bear Creek Farm. She was dressed for the occasion in her cow belle paraphernalia to the delight of her little listeners.

Mrs. Smith used as her theme for the afternoon's activities, "How Some Farm Animals Had Trouble." She told the story of 'Ping' which was about a duck, then 'Blaze and Gypsy' about a horse. However the main feature for the afternoon was "Peer Gynt and th Trolls", an original story with music from Peer Gynt Suite.

Punch provided by a library board member and cookies sent by Mrs. Willie Easterling Moore were enjoyed by the children. Assisting the librarian in serving were Mrs. Clint Carlisle and Mrs. A. M. Thornton.

At the close of the hour Mrs. Smith invited all her listeners to visit her and Mr. Harold at Bear Creek Farm. Before leaving nearly all the children check ed out books.

Next Monday, July 15, will be the concluding Children's Library Hour for the summer. Miss Faye Baker of the Alabama Public Library Service will conduct it. Time, 3:00 p.m., Place, Clanton Public Library.

Local Burglar Caught; Confesses

JOHN Will Bethel, 20, has been charged with Breaking and Entering and Burglary, after he broke into a home in Clanton early Wednesday morning on the Lay Dam Highway.

Chilton County Sheriff Hugh Champion said Wednesday that Bethel had confessed to the crime, and he also stated, "I think this will clear up a lot of the "peeping tom" reports we have been getting lately." He also said that the City Police agreed with him on this point.

About 7:30 Wednesday, the young Negro went to the home of Durwood Gray and ask if it was the home of the former resident Claud Wood. He was told it was not; but he returned to the house shortly and surprised Mrs. Gray inside the house. Bethel was frightened away by she and other occupants of the house, and he fled across the fields behind the house across Black Snake Creek toward Highway 31. The dogs were called out, and Bethel was apprehended somewhere near Highway 31, after a citizen, Red Sherrod had reported to City Police that he had spotted the fugitive.

Several incidents have been reported lately of "peeping toms" water and gas systems of this of the city. One was unofficially reported as late as last Saturday night about midnight in the west section of town.

Bethel, who has been an employee of a local restaurant, is also a parolee from the State on charges of breaking and entering, it was reported by the Sheriff.

Voters' List Purge To Aid 'Machine' Purchase

Chilton County officials are purging the voter registration list here for the first time in the county's 95-year history - a move expected to reduce the number of names on the list by 3,500 to 4,000.

"We had about 12,000 names on the old list", said Probate Judge J. C. White. "Today we only have 6,125." He said this figure should increase to about 8,500 or 9,000.

White said that all qualified voters who have voted in the county previously must reidentify themselves before they can vote again."

MUST BE DONE

"They can do it right up to election day, but it has to be done," the probate judge said.

White said the purge would aid in determining how many voting machines would be needed in the county if the board of revenue decides to buy machines.

The question of voting machines came up at the board's meeting Monday when a petition signed by 300 residents was presented to the board. The board was petitioned to buy machines for all of the county's precincts.

"One of our members was absent and we deferred action on the proposal until our July 22 meeting," White said.

He said that the county now has 36 boxes. St. Clair, a comparable county in number of residents and voters has only 22 boxes, White said.

CONSOLIDATION NEEDED

"Some of our small precincts need to be consolidated," he said.

White said there was some discussion at the meeting about putting the question of buying voting machines to an unofficial vote of the people during the Aug. 13 election.

"But we didn't take any action," he said. "We deferred the matter for further study."

White said the current reidentification program was being well received by voters.

"They all seem to realize that it is necessary and they are being very nice about it," he said.

He said voters who want to reidentify themselves and remain on the list can do so by appearing before the board of registrars or before the probate judge.

Is New Era Squeezing God Out Of Our Nation's Future?

(Text of an editorial appearing in the Hartselle (Alabama) Enquirer July 4, 1963.)

Alabama Senator John Sparkman is concerned over the two recent U. S. Supreme Court decisions relating to religion in public schools. He made his opinion plain in a recent speech prepared for the Capitol Hill Chapter and the Young Lawyers Committee of the Federal Bar Association.

Many Alabamians and Americans are equally concerned over the implications and future effects of the two decisions. They are showing this concern in public forums of newspapers letters to their congressmen and through other means to urge local schools to continue holding daily classroom prayer and Bible readings, where teachers desire it, when school re-opens this fall.

Many more citizens should be concerned on this day when there is an apparent trend to disconnect God from any religious or spiritual recognition in public school classrooms.

Senator Sparkman stated, "I am concerned about these cases that might further the doctrine of the first prayer decision (Engel) because I think it is unfortunate that our Supreme Court has opened up this avenue of extreme disassociation by State and local authorities with any form of religion or spiritual recognition. Where to draw the line on our official governmental recognition of God as our Supreme Being has been in somewhat of a confused state since the ENGEL decision was handed down."

No student was forced to listen or participate in school prayers is one of the common characteristics in the cases of New York, Maryland, and Pennsylvania, the Senator pointed out.

"Following the first decision, I pointed out (on the floor of the U. S. Senate) that if the decision is carried to the extremeties of its implications it should not be allowed to stand in a government whose very foundations are based upon the existence and guidance of an all wise Supreme Being," the Senator recalled.

"We are in a dangerous era I feel which may promote the cause of antheisf and secularism," Sparkman declared. "The ENGEL case started this era and it may very well touch our national foundations more deeply. Mr. Douglas's concurring opinion in that case caused alarm that perhaps the work "God" anywhere in our official life is improper.

"The opinion of June 17th also stated that the Bible could be taught in schools as a course of study, just as mythology is taught, which might lead a number of school children to feel that the Supreme Court thinks that the Bible is entitled to about as much credence as mythology," Senator Sparkman said.

Dear 4-H Janes:

This week there are 8 4-H boys and girls representing the Chilton County 4-H Clubs in Auburn at the Alabama 4-H State Conference. Each county in the state will be represented at this annual meeting by at least 4 boys and 4 girls. There will be vorious contests held and state winners will be chosen.

The boys who are attending with Mr. Futral are Larry Williams, County Essay and Public Speaking winner; Erskine Gibson, County Leadership winner; Harold Garrison, Tractor Driving entrant; and Larry Avery, Electic Program entrant.

The four girls from the county who are attending are Joy Dell Adams, Jo Owen, Judy O'Neal and Danna Gilbert. Judy O'Neal will participate in the State Dress Revue. Danna Gilbert is the County Essay and Public Speaking winner in the senior girls division. Joy Dell Adams and Jo Owens are attending as Voting Delegates.

Next week I will write more concerning this event and the good time all these 4-H'erh are having.

Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN

President Kennedy's civil rights proposals constitute the most far-reaching civil rights program since the Reconstruction Era. Included in the President's proposed legislation are sections to: (1) speed Negro voting registration; (2) assure equal access to hotels, restaurants, amusement facilities and stores to all persons; (3) empower the Attorney General to initiate court action in school desegregation cases; (4) establish a Community Relations Service through which the federal government would seek to settle racial disputes; (5) extend for four years the Commission of Civil Rights; (6) empower the federal government to cut off federal assistance to any program or activity where racial discrimination might occur; (7) establish a Commission on Equal Employment Opportunity.

Long Fight Ahead

Hearings are already underway in both the House and Senate on proposed "Civil Rights Act of 1963." I expect to appear this week before the House Judiciary Committee in opposition to the entire measure, as will numbers of my Southern colleagues. These hearings, however, are only the first round in what may prove to be the longest and most bitter civil rights battle since I have been a Member of Congress.

While unlimited debate is not possible in the House of Representatives under its rules, every available maneuver will be employed by opponents of the legislation in the House to delay and, if possible, eliminate portions of the bill. Southern Senators, however, who have the privilege of unlimited debate, will necessarily have to bear the brunt of the fight to defeat the legislation. The opposition in the Senate will be led by Senator Richard Russell of Georgia, who is among the most highly regarded members of the U. S. Senate. He has promised an all-out fight on the Senate floor which means that Congress may be in session most, if not all, of the year.

To muster enough votes to cut off debate in the Senate, Democrats outside the South will need from 22 to 25 Republican votes in addition to their own. Whether they can get that number is unknown, but the unbelieveable scope of the proposed legislation and the unreasonable pressures being exerted by certain Negro leaders and organizations lend hope to those of us who oppose this dangerous and far reaching measure.

SPECIAL WASHINGTON REPORT

"Fixation" On Castro Ignores Bible Warning

By Sen. George S. McGovern (D. S.D.)

George S. McGovern

Rarely in American history has so much futile and irresponsible discussion been devoted to a single issue as the present Cuban question. Partly because of this, we now have a dangerous fixation on Castro that is not worthy of this great Nation.

While hunger, disease and injustice—the traditional handmaidens of revolution—stalk Latin America, we hear nothing in this country but the clamor and controversy over Castro and his future. We have ignored the biblical warning against straining at a gnat and swallowing a camel. If Khrushchev's purpose was to create a gadfly to divert the attention of the United States from the real dangers and challenges of Latin America, he must feel handsomely rewarded.

As President Kennedy has wisely said, "The big dangers to Latin America—are the very difficult, and in some cases, desperate conditions in the countries themselves—unrelated to Cuba." Neither Castro nor Khrushchev, not even communism, created the social ills that beset our neighbors to the South. The real bombshells of Latin America are fused to the following conditions:

(1) 2 per cent of the people own more than half the wealth,

(2) 80 per cent of the people dwell in miserable shacks amidst hopeless poverty,

(3) illiteracy is the lot of well over half the population,

(4) more than 50 per cent of the people suffer from hunger and disease and most of them will never in their lifetime see a doctor, nurse, dentist, or pharmacist,

(5) most governments are weakened by unjust tax structures, excessive military budgets designed to keep the people under control, and

(6) a growth in population that is several times faster than the rate of increase in supplies of food and services.

What, then, is our problem—Castro or the frightful conditions on which he thrives? The question answers itself. Every government in the hemisphere is taking a new and searching look at the desperate needs of its masses of citizens. This Administration, through the Alliance for Progress, is cooperating with self-help eff

raise standards of living through the painstaking, often frustrating, method of democratic reform and constructive economic development.

At stake is the future of the whole Western hemisphere. Will change come through peaceful democratic change, or by a violent Communist-led upheaval? I suggest that too many have been willing to shed the blood of young Americans in a Cuban invasion, and not enough have paid attention to the great problems confronting the Alliance.

I applaud President Kennedy's policy of wisdom and restraint toward Cuba. He has been firm and courageous in resisting the clamor of the warhawks.

Last October he rejected the counsels of those who called for a naval blockade before we knew the nature of the Russian arms shipments. The President also rebuffed those who favored an immediate air strike against Cuba. By waiting until he had positive proof of the Soviet-Cuban offensive missile threat, the President won unanimous support for his action from our Western allies and the countries of Latin America. He forced Khrushchev to back down, but he did it without war. He has since resisted those who have shouted for blood and battle and blockades.

I earnestly hope that we will not dissipate our energies in a senseless fixation on Castro. Our mission is to point the way to a better life for the hemisphere and, indeed, for all man-

Last Chance To Feed Woody Ornamentals

County Agent Sellers states that this is the last call for fertilizing woody ornamentals for 1963.

If you plan to feed your woody ornamentals again this summer, now's the time to do it. This will give the plant plenty of time to make use of the fertilizer to produce growth and it will give the new growth time to harden off before the cold weather sets in this fall.

One to three pounds of a complete fertilizer such as 8-8-8 are recommended for each 100 square feet of shrub area. If an application of a complete fertilizer had already been made this year, nitrogen is the only plant nutrient required for a second application. Apply four ounces of ammonium nitrate or its equivalent per 100 square feet.

One thing to guard against; using too much fertilizer. We tend to think that if a little bit helps, more will be better. It's not true in this case. Many homeowners have damaged their plants this summer by using too much fertilizer.

What happens is this. A build up of soluble salts from excess fertilider tends to damage or burn the root system. This reduces the ability of the roots to carry moisture and plant food from the soil to the stems and leaves.

Finally, don't wait too late to fertilize. Late fertilization may cause the plant to be more susceptible to cold damage in that it will be in a vigorous stage of growth, rather than dormant, when cold weather hits.

Grasses need nitrogen--The best way to keep plants green and growing, other than applying enough water is to uhe plenty of nitrogen and other plant nutrients.

This is true for all plants—including lawn grasses.

For example. grasses such as zoysia and bermuda require large amounts of nitrogen to maintain a good color and growth It's best, however, to apply small amounts of nitrogen frequently. One pound of actual nitrogen to each 1,000 square feet of lawn area every six weeks is enough.

Best way to apply fertilizer to lawn grass is broadcasting—either by spreader or hand. It's important to distribute the fertilizer evenly on the entire area. Large amounts of fertilizer in spots may damage the grass.

Measure the lawn before applying the fertilizer, and weigh out the recommended amount.

You'll need to take precautions to prceent burning. If fertilizer is appliel when the grass is damp, turn the sprinkler system on to wash the fertilizer off the grass blades. Nitrogen fertilizer left on grass blades will cause a temporary yellow of leaf color.

Of course, lawn grasses need other plant nutrients such as prosphorus, potassium and calcium. A soil test is the only sure way to determine how much of these elements is needed.

World Market Sought for Chilton's Growing Chair Industry

Chilton County chairs may soon be sold in foreign countries, according to Chamber of Commerce secretary, Jon Will Pitts. The Chilton County Chamber of Commerce in co-operation with the U. S. Department of Commerce is presently making a survey and exploring the world market potential of Chilton County's famous oak chairs.

Pitts recently attended a meeting of the Alabama Chamber of Commerce Executive's Association in Mobile. There he met and heard an address by Gayle Shelton, Jr., acting chief of the new field office of the U. S. Department of Commerce recently opened in Birmingham.

"This new office," Pitts said, "is designed to help Alabama Business men with marketing problems for their products, especially in the field of foreign trade." "The port of Mobile has so many wonderful facilities and opportunities which are available to us here in Chilton County," Pitts said. "Ships sail every day for distant ports There is no reason why Chilton County produts shouldn't be aboard."

"Our community recognizes as one of its most important industrial activities our three chair factories - all home owned and operated. They employ over 150 people during the summer months and use large quantaties of Chilton County hardwoods. We would like to see full production all year long, instead of the present necessity of seasonal employment. But domestic market demands fall off sharply during winter months. We hope a strong export market to foreign countries will help fill the gap. We believe our low cost, durable oak furniture will find a good market overseas.

Puerto Rico is receiving close attention in this market survey". "This would not be a foreign country," said Pitts, "but would probably be a good overseas market to begin the program on since they have a high population there and a scarcity of wood on the island. There would be no import taxes or customs to worry about since the island belongs to the United States." "Later, other markets in South America, Africa and Europe can be explored. Our Chamber of Commerce feels that every hacienda in South America should be provided with the relaxing comfort that a Chilton County Oak porch swing can provide."

When the three local chair factories were contacted by the Chamber concerning the possibility of obtaining these new markets, their response was most enthusiastic and the market study was requested. The Study, being conducted at no local expense, by Mr. Shelton and the U. S. Department of Commerce, is expected to be completed this month at which time the owners of the three companies will meet with him, hear his report and discuss methods of developing the new market. The Federal government is sponsoring many such programs throught out the nation in an effort to balance our foreign trade.

It's the policy of Your Chamber of Commerce to explore every possibility and opportinity to improve our community's economy. If the Germans, for example, can sell Volkswagons and nails here, at a profit, there is no reason why we can't supply them with a strong lawn chair of Chilton County oak.

Our Chair Companies are realy to take advantage of this new market outlet. If we can keep our three chair factories operating at full capactity all year long it would mean as much to Chilton County as an additional industry employing 75 men all year long -- $195,000 in additional payrolls annually.

Corvair 700 Club Coupe

The hardest part about parking a Corvair is finding a nickel

That may be a slight overstatement, but such jauntiness comes easily when you're a Corvair owner.

And you can usually back it up—as easily as you can back up a Corvair. You'll find yourself doing that occasionally, if only to adjust the brakes—they're *self-adjusting*. That's all there is to it, and that's a good example of how delightfully easy Corvair is to own, drive and maintain.

But since we began by talking about driving, let's stick with that awhile. A large factor in the fun of driving a Corvair is the location of its engine in the rear. Why the rear? It gives Corvair extra traction on any road surface. It provides a nearly flat floor for more useable interior space. Best of all, it produces steering so light, so responsive, you wonder why no other American-made car thought of it.

Corvair's engine is also air cooled, we might add, which means there's no anti-freeze or water for you to add. Ever.

All that pleasure from something so practical almost makes you think Corvair is unique among American cars. Which isn't surprising, because it is!

HAYE - NELSON VOWS SAID

Miss Jeanette Nelson became the bride of A-1C Clyde Lewis Haye on Friday evening, July 5th at six o'clock at the home of her parents Rev. and Mrs. Andrew Nelson.

The groom is the son of Mrs. Ruby Arant and the late Curtis Haye.

Rev. T. H. Cook officiated in a double ring ceremony before an altar of Southern greenery centered with a sunburst of white gladioli, large white mums and lilly heads. Two candelabra holding burning tapers gave a soft glow to the setting.

Candles were lighted by Miss Carolyn Arant sister of the groom and Miss Judy Nelson sister of the bride.

Miss Jeanette Pearson of Thorsby was maid of honor for the bride. She was wearing a mint green organza frock and carrying a nose gay of white carnations.

Charles Haye served his brother as best man.

Given in marriage by her father the bride was lovely in a dress of white alecon lace over taffeta, street length with three quarter length sleeves. She was waring a white crown hat with veil. Her corsage was pink carnations.

Mrs. Nelson chose for her daughters wedding a grey sheath of silk and she was wearing a white carnation corsage. The grooms mother wore a medium blue silk dress and white carnation corsage.

The brides parents entertained at a reception following the wedding. The brides table was covered with a green linen cloth overlaid with lace.

A bowl of pink snapdragons adorned the table.

The three tiered white weddisg cake was beautifully decorated in green and white lillies of the valley with dividers. The cake was placed on a mirror plaque with silver ruffles, topped with miniature bride and groom.

After the triditional cutting of the wedding cake by the bride and groom it was served by Mrs. Geneva Cleckler. Punch was served by Mrs. Ruthie Lett. Both were aunts of the bride. Wedding mints and nuts were served.

The new Mr. and Mrs. Haye left imediately following the reception for Charleston, S. C., where they will make their home while Airman Haye is in service there.

Lovely Bride Of June 29th

Wyatt-Penton Vows Exchanged

Miss Linda Carle Penton became the bride of Rev. John Will Wyatt on Saturday night, June 29th in Concord Baptist Church at 8 o'clock.

Rev. Homer Carroll pastor of the church officiated with a double ring ceremony.

The brides parents are Mr. and Mrs. Hershel Penton. Mr. and Mrs. Curtis Daniel Wyatt are parents of the groom.

For this impressive occasion the church was a scene of beauty. The guests registered from an appointd table holding a tall memory candle in the Foyer of the church as they entered. Miss Glenda Martin of Verbena had charge. The choir loft was banked with lemon leaf foliage and palms. In the center at the alter was a white wrought iron wedding arch entwined with greenery holding 18 burning tapers on either side added to the sacredness of the wedding. A white kneeling bench was in front of the table. The twin shaped arrangements of yellow glads, white pim poms and lilly heads gave a beautiful setting for the wedding.

Mrs. Jerry Bloxom of New Orleans, La., was organist and played the pre-nuptial music. She accompanied Mrs. Billy Jones who sang "Whither Thou Goest," "Walk Hand in Hand", and the wedding prayer as a benediction.

Miss Sonja Penton served her sister as maid of honor. Bridesmaids were Miss Cathy Scott of Selma, Miss Charlottee Cleckler Miss Sherry Wyatt, sister of the groom and Mrs. Neal Bice of Tuscaloosa. Their dresses were of pale yellow silk organza over taffeta swoopneck-brief sleeves and full skirt. They were wearing a cabbage rose of pau de soil face veil. Their corsages were a cascade of white carnations and yellow roses.

Karen Payne of Birmingham, cousin of the bride and Denita Scott, neice of the groom were flower girls. They were dressed in yellow organdy and carried white satin baskets with rose petals in them.

Given in marriage by her father the bride was lovely in her gown of peau de soil floor length with chapel train, long pointed sleeves, with scooped neckline and fitted waist, there was an applique of alecon lace down to the waist in a point and repeated on the skirt over small hoops. She was wearing a cap of pearls with finger tip veil. She carried a cascade of white carnations centered with an orchid on a white Bible.

The groom chose his father for best man. Ushers were Donald Graham, Harold Payne of Birmingham, uncle of the bride and Max Scott, brother-in-law of the groom from Geneva and Arthur Duke of Thorsby.

Jimmy Scott of Geneva, nephew of the groom was ring bearer.

The brides mother chose a pink lace over taffeta sheath with small pink hat and accessories to match and a white carnation corsage. The grooms mother was attired in a pink linen dress with white hat and matching accessories and a white carnation corsage.

Reception Followed At The Church

The brides parents were hosts at a reception in the church parlors immediately following the wedding. The parlors were beautifully decorated for this occasion. A cloth of white satin covered the brides table which was marked with a brass candlebra holding yellow burning tapers. The five tiered white wedding cake placed on a square mirror plaque with silver ruffles was embossed in yellow roses and lillies of the valley and topped with a miniature bride and groom.

After the traditional cutting of the wedding cake it was served by Mrs. Alvin Ellison and Mrs. Carl McDowell.

A bowl of yellow sweetheart roses marked the punch table where Miss Brenda Kircus of Birmingham presided at the punch bowl. Guests were registered by Miss Glenda Martin.

Others assisting at the reception were Mrs. Reedie Cleckler Mrs. J. H. Payne, Mrs. Max Scott and Mrs. William L. Taylor.

Receiving with the hosts were Mr. and Mrs. Wyatt, parents of the groom, the bride and groom and her bridal attendants.

For her wedding trip to Florida, the bride was attired in tangerine linen, with beige accessories and she wore the orchid from her bridal boquet.

The couple will make their home in Mineral Springs community where Rev. Wyatt is pastor of the Baptist church. He will continue his studies at Howard College in Birmingham.

BRIDE-ELECT HONORED

Miss Nona Jean Smith, bride-elect of Tommy Mastin was complimented at a tea and miscellaneous gift shower on Friday evening, June 28th when Mrs. A. G. Littlejohn was hostess at her home, with Mrs. Marvin Lowery and Mrs. Johnny Culpepper as co-hostess.

Receiving with Mrs. Littlejohn were the honoree who was wearing a blue lace frock and white carnation corsage, her mother, Mrs. Homer Smith and Mrs. Frank Mastin mother of the groom to be.

Fresh garden flowers were used to adorn the home. In the dining room the tea table covered with pink polished cotton was over laid with quaker lace. An antique cut glass bowl holding pink gladioli centered the table which was appointed with a crystal punch bowl and crystal candle holders with burning pink tapers. Alternating at the punch bowl were Miss Betty Ruth Johnson, Miss Gayle Lowery and Mish Nell Mims.

Guests were registered by Mrs. Wayne Melton at a table marked with th honoree's white Bible and pink gladioli.

Miss Olivia Lowery and Mish Linda Lenoir presided in the gift room.

The wedding will be August 18 at the Methodist Church in Maplesville.

Only Half of Qualified Voters Re-Identified

ACCORDING to records in the Probate Office, only 6,125 quolified voters in Chilton County have re-identified themselves. This is about half of the qualified voters in the County according to the latest "Voters List" published.

You are urged to get this responsibility taken care of as soon as possible, either with the Board of Registrars, or at the Probate Office. It will not be possible for you to vote in the next election unless you have re-identifid yourslf as a qualified voter of this County.

REFUGE

How much did you miss if you were not at church last Sunday? No one can answer that question but you. The answer will be determined by the value you put on serving the Lord and the extent of love and care you have for the Lord's house and the great privilege of fellowship together. What you miss by being absent from services can not rest on the idea that you do not like the preacher, or some deacon, or some one else that might be present. It goes further back than anything that we have mentioned.

The sum total of the whole situation relative to church attendance on the part of any individual as to its seriousness, spells out in no uncertain terms as to whether or not one has dedicated himself to the service of the Lord. It is true that a person may stay away from church for a while because of being in a back sliding condition or should we put it the other way, but when one simply leaves his, or her church, and remains away indefinitely, there is serious doubt as to whether they have ever experiencd the new birth. A person who is not postively can give no reason for staying away. He may stack up one excuse after another, but to no avail. However one excuse is just as good as the other, because all ercuses have to b made. "And they began to make excuses."

We were glad to have Mrs. Era Ma Capshaw from Mariana, Florida with us last Sunday. Infact, we are always delighted to have visitors come and worship with us. However, we can hardly say that Era Mae was a visitor, but just came back home for a while. She is the daughter of Mr. H. H. Mims.

Miss Judy Lane Minor is in the St. Vincent Hospital for surgery in Birmingham. If you can not go to see her, why not drop her a card. She is the daughter of Mr. and Mrs. Dewey Minor of this community.

We have preaching every Sunday. Come next Sunday and bring the family.

Don Graham, Pastor

We want to express our deep appreciation to those of you who helped at the cemetery cleaning yesterday. This will be the last cleaning for quite a while we hope.

We played our softball game as scheduled last Saturday night and we played again on Tuesday night bcause of the Youth Rally on Saturday night. We really enjoy our ballgames and support your favorite team.

suport your favorite team.

The Youth Rally will meet Saturday night at the Poplar Springs Church. We are privileged to have as our speaker Brother Wally Henley, a firey young minister, who will thrill your hearts. This will begin at 7:30. We will meet at the church at 7:00 to go. If you do not have a way, please come to the church and we will furnish transportation from there.

We want to remind you even now of our revival. It is such a short time until then and we want you to make plans to come. It starts on July 21 and lasts through the 27.

We have planned our cottage Prayer Meetings for the week preceeding the revival.. On Monday night we will meet at the home of Mr. and Mrs. O. N. Glenn; Tuesday night, Mr. and Mrs. J. T. Cobb; Wednesday night, at the church; Thursday night, Mr. and Mrs. Odis Sewell; and Firday night, Mrs. Simms Caton. We will meet at 7:00 except on Wednesday night when we meet at 6:30. The week will be climaxed with an all night Prayer Meeting on Saturday night. It will be conducted by telephone.

Our pastor and the revival team will be heard on WKLF Radio at the following times: Sunday, July 14 & 21 at 6:30, Monday through Friday July 15-19, 22-26 at 7:30 and each Saturday at 7:00.

On July 21, our revival will officially begin with the Sunday morning service. Brother Bill Coleman ,pastor of the Liberty Baptist Church of Tallassee, will be our evangelist. Brother Larry Draper, who is minister of music at the First Baptist Church here in Clanton, will be the singer. Make your plans to come.

A Magic Circle vacation trip bonanza lies in Georgia's northern mountain and lake country. Dahlonega, scene of America's first gold rush, has changed little since 1849 when, from the Court House balcony, a speaker tried to dissuade local miners from going to California by pointing to a nearby ridge and bellowing, "Thar's gold in them thar hills". The U.S. Mint produced $6 million in "hard money", and the North Georgia College Library has a display of these rare coins. At the dirt-floored Gold Museum visitors can get a gold-panning demonstration from an old-timer and then go out and pan for themselves.

Blue-green hills jut up as you drive toward Cleveland, and an occasional log house is a reminder of pioneer days. Pride of this pottery-making town is White County Court House, a miniature of Philadelphia's Independence Hall. North of Helen is Nacoochee Indian Mound, once the scene of sacred fires and ceremonial dances, and Unicoi State Park, where Indian and white man exchanged goods.

We circled through peach growing country to spectacular Tallulah Gorge where legend says a lovelorn Cherokee princess leaped to her death. From a 3,500-foot overlook in Black Rock Mountain State Park near Clayton is a panoramic view of fields, forests and blue hills that extend into the Carolinas.

The return is west past mountains bearing such names as Slaughter and Blood, and presided over by Brasstown Bald, Georgia's highest peak; Hiawassee, home of the annual Mountain Fair; Young Harris, noted for handcrafts; and Amicalola State Park's photogenic 729-foot waterfall.

Local Legion To Co-Sponsor Boat Safety Courses

Member of the American Legion Post No. 6, here in Clanton have stepped forward to co-sponsor boating safety classes for the children of this area between the ages of eight and 12 years who are interested in taking this course. This course is designed for children of this age group, however, the course is not restricted to any maximum age. Anyone over the age of twelve may attend. This course is made available by the Department of Conservation, Division of Water Safety for the purpose of teaching youngsters safe boating principles and habits.

This course teaches children what is required by Alabama Law to legally operate a boat in this State. It teaches fundamentals of boat handling and boating courtesy. It is necessary that youngsters under the age of 12 and over the age of 8 complete this course before they can legally operate a boat alone in this State.

This course is offered through the Water Safety Educational Activities of the Division of Water Safety. Commander Cecil E. Martin of local American Legion Post No. 6 emphasizes strongly that with the present boating popularity on our lakes in this area it is important that every boater know boating rules and regulations and abide by them. He feels that to teach children safe boating early in life may some day save the life of that child or that of someone else.

Incoming Commander Douglas Glass expresses hope that parents of children of this age group will keep this program, which is new to this area, alive for the safety sake of their children. He is pleased to note that it is un-necessary for a child or it's parents to own a boat to take this course. With the present trend of new boats being purchased, chances are that someday that family may own a boat.

Deputy Sheriff Otis Moore, Past Commander of American Legion Post No. 6 informs us that Sheriff Hugh Champion has offered his office in the County Courthouse as a place for children, or their parents to register for this course. They may also register by phone by calling his office. The number is 37.

Registeration may also be accomplished by calling the home of Commander Cecil Martin at phone 1955, or by calling the home of Incoming Commander Douglas Glass at phone number 175-M. The exact dates of these classes will be announced later. The time to sign up for these classes, however, is now. The Water Safety Division expects the next class to be conducted sometime in the near future. Scout groups, and other organized groups of children are encouraged to sign up as a group. It is un-important that some of these groups may be older than twelve years. The purpose for this course is so that children may gain enough knowledge of water safety so that they may be better equipped to preserve their life an that of someone else. Water safety is not restricted merely to children under twelve.

We were happy to have an increase in Sunday School this week. Our attendance was 193.

Brother White chose "Simply Out of this World," as the subject for his message Sunday morning. using for his text Psalms 72:17-20. The text for his message Sunday night was II Peter 3:9. "Climbing to Hell" was the subject for this most interesting message.

The Christ Ambassadors donated $100.00 to the building fund Sunday.

Bro. and Sister White are attending Youth Camp at Oak Mountain State Park this week. Elizabeth Patterson reports having a wonderful time at camp last week.

Bro. Eugene Kelly from Birmingham will be speaking to us at Prayer meeting Thursday night (tonight).

Sgt. Billingsley Receives Medal Of Commendation

Staff Sgt. Curtis A. Billingsley of Clanton, Ala., has been awarded the United States Air Force Commendation Medal here for meritorious service.

Sergeant Billingsley received the medal in recognition of his outstanding performance of duty while serving as custodian of central base funds at Hunter AFB Ga. He is now assigned to the 821st Civil Engineering Squadron here as an accounting and finance technician.

The sergeant is a graduate of Chilton High School in Clanton and a former student at Armstrong College of Savannah (Ga.) He entered the service in 1952.

Mr. Buisnessman:

$10 - 5 New Customers

REALIZING your own sales ability. would you spend $10 per week, to get five additional customers into your store that particular week?

YOU can do that with an ad in the Chilton County News!

AND, if your sales ability is up to par, then those five prospective customers are going to purchase some item while in your place of business.

AND, if you and your personnel are "on the ball", and give that prospective customer the attention he feels he deserves; and you are courteous and helpful to him; and give him the desire to return to your store you have acquired a potential "regular new customer" to your business establishment!

THAT is what newspaper advertising is . . . it is not a miracle potient to be taken in large gulps. Often, when this is the case, the one who takes the 'gulp' sits back and relaxies his promotion consciousness, and the result is: A BIG NOTHING . . . at least in his own mind.

THE contents of newspaper ads to be effective must be marketable merchandise or services, at the time it is presented to the reader. . . and the reader is here.

The reader of newspaper ads, of whom there are quite a number in Chilton County, will not buy a "pig in a poke" any more than you would. They are not gullible, but very intelligent. In short, they are your customers; and should be approached through your advertising in the same manner of friendliness and helpfulness which you show them in your store.

THERE is not a more economical, more effective, more efficient "business-getter" in Chilton County than the News. The reason is simple: people read it; nd when they find what they want, or are encouraged to buy from an ad which they read, then YOU have a prospective customer.

NO, the newspaper is not a miracle salesman. It is a good tool and if used properly, it can help you with your job of selling to the public.

Meeting Of Night Circle

The Night Circle of WMU met at the Baptist church Monday night, July 1, at 7 o'clock.

Mrs. William Vines. circle chairman called for order. Mrs. Eula Cost presented the program Leadership Training. Mrs. Louis Brasher led in prayer for missionaries with birthdays on July 1st.

The program dealt with questions on leadership. Mrs. Brasher dilcussed the question, Qualities of a Good Leader; Mrs. Cost who benefits from good leadership; Mrs. Leo Shaw, Why do Women fail to take places of leadership in WMU?; Mrs. Vines What Opportunities for leadership training are offered in WMU?. Mrs. C. C. Culp gave the concluding thoughts.

Members bowed in silent prayer then closed with sentence prayers.

There is a pleasure in reporting the supper served by the WSCS of the Methodist Church.. The tables were laden with food that was both appealing and tasty. The Society netted near $90. More kitchen equipment will be added.

Western Trip For The Jackson's

A-2C Jerry Wayne Jackson has returned to Plattsburg Air Force Base, Plattsburg, New York, where he is stationed, following a 20 day visit with his parents Mr. and Mrs. Winford Jackson. While he was here, the Jacksons and Charles Nichols all visited A-3C James Jackson and family in Alamogordo. New Mexico and many, many points of interest out west. The Jacksons had two weeks with the family all together and a happy time it was. They went almost to the California border, where enthralled with the mountains and the big deserts. They saw the White Sands National Monument and the great Navajo Indian Reservation just as it was years ago. A trip was made to the church of St. Francis De Paula Tularosa, founded in 1865. over into Juarez, Mexico.

The cloudcraft tunnel of State Road 83, the only tunnel in the State of New Mexico, which cuts through the beautiful Sacremento mountains over looking the city of AlaMogordo and is 19,000 feet altitude which is the roof garden of America.

Surprise Birthday Supper

The children of Mrs. Cora Ellison surprised her with a birthday supper on her 78 birthday, June 21 at her home.

There was a lovely birthday cake iced in chocolate, decorated with white roses, held 78 candles and bore the inscription Happy Birthday, Mamma.

The supper served was chicken, dressing, roast beef, potato salad, string beans, English peas, candied yams, rolls, squash, tea coffee, home made ice cream to serve with the cake.

The honoree received many lovely and useful gifts. Among those was an electric clock, a permanent wave, set of dishes, hose, clothing and a lovely floral arrangement.

Those of her children, grand children and great grand children present: Mrs. Flossie Dominich, Mr. and Mrs. W. W. McCollough, 3 children of Birmingham; Mrs. Lester Northcutt, Mr. and Mrs. E. C. Martin and four children, Mr. and Mrs. Benny Childress and 2 children; Mr. and Mrs. Charles Ward and 2 children, Mr. and Mrs. Hubert Ellison and 2 children, Leo Ellison and Leon Ellison of Jemison; Linda and Janet Ellison of Pampa, Texas. All enjoyed the birthday party and wished the honoree many returns of the day.

Welcome Home Supper

Eastern Stars of Jemisonian chapter 398 planned a welcome home supper for Mrs. Alma Headley, Past Matron, who had been living in Florida for several months.

This affair took place at the Masonic Hall, Monday night. Mrs. Elena Cost entertained and detained Mrs. Headley with a ride to Thorsby. In the meantime, members were busy spread ing the covered dish supper. Mrs. Headley wanted to see the new rug recently purchased for the hall, this was just the right time to see it.

As these two ladies entered the dining room, a chorus of "Welcome Home" greeted Mrs.. Headley. And before her was a table laden with delectable food, meats, salads, vegetables and desserts, tea and rolls. Such a delightful evening.

Each one added bits of conversation to bring Mrs. Headley up to date on chapter affairs.

Miss Rebecca Collins Bride-Elect Complimented

The lovely spacious home of Mrs. Arnold Jackson on Iowa Avenue was the scene of a Sunday afternoon bridal shower for Miss Rebecca Collins, bride elect of Roy Zane Martin. Flower arrangements of white gladioli and pink rose of Sharon were in crystal containers throughout the home. Flowers were arranged by Miss Naomi Turnquist. Co-hostesses were: Mrs. Sammy Collins, Mrs. Cecil Cleckler, Mrs. Richard Mims, Mrs. W. E. Blackmon, Mrs. L. W. McReynolds, Mrs. Dewey Davenport and Mrs. Jackson.

Guests were registered by Miss Faye Hayes at a mahogany drum table marked with a crystal vase of white rosebuds. Mrs. Richard Mims registered the gifts which were displayed by Misses Pat Hayes, Jane McReynolds and Jean Collins. Other hostesses served pink fruited punch, mint, nuts and open face sandwiches cut in the shape of wedding bells and hearts, from the dining table covered with an embossed white linen cloth. The crystal punch bowl, surrounded with ivy and white blossoms, was flanked by crystal double candle holders with burning white tapers.

Tuesday night, July 2nd the Young People of the Thorsby First Baptist Church sponsored a shower for Miss Collins at the beautiful new home of the Don Guy's on South Dakota Ave. This was an informal party given by the Young Peoples Department of the church and much fun and the opening and displaying of the gifts were enjoyed by a large number of Rebecca's church associates. Coke floats and cookies were served by Mr. and Mrs. Guy.

The American Legion Auxiliary of Thorsby Post 206, sponsored a peach party at the Veteran's hospital, Tuscaloosa, in June 25th and gave a day of work June 19th at the same hospital. Workers were Mr. and Mrs. Henry Parker, Mr. and Mrs. J. D. Cleckler, Mrs. Idell Kincaid and Mrs. Helen Smith. 57 baskets of prime Chilton County peaches were given for this party by Bentley Farms and Gentry Farms of Thorsby.

Thorsby Auxiliary Elects

At the annual business session of Thorsby American Legion Auxiliary Post 206, in the Thorsby Town Hall, beautiful double day lilies, watermelon, crepe myrtle and dusty miller were the flowers used and given by who celebrated her 84th birthday in June. A resolution was made by the Auxiliary thanking this flower loving golden-ager, who is no longer able to work among her loved flowers, for giving so generously of these lovely blossoms now blooming so profusely in her flower garden that she set many years ago.

This Auxiliary sponsored one girl to Girl's State this year, Miss Joan McReynolds, and two girls Misses Susan Bentley and Gail Graham, to camp Mac in Talladega, the American Legion owned camp in that area.

After the business session presided over by the president Mrs. Irene Parker and Mrs. Idell Kincaid gave her secretary-treasurers report and the chaplain, read the scripture and led in prayer, the election got underway. After a lively discussion the members decided to re-elect the entire slate of officers and this was done unanimously| Officers are president, Mrs. Irene Parker; vice president, Mrs. Marietta Bice; Sec.-treas., Mrs. Idell Kincaid; chaplain, Mrs. Ethel Yeates; Historian, Mrs. Helen Smith and Sgt. at Arms, Mrs. Mary E. Piper.

Committees appointed are Girls State and Junior Leader, Mrs. Nell Collins; Membership and Publicity, Mrs. Marietta Bice Sunshine, Miss Nettie Littlejohn Flower, Mrs. Myrtice Liveoak; Legislature and By-laws, Mrs. Lena Vines; Civil Defense, Mrs. Helen Smith; Rehabilitation, Mrs. Alma Cleckler; Poppy, Mrs. Evelyn Wood and Mrs. Glennie Collins; Finance, Mrs. Kathlou Payne and Mrs. Elsie Payne.

Refreshments were served by Mrs. Idell Kincaid and Mrs. Marietta Bice.

Visiting Mr. and Mrs. Oren Moore was a daughter Mrs. T. L. Edwards and boys Barry and Gary of Hueytown, Ala., and Mr. and Mrs. Belton Trimm of Bessemer the holidays.

THE BELL SYSTEM STARTED WITH AN IDEA . . . to provide the best possible communications service at the lowest possible cost. And with all its vastly expanded service to homes and industry and science, it has stayed with the original idea. Today Bell Laboratories designs, Western Electric makes, and 21 Bell Telephone companies (like Southern Bell) form the team that maintains the world's greatest communications network. And the basic principle still applies . . . providing the best service at the lowest cost.

KITCHEN PANEL PHONE...

A WORD TO THE WISE COOK . . . If you've ever ruined a roast or flattened a souffle while answering a phone call *out* of the kitchen, you'll appreciate the very special convenience of this kitchen panel phone. It fits flush into wall or cabinet and the easy pullout cord retracts into the phone when not in use. Comes in unusual color combinations, too . . . white handset with an aluminum face or a beige handset with copper. Why not dress up *your* kitchen with this convenient and beautiful phone. Just call our Business Office.

Thorsby Chosen For Industry; Central Location

Mayor Grover Bice of Thorsby and J. H. Stokes, President of Chilton County Chamber of Commerce announce that arrangements have been made to locate a wholesale distributor of lumber in Thorsby. The new concern, United Lumber Pro ducts, Inc., is being incorporated in Chilton County, and all of the stockholders are residents of Alabama.

The new firm will sell many quality items to licensed dealers only. It is estimated that from 10 to 20 carloads of inbound freight will be unloaded into the warehouse each month, and these products will be distributed in mixed truck lots direct to dealers throughout the State of Alabama.

Among the products to be handled are Appalachian and Southern hardwoods, including Walnut, Cherry, Birch, Beach, Maple, Basswood, Oaks, Poplar, Ash together with several species of tropical hardwoods such as mahoganies. Cypress and cedar will also be stocked.

Construction and shop grades of West Coast lumber and Southern pine will be available to dealers from this location, including Ponderosa and sugar pines, Spruce, Larch, Fir, Hemock and Redwood, and mouldings.

Officers of the new cimpany are Joe H. Shelton, President and Treasurer, Jack Strubel, Vice President, and Mark W. Burdette, Vice President and Secretary. All of the officers are also connected with United Plywoods Corporation in Birmingham and Montgomery, distributors of many plywoods, Masonite, Formica and the Jemco window and door units manufactured at Jemison.

Mayor Bice and Chief of Police Elward Headley met with with Mark Burdette on the plant site Tuesday morning. Mayor Bice stated, "We want to welcome you to Thorsby and to express the appreciation of this community to you and your associates. We pledge our cooperation in every way to help you in this important undertaking."

Mark Burdette stated, "We picked Thorsby because of its central location to our markets, the fine transportation facil ties, and the fact that you hav available here for our immed ate use a very suitable pla site with sidetrack. We loo forward to what we hope wi be many years of mutuall satisfactory relationships wi the people of Thorsby and Chi ton County."

"We do not expect to do a manifacturing at this locati for the present. Therefore, will in the beginning employ smal number of men to opera our warehouse, unloading cars and in the trucking of lu ber to our customerh. Some our nearby customers will able to pick up small orders the plant. We expect to beg work here at Thorsby on Ju 22 and hope to be open for bu ness on or shortly after Augu 1st."

Stokes said, "On behalf of t Chamber of Commerce, I ta pleasure in welcoming Unit Lumber Products, Inc., into o community and in extendi them membership in our Cha ber. We have been worki with them in planning this mo for two years, and I am hap for the benefits that they a Chilton County will derive fr this progressive step."

On City Streets; Gas and Water Systems

Broad Improvement Plans Mapped by City

Work To Begin Within 90 Days On $188,000 Project

AN interview Monday with Mayor Hollis Jackson discloses that the City of Clanton is in for some "extensive overhauling" with regards to some of our city streets, our natural gas system and our water system. Work on the projects is to begin within 90 days if all goes well.

The Mayor stated: "Detailed plans by the City must be completed within 60 days from the date of approval of the grant." The grant of $94,000 was approved through the Accelerated Public Works Program of the Community Facilities Administration of the Federal Government.

The City of Clanton foots the other half of the bill.

$75,000 On Street Improvement—

A total of $75,000 is being allocated for the improvement of Clanton's City streets. Plans are to work from the center of town "out" as far as possible. De-f'inite preparations are being made for 2nd Avenus, north and south. The breakdown is something like this:

A. Sidewalk improvement
B. Curbing
C. Paving new streets
D. Re-sealing several streets
E. Widening of streets and new curbing
F. Additional story sewer improvement

$11,000 Will Go To Gas System—

In recent years gas pressure, especially north of Clanton has been under par. This is usually in severe cold weather when the use of gas is at a peak.

Plans are to run high pressure gas lines to the north side of town, greatly improving the gas supply to the areas. Some $11,000 will be spent in doing this.

Much Needed Water Improvement—

29,925 feet of new 6-inch water line is to be laid. A total of 33 new fire plugs will be installed on this new line; and two booster pumps will also be installed to improve and increase the water pressure in those areas which are so far out that the pressure is low.

Some of the city streets are already under construction, in the City's constant improvement program. Several new streets 'are being added to what is known as the "Gore Addition" in northeast Clanton.

Mayor Jackson also said that the above-mentioned plans, when put into effect, should be completed in about 10 months.

A Little Bit O' Tuck . . .

By BOB TUCKER

WE see by the "headlines" that Mr. and Mrs. Joe Smith paid a visit to the "Mountain Dew Distillery" in Gatlinburg, Tennessee last week. No wonder Joe came back to town Wednesday feling so good! H told us he was going to rest!

YOURS truly is spending a terrible week this week "batching" it! Our mate and four cubh are off visiting and we are doing" it! Our mate and four cubs and soul together. These kind of things do tend to enlighten a fellow considerably though. Since Monday we have found out that we can't cook, we don't know much about washing either clothes or dishes, there doesn't seem to be enough socks and shirts scattered about or maybe that's the trouble, they're scattered about), and we didn't know until Tuesday morning that it is impossible for a grown man to make up a simple "slept-in" bed! If it keeps up, we'll probably starve to death, in an unmade bed, stark naked!

LOOKS like the Kennedy's are following the old "Three Musketeers" theme. . . all for one, and free-for-all!

IF you need a free gift of some kind, Goodyear is "giving away" everything in the store this week-end!

WHILE we have this opportunity, we'd like to welcome Bruce Barz of Suburban, back to Clanton; and the rest of your family too, Bruce. There's not a nicer fellow to be found than old Bruce. . . unless it's young Bruce!

WE has mastered the art of preparing eggs for the "scrambling" skillet Now when we pass the "skillet preparing" test for the eggs, we'll let you know. You'e heard of minute eggs, two minute eggs, and such. We invented a new one: two-second-flat eggs", sometimes known as "Scorched Henfruit". The secret is to have a dirty skillet sitting for about 10 minutes on a burner that's on wide open! Yuck!

FROM the reports in the newspapers, the "Fighting Little conviction as has this Alabamian. ing them "whatfor' up in Washington. Personally, we think the rapt attention being shown Gov. Wallace by the Northern Senator, is due to the fact that it has been so long since they have seen a man of much strong convistion as has this Alabamian. No doubt they were under the impression that such spirit was dead. We hope George will come home for a rest now. . . he needs and deserves it.

SAW an old school buddy Monday of this week. Airman Richard Hogue hope we don't insult him; we don't know his rank) was in town. He's on his way to Ft. Worth, Texas where he will me stationed for a spell. Good to see him again. He's picked up a "Yankee brogue" . . otherwise he's doing fine it seems.

PSC Hearing August 6th--

L&N to Discontinue Verbena Agency

THE Alabama Public Service Commission announced this week that L&N Railroad Company has made application with them to discontinue the operation of its Station Agency, discontinue less-than-carload freight service; and substitute a Passenger Shelter for the Depot at Verbena, Alabama in south Chilton County.

The Railway Express Agency, Inc., has also applied to close its office at Verbena.

The PSC stated that a public hearing on the applications will be held before the Commission, in the Commission Hearing Room, 702 State Office Building, Montgomery, on Tuesday, August 6 at 10:30 A.M.

Non-agency stations at Coopers and Mt. Creek are now governed by Verbena. If the application is granted, Clanton is proposed as the governing agency for these stations.

Band's Chances On Miami Look Brighter

BAND Boosters in their meeting Monday night reported that they had been received most graciously in their contacts of businesses in Clanton. Their response encouraged us to feel that the $3,000 to be raised locally was certainly possible to achieve. The bill for the raising of state money was reported to be in the Senate Committee with bright prospects of passage.

Band Boosters will continue to make contacts; however if you would like to contribute toward the band trip to Miami for the National American Legion Convention, you may call on the phone for your contribution to be picked up. The following phone numbers are available: Band Room, 658, Mr. Woody Blalock, 18-W; Mrs. E. G. Chism, 1015; and band member, or any band booster.

The Band Booster Club will meet again Monday, Juy 22, in the Band Room at 7:30 p.m. Come and help the band make the trip to Miami!

4-H Club Members Back From Conf.

These 4-H Club members from Chilton County were among the 800 4-H boys and girls wh spent last week at the 43rd State 4-H Conference in Auburn. They are from left to right: Donna Gilbert, Judy O'Neal, Jo Owen, Joy Dell Adams, and Mrs. Martha Radford. Second Row: Mr. Bobby Futral, Harold Garrison, Larry Williams, Erskine Gibson and Larry Avery.

Eclipse of Sun Saturday Not Safe for "Viewing"

During the afternoon of Saturday, July 20, 1963, the entire North American continent will be covered by an eclipse of the sun. The eclipse will cause complete darknss in parts of Alaska, Canada, and Maine, and partial darkness in all other areas of the continent.

A solar ecliphe results when the moon, passing between the earth and the sun, hides all or part of the sun from view.

The National Society For the Prevention of Blindness warns that there is a serious threat to the eyesight of every person who looks directly at the **eclipse dangerous infra-red** arly susceptible to vision damage. Smoked glass, exposed photographic film, and dark glasses are not adequate protection for watching the eclipse.

Even though the dazzling visible rays are blocked by an eclipse, dangerous infra-red 'rays are emitted. When focused on the retina of the eye, these rays can cause harmful burns which are incurable.

This warning of eye damage wah prompted by widespread reports of damaged vision, especially among school children, after a partial eclipse of the sun occurred three years ago.

The State of Utah counted 31 definite cases of eye burns after the September, 1960 eclipse; all but five of the victims were youngsters. An stimated 75 children huffered incurable eye burns in the State of Washington during the same eclipse.

There are several mans of observing the eclipse safely. An image of the eclipsed sun can be projected through a tiehcope or binoculars onto a white screen. Do not look at the eclipse through binoculars. Or a person may stand with his back to the eclipse and hold a piece of cardboard with a tiny hole punched in it. The small hole in the cardboard will project and focus the image of the eclipse on a second cardboard or similar white surface. Television also affords a safe means where the eclipse is being telecast.

THERE will be a softball **directly at the eclipse. The results of such attempts will be needless and incurable eye damage.**

The Alabama Department of Public Health urges all parents to prevent their children from looking directly at the facinating sight of the eclipse which will occur July 20.

Industry Bandwagon Picking Up New Riders

A REPORT from "Skeeter" Stokes Tuesday informs us that the Industry Drive, which was undertaken some three weeks ago, lacks only $7,354 to complete obligationh on the new industry setting up in Clanton. . .

This means that a lot of people have contributed a lot of time and money already in this drive. "And we've still got just a lot of folks to contact," said Stokes.

The News has been publishing a list each week of contributions which have been made to date. This week we are publishing the entire list, as of Tuesday afternoon. If your name doesn't appear, let us know. If you have contributed since Tuesday, however, your name will appear on the list next week.

The "Industry Bandwagon" is growing, folks!

Lots Of Indians--

THERE is a question in the minds of many these days. That is: "How do you separate yourself from "The Kennedy Clan" without disloyalty to the Democratic Party, and the principles for which its southern members have always stood; and will forever stand?

It is apparent that President John F. Kennedy and his brother Attorney General Robert Kennedy, do not share the same views with regards to Democratic principles, as the majority of loyal, southern Democrats. Therefore a line must be found, or the principle is as

Men of principle, Democratic or otherwise, must find a common bond, and a common course to follow, or they cannot make much progress in a nation of people numbered in millions. Democrats of the South need a common course to follow. In fact, the course must be found, or the principles is as good as dead.

We can see only one course to follow, politically speaking; and that is to take the control of the Democratic Party out of the hands of the Kennedy's and put it back into the hands of the people--for it is "the Party of the People".

Many are content to point fingers and name names and cry aloud that the Democratic Party "ain't what it used to be!" That, in itself is true; and it will take men of courage, determination and loyalty to bring it back to the principles of freedom.

It is not the Democratic Party from which we want to divorce our support and allegiance; but we strongly disagree with some of the party's strongest leaders. It is unfortunate that such leadership has gained a hold upon the party. It is nevertheless, a truth.

There are only three ways you can go,: You may choose the Republican Party, which has little or nothing to offer; you may choose to alienate yourself from both major parties and look for something to come along. . . it may or may not; or you may choose to stick by your convictions and your principles and express your loyalty to the Democratic Party, making it a must to stand and be counted as to whether you are satisfied or dissatisfied with the Party's national leadership.

There are enough good men in the South, and enough good southerners in Congress to clean up the Democratic Party and make it the champion of the people that it has always been. The thing is, "good men": When are you going to stop complaining and start doing it?

The real meat of the matter is this: The Republican Party is appealing to the dissatisfied, but it does not have a leader; the Democratic Party has a leader, but it is not appealing to anybody. Choose your poison gentlemen!

Leaders come and go! Principles live forever if there are enough men with the fortitude to stand up for that principle when adversity rears its ugly head.

Local Industry Highlights--

CLANTON's newest industry, Camptown Togs, Inc. is developing rapidly, and word is that they will be in production shortly. The Chamber of Commerce held a meeting last week concerning another new industry for Clanton and Chilton County, which, if developed, will be the largest industry Chilton County has ever seen.

It's in the planning stages. Clanton is being closely and carefully watched, by prospective industry and by the State as a whole.

Enthusiasm is high. Fortune seems to be smiling at us from a ways off. Hard work is being evidenced in many quarters. Chilton County is on the move, economically speaking!

Majority Opinion--

STATE Representative Grady Heflin and Senator Jimmy McDow are to be commended for the fair and objective manner in which they are handling the negotiations of the Bill now before the Legislature to change Chilton County's election of the members of the Board of Revenue & Control to a County wide election.

The two legislators, in a statement to the News last week, said, "It is obvious to us that a majority of the people of Chilton County favor the method of electing the members of the Board of Revenue on a county wide basis, as it was for many years prior to this change during the last administration. We also believe the support for this bill comes from all the beats in the county. For these reasons we plan to pass the bill as advertised placing the election of these members back on a county wide bosis. We ask the cooperation of all the people of the county in our doing what we believe to be the right thing in this matter."

Regardless of the fact that the News concurs with the proposed change back to a County-w.de basis, it is apparent that our two legislators have the best interests of the majority of the people foremost in their minds. Had they not, they would not have called for a county-wide meeting on June 24th.

It happens that the News and the legislators concur on this matter. We congratulate them on their actions just as we would had we been opposed to the measure. They have handled themselves with dignity and as Chilton County gentlemen. (No offense to Mr. McDow, we consider him a native).

The American Way--

HOW many of the following things are you for? How many against?

1. Re-instatement of Cuban quarantine.
2. Open Shop (as opposed to closed "Un.on Shop").
3. Tax cuts with equal spending cuts.
4. Anti-trust laws for unions as well as big business.
5. Prohibition of foreign aid to communist countries.
6. Strategic or critical defense industry strike ban.

A new organization, the Civic Association of America, has voted from 94.03% on the first item, to 99.99% on number six in favor of the above mentioned items.

We do not know the CAA from Johnny's uncle Adam, but we do think all Americans, and all Americans should oll Americans, and all Americans should have an opinion on them. This organization (the CAA) claims to have polled 507,436 votes to determine this "mandate", and they also say that every means available to them will be used to get these ideas to "all legislative representative on the local, state and national level."

As we said, we don't know about their politics; but we do say "hurrah for them" in that they are expressing an opinion and are following through by getting that opinion to the proper parties.

It is one thing to have an opinion and an entirely different thing to expresentative on matters which concern

Don't let anyone discourage you from contacting your duly elected representative on maters which concern you, your family and your community and nation!

Fault--

A FELLOW we know, said his greatest fault. . . was not having any! Ain't it the truth!

Praise for Wallace

OAK MOUNTAIN STATE PARK

Sixteen miles south of Birmingham, east of U. S. Highway 31, there lies one of Alabama's most beautiful natural retreats and vacation spots--Oak Mountain State Park. Operated by the Department of Conservation, this State Park contains approximately 10,000 acres thereby making it the largest in Alabama. Here you can really "get away from it all" and delax in this cool rugged mountain country whether your stay is for a day, a weekend or your entire vacation. There are cabins, picnic tables, shelters, outdoor fireplaces, several miles of hiking trails and two trailside shelters.

Some of this Park's outstanding features include picturesque Peavine Falls and Gorge and two artificial lakes.

There are also two group camps with capacities of 100 persons each. Here you will find a dining hall and kitchen, lodge, sleeping cabins, washhouses, staff quarters, craft shop and infirmary. Both have beaches on a beautiful lake. The 78-acre Oak Mountain Public Lake offers swimming, boating, picnicking, and excellent fishing.

During your stay here you'll want to travel into Birmingham and visit the "Magic City's" interesting tourist attractions including Vulcan, the world's largest Iron Man, located in Vulcan Park atop Red Mountain. There are many exciting things to do and places to go in Birmingham so you can add much to your stay at Oak Mountain State Park by traveling to Birmingham.

Keep in mind that if you wish to relax, enjoy the outdoors, fish, go boating or swimming you can't find a better place than Oak Mountain State Park. For reservations an drates write to Park Manager, Oak Mountain Park, Helena, Alabama.

Remember to have your atuomobile tires checked before starting on any long summer trip. Your local service station operator will be glad to help.

An Example Of Industry

How It Affects All Of Us

How do you measure the economic strength of a state? Every one has a stake in the answer.

In Alabama, a starting point would be to total up the number of plants, the variety of goods manufactuded, the money crops produced and, of course, the size of the working force in the state.

L. M. Comer, manager for Southern Bell Telephone Company in Clanton, came up with a yardstick food measuring the "economic health" of the state.

"The total picture of Alabama's economy is simply the sum of contributions made by each enterprise or company operating in the state," Comer said. "For example, my own company, Southern Bell, has about 6,500 employees in the state with a combined annual paydoll of more than $35,000,000. These employees buy a lot of food, clothing, automobiles, furniture and services with this money. And, most of it is spent right here in Alabama."

It is estimated that an industry hiring 100 people supports with wages, purchases and taxes: 12 professional men, 9 teachers, 160 automobiles, 3,300 acres of farm products, 196 homes and $750,000 of life insurance.

"With 6,500 employees in Alabama, Southern Bell and its employees are supporting directly and indirectly, 780 professional men, 585 teachers, 10,400 automobiles, 214,500 acres of farm products, 12,740 homes and $48,750,000 of life insurance," Comer said.

YOUR HEALTH

BASIC SEVEN DIET

The Basic Seven isn't a musical dance combo. It's a must diet combo. A combination of seven groups of food from which to choose the daily diet issued by the National Food Guide is being widely recommended.

The Basic Seven makes it simple for people to get a suitable daily intake without having to cram themselves with a lot of technical nutrition information. A person does need an appreciation of the benefits to be gained from wise food selection. He should know that protein in given amounts is essential to life, as also are minimum amount of carbohydrate and fat.

The individual should choose something from each of The Basic Seven groups each day to maintain adequate nutrition. These groups are:

—Group 1: The leafy green and yellow vegetables are rich in vitamin A, also supplying riboflavin, iron, calcium and vitamin C.

—Group 2: The citrus fruits, supplying vitamin C.

—Group 3: Potatoes and other vegetables and fruits.

—Group 4: Milk and milk products.

—Group 5: Meat, poultry, fish, eggs, beans, and peas.

—Group 6: Bread, flour, and cereals.

—Group 7: Butter and fortified margarine.

People are nutrition conscious today, and many food fads are on the market to promote the sale of special health foods and health aids.

A well balanced diet to include degular use of those foods listed in The Basic Seven combination offers a dependably healthful everyday nutrition.

Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN

As Alabama's leadoff witness in opposition to the Administration's so-called Civil Rights Bill, I told the House Judiciary Subcommittee last Friday that the bill would curb rather than extend the civil rights of every American.

Speaking before the committee I argued that by concentrating arbitary power in the hands of the Federal Executive and Judicial branches of the government, this bill, if enacted, would provide a means by which the American system of individual liberty and private property could be destroyed.

The overriding issue in the current battle over civil rights legislation is whether the rights of individual Americans regard less of race, color or creed can be secured and advanced by creation of government agencies and extension of government power.

My opposition to this proposed legislation, and I so stated to the members of the committee, is based on what I believe is the paramount lesson of American history--the principle upon which this county was founded; increased government power is not the servant of individual liberties--it is its enemy.

Each Section Opposed

Speaking in opposition to the entire civil rights package and criticizing the various proposals in the bill now pending before the House, I told the committe that passage of the "public a comodations" section would i vest the Judiciary with unpr cedented injunctive powers a fecting private property an the use thereof. If the con merce clause of the Constitutio can be stretched to include fed ral authority over privately own ed public accomodations, the the commerce clause may we prove to be the undoing of th entire American Constitution system.

I predicted that if the publ accomodations section is ena ted, a legalistic cancer that coul envelop and destroy the bod of the Constitution itself woul grow to alarming, perhaps fat dimensions.

The provision of the bill cal ing for a uniform literacy r quirement in Federal electio would place sweeping and arbi rary powers of enforcement the hands of the Federal Jud ciary and break down the Co stitutional safeguard for separ tion of powers.

Vehicle to Power

The section of the legislatio giving the Executive authori to cut off funds from feder programs where discriminatio might occur provides, in m opinion, a legislative vehic whereby the Executive may en ploy coercive powers to atta Executive ends. This provisio like the section of the bill authorize the Attorney Gener to institute desegregation su for private citizens, gives broad, discretionary weapon wi no guarantees as to how th weapon will be used in the han of the present President or f ture ones.

I also told the committee th the Civil Rights Commissio record of precipitating an i crease in racial tension argu against the part of the b which would extend its life be ond the scheduled expirati date of Sept. 30.

In my statement, I pointed o further that the section of t civil rights package establis ing a Comunity Relatiins Se vice to assist other governme agencies in civil rights matte is another step toward centr ized authority. Obxiously, co munity delations are best co ducted at the state and lo level--without federal interve tion--and it is not the prop province of the federal gover ment, or any of its agencies, move into this area legislative or otherwise.

Finally, the proposal to tablish a Commission on Equ Employment Opportunity wou set up a veritable Star Cha ber Employment Bureau, a fe eral commission invested w powers of regulation over Am ican business and economic lationships. Establishment this commission, I told committee members, would as far in the realm of employ employee delations as the co troversial public accomodatio section proposes to do in oth areas of community life.

Governor George C. Wallace signs an order establishing a 40 hour week for prison guards and other employees of the Board of Corrections. Frank Lee, Commissioner of The Board of Corrections looks on.

55 New Jobs Created By 40-Hour Week

Fifty-five new jobs for Alabamians will be created as a result of Governor George C. Wallace's order putting all employees of th Board of Corrections on a 40 hour week effective August 1, 1963.

In a directive to Commissioner Frank Lee today, Governor Wallace ordered that guards and other employees work only 40 hours each week. Total employment by the Board of Corrections now is approximately 525 and will rise to 580 as soon as the Governor's orders are carried out.

To achieve the 40 hour week for prison guards, it was necessary for the Highway Department to increase its use of convicts from 1712 to 2250. The Highway Department pays $55.90 to the Board of Corrections monthly for the use of each convict.

The convicts are used at the 32 road camps maintained throughout the state by the Highway Department.

Alabama Educators Oppose Education Bill Before House

Alabama county and city superintendents of education in a meeting in Montgomery, July 9, voted unanimously to oppose House Bill 633 and a companion Senate Bill, No. 267, which are before the Legislature because these bills would place the State Director of Vocational Education over the State Superintendent of Education in all actions of the State Board of Education relative to Vocational Education and would set up a sub-committee of three members of the State Board of Education to serve as a committee to make a recom- majority of the states have the taining to Vocational Education.

At present, the entire State Board of Education is the State Board for Vocational Education and the State Superintendent of Education is elected by the people to be in charge of the supervision of the public schools including Vocational Education. A few states have an entirely separate board for Vocational Education, but Alabama has always operated Vocational Education under the State Board of Education and an overwhelming majoriay of the states have the same organization as Alabama. No state has a sub-committee of a board to be a committee as is proposed in the above named bills.

THORSBY NEWS

By Mrs. Estelle Hayes

Thorsby Methodist Church

Rev. E. C. Gould, Pastor

O God, who in thine infinite love didst send thy Son to bring light to all that are in darkness; fill us with thine own love for men; and since thou hast entrusted to us both the knowledge of thy truth and the gifts of thy bounty, help us to use them as good stewarls, giving liberally, praying instantly, and working diligently, that we may be sharers in bringing all men to thy light and hastening the coming of thy kingdom.—AMEN.

Just before the close of the regular morning worship services this past Sunday, our pastor conducted a most impressive ceremony during which the church officers and Leaders for the coming year were installed and consecreated.

We were delighted to have a number of visitors from Jemi--son Methodist Church present at our services this past Sunday. Our pastor will preach at Jemison next Sunday morning, let us all join him there to worship the Lord.

The Methodist Youth Fellowship meets each Sunday evening at 6:30 at the church. We cordially invite all the young people of our church and community to come and join in this program. There are plans for a swimming party and picnic this week for the MYF.

The Women's Society for Christian Service met Wednesday afternoon, July 3, at the home of Mrs. Epperly, with Mrs. E. R. Yeargan serving as cohostess. Our pastor's wife, Mrs. Gould was welcomed as a new member at that time. Mrs. Akin Collins gave the devotional and Mrs. M. M. Lyell gave the program. After the business meeting, a social hour was enjoyed and delicious refreshments were served to the 10 members present.

Thorsby Chapter 154, will install new officers next Saturday evening, July 20th at the Thorsby Masonic Lodge at 8:00. The 1962-63 and 1963-64 officers are asked to assemble at 7:30 for preparation. The public is invited.

Collins-Martin Vows Said

The First Baptist Church of Thorsby was the scene of the wedding of Miss Rebecca Jane Collins and Roy Zane Martin, Sunday afternoon at four o'clock July 14, 1963.

The alter was banked in thick bridal greenery with an arch of burning white tapers centered with a sunburst arrangement of white speciment mums and gladioli. Candles were in tall branched standards and were lighted by Jimmy Lee Hayes and Terry Smith.

Rev. L. W. McReynolds officiated at the double ring ceremony.

Parents of the bride are Mr. and Mrs. Carlton Collins of Thorsby and the groom's parents are Mr. and Mrs. Marvin Martin of Jemison.

Nuptial music was by Miss Judy Childress who sang and was accompanied by Mrs. Gwynda Guy, organist.

Best man was Wayne Martin, twin brother of the groom.

Matron of honor was Mrs. Ann Wilson and bridesmaids were Miss Mary Ella Collins, the brides sister and Misses Gail Marcus, Patricia Hayes, Doris Elizabeth Smith and Faye Hayes.

They were dressed in identical dresse made of lime green silk organza and matching hats with shoulder length veils. They carried bouquets of yellow pom pom mums. Flower girl, little Angelyn LeBerte was dressed like the other attendants and she carried a white lace parasol basket filled with rose petals that she scattered in the path of the bride as she walked to the alter. William Vincent LeBerte, was ring bearer.

Ushers were the bride's brother James William Collins, Terry Smith, Kendall Martin, William Vincent LeBerte and John Wayne Barnett.

The bride, who was given in marriage by her father, was radiant in her colonial dress of lace and white bridal satin. The fitted waist was a scalloped yoke of lace embroidered witr beads and sequins. The long pointed sleeves were of the lace material. The floor length satin skirt was overlaid with many rows of the scalloped lace caught up with appliques of beads and sequins. Her silk three quarter length veil was fastened to a queenly tiara of seed pearls, She carried a white satin covered Bible centered with a white orchid, stephanotis and valley lillies. Her only ornament was a single strand of pearls.

After the wedding the bride's parents estertained at a reeeption in the church parlors. The refreshment table was covered in rich yellow linen and decorations were yellow pom poms and white gladioli. After the cutting of the richly embossed white and yellow four tiered cake, topped by a miniature bride and groom, by the newly wedded couple, the cake with sher---bert punch, mints and nuts were served by Mesdames Glenda LeBerte, Sue Martin, Maude Hayes, Henrietta Cobb, Jeanne Mims and Miss Jane McReynolds.

For her going away suit Mrs. Martin wore a white lace sheath with black patent accessories.

For her daughters wedding, Mrs. Collins chose beige taffeta sheath with matching accessories. The grooms mother wore pink linen with beige accessories. Both mothers wore orchid corsages.

Miss Paula Hayes and little Pam Davis spent the week end in Birmingham with Mr. and Mrh. C. E. Sorrell.

Mr. Edward Kent of Montgomery spent the week end with his mother Mr. asd Mrs. Billy Ward.

Mr. and Mrs. Douglas Cleckler vacationed last week in the Smokies .

Mrs. Lefty Stewart (nee Laura Honeycutt) of Atlanta, Ga., visited her aunt Mr. and Mrs. .Earl Marcus on Monday and Tuesday of last week.

Recent visitors of Mrs. T. E. Baraham was Mrs. Alpha Brown Jefferies of Mobile and Mrs. Vivian Parker of Birmingham.

Glad to report that Mr. Archie D. Hilyer is home from Veterans Hospital in Montgomery. Mr. and Mrs. Hilyer enjoyed a visit from their boys and families Bob and Billie of Detroit, Michigan, the week end.

Mr. and Mrs. Aubrey Lee Hayes, Mr. and Mrs. Vasteen Hayes and daughter Linda spest Sunday with her sister Mr. and Mrs. Gene Woodall of Birmingham.

Captain and Mrs. Rufus Russell and children, Frankie, Craig and Ricky of Shereveport, La., visited her parents Mr. and Mrs. Dewey Collins. The Russells left for Coca Beach, Florida to spend a week.

Mrs. Lumie Wilson and daughter Mrs. Frances Adair of Atlanta, spent the week end here with relatives, Mrs. Wilson plans to spend some time here visiting. She is now with her brother Mr. and Mrs. Dewey Collins.

PATSY LITTLE CELEBRATES 12TH BIRTHDAY

It was a happy occasion for Patsy Little when she celebrated her 12th birthday on Monday, July 8th when her mother Mrs. Honrie Little assisted by her aunt Mrs. Merle Bowden prepared a birthday supper at her home for her.

Summer flowers were used throughout the party rooms, when games and contests directed by Miss Carol Littlejohn were enjoyed.

Those helping Patsy celebrate were: Donna Williams, Donna Moates, Wanda Cox, Mary Hicks Laura Ann Klinner, Pam Davis, Dian Littlejohn, Shirley Baker, Lynn Thrash, Karen Smith Vicki Crew, Amelia Bolton, Tommy Widner, Ken Poole, Don Williams, Frankie Mims and Jim Waters.

YOUR SOCIAL SECURITY

(This series of questions about Social Security is compiled from the questions sent to the Selma Social Security Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, C|o Chilton County News, Clanton, Ala.

Q. My maid says that she does not want social security tax with held since she is already drawing old age payments. Should I withhold social security taxes out if her wages?

A. Yes. As long as your maid has earnings that are covered by the law, she must continue to pay her share of her social security tax. This is true regardless of her age and even though she may be drawing social security benefit checks. The law is very specific on this point. You as the employer are responsible for making the reports and forwarding the tax to the Internal Revenue Service when it is due.

Q. I filed for my disability social security two years ago after I had been in a very bad wreck. I am under constant care of my doctors. I have not improved and my doctors say I'll never be able to work. At the time I put in my claims, I was told that I needed three more quarters of coverage to draw social scurity benefit checks Since I can't work anymore, could I pay part as well as an employer's part on $150 ($50 a quarter) and get my other three quarters of coverage?

A. No. To get monthly payments under social security, you must have credit for a certain amount of work. If you stop working under social security before yo have earned enough credit, no payment can be made unless you return to work at some future date. You can't "pay in" while you're unemployed.

STANTON NEWS

By Miss Ruth Hicks

Sunday morninb a very peasant, happy surprise came when the Rev. and Mrs. J. T. Nail stopped by for a visit with your correspondent. The Rev. Nail pastored sevedal churches in and around Chilton County and has many, many friends. It is deep regret that Rev. Nail had to retire from the Ministry approximately one and one half years ago. This retirement came after the removal of one-half of his foot and several toes from the other foot. This due to a circulatory condition. Recently his doctors advised that both legs shorld be removed just below each knee in order to try to stop the spread of this condition. The Rev. Nail stated that he would not have this surgery. From the visit the Rev. and Mrs. Nail attended services at the Planterspille Baptist Church, a church he pastored for several years. Mrs. Rubie Mae Biscoe invited the Nails for lunch. Afterwarls they popped called to see many, many of their friends.

We regret to state that the condition of Mr. Armister Harris hasn't improved. Mr. and Mrs. Lester Harris and daughter of Selma, Ala., with two of their friends visited Mr. Harris Sunday.

Mr. and Mrs. Curt Harris are not well at this writing. Mr. Harris having suffered a stroke in his throat that impairs his speech.

Mrs. Evie Sanders is at this time at the home of her daughter Mrs. Oda Hammett of Sylacauga, Ala. Mrs. Harrison is in a serious condition. Mr. and Mrs. Melvin Carter, Mr. O. V. Harrison and Mrs. Lora Moore visited their mother last Thursday. Cards or letters will reach Mrs. Harrison at 709 Woodlawn Avenue, C|o J. A. Hemmett, of Sylacauga, Ala.

News of Mrs. May Gandy Harris, widow of the late Wade H. Harris is now confined to a Nursing Home in Baton Rouge, La. Last news of Mrs. Harris last week revealed that Mrs. Harris is showing some signs of improvement. Mrs. Harris is blind and recently suffered a very severe stroke. Letters and cards will reach her at 364: Dalton Street, Batin Rogue, La., code No. 70805. Mrs. Harris was a resident here many, many years before moving to Baton Rogue, to make her home with her daughter Nellie Snow.

J. D. Gay, son of Mr. and Mrs. C. C. Gay, Sr., suffered a fall at his home last week injuring his knee while gathering peaches. He is under the care of Selma physicians.

Mr. and Mrs. J. D. Gay of Centreville, Ala., spent Sunday at the home of Mr. and Mrs. Ulmon Nichols. They came to be with Mr. and Mrs. Floyd Billingsley and two children of Mississippi who are on vacation with their parents.

Mr. and Mrs. C. C. Gay, Sr., spent Friday with Mr. Oliver Gay in Wilton, Alabama.

We are sorry to report that Mr. Joseph Friday is confined to a Selma hospital.

A beautiful new carpet, aisles and around the pulpit at the Stanton Baptist Church. The Rev. Lloyd Jones pastors this church. This carpet is such an addition to the church and was donated it is stated by Mr. D. O. Burnett, Sr.

Revival started at the Plantersville Baptist Church Monday morning, July 15th, - 21. The Rev. Eddie Ruddick of Wilton bringing the messages. Services 10 a.m. and 8 p.m. each day.

Maurice W. Wolley of Orlando, Florida has been visiting his brother, Brown Woolley and family. While in our midst Maurice has popped called on many of his former friends. Maurice and Brown visited their brother, Howard in Camden, last Friday.

A miscellaneous baby shower at the Plantersville Methodist Church, Friday night, July 12, 1963, 7:30 - 9 p.m. for Mrs. Larry Carter of Stanton daughter of Mr. and Mrs. Boris Levins of Plantersville, Ala. Hostesses for this shower were: Mrs. John L. Sherrer, Mrs. Caryle Sherrer and Mrs. Cherry Nichols. So many nice gifts were presented to Mrs. Carter.

This community was deeply saddened by the passing of Mr. John W. Brown, son of the late Mr. and Mrs. Andy Brown. The Brown's lived in our midst many years, however John was making his home at the time of his death with his sister, Mrs. W. A. Ashford of Winnie, Texas. John died June 11, 1963 at 54 years of age. Surviving are, his widow, Mrs. Ruby Moore Brown of Selma, Ala., one son James Walter Brown of Japan. Three sisters, Mrs. L. M. Chandler of Jones, Ala., Mrs. Effie Dunnaway of Helena, Ala., Mrs. W. A. Ashford of Winnie, Texas, one brother Andrew J. Brown of Plantersville, Ala. The body was returned to Plantersville. Funeral and interment at Alpine Church and cemetery, 4 miles East of Plantersville.. Sympathy goes out to the bereaved loved ones.

A miscellaneous shower at which Miss Judy Greene was feted as the bride to be of Charles Causey was held on the lawn at the home of Mrs. Franklin Parnell. Mrs .Perry Chapman and Mrs. Dale Greene serving with Mrs. Parnell as co-hostesses.

Thirty-one guests from Stanton and adjoining communities participated in the evening affair for which the lawn became a gay party setting during the hours of 7 to 9. A pink and green decorative motif was used summer garden flowers and greenery lending natural beauty to the background.

Mrs. Greene presided at the table where guests registered, which was draped with a white lace cloth and lighted by pink tapers in white candelabra. Pink was also the color of the floral arrangement used in added adornment. The bride's book in which guests registered was presented to the honoree.

The gift table also was set outdoors. A pink parasol from which pink streamers radiated to the end of the white cloth forming the decorative centerpiece around which the presents showerd on th bride to be were displayed.

Individual plates served consisted of, cake square iced in pink and white embossed on top with tiny parasols, pink and white mints, salted nuts, and frosted sherbert glasses filled with lime sherbert punch.

Commander J. J. Jones arrived in Montgomery July 3, 1963 by plane to be with Mr. and Mrs. A. B. Jones, his parents and other members of this family for a July 4th celebration. Jack left Sunday after a very happy vacation.

Don Graham, Pastor

We want to thank Mrs. O. N. Glenn and Mrs. J. T. Cobb for having us in their homes for Cottage prayer meeting. Tonight we are to be the guests of Mrs. Odis Sewell and tomorrow night we will meet at the home of Mrs. Simms Caton. We will meet at 7:00. If you haven't been meeting with us, we want to encourage you to come tonight, because revival will begin in tre prayer meetings.

Please remember our all night prayer meeting on Saturday night. The chain will start at 7:00 Saturday night, please call the one who follows you immediately. Please don't let your end of the chain down or the entire chain will not have the complete success. There will be a group at the church all night. If you would like, you may come over for a few minutes or you may spend the night with us. We will begin at 11:00.

We want to invite you to come to our revival. We will meet every night at 7:30. Our services will begin Sunday morning at 11:00. They will end on Saturday night. Make your plans to be with us. We have a marvelous evangelist in the person of Bill Coleman, pastor of the Liberty Baptist Church of Tallassee. Larry Draper, minister of music at the First Baptist Church, will be our singer. Make your plans to be with us.

We had a wonderful time at the Youth Rally last Saturday night.. Brother Wally Henley was our speaker. You really missed a blessing if you were not there. Make plans to be at the next Rally.

New Program In Naval Aviation OCS

It is now easier to become a Naval Aviation Officer than ever before.

That was the word today from officials at the Naval Air Reserve Training Unit, Memphis.

Under the provisions of a new Officer Program (OCAN), recently announced by the Navy, college men between the ages of 18 and 2 with only 60 semester hours or 90 quarter hours are eligible.

The new non-pilot program offers career opportunities in navigation, aerology, tactical evaluation, high and low altitude airborne interception, and as navigator bombardier.

Visual requirements have been lowered for the OCAN program. High altitude interceptors and navigator bombardiers can qualify with 20|0 vision corrected to 20|20 with glasses. Low altitude interceptors and navigator bombardiers, and all other categories of this program, must have at least 20|200 vision correctible to 20|20.

After attending basic school at Pensacola, Florida, the Naval Aviation Observer attends a technical school within his particular speciality.

For complete details on this and other aivation programs, college men should contact the Naval Aviation Information Office Naval Air Reserve Training Unit, Naval Air Station, Memphis, Tennessee.
